第一章 基本目標與達成的方法（**THE BASIC GOAL AND WAYS TO ATTAINMENT**）

That which everyone of us is looking for in this world is exactly the same thing. Every being, even the animals, are looking for it. And what is it that we are all looking for? Happiness with no sorrow! A continuous state of happiness with no taint whatsoever of sorrow. Now, if this be the Goal, why is it the Goal? The reason why it is the Goal is because unlimited happiness is our very basic nature! This is the real natural state, before we encumber it with limitations. Now why is it that most of us do not have this continuous happiness with no sorrow? There's only one reason: being this infinite Being with infinite happiness we do a way with this joy, this happiness, by saying, I am an individual, separate from the All. To make myself separate from the All, I must set up a means to accomplish this. The means is my mind that creates my body and the material world. Then I proceed, creating more and more thoughts that create more and more matter until the thoughts and matter have me so bogged down and blinded that I have lost my real identity as the infinite Beingness that I am.

我們中的每一個人在這個世界上尋找的完全是同樣的一個東西。每一個生物，甚至動物，都正在尋找它。然而什麼是我們都一直在尋找的呢？----
---沒有悲傷的幸福！（Happiness with no sorrow!）一種持續的不受任何悲傷所侵擾的幸福狀態。如果這就是那個共同的目標，為什麼呢？因為無限的幸福是我們最基本的性質（very basic nature）。在我們用限制妨礙它之前，這是真正的自然狀態。現在為什麼我們絕大部分都不擁有這沒有悲傷的幸福？只有一個原因：作為擁有無限幸福的無限存有，我們懷著喜悅與幸福，說：“我是一個個體，與所有一切相分離。”為了使我自己與一切相分離，我必須創建某種方法來實現。方法就是：我的心智（mind）創造我的身體和物質世界。然後我繼續下去，創造越來越多的想法，這些想法創造越來越多物質事件，直到想法和物質使我陷入困境並且忘記了我那作為無限存有的真實身份。

The original thought of I am separate from the All necessarily creates a lack. Lack creates desire. Desire therefore cannot undo the lack, as lack is not there in the first place, it is not real but assumed. And we go on and on trying to satisfy desire and we never, never succeed. If we could succeed, we would be able to satisfy desire and therefore all desire would disappear! And then we would be desireless!

我與一切相分離，這個最初的想法必然創造一種缺乏。缺乏創造欲望。然而欲望不能化解缺乏，因為缺乏並不在最初的那個地方，缺乏不是真的，缺乏只是一種假設。我們繼續試圖滿足欲望，然而我們永遠不能成功。如果我們成功了，我們應該能滿足欲望，接著所有欲望將消失！最終我們將是沒有欲望的！

The only real purpose of being here on this earth is to learn, or to remember, our original natural state of totality, of complete freedom and no limitation. Once we are led to see that this is our natural state, then we proceed to let go of all the limitations. The prime, the very first limitation is: I am an individual separate from the All. Eliminate that and you eliminate all limitation, all trouble, all sickness, all poverty.

在這個地球上唯一真正的目標是學會或者記起我們最初的自然狀態----完全的自由、沒有任何限制。一旦我們被引導看到這是我們的自然狀態，那麼我們就會繼續釋放所有的限制。主要的最初的限制是：“我與一切相分離。”消除這點，那麼你消除所有的限制、所有的麻煩、所有的疾病，所有的貧困。

To say this in another way is to say: God is all! Let go and let God be. It is not I but the Father who worketh through me. We must let go of the ego sense which is the original sense of separation from the All and allow our natural Being just to be and then everything would fall perfectly into line.

用另一種方式來說：“上帝是一切！釋放然後讓上帝即是（Let go and let God be.）。並不是我，而是天父通過我在運作（It is not I but the Father who worketh through me.）。”

我們必須釋放最初的與一切分離的小我(ego)意識，允許我們的自然本性顯現，那麼一切都將完美。

This is all very, very simple. If you want complexity you'll never see simplicity. Once this is accepted as the overall way, however, we do not find it easy of accomplishment. We don't find it easy because of past habits that have been established over thousands and thousands of years. And for some silly reason we subconsciously like these past habits of trouble and so we continue them. We do it in a manner that we refuse to look at. We call it subconscious behavior! And we go on and on and on repeating all this behavior of limitation automatically, calling it subconscious. Now the subconscious mind is only that part of the mind that we refuse to look at! When our desire is strong enough we will dig up these subconscious habits and begin to let go of them.

這都是非常非常簡單的。如果我們想要複雜那麼你永遠看不到簡單。一旦這被作為總體上的路被接受，然而我們還是發現這並不容易完成。我們沒有發現這很容易，是因為過去成千上萬年來所建立起來的習慣。因為某些愚蠢的原因，我們在潛意識裡喜歡這些導致麻煩的過去的習慣，並且持續保持著它們。我們這樣做，就是在某種程度上我們拒絕去看。我們稱為潛意識行為。我們不斷地自動重複這些限制性的行為，稱這為潛意識。實際上潛意識僅僅是我們的頭腦拒絕去看而已！當我們有足夠強的渴望，我們將挖出這些潛意識習慣然後開始釋放它們。

There is no growing into the natural Being that we are. That Being is whole and perfect, here and now. There is only letting go of concepts to the contrary, that we have troubles, that we have limitations. Anyone who says, I have trouble, has it in his mind. That's the only place where it is because you can't see anything anywhere else but in your mind. Whatever you look

at, whatever you hear, whatever you sense, is through your mind. That's where everything is. Change your mind and everything out there changes. Change your thinkingness and you change the world for you. Do this and you have the proof! 無論何時何地，我們的自然本性都是完整和完美的。只需要釋放那些相反的觀念----我們有麻煩，我們受限制。任何人說：“我有問題

（trouble）”，那“問題”只是在他的心(mind)裡。那是“問題”唯一存在的地方，因為除了在你的心裡，你不能在任何其他地方看到任何事物。無論你看、聽、感覺，都是通過你的心。那是一切事物所在的地方。改變你的心，外在一切事物跟著改變。改變你的思想然後你改變你的世界。這樣去做然後你會證實這一點。

So the way, the path, is simple. The method of undoing the limitations is not easy because of habit. We need a very strong desire to begin to let go of these wrong habits from the past. Without that strong desire there is no growth. This desire must be stronger than the desire to possess and control this world. The world as now seen really is a fiction when you see the Truth. It turns out to be a dream. First you'll see it as a dream, then you'll see it as a dream that never was. It is exactly as happens in a night dream. While you're in the night dream you have a body there are other bodies, there's action, interaction, there's good and there's bad. And so long as you remain in that night dream everything there is real to you. When you awaken from the night dream you say, my gosh it was just a dream! It never happened! This dream was all in me! And exactly in the same manner you awaken from this dream called the waking state. You come to see that it was only a fiction of your imagination, it was only a dream, and then you let go of it lock, stock and barrel and what is left over is the infinite you! Then you call yourself fully realized totally free.

所以方法、道路，是簡單的。化解限制的方法不容易是因為習慣。我們需要一個非常強的渴望來開始釋放這些源於過去的習慣。沒有那強烈的渴望就沒有成長。這個渴望必須強過佔有和控制這個世界的渴望。當你明白真

理，你會發現當前的這個世界真的是虛構的。它是一個夢。首先你會將看到它是一個夢，然後你就再也不會當它不是一個夢了。它真的就像是一個晚上的夢。當你在晚上做夢時，你有一個身體，那兒也有其他人的身體，有行動，相互作用，也有好和壞。你在晚上所做的夢裡時，夢裡的一切對你都顯得那麼真實。當你從是晚上的夢中醒來後，你說，“我的天啊，它僅僅只是一個夢！它從來沒有發生過！這個夢只是都在我裡面！”實際上同樣的，當你從這個稱為清醒狀態的夢醒來後。你發現它僅僅是你想像中的虛構，它僅僅是一個夢，然後你解開它的枷鎖，留下的是無限的你。這時的你完全覺醒、完全地自由。

We are actually fully realized all the time. We are fully realized Beings saying that we are not. So all we do is let go of we are not and what's left over is the fully realized Being that we are. Are there any questions on what I've said so far? No? Then everyone understands this, at least intellectually.

我們實際上在任何時候都是完全覺醒的。我們完全覺醒於我們正在說我們不是覺醒的。所以所有我們做的是釋放“我們不是覺醒的”，然後留下的是完全覺醒於我們所是的存在。對我剛才所說的那麼遠有任何問題嗎？不？至少在理智上，每一個人都理解這些。

Alright if you understand it intellectually and you are not able to use it, it's because you're not looking at yourself honestly, truthfully, with deep desire to see your Self, in the process of which you have set up as the subconscious mind all the things you will not look at. However, it's not necessary to dig up this unconscious mind, in fact it's much better to try to quiet the mind. When we're able to get the mind totally quiet, what's left over is the infinite Self. Every thought is a thing of limitation. Therefore when we quiet the mind, we still these limiting thoughts and this infinite Being that we are becomes self-obvious to us. The Self is then not occluded by the limiting thoughts! We see It, we recognize that we never were that mind, that body, and from that moment on, the mind and body have no influence upon us. We determine for the body as we

would a puppet and it has no effect upon us, as a puppet that we would be controlling would have no effect upon us. So the very best method of all methods is to quiet the mind to see the Being that you are. Pose the question: Who am I? and if other thoughts come in, ask, To whom are these thoughts? The answer is To me. Well, who am I? and you're back on the track, seeking to see your Self.

如果你只是理智上的理解那麼你不能運用它，因為你不是誠實信任地看你自己，你不是深深地渴望看你自己，在這個進程你仍是只看著潛意識創造的所有事物。然而並不需要挖掘出潛意識想法，事實上讓你的心安靜下來是更好的。當我們能夠讓心完全地安靜下來，留下來的就是我們無限的真我。任何一個想法都是一種限制。那麼當我們讓心靜下來，我們停止了這些限制性的想法，然後我們的無限真我將呈現給我們。真我不再被限制性的想法所阻隔。我們看到它，我們認出我們永遠不是心智和身體，從那時起，心智和身體不能再影響到我們。我們象木偶一樣支配身體並不再受它的影響。因此所有方法中最好的方法是讓心靜下來看到你的本性。提出問題：“我是誰？”然後如果一些想法到來，問，“誰在想？”答案是“我。”“那麼，我是誰？”然後你又回到尋找你的真我的軌道上。

"Who am I? is the final question that everyone answers, so why not begin with the final question? If you can, all good, all wonderful. But there are very few of us who are capable of using this method of just holding onto Who am I? and rejecting all other thoughts that come in. We have gotten ourselves so involved with thoughts that we cannot let go of them and therefore we need other methods, other aids.

“我是誰？”是每個人都要回答的終極問題，因此為什麼不從這個終極的問題開始呢？如果你能，一切都好，一切都精彩。僅僅保持著“我是誰？”並拒絕所有隨之而來的想法，我們中極少人能使用這個方法。當我們與想法保持著緊密的聯繫以至於我們不能釋放它們，那麼我們需要其他的方法，其他的幫助。

The other major methods are called in the East Jnana Yoga, Raja or Kriya Yoga, Bhakti Yoga, Karma Yoga. (By the way, the

only reason I go to the Eastern Teachings is that they are a total and complete methodology and such a thing is non-existent in the Western world. The Western world methodology is only partial and is included in the Eastern.) I think we are all familiar with those various paths. So if we cannot use the Self-enquiry, Who am I? we use the one that suits us best. The path that we like now is the very path that we have been on formerly in prior lives. The path that is best for you is the one that you like best. Now each path includes all the other paths. The only difference is the emphasis. If we are intellectual we emphasize the Jnana Path, the path of intellect and wisdom. If we are devotional, then we emphasize the Bhakti path of love and devotion to God. If we like to be of service to mankind we use the Karma Yoga path. Each path leads to the quieting enough of the mind so that we may see the infinite Being that we are.

其他主要方法是在東方被稱為智者瑜伽，拉賈或克利亞瑜伽，奉愛瑜伽，噶瑪瑜伽。（順便一提，我去東方的唯一理由是他們是一個總體的和完整的方法學，而這樣的事物在西方世界是不存在的。西方世界方法學是分析性的，而東方的方法學是整體性的。）

我認為那些各種不同的路徑都是相通的。因此如果我們不能夠使用自我詢問，"我是誰？"。我們可以使用最適合的那一個。

我們現在喜歡的道路是我們是在以前的生命中走過的。最適合你的道路是你最喜歡的。現在，每條道路包括所有其他道路。唯一的區別是強調的重點。如果我們是智慧的，我們強調智者的道路，理智和智慧的道路。如果我們是虔誠的，然後我們強調愛巴克蒂道路和奉獻給上帝。如果我們想成為服務，我們用人類的業力瑜伽道路。每一條道路都引導我們讓心平靜，使我們可以看到我們的無限真我。

Raja or Kriya Yoga is a complete and integral path that suits the greatest number of people today. It is a path of doingness in eight steps, with each step leading to the next step after it. I think you are all familiar with the eight steps. If you are not, you can get it from a book. The first two steps are the moral

and ethical ones, the do's, the don'ts. The third is posture and body exercise. The fourth step is learning to control the breath and life force. The fifth is letting go of the external world, interiorizing by disconnecting the sense telephones and turning one's attention within. The sixth is concentrating the mind, getting it quiet, holding one thought to the exclusion of other thoughts. The seventh step is meditation, one-pointed meditation, and one-pointed meditation leads into the eighth step, or the top state called samadhi. So this Raja or Kriya Yoga path is one of step-by-step doingness that everyone can use. We happen to be in an era that is in relatively low vibration. That's the reason why we find the way difficult, and that's the reason why we need this Raja or Kriya Yoga, a gradient and a most integral path.

拉賈或克利亞瑜伽是一個完整的和不可分割的道路，適合當今的大多數人。這條道路有 8 個步驟，每一步通往下一步。我大家都熟悉八步驟。如果你沒有，你可以從書本上。第一二個步驟是道德和倫理，該做的，不應該做的。三是姿勢和身體鍛煉。第四步是學習控制呼吸和生命的力量。五是放開外部世界，通過斷開感官把注意力轉向內在。六是集中心智，越來越寧靜，持有一個想法排斥其他的想法。第七步冥想，一點的冥想，一點冥想導向第八步，最高狀態稱為三摩地。

因此，拉賈或克利亞瑜伽的道路是一條 一步一步的，每個人都可以使用。我們恰好是在一個處在相對較低的振動時代。這就是為什麼我們找到正確的路有困難，這就是為什麼我們需要這個拉賈或克利亞瑜伽，一條漸變和最完整的路徑。

There are two ways of growing: one is what I call the negative way, eliminating the negative, going into the mind, seeing the cause of the problem that originated in a thought some time in the past. When we see this thought, when we bring it up into consciousness, we naturally let go of it. We see how silly it is to hold onto it and therefore correct that thought and behavior. However, the other way is the better. It is the positive way. Quiet the mind and see who and what you really are, the

infinite Self. In the over all, there's really only two ways: eliminating the negative and the better, putting in the positive, I am that I am, I am He. The latter is by far the faster.

有兩條成長的道路：一個是我所說的消極的方式，消除其消極，進到頭腦裡，看到問題的原因是起源於在過去的一段時間一個念頭。當我們看到這想法，當我們把這想法帶入意識，我們自然放下它。我們看到保持著那想法是多麼愚蠢，因此修正那想法和行為。然而，另外的方式是更好的。這是積極的方式。平靜你的心然後看到你真正是誰----無限的真我。總的來說，真的只有兩種方法：消除消極和更好的，投入積極面，“我是那我所以（I am that I am）。”，“我是他。”後者速度更快。

Let's now take a look at this so- called apparency, the world. The world is only an illusion that we created mentally. It is not external but in reality within us, within our mind. Someday you'll discover that you created this entire universe that you see. The method of creating is by first creating what we call a mind. We create our mind, which is nothing but a composite of all our thoughts, conscious and subconscious, and the thoughts create the material world. Every little thing that happens to each and everyone of us is created in our thinking. We mentally set up a thing called time which makes it even more difficult to see things because we think now and things happen years later. But the only creator there is, is the mind, your mind. Is God a creator? Yes, because you are. Thou are That! You set up a mind and through the mind create. It is necessary and good to discover that everything happening is caused by our thinking. Everything that happens to us is created in our thought. It's a stepping stone toward realizing and recognizing that we are the creators. First you discover that you created your trouble, then you discover that you can create anything you desire. After you discover that there is nothing that you cannot create, you're still unhappy. The reason is that you have separated yourself from the Infinity. Only on recognizing your Infinity are you perfectly satisfied.

現在讓我們來看一看這個所謂的外觀----這個世界。世界僅僅是我們的心理所創造的一個幻覺。它不是外在的，而是真的在我們之內，在我們的心裡。有一天你會發現你創造了你看到的整個宇宙。創造方法是首先創建我們所說的心（mind）。我們創造了我們的心，心只不過是我們所有想法的組合，包括意識和潛意識，然後各種想法創造物質世界。發生在我們每個人身上的每一件小事情都是由我們的思想所創造。我們心理上創建了一樣東西叫時間，這使得我們看到事情的不同，一些是現在發生而另一些發生在幾年後。但是唯一的創造者是心，你的心。上帝是創造者嗎？是的，因為你是。你就是！你創造了你的心然後通過心創造。一切事情發生的原因是我們的想法，這是一個必要的很好的發現。這個發現是一塊踏腳石，讓我們覺醒和認出我們是創造者。首先，你發現你創造了你的問題，然後你發現你能創造任何你渴望的事物。你發現沒有什麼是你不能創造的，你還是不幸福。原因是你把自己從無限中分離。只有認出你的無限本性才能使你獲得最終的滿足。

So if there are any problems that remain, they only remain because you are holding onto them in thought. The moment you let go of them, they are gone! If you tell me that isn't so for you, that isn't true. The truth is you're still holding onto them, telling me that it doesn't work. Now trying to get rid of a problem is holding onto it. Anything we try to get rid of we are holding in mind and thereby sustaining that problem. So the only way to correct a problem is to let go of it. See not the problem, see only what you want. If you would only from this moment on see what you want that is all that you would get, i.e., what you want. But you hold in mind the things you do not want. You struggle to eliminate the things you don't want, thereby sustaining them. So it's necessary to let go of the negative and put in the positive if you want a positive, happy life.

因此，如果有任何問題仍然存在，它們只因為你仍然保持著“包圍著那想法”。當你當你釋放它們時，問題消失！如果你告訴我這是不適合你，那是不正確的。事實是你還在持有它們，告訴我，這是行不通的。現在，你在試圖擺脫這個問題同時持有它。我們試圖想要除去問題，而心中又抱持

著問題不放，這樣會持續地保持這個問題。所以，唯一能修正問題的方法是釋放它。不看問題，僅僅看你所想要的。如果從現在開始你僅僅看你想要的，你將得到所有你想要的。但是你在心裡保持著你不想要的。你努力消除你不想要的事物，因此支持它們持續存在。如果你想要積極、幸福的人生，那麼釋放消極和放進積極是必要的。

This subject cannot be learned intellectually, it cannot be learned through the mind because it's perceived just behind the mind. We can use the mind to gradually undo the limitations enough so that we can get behind the mind by getting it quieter. If it were possible to get this subject through the mind intellectually, all we would need to do is to read the books on it and we would have it. But it doesn't work that way. We have to very concentratedly dwell upon our Self that is just behind the mind. Turn the mind back upon the mind to discover what the mind is, and then go beyond the mind to the Self. So to get this subject, each one must experience it, realize it, make it real by going to the place just behind the mind and perceiving it there.

覺醒不能通過理解來學會，它不能通過你的心智來學會因為它恰是對超越心智之後的察覺。我們能夠通過心來逐步化解足夠的限制，以至我們能夠通過讓心安靜下來從而超越心的限制。如果它可能通過心的理解來學會，所有我們需要的就是讀包含它的書我們就可以擁有它了。但不是這樣運作的。我們不得不在超越心智的限制後才能意識到我們的真我。把你的心轉向你的心，從而發現你的心是什麼，然後超越心之上回歸你的真我。對於覺醒，每一個人必須經驗它，意識到它，到達超越心智之上的地方，感覺到它就在那兒。

Now the very highest state is simply Beingness, and if we could only be, just be, we could see our Infinity. We would see that there are no limitations. We would see that we are the All. We would be in a perfectly satiated, permanent, changeless state. And it is not a nothingness, it is not a boredom, it is an Allness, an Everythingness, a Total Satiation that is eternal. You will

never, never lose your individuality. The word I as you use it to mean your individuality will never ever leave you. It expands. What happens as you re-remember what you are is that you'll begin to see that others are you, that you are me, that you are now and always have been gloriously Infinite.

最高的狀態是純然地存在（simply Beingness），如果我們能夠僅僅是存在，只是存在（only be, just be），我們能夠意識到我們的無限。我們將意識到沒有任何限制。我們將意識到我們是一切。我們將在完全地滿足、永恆、不變的狀態。它不是虛無，它不是厭倦，它是所有，一切的一切，永恆的圓滿。你將永遠永遠不會失去你的個性。當你使用“我”這個詞，那意味著你的個性永遠不會離開你。它會擴展。當你重新憶起你真正所是，你將開始把其他人看成你，你是我，你現在是，永遠是輝煌的無限。

Look at your mind. That in itself is a good practice. It puts you apart from it. You are looking at it. Watch your thoughts. It's a wonderful practice. If you examine thoroughly the mind, you will discover that it isn't, it's an illusion. Let it go its way, just watch the mind. The ultimate witness is the Self. It's a tremendous thing to watch the mind. Not only does it quiet it, it makes the mind not you. If you trace the source of the mind, you find it is nothingness. This whole world is a dream illusion, which means that it isn't.

看你的心，那是一個好的練習。放你的一部分在它裡面。你正在尋找它。觀察你的想法。這是一個美好的練習。完全地檢查你的心，你將發現心不存在，心是一個幻覺。讓心自由，僅僅觀察心。最終的觀察者是你的真我。觀察你的心是一件絕妙的事情。不僅使心安靜下來，還使心不再是你。如果你追蹤心的源頭，你發現它什麼都不是。這整個世界是一個夢幻，它根本不存在。

第二章 問題以及解決之道

Do you want me to talk or do you want to ask questions? I guess I could start with telling you my impressions of you. It appears to me that since I was here last year, you seem to have greater, more intense problems. This is for all in general, not anyone in particular. This intensification of problems makes it appear as though we are going backwards, but it isn't true. We have risen to the state where we can outwardly better express ourselves, and problems now come out into the world rather than remain held in the subconscious mind. When we are apathetic it's difficult for us to express. It's difficult for us to outwardly act, and so our problems remain swirling around in our subconscious mind and most of them don't come out and materialize in the world.

你們想要聽我說還是開始提問？我想可以從我對你們的印象開始談起。自我去年來到這裡，就感覺你們的問題越來越嚴重，越來越尖銳。這是對所有人而言，沒有人可以倖免。問題的尖銳體現在你們看起來像是有所退轉，但實際並非如此。我們來到了一個新的階段，在這個階段裡我們能夠更好的向外表達我們自己，問題開始浮出水面，而非依舊躲在潛意識裡。當我們麻木冷漠，我們很難向外表達。這樣問題就停留在潛意識裡打轉，並在物質世界顯化。

When one begins to move a step above the apathetic state, one is still in the apathetic state but is beginning to acquire some of the capability of doing. Then one's problems increasingly materialize outwardly and it seems as though the world is falling in on one. But it's actually a state of growth to move up from the apathetic state and come up into the beginnings of the doingness state, and that's the state of apathetic-doeness. So when we come into this apathetic-doeness state we begin to do with apathetic, agitated tendencies and therefore we're somewhat destructive, even to ourselves. We become outwardly or expressively destructive to

the world and to ourselves, we have problems and things seem worse. We think we're going backwards but actually we're moving ahead, because apathetic-doingness is higher than apathetic non- doingness.

當我們開始從冷漠的階段往前走一步，我們依然處在冷漠的階段，但卻開始獲得某些行動的能力。在此階段，問題越來越多地呈現，看起來像是整個世界都坍塌了。但實際上這對冷漠階段而言，是個進步，這是個冷漠但卻有所行動的階段。在這個階段，我們的行動帶有焦慮不安的傾向，因此似乎有些破壞性，無論對這個世界還是我們自己。問題出現，並且看起來似乎更糟。我們以為自己退步了，但實際是在前進，因為這個階段要比純粹的冷漠階段更高一層次。

Now, the step above apathetic-doingness would be one of doingness where we would be equally constructive and destructive. Move up another step, and you move into the doingness beingness state where you're a big doer and only constructive. When you step up from there, you go into the beingness state you don't have to do, you just only be. So the overall state of the world today is that it has moved up into this apathetic-doingness state and the world seems to have bigger and better problems. This is progress, a step forward, although it appears otherwise. To sum up the foregoing, the stages of growth are set out on the next page.

從這個階段再往前一步，是行動的階段，在行動階段，我們開始有所建設性，同時依然還有破壞性。再往前，便進入了行動又存在的階段，此時便只剩建設性。最後一個階段就是存在的階段，在此階段，你什麼都無需做，只是單純的存在。這個世界如今進入了冷漠但又有所行動的階段，看起來問題更大更嚴重，但實際上卻是個進步。

譯者注：

第一階段：冷漠

第二階段：冷漠-行動

第三階段：行動

第四階段：行動-存在

第五階段：存在

Q: Is this the world in general, or is it just the people on the path who are caught up in this?

問：你是指整個世界還是一部分人處在這個階段（冷漠-行動階段）？

Lester: It's both. We are all involved in this. You see it expressed in the race issue, the revolt against the establishment, juvenile delinquency, Viet Nam, Africa. It's prevalent everywhere today. It is part of the world growth (Stage 2).

答：兩者都是。我們全都處在這個階段。你看種族問題、青少年犯罪、越戰、非洲問題等都是這個階段的表達。這是世界成長的必經之路。

Q: Is this because people are more developed to cope with it?

問：是因為人們更有能力處理這些問題嗎？

STAGES OF GROWTH

成長的階段

INACTION

無動於衷

Apathy: Inaction due to apathy, with resentments and hostilities, and fear to express for fear of retaliation. A subjectively destructive state.

冷漠階段：無動於衷是緣於冷漠、仇恨和敵意，以及因為害怕被報復而不敢表達，是個破壞性的階段。

(Between 1. and 3.)

（介於第一和第三階段之間）

Apathetic-doingness: Beginnings of action, enough will to express things outwardly. A beginning of an outwardly active but destructive state.

冷漠-行動階段：開始行動，並有足夠的意願來表達自己。是個積極但卻依然具有破壞性的階段。

ACTION

行動

Doingness: Action that moves us out of Stage 1, toward the equilibrium of Stage 5. Here one is equally constructive and destructive to oneself and the world.

行動階段：因為行動而開始脫離第一階段，向第五階段進發。在此階段，人們開始具有建設性，同時又保留破壞性，無論是對世界還是對自己。

(Between 3. and 5.)

（介於第三和第五階段之間）

Doingness-beingness: Energetic doingness with calmness: much outward action, all constructive to oneself, the world and the universe.

行動-存在階段：冷靜且高效的行動，無論是對自己還是全宇宙，只剩建設性而不再有破壞性。

INACTION

不再行動

Serenity: Inaction, the ability to just be, to be the witness, watching and allowing the universe to be perfect as it really is.

問：無動於衷，是種只是旁觀的能力，見證並允許這個世界自行運轉。

Lester: They're more developed, not to cope with it, but more developed. The way they're coping with it is in a destructive way. Problems don't have to be solved by killing each other or by violence. Problems could be solved by discussions and should be. However, it's a step forward from a lower state (Stage 1).

答：在此階段人們的能力更上一層，這種發展不是源於為了解決問題。但人們是以破壞性的方式解決問題，通過暴力、自相殘殺的方式。但問題完全可以並也應該通過商討的方式解決。但對第一階段而言，這個階段依然是個進步。

The world today is in a low state of beingness (Stage 2). It's called the materialistic age. We came out of the lowest state, wherein we lived only to satiate our appetites, about 1700 A.D. You know what the dark ages were. We're now in the second stage and we're having the growing pains of getting out of the first into the second. But the second is not a highly spiritual state; it's the stage where technically we advance tremendously. The third stage begins the state of knowing that this is a mental world and that we are all related. We stop fighting each other and we all love one another. And the fourth state is the state in which man - knows fully his beingness in God, that he is a totally free being. These four are the Iron, bronze, silver and golden ages the ancient Greeks spoke of. (The fifth stage is really beyond this world, although accomplished in this world.) However, at anytime, whenever anyone chooses, he may move into the highest state. We don't have to stay at the level that the world is in, and those of us who are on the path are moving up out of this general level. Aren't we lucky?

當今世界正處在存在階段的較低端（第二階段），叫做唯物主義紀元。我們從最低階段出來，大約在 17 世紀，人們只為滿足私欲而活，那是個非常黑暗的時期。我們現在正處在第二階段，經歷著從第一階段脫離出來的陣痛。但這個階段依然不是高度靈性的階段，只是加速的階段。到了第三階段，人們開始認識到這是個心智創造的世界，彼此之間息息相關，我們不再自相殘殺，取而代之的是彼此友愛。到第四階段，體認到自己的存在即是上帝的存在，完全自由的存在。這四個階段分別被古希臘人稱作黑鐵時代、青銅時代、白銀時代以及黃金時代。然而無論何時，任何人只要願意，都可以進入最高階段。我們不必待在這個世界所處的階段，完全可以先行一步。從這點來講，我們是幸運的，不是嗎？

Q: Even with our problems?

問：即使背負著很多問題？

Lester: Yes. To the world everything seems hopeless. They feel helpless. We know the way out. No matter how much the world hurts, we know there's a way out. We have hope and a direction. And what is the way out? Not looking to the world for happiness, but looking to the place where happiness is, -and that place is right within us, within our consciousness.

Unlimited joy is our natural, inherent state which we have, through ignorance, undone by imposing concepts of limitations: I need this, I need him, I need her, and if I don't get these I am hurt, I have trouble. Growth is only letting go of these concepts of lack and limitation or, on the positive side, going within and seeing this unlimited Being that we are and choosing to remain as such.

答：是的。對這世界而言，似乎一切都無望，讓人感到無助。但我們知道出路在哪。無論這個世界有多麼傷痕累累，我們都知道是有出路的。我們是有希望的，有指引的。那麼出路在哪？不要試圖從這世界找尋幸福，把目光投向幸福所在地，那個地方就在我們的內在，在我們的意識裡。無限的喜悅是我們的固有本質，只要釋放掉那些強加的限制性信念，比如我需要這個，需要他/她，沒有這些我會受傷，會有麻煩，諸如此類的信念。成長僅僅是往內深入，釋放這些匱乏感，這些限制性信念，看到我們的無限存在，並持續地待在那裡。

Anytime we have trouble, anytime we have a problem, we're being the limited ego. We're trying to express the Self through the limited ego, and it's too small, we get squeezed and it hurts. So, if there is a problem, the thing to do is to ask yourself, What am I doing? Wherein am I demanding, seeking with ego motivation? If the answer comes, if you see how, egowise, you're causing this so-called problem, you'll automatically pull the cause up from the subconscious into the conscious, and once it's conscious you'll naturally let go of it.

The reason why one doesn't let go is because the cause, the thought that initiated the difficulty is subconscious. So, either we make the thought conscious and let go of it, or, and this is the higher and better way, we know strongly enough that we are the Self, that we are not this body, this mind, this world. And when you feel the Self, the feel of the Self is nothing but unlimited joy, and all problems immediately resolve!

任何時候只要我們出現問題，陷入麻煩，我們就是被小我所困。我們總是通過有限制的小我來表達真我，但小我太小了，結果只能是被困住。因此，只要問題出現，我們只需問問自己：被小我所驅動的我在幹什麼？在要求什麼，尋找什麼？如果你看到小我是如何製造所謂的問題，你就將罪魁禍首從潛意識里拉到意識層面，釋放便自然地發生。為什麼難以釋放是因為這個根，這個從中作梗的想法依然躲在潛意識裡。所以，當潛意識的想法浮出水面，並將其釋放，我們就能發現我們不是這具身體，這顆腦袋，這個世界，而是如如不動的真我。當你覺知到了真我，便會體認到真我即是無限的喜悅，此時所有問題瞬間煙消雲散

I sound quite indicting when I say any problem, any trouble, is ego motivated, but that you'll find is true. When you will be your Self there is no problem, there is nothing that will not fall into line perfectly, harmoniously, with no effort. The more ego motivated we are, the more difficult it is to accomplish something, the less harmony there is and the greater the misery we have. And it is really as simple as I'm putting it. What's not easy is to let go of these wrong habits of insisting upon being an ego. The habits are strong. They've been well ingrained over thousands of years. But all of us on the path are now letting go of these things and we don't let go easily because of the habits that have been there such a long, long time. However, the moment we choose to let go of them, we can. If we say we can't let go it's because we really don't want to. The desire to let go isn't strong enough.

我說任何問題，任何麻煩，只是小我所驅動，這有待你自己去發現。當你覺知到真我，問題便不復存在，無需任何努力，就能來到完美和諧之境。

如果我們越被小我所驅動，我們就越難達成我們想要的，痛苦也就更甚。釋放小我所執著的有害習性，如我所言真的很簡單。之所以有難度是因為那些習性生長了幾千年。但是只要此刻我們選擇釋放它們，我們就能做到。如果你說不能釋放那是因為你真的不想釋放，釋放的意願不夠強烈。

Do I make this too simple? You know why I'm addressing you, Jim, because I know you've had quite a lot of this. You've probably heard it presented in beautifully complicated ways, with a lot of things added to it that complicate it, and make it more difficult to see. But once we accept it and see the simplicity of it, all we need to do is effect it. And no one can do it for us but we ourselves.

我說它很簡單，不是嗎？吉姆，你知道我為什麼向你強調嗎？因為你聽到的可能都是些花哨但令人困惑的說辭。但一旦我們看到它其實很簡單，我們所需做的僅僅是達成它。沒有人能幫我們做到，除了我們自己。

Q: I have a friend who has problems. She's Catholic and very pious. When things get blackest and she has no more hope and is at the bottom I at that very moment something happens so that everything turns out right.

問：我有個朋友，有點麻煩。她是個虔誠的天主教徒。當時她的生活陷入困頓，她感到毫無希望，非常消沉（處在低谷）。希望事情能有轉機，重回正軌。

Lester: Do you know why she must reach bottom?

答：你知道她為什麼非得陷入低谷嗎？

Q: Well she has faith and she knows that---

問：因為她有信仰，她知道怎麼、、、

Lester: No, she doesn't have faith and she is not pious I this is her trouble. You see I faith would cause her to let go and let God. Pious would cause a similar thing, --- surrendering and being humble. Outwardly she's the way you say I but inwardly

she's the way I'm saying. You see, she tries, herself, to control everything and that's not letting God. She tries and she tries and she tries.

答：不，她沒有信仰，她並不虔誠，這才是她的麻煩所在。你知道信仰會使人放手，讓上帝來接手。虔誠同樣使人變得謙卑、臣服。從外在看，她是你說的那個樣子，但內在卻是我說的這種情況。她試圖去控制一切，嘗盡各種辦法，非常努力，但卻不是讓上帝來接手。

Q: She prays.

問：她有祈禱。

Lester: Yes I she prays, but she wants it the way she wants it, not the way God would want it. She's found out that her praying for it doesn't help her. You don't have to pray, if you surrender. You've got to let go and let God. When does she let go and let God? When she herself can't do anything anymore, she lets go. In the extreme she lets go, and the moment one lets go, everything resolves itself. Can you see it? In the extreme, she feels, Oh, there's nothing I can do, and that's when she lets go and lets God. If you can show her this point she'll see it, most likely, and then be more consciously able to use it.

答：是的，她祈禱，但卻希望事情按她想要的發生，而不是讓上帝可能想要的那樣。她已經知道她的祈禱無濟於事。如果你臣服，完全不必祈禱。你必須放手，讓上帝來接手。但她什麼時候放過手，讓上帝來接手呢？當她再也無能為力時，她會放手。到那個極限時，她放手，問題便會自行解決。如果你能告訴她這點，她很有可能會看到的，會更有覺知。

Q: I keep trying to tell her that she must be confident.

問：我一直都跟她說要有信心

Lester: Conviction, stronger than faith, absolute conviction of God, that will do it! Let go and let God and then everything straightens out, but when we try to do it, we have trouble.

答：比信仰更強的是篤信，篤信上帝，這才有用！放手，讓上帝來接手，這樣事情才會解決。但當我們努力去做時，我們依然陷於麻煩中。

Q: When you say, Let go and let God, does that mean that you should work strictly on inspiration, or just sit back and let things happen?

問：你說放手，讓上帝來接手，這是否意味著要等待靈感，或者只是坐著，讓事情自行運轉？

Lester: Have the feeling of letting things happen. To accomplish this we have to let the ego- sense go. The ego is I am an individual, Lester:, and I have a body and I do things. That's wrong. If I am the Self, there is no Lester:, -I have to get Lester: out of the way and let Self or God operate. When achieved, you'll move in life, you'll sort of float through things, but there will be no effort. If there's effort, there's ego. Now, of course, you're going to have to use some effort, because you're not starting off as the realized Self. You see, when this girl goes to the extreme, she lets go and things happen effortlessly. That's letting go and letting God!

答：要有讓事情自行發生的意識。想要有這種意識，就必須釋放自我感。自我（小我）說我是這個叫萊斯特的個體，我有身體，要做事情。但那不是真的。如果我即真我，就沒有所謂的萊斯特。那麼我必須釋放掉萊斯特，讓真我或上帝來運作。當你這麼做時，你才是進入生活，有點隨風飄蕩，但不再作為。哪裡有努力，哪裡就依然有小我。當然你現在還是會做出一些努力，因為不是從真我出發。你知道一旦那個女孩到達極限，她會放手，讓事情自行運轉。那就是放手，讓上帝來接手。

Professing faith, professing all these things doesn't do it. Actually having them does it. The fact that she has troubles is proof that she doesn't have the conviction of God because God is All, God is Perfect, and if God is All and God is Perfect, everything must be perfect, and that leaves no place for imperfection or troubles. If you take that attitude, so be it! So,

it's the feeling that I am not the doer and that I let go and let it happen.

聲稱自己有信仰，聲稱自己信上帝是沒用的。那女孩陷於麻煩，恰恰是不信上帝的明證。因為上帝就是全部，就是完美。如果上帝是全部，是完美，那麼一切就都是完美的，完全沒有不完美或麻煩存在。如果你抱持這種態度，那就成為這種態度，就是這種我不作為，讓事情自行運轉的感覺！

Q: I can't tell when I'm ego.

問：當我還是小我時，我说不準

Lester: When there's no effort, there's no ego. The more the effort the more the ego.

答：哪裡不再有努力，哪裡就沒有小我。越做努力，小我越頑強。

Q: When the effort is extreme you have to more or less go the other way anyway.

問：當努力到極限卻依然無濟於事時，會或多或少地選擇另一條路

Lester: Yes. I'm trying to give you a method of knowing whether it's ego or not. The more the effort the greater the ego. However, you're going to use effort until you're fully realized. Now, there will be times when you'll use no effort and everything will fall perfectly into line for you, so at times you'll be your Self.

答：是的。我給你的是辨別是否小我的方法，越做努力，小我越頑強。然而，在你開悟前，你是要努力的。開悟後就無需努力，但事情會按你想要的發生。

Q: Out doesn't this type of thing make you indolent, that you don't do any action? Is it that you shouldn't try to do anything, that's what I don't understand?

問：這樣會不會讓你變得懶惰，不再行動？你是說我們不應該努力做任何事，我不大明白

Lester: Indolence is an action, a negative action. It is the act of holding yourself from moving. Now it is impossible for you to be actionless. To achieve the actionless state you should try to let go of your ego more and more, because now you can't do it totally. If you could you'd be fully realized. But if you keep letting go of the ego, you will eventually drop it and be the witness and be not the doer. Does that make sense or have any meaning? Be not the doer. Let it happen. Have the feeling of it's God's world, whatever's happening, so let Him!

答：懶惰也是種行動，消極的行動，它讓你保持不動。想要達到不動的境界，就要盡可能地釋放小我，因為你現在還不能全然地不動。當你能全然地不動時，你就是開悟的。持續地釋放小我，最終你會完全脫離它，成為全然的覺知。無需作為，只是讓事情自行發生。無論發生什麼，這都是上帝的世界。所以，讓祂來接手！

Q: How do we get rid of problems?

問：我們怎麼擺脫問題？

Lester: The moment you say, I have a problem, you're stuck, you are making it real! You can't get rid of a problem, because you are making it real. You've got it.

答：當你說我有問題的這一刻，你就卡住了，因為你讓問題成真了！你不能擺脫問題，因為你讓它成真了。

Q: So, if, when we have problems, we say, There is no problem at all, -will they vanish then?

問：所以，當我們有問題時，我們就說根本沒有問題，這樣就能消除問題了？

Lester: No. If you say, There's no problem, they won't vanish because you're saying, There's no problem. You're mentally holding the problem in mind and therefore sustaining it. Erase the problem from your mind.) Know that everything is perfect and then the problem is necessarily non-existent.

答：不能。因為你說沒有“問題”時，你的頭腦依然抓著問題。把問題從頭腦中清除出去，知道一切都是完美的，這樣問題就不復存在。

Q: Well, I think that way, that everything is really perfect.

問：我試著去想一切真的都是完美的

Lester: If you really do then everything must be.

答：如果你真的那麼想，那麼一切就必定是完美的。

Q: How easy it would be if we understood this from the beginning.

問：如果我從一開始就知道這個，那一切會很容易

Lester: Yes. You see, life, naturally, is totally effortless. There is no effort in life whatsoever if we would just be our natural Self. But we're trying to be a limited ego. That takes effort. It takes effort to be limited when your natural state is unlimited, and the more you try to be limited, the more effort it takes. But to be your unlimited Self it takes no effort. Just like your friend, when she got to the extreme she would let go and everything would straighten out, - with no effort. All the time she was trying and trying, things were getting worse and worse. But when she gave up and let go, -things resolved.

答：你知道，生活本來就是完全無需努力的。如果我們只是真我，生活就是那樣的。但我們總是想要成為有限制的小我，這就需要努力了。越努力越有限制。但是成為無限的真我，卻無需努力。就像你那位朋友，當她撐到極限，她會放手，這樣事情會自行解決。她越努力，越想控制，事情越糟。但當她舉手投降時，事情會解決。

Q: Well, she had to go out and look for a job, she had to go to an agent, she just couldn't sit down and wait.

問：她必須出去找份工作，去仲介所，她不能坐以待斃

Lester: I say all she had to do was to let go and be herself. Then even if she locked herself in a chamber somewhere, the things would have come to her. You don't sit down and wait, you don't do anything. Just let go of the sense of doership. You just know that everything is perfect and then the slightest thought you have will quickly come into being. There's no limitation on God, the Self. Whatever you thought, would have to come into being if you let go, because you're invoking your infinite power, your Self. Nothing can stop it!

答：我會說她真正要做的是放手，成為她自己。這樣哪怕她被鎖在屋裡，她想要的也會自動到來。不要等待，不要做其它任何事，只是釋放想要作為的感覺。你已經知道一切都是完美的，那麼即使最細微的念頭也會成真。上帝是無限的，真我是無限的。如果你釋放，不論你想什麼都會成真，因為你啟動了你無限的力量，你的真我。沒有什麼能夠阻止它！

Q: But at the same time you have to struggle to get some action.

問：但同時你也要去行動啊

Lester: No, I said just the opposite, I say lock yourself in a chamber and padlock the outside of it and if you do what I'm saying you'll find that it will be effected. It has to be. Nothing can stop it! Omnipotence is invoked!

答：不，我說的正好相反。我說的是把你自己關在屋裡，外面再掛上把鎖，如果你按我說的做，你會發現它是有效的，它也必定如此。沒有什麼能阻止它，因為全能被啟動了！

Q: What is prayer for, what does praying mean?

問：什麼是祈禱？祈禱的真正含義是什麼？

Lester: Praying is for those who need praying. When you know what you know, -to whom are you praying? If you are That, why do you have to pray to It? See, praying admits duality. I pray to God. Maintain your Oneness. However, when one prays it is best to pray for one thing only, more wisdom, so that you

eliminate all need for any prayer, for any asking. It all depends on one's state of understanding. Most people in the world today need to pray. But prayer admits duality, God is out there. And we should know that God is within. Even though Jesus said, The kingdom of God is within, we still look for God without and He's not out there, He's only within. He turns out to be our very own Beingness. The word I with nothing added to it is the God we seek. When you say I am something, -that isn't, or I and something, that too isn't God. But just pure I and only I, that is God. That is why it is said that God is closer than flesh, it's I, and how close is I? It's closer than the flesh is, and that is God, your very own Self!

答：祈禱是為那些需要祈禱的人而準備的。當你知道你所知道的，你還向誰祈禱？如果你就是祂，為何還要向祂祈禱？你看，祈禱恰恰承認了二元性，“我”向“上帝”祈禱。保持“一”的意識！但是，如果你要祈禱，就只祈禱更多的智慧，這樣你就能消除對祈禱的需求。這完全取決於你領悟的次第。當今世界大多數的人依賴祈禱。但祈禱承認了二元性，上帝在外面。但我們應該知道，上帝是在我內。雖然耶穌已經說了，上帝的王國在我內，我們卻依然向外尋找上帝。但是祂是在我內，是我們的臨在。單純的“我”這個字，指的就是我們所尋求的上帝。當你說“我”是什麼什麼，那不是真的；或者“我”和什麼什麼，那也不是真的。只有純粹的“我”，並且只有“我”，才是上帝。這就是為什麼說上帝比肉體還近，因為“我”即是上帝。“我”有多近呢？肯定比肉體還近。所以，“我”就是上帝，你的真我。

Q: That's a very good feeling.

問：那感覺很好

Lester: Yes, because it's reminding you of what you know subconsciously, that you are that Self. Just hold onto the word I only, I, I, I, I, and you'll become more exhilarated. Just try it when you're alone. Just I, I, I, and not I am a body, I am a mind, but I I, I, -that feeling of Being. I think the word that describes God more than any other single word is Beingness. God is all Beingness. We are, when we look within, all

Beingness pretending we're a tiny part of It, a limited body mind. But when you look within you'll see that you are all Beingness. Beingness is God! Beingness is also Awareness, Consciousness. They are the same thing. Later on, you'll see them as identical 答： Beingness, Awareness, and Consciousness.

答：是的，因為它提醒了你潛意識所知道的，那就是你就是真我。所以持住“我”這個字，只有我，我，我，這樣你會變得更喜悅，尤其當你獨自一人時。只是我，我，我，而不是我是這具身體，我是這顆頭腦。我想描述上帝最精確的詞就是“臨在”，上帝就是全在。當我們外求時，全在假裝成我們只是它極小的一部分，我們只是有限的身體頭腦。但當我們往內看，就會發現你就是全在。臨在就是上帝，臨在也是覺知、意識。它們都是同一個東西。臨在、覺知、意識都是同一的。

So be your Self and there never will be a problem. Seeing a problem in the world is trying to be a limited ego-body-mind. If you think you have a problem, you do. If you'll just accept that God is AU, God is Perfect, that's all there is and look at Perfection, that's all you'll ever meet with!

所以，成為真我，如此問題便不復存在。發現問題就是試圖成為有限制的小我-身體-頭腦。如果你認為你有問題，那你就是有問題的。如果你能單純地接受上帝就是全部，就是完美，那麼你看到的就只有完美。

Q: Then we have to wipe out the word problem.

問：那我們就必須消除詞彙所帶來的問題？

Lester: Yes. You have to wipe out the words problem, can't, don't, won't, all negative words. In the future when man is in a state of harmony all these words will disappear.

答：是的。你必須消除，比如“不能”、“不要”、“不會”等這些負面詞彙。將來等到人類步入和諧之境時，所有負面詞彙都會消失。

Q: As you progress more on the path so many things seem so much more superficial. I don't know if that's progress or if I'm becoming indifferent to the world around me.

問：隨著你越來越精進，好多東西都看起來變得淺薄。我不知道這是進步還是意味著我對這個世界越來越冷淡。

Lester: Well, that also is progress, being indifferent, i.e., non-attached.

答：變得冷淡也是進步，因為不再執著。

Q: I really couldn't care less about politics or all these things which at one time seemed so important. Is that bad?

問：我實在做不到不去關注政治或所有這些在某段時間看起來重要的事。這是否很糟？

Lester: How does it feel?

答：你自己覺得呢？

Q: I haven't analyzed the feeling, I've just seen that all these people think what they're doing is so important, maybe I'm wrong in that I don't feel that way.

問：我不知道。我看到所有這些人都覺得他們所做的是重要的。也許我跟他們的感受不同是錯誤的。

Lester: No, you are right. The higher you go the more you see the Perfection and therefore the less you see the problems. The more one sees problems, the lower one is. What you're talking about is problems. The people who see them want you to be the way they are, and will tell you that you're wrong. This is one thing you must be on guard against. As you grow those who are not up to you will try to pull you down to where they are. Let them think you are wrong. You know you are right! Don't argue. It's fruitless.

答：你是對的。隨著你境界越來越高，你將看到更多的完美，這意味著你看到的問題越少。一個人看到的問題越多，他所處的階段就越落後。看到

問題的人希望你也能看到問題，否則就說你是錯的。這點是你必須要防禦的。隨著你不斷成長，那些不能控制你的人會想方設法把你拉回去。就讓他們認為你是錯的吧。你知道你是正確的就行。不要辯論，那毫無意義。

Q: I find that the people try to make me feel selfish because I feel that way. I don't know whether that's true or not, that's why I wanted to discuss it.

問：我發現人們總是讓我感覺自己很自私，因為我也覺得自己很自私。我不知道這是否真的自私，所以我想談談這個問題。

Lester: It's this way, when you don't think the way they think, they call you selfish. Just check it out. This is what's going on, this is the way they think. When you don't think the way they think you are selfish. No, it's not how much you recognize a problem that shows unselfishness. It's how much you see that there is no problem and help others to see it that shows unselfishness. This way you offer help, you're very constructive and unselfish.

答：是這樣的，當你所認為的與他們的不一致，他們管這叫自私。這就是他們思考的方式。但實際上，不是你看不到問題，就表明你有多麼自私。而是你覺得那沒有問題，並幫助其他人也意識到這點，這才是真正的無私。以這種方式助人，那你是有建設性的，是無私的。

Q: Just do everything with a desire to help and that is love.

問：以助人的心做事，那就是愛？

Lester: Yes, just feel love, you don't necessarily have to do. Love, -and your thoughts are positive. Thought is far more powerful than action. It's the basis of and effects action. It's the initiator, comes before it and determines action. A realized being sitting in a cave somewhere all by himself is doing more good for the world than organizations of action. He is aiding everyone; his help being subconsciously received by all.

答：是的，但只要感覺有愛，而未必付諸行動。你的念頭都是正面的，這就是愛。念頭的力量遠遠超過行動，是行動的基礎，也影響行動。念頭是發起者，在行動之前，並決定行動。一個開悟的人，哪怕只是獨自坐在山洞裡，他對這世界的貢獻遠高於那些行動組織。他幫助每一個人，所有人會在潛意識層面接收到他的幫助。

Now we're back to what we were talking about before: the bottom state is inaction, the middle state is action, the top state is inaction. The bottom state is one of apathetic inertia. It's destructive. It just wants to stop everything, actually destroy everything. The top state lets everything be just the way it is because everything is perfect and one in this state mentally and powerfully projects this to everyone. The middle state is the action state which moves you up from the bottom toward the top state of equilibrium. Now, as you move up, those who are not as far along as you are will try to pull you down to where they are.

現在我們又回到了之前所談論的，那就是最低階段是沒有行動，中間的是行動階段，最高階段是不再行動。最低階段是冷漠的，具有破壞性的，只想阻止一切，毀掉一切。最高階段則是讓一切如是，因為一切都是完美的，在這階段的人會把這樣的心念投射到每一個人身上。中間的階段是行動階段，是最低階段和最高階段之間的平衡。

Q: So, it's sort of a proving ground, or a testing, to see how much those things bother you.

問：所以，這就有點像試驗場，為了測試那些事對你有多大的影響？

Lester: Yes. It tests your conviction. Where is your conviction if you go with them? If you go with them your tendency is to believe more the way they do.

答：是的，它測試你是否篤信。如果你隨大流你還是篤信的嗎？如果你隨大流，你信的是他們那一套。

Q: Which is easier, I know.

問：隨大流會更輕鬆

Lester: No, try it. If you think it's easier, just go their way and you'll have more misery as they do.

答：如果你認為隨大流更輕鬆，那你就會隨大流，其結果是你會和他們一樣更痛苦。

Q: Sometimes I think it's easier to just be one of the mob.

問：有時我認為做一個暴徒更輕鬆

Lester: Desire for ego approval makes it seem easier. You'll find out otherwise. You've been one of the mob, haven't you? You've been like them. It's not easy. No, the right way is easier. Do you see that? The right way is letting go and letting God and then everything falls into line perfectly, -no effort. But when I have to do it, it's not God, it's me, the ego, wanting to do, to change things, correct this world, and so forth.

答：小我想要獲得認同的欲望會使你認為做一個暴徒更輕鬆。但你會發現事實並非如此。你已經是暴徒的一員了，你已經和他們一樣了，這並不輕鬆。正確的道路才更輕鬆，正確的道路就是放手，讓上帝來接手，這樣所有的問題都會自行解決。但是當我不得不做什麼，那就不是上帝，那是小我，是小我想要做什麼，想要改變這個世界。

Q: Would a mantra or something like that be the best thing to remember when these things come up that way?

問：當事情那樣發生時，念祈禱文什麼的是否最好？

Lester: Affirmations are always good. A mantra is an affirmation that's repeated again and again. Do whatever will help you to do and be what you think you should do and be.

答：誓言就可以。祈禱文是誓言的重複。做任何能幫到你的事，成為你認為應該成為的。

Q: That's what I don't know.

問：我不明白

Lester: To seek who and what you are, to know your Self, is the very best thing to do and be. There've been moments when you've let go and felt your real Self. How does it feel?

答：去探尋你是誰，你是什麼，去發現你的真我，就是最好的事。在釋放時你已經有過一些時刻，覺知到了真我。當時感覺如何？

Q: Marvelous, could I have it all the time?

問：太美妙了。我能一直持住它嗎？

Lester: Yes, certainly, stay that way, that's all. Be what you are! You're infinite, omniscient, and omnipotent, right here and now. BE THAT! Stop being this limited, miserable, little ego.

答：是的，當然。待在那裡，這就是你要做的全部。成為你的本然！此時此地，你就是無限，就是全知，就是全能。成為祂！而不是再去做有限的痛苦的渺小的小我。

Q: Well, I have the same problem he has and I thought I was' becoming indifferent.

問：我的問題和他的一樣，我也認為自己正變得越來越冷淡

Lester: Yes, you're becoming indifferent to the negativity, and what's wrong with that? What is politics? It's a mechanism of force and control. In a society where everyone loves everyone do you need politics? If you want to help the world, help yourself grow, and you'll do far more than you could by being involved in politics. The more you're capable of loving, the more you're helping the world. Parliaments cannot right the world, but enough people loving can. The President of the United States must necessarily represent the sum total consciousness, the sum total thinkingness, of all the people of the United States added together. Principle, divine law supersedes man-made law. Consciousness, thinkingness determines everything. The world out there is only our

collective consciousness. If we don't like what's happening to us in the world, all we have to do is change our consciousness, - and the world out there changes for us!

答：是的，消極地看，你是變冷淡了，但是那又有什麼不妥呢？政治是什麼？政治是權力和控制的機制。在一個人人都相親相愛的社會，還需要什么政治嗎？如果你想幫助這個世界，那就讓自己成長，這樣你所做的貢獻遠比參與政治要來得大。你越有能力愛，你對這個世界的幫助就越多。國會無法矯正這個世界，只有足夠的愛才能做到。美國總統必須代表的是所有美國人民的集體意識。讓靈性法則取代人類法律，因為意識決定一切。這個世界不過是我們集體意識的投射。如果我們不喜歡發生在我們周圍的事，我們唯一要做的就是改變我們的意識，外在世界就會跟著改變。

Q: But doesn't this sort of thing take a great deal of courage many times? Sometimes I don't really have the guts to be able to do the things I want to do.

問：但是很多時候這都需要極大的勇氣，我沒有這麼大的勇氣來做我想要的

Lester: Alright, why don't you have the guts?

答：為什麼你會沒有勇氣呢？

Q: I don't know.

問：我不知道

Lester: Ego. You want approval from them. You're seeking their approval; you want to go the way they want you to go.

答：因為小我，小我想要的就是獲得認同。你想要獲得他們的認同，所以你走他們想要你走的路。

Q: It isn't that I want their approval; I don't want their disapproval.

問：這不是我想要獲得他們的認同，而是我不想要他們不認同我

Lester: Well, isn't that the same thing?

答：這不是一回事嗎？

Q: I remember what you said last time: when you resolve a problem it doesn't come up again, and it's true. But then you get new ones. When you have solved something within your own mind and you know that you have come up a step on the ladder, it doesn't present itself again, which is a great help. But then there are always new problems.

問：我記得上次你說，當你解決了一個問題，這個問題便不再出現，也的確如此。但是會出現新的問題。當你在內在解決了一些事，你知道自己上了一個臺階，這些事不會再發生。但是總是會有新的問題。

Lester: There's no end to problems in the world. You go on and on forever and ever solving problems in the world, and you'll have more and more. As long as you are conscious of problems they exist. Only when you discover the real you, are there no problems!

答：這個世界的問題永無止境。你解決了一個又一個，永遠都是在解決問題，而問題又會不斷出現。只要你對問題保持覺知，只要你發現了真我，問題便不再出現。

What we do is we put our hand in a fire and say, Ouch, it's hot, my hand is burning. Boy, do I have a problem. That's all. When you see that you are doing it, you stop. If you have a problem, you're putting your hand into a problem and yelling, It hurts! and acting as though you're not putting your hand into it. You act as though you are not doing it. But you are. That problem is in your consciousness. It's in your mind. Change your mind, change your consciousness and immediately that problem is no more. Try it and you'll see that it's so.

你知道我們是在做什麼嗎？我們把手放到火上，然後大叫“燙死了”。年輕人，這就是我們所做的。當你發現是你在製造問題，你就會停止。如果你有問題，是你把手放進問題裡面烤，然後大叫“疼死了”。看起來好像不是你主動把手放進去的，不是你創造的，但實際上就是如此。因為那個問題

就在你的意識裡，在你的頭腦裡。改變你的頭腦，改變你的意識，很快問題便不復存在。嘗試著這麼做，你會發現事實就是這樣。

Q: Last year when we were all together we were higher and we had fewer problems.

問：去年我們一起時，我們變得更精進，問題也越少

Lester: That's the prime purpose of coming together as a group. You're reminded of your direction. You're with people who are striving in that same direction and you're moving opposite to the way the world is moving. So keep positive company as much as possible. And when you are by yourself stop being what you are not, a limited body and mind, and just be what you are an Infinite, totally free, grand and glorious being, whole and complete.

答：這就是組團的主要目的。你是被指引來的。你和同道的朋友在一起，做著跟這個世界截然相反的事。所以盡可能地結伴。但當你獨自一人時，不要再成為你所不是的樣子，不要再成為有限的身體和心智，成為你的本然，那無限、自由、光輝的存在，完整而圓滿。

How to see the ego? Every time there is a reaction to anyone or anything that reaction is ego motivated. Look within for the ego motivation and when you see it, let go of it. Each time an ego motivation is seen, the ego is weakened. To see ego motivation is to feel it, not just see it intellectually. The more it hurts, the more we are involved ego- wise.

如何看到小我？每次你對人事物起反應時，那就是被小我所驅動。往內看，去看小我是如何驅動你的，當你看到它時，就釋放它。小我的驅動每被看到一次，就會被削弱一些。看清小我的驅動，不是用頭腦去看，而是用心感受。我們越感到難受，那意味著我們越被小我所困。

This Session was recorded in New York City, September 14, 1984.

錄於 1984 年 9 月 14 日，紐約

第三章 靈性成長

IT IS SUGGESTED THAT THE BELOW APHORISMS BE
ABSORBED ONE AT A TIME. TRY UNDERSTANDING ONE
BEFORE GOING ON TO THE NEXT.

建議閱讀以下格言時請依次進行，理解了一句後再看下一句。

The whole object on the path is to let go of the ego. What
remains is your Self.

靈性道路的唯一目的就是釋放小我。剩下的就是你的真我。

The only growth there is, is the eliminating of the ego.

只有一種成長，那就是消除小我。

Ego is the sense of I am an individual separate from the All. In
the extreme, it is egotism.

小我就是這樣一種感覺：我是與一切萬有相分離的個體。到了極致就是自我中心。

Growth is transcending yourself, your habitual self, which is none other than ego.

成長就是超越你自己-----習慣性的自己，那正是小我。

Growth is the ego getting out of its misery.

成長就是小我從它的痛苦中解脫出來。

Recognize that all joy is nothing but your Self, more or less.

認出所有的喜悅都只不過是你的真我。

There is no happiness except that of experiencing your Self. When you see that, it makes the path very direct. You stop chasing the rainbow and you go for the happiness where you know it is, right within you.

如果你不經驗你的真我，就不會有真正的幸福可言。當你明白這一點，道路是非常直接的。你不再追尋海市蜃樓，而是奔幸福而去。你知道了幸福在哪裡，它就在你內。

Everything you are seeking, you are, and very foolishly saying you are not. That's part of the enigma: everything everyone is seeking with such intensity, one has, and much more.

你所追尋的一切，其實你本自具足，卻非常愚蠢地說“我不是”。這是個迷。每個人所苦苦求索的，其實本自具足，甚至更多。

It, is you, when you say, I, that is the Infinite. Great big joke!
Here you are infinite looking for your Self, which you are!

這就是你，當你說：“我”，這就是指那無限的本質。有趣的是，作為無限的你，卻在尋找你所是的真我。

When anyone says he is not a master, he is lying.

誰若說他自己不是個大師，他就是在撒謊。

Your effort should be for proper identity. Identify with your
Self!

你的努力應該用在合適的身份認同上，認同你真我的身份。

Spiritual advancement is determined by how much you identify
with your real Self.

靈性成長的衡量標準是你有多認同你真我的身份。

The ego is very tricky. It often talks us out of this path for a
short period of time, sometimes for a longer period of time. But
once we've gotten into it, we usually almost always come back
to it. So you have to be careful of the trickery of the ego-part
of us. It can really take us away. No matter how far we have
advanced on the path, the ego is always a treacherous
companion that can take us off the path, and sometimes for an
entire lifetime.

小我非常狡猾，它經常把我們從靈性道路上拉出去一段時間，有時甚至很久。一旦我們陷入小我的陷阱，我們通常很難逃脫。所以你必须提防小

我，它是我們的一部分。不管我們在靈性道路上有多精進，小我總是像個變節的同伴，把我們帶離覺醒之路，有時甚至是終生。

This is something we should be on guard against. The ego-sense latches on and says, I am God. It latches onto the progress and it feels good and it says. I am It and by doing so it sabotages further growth.

以下是我們要提防的：小我始終抓著我們，對我們不離不棄，它會說：我就是上帝。以此來阻礙我們進一步的成長。

When you recognize the opposition of the ego, you can let go of it. After practice it is easy and after you let go of enough ego, you just naturally feel the peace and joy of your Self.

當你發現小我在抗拒時，你可以釋放抗拒的感覺。經過不斷的練習，這會變得容易。當你釋放掉了足夠的小我，就能自然地感覺到真我的平靜和喜悅。

It's actually a path of taking on more and more of your natural state of being infinite. You give up limitation. You give up misery. But you never give up anything worthwhile. You never give up anything good.

這真的是一條能夠逐漸呈現你那無限本質的道路。你放下限制、放下痛苦，但你永遠不會失去任何有價值的、美好的東西。

On this path you constantly give up trouble.

在這條路上，你會不斷地脫離麻煩。

The first teacher is misery. It is usually the first thing that causes us to seek the way out.

痛苦是我們的第一位老師。它第一個推動我們去尋找出路。

First we start on the path to escape misery. Then we taste the Self and want It because It tastes so good.

我們走上道途一開始源於躲避痛苦。接著我們嘗到了真我的滋味並且想要繼續體味，因為它實在太美妙。

. On the path you never give up anything, you just take on more and more of what you really want until you have the All.

在這條路上你永遠不會失去任何東西，你只會擁有越來越多你真正想要的，直到你擁有全部。

Take it for the sweetness that's in it, not to get out of the bitterness that's out of it.

去品嚐你內的甜蜜，而不是逃離你外的痛苦。

We discover that we never give up anything on the spiritual path but our self-imposed bandages and miseries.

我們發現在靈性道路上永遠不會失去什麼，除了我們給自己強加的傷痛和繃帶。

If you are weakly for the path, you are strongly for the sense-world.

若你對靈性道路沒興趣，那麼只會執著於感官世界（物質世界，譯者注）。

You think you can't, that's why you can't.

為什麼你不能？因為你認為你不能。

It's only the thought I can't do it, that stops you from doing it.

你之所以認為你做不了，僅僅是因為你認為你做不了。

Those who cant, don't really want to.

那些認為自己做不了的人，實際上是不想做。

Your growth depends only on you.

你是否能夠成長只取決於你自己。

It will happen as fast as you can do it.

只要你能做，它就會發生。

The only one who is going to change you, is you.

唯一想要改變你的人，是你自己。

Wishing won't do it, nor will trying. You have got to do it!

願望和企圖都沒用，你必須行動！

Good intentions are no substitute for right action.

美好的意圖抵不上正確的行動。

To change more rapidly, expect it!

想要改變更快發生，那就想像它發生！

You must have a very strong desire to change because you are such a victim of habit that you want the world as much as a drowning man wants air. To offset that, you must want to know your Self as much as a drowning man wants air.

若你想改變，意願必須非常強烈，因為你長期受到習氣的控制，以致於就像一個溺水者渴望空氣一樣。想要擺脫習氣的控制，那你必須對體悟真我的渴望就同溺水者渴望空氣一樣

Your success is determined by your desire for it. If you get discouraged, you are not really interested.

你的成功取決於你對成功的渴望程度。如果你失去勇氣，那意味著你對成功沒有了興趣。

Your only real friend is you. Your only real enemy is you. You are an enemy to yourself to the degree you limit your Self. You are a friend to yourself to the degree you de-limit yourself.

你唯一的朋友是你自己。你唯一的敵人也是你自己。你越限制你自己，你就越是自己的敵人。相反地，你越放開你自己，你就越是自己的朋友。

What you do to yourself, is being your own doing, only you can undo it. You did it. You must undo it.

你要做的工作是回歸無限的真我。只有你自己才能完成。你限制了自己，你必須親自解除這個限制。

This entire path is a do-it-yourself path.

靈性道路就是自助的道路。

Do what is available to you to do. Do your best.

做能做到的事，並盡力去做。

Every experience is to bless you, not to hurt you. If you stay in accord with principle, you will come out higher!

每個經歷都是為了祝福你，而非傷害你。若能一直遵循（靈性）法則，你將去往更高的境界。

Every place and every situation in life presents an opportunity for growth.

生命中的每個地方，每種狀況，都是成長的契機。

The best place to grow is right where you are. The best time is now.

成長的最佳地點就是此地，最佳時間就是此時。

Be thankful for the opportunities to grow.

對成長的各種機會心懷感恩。

The greatest of all tests are those at home, with your immediate family. Therefore, home is an excellent place to grow.

測試的最佳地點是待在家裡，和你的原生家庭一起。因此，家是絕佳的成長地點。

A lot of spiritual growth can be had by practicing the real selfless love on your mate and family.

通過練習對伴侶和家人無私的愛，可以獲得很大的靈性成長。

It is a good opportunity to grow when people are saying things about you, opposing you. It gives you a chance to practice the real Love. It gives you a chance to practice the real Peace. Because they are making sounds with their mouths is no reason why you should feel bad about it. Opposition is a very healthy thing. It provokes and firms growth.

人們說你壞話，這給了你成長的機會，讓你練習如何才能真愛，如何才能真平靜。因為他們只是用他們的嘴巴發出聲音，你沒有任何理由對此感覺不好。被反對是件好事，它激發並鞏固成長。

It is necessary to remember that everyone can be our teacher. If we react to praise or pleasantries, that is developing ego. If we're depressed on criticism, that is ego. When we are our Self, there is no reacting.

有必要記住每個人都是我們的老師。如果我們對讚美起反應，那是在助長小我；同樣地，若對批評感到沮喪，那也是小我。當我們成為真我，就不再起反應。

There isn't anything that happens that can't be used. There's no incident that cannot be used as a teacher.

沒有什麼事是毫無用處的。每個意外都可以被視為老師。

Every minute of every day should be used to grow by.

每一天的每一分鐘都可以用來成長。

If we assume that we are there and we are not, circumstances soon awaken us to the fact that we are not.

如果我們想像我們在那裡，但我們是在這裡。命運很快會把我們拉回此時此地。

If you tell others of your high experiences, of your gains, because of their jealousy, they say, Ah, who does she think she is? And that works against you and tends to pull you down.

如果你告訴其他人有關你的高峰體驗，有關你的成長收穫，人們會因為嫉妒而說“你以為你是誰”。這往往很容易把你拖回來。

Anytime you brag about anything, you're inviting a test of it. So, I warn you, if you are growing into these things, when they start coming, unless you're so sure you know by experience you can't lose it, its better not to tell anyone.

每當你吹牛時，你都是在邀請考驗。所以，我警告你，除非你確定你自己是知道借由吹牛的體驗你不會失去什麼，否則就不要吹牛。

Be proud of your spiritual accomplishments. Be happy with them. Be proud of them to yourself.

為你的靈性成果感到驕傲，歡喜。

When you have false spiritual pride you invite a challenge of the thing that you are proud of.

當你對自己的靈性成長不誠實時，你就是在邀請挑戰。

It is necessary to do away with doubts.

有必要消除疑慮。

It takes more than faith. It takes knowledge. You start with faith, but you must convert it to knowledge. You must test it out, and then you know it.

靈性成長不僅需要信仰，還需要瞭解。從信仰開始，但必須轉到瞭解。因為你必須通過檢驗才能明瞭。

In order to really understand, we must experience the knowledge.

為了真正了悟，就必須去瞭解。

When you experience, it is no longer intellectual.

當你去經歷時，就不再停留在頭腦層面。

You can get understanding without being able to put it into words.

開悟無需闡釋的能力。

The only maturity there is, is spiritual understanding.

靈性開悟是唯一的成熟。

Stand ye out and be different and don't let the others trick you back into where you were. It's not easy. It takes fortitude.

要站出來，變得與眾不同，不要再讓他人將你拉回原地。這不容易，需要剛毅。

We should try to go all the way. To us it is given to do that. We have the possibility of going all the way back home, right to the Absolute.

我們應該努力走完全程，因為我們被賦予這種能力。我們有可能走完全程，直達源頭。

Expect infinity, no more. You cannot expect too much.

期待無限。也只能期待無限。

Toe the line to the very end. The more you toe the line the sooner the end.

沿著道途走到終點。你越沿著道途走，就能越快到達終點。

Every gain is an eternal gain. Every step forward you make now is forever.

每個收穫都是永恆的。每一個向前的步伐也是永恆的。

We climb a ladder and each time we get up to another rung we forget about the rungs below. Then, when we get to the top, we kick the ladder a way.

我們爬梯子時，每當上了一個階梯就會忘了下面的。當我們到達頂端時，乾脆踢了梯子。

The proof of this subject is the result you get.

這門功課修得如何取決於你所獲得的結果。

The more you grow the less you feel the need to grow.

你越成長，就感覺越不需要成長。

The higher you go the less the incentive to go further.

你越精進，就越不想更精進。

You never learn anything by disproving; you learn only by proving.

不去親證就無法學會任何事，想要獲得智慧就只能去親證。

Studying the illusion helps make it real. If you want to know the Truth, don't study the opposite.

研究幻象會讓你誤以為真實。如果你想知道真相，就不要研究假像。

The whole process of growth is letting go of thoughts. When our thoughts are totally eliminated, there is nothing left but the Self.

成長的整個過程就是釋放念頭。當念頭被完全清除，就只剩下真我。

Don't try to complicate it; it's too simple.

它太簡單，所以不要把它搞複雜了。

We can only expand out of the ego. The Self is.

我們只能超越小我。真我就是超越了小我。

Growth is letting go of being what you are not.

成長是釋放你所不是的樣子。

Let go of your ego, and be your Self!

釋放你的小我，成為你的真我。

As you grow, the whole world opens wide for you, you
experience so much more. However, even if you have this
whole world, you've only got a dot. Take the whole cosmos!

隨著你成長，整個世界都會向你開放，你將經驗更多。但是，即使你擁有
全世界，你也只是擁有一個小點。拿下整個宇宙吧！

Longing for liberation is the key. Once you get that you'll be
carried all the way.

對自由的渴望是關鍵。一旦你得到自由，你就会被它永遠帶走。

In our desire to attain liberation or realization we are helped to
the degree that we help all others.

在達到自由或開悟的過程中，我們獲得多少幫助取決於我們幫助別人多少。

Grow to the point where your whole attention is off you and on others.

成長吧，把你的注意力從自己身上移開，轉到其他人身上。

Why shouldn't we all be masters, all of us, here and now?

為什麼不應該是此時此地所有人都成大師，我們所有人？

The moment we decide to be the Self,-really decide,-it is so!

當我們下定決心成為真我的那一刻，我們就是真我！

The higher you go, the more non-difference comes. You accept the leaders of all religions alike.

你的境界越高，就越無分別心。你接納所有宗教。

Having peace under ideal conditions isn't indicative of spiritual growth, it is escape.

在順境中感到平靜，並不表明你的境界有多高，這只是逃避。

When people are not growing they are going in the opposite direction.

如果不成長，就只會退轉。

You should thank those who oppose you because they give you an unusual opportunity for growth.

你應該感謝那些反對你的人，因為他們給了你不尋常的成長機會。

When we start concerning ourselves with what they are doing, we're turning away from what we are doing.

當我們關注其他人在做什麼時，我們就得以把注意力從自己身上移開。

You need constant confirmation until you dont need it anymore.

你需要不斷確認，直到你不再需要確認為止。

Perseverance is necessary.

堅持不懈是必需的。

Adversity is a prod to growth.

逆境促使成長。

The more intense the crises in this world, the more we have an opportunity to grow.

這個世界越陷入危機，我們就越有機會成長。

It would be so fast if people would, with constant, intense effort ask: What am I?

如果人們不斷強烈地質問“我是什麼”，成長就會非常迅速。

When you get the answer to What am I?, then you have control over your body and mind.

當你找到“我是什麼”的答案時，你就能控制自己的身體和心智。

If there is anything you don't like out there, there is a need to change yourself.

如果你不喜歡什麼，那就改變你自己。

You may see fully who you are and not be able to maintain it. What happens is that, being the infinite Self, we can get a glimpse of the infinite, hold it for a while, and then suddenly feel as though we've lost it. The reason for that is that the mind has not been eliminated. The subconscious thoughts of limitation are submerged for the moment. You may go completely into your Self and let go of the mind temporarily. You haven't eliminated the mind, you just momentarily let go of it. So there you are, for the moment, totally the infinite Self. However, the mind that has been submerged, re-emerges and then the ego takes over and you just can't understand what happened to you, what brought you back into the heaviness of the world again. What is required is that we re-establish that state of the Self again and again until it becomes permanent.

Each time we do it, we scorch more of the mind, until finally we have scorched the entire mind. Then we are permanently established in the Self. Then you sit back and the mind is out there and the body is out there and you are not the mind, you are not the body. As long as you know you are not the mind and the body, both of them can go on to their heart's content, and you know that they cannot touch you.

你可能已經看到你是誰，但卻無法持住。我們可以瞥見無限的真我，在那待一會兒，但突然間感覺我們已經失去了它。因為頭腦還未被清除。全然地進入真我時，頭腦在那一刻退居幕後，但是潛意識裡的那些限制性念頭依然還在。你尚未清除頭腦，只是暫時釋放了它。它會再次出現，小我再次接管，你都不明白剛剛（進入真我）發生了什麼，然後再次被帶回沉重的現實。我們要做的就是重新進入真我，一次又一次地，直到能永久地待在那裡。每次我們這麼做時，都能燒掉更多的頭腦，直到頭腦徹底灰飛煙滅。此時我們便能永久地待在真我中。你只是旁觀著，頭腦依然還在，但你已不是那頭腦；身體依然還在，你也不再是那身體。只要你知道你既非那頭腦，亦非那身體，它們便無法再觸碰你。

第四章 幸福

I'll start with that which we're all interested in, all right? The word that I like best for our subject is Happiness. When we analyze that which everyone is seeking or looking for, it is happiness, right? And when you find God, your Self, that turns out to be the ultimate happiness. When we seek and find the full truth, the absolute truth, again that turns out to be the Ultimate happiness. We're all seeking the greatest good for ourselves. The ultimate good turns out to be the ultimate happiness. Every being is seeking freedom and the complete freedom or liberation is nothing but the ultimate happiness.

我將從我們都感興趣的開始，好嗎？對於我們的主題，我最喜歡的詞是幸福。當我們分析每一個人都在尋找什麼，它是幸福，對嗎？當你找到上帝、你的真我，原來是無限的幸福。當我們尋找並找到完整的真理、絕對的真理，再一次，原來是無限的幸福。我們都在尋找至善。最高的善原來是無限的幸福。每一個生命都在搜尋自由，完全的自由或解放原來也是無限的幸福。

So in the end the words God, good, truth, liberation, freedom, Self turn out to be the ultimate happiness. And every one is seeking this Good, Happiness, Liberation. Truth, God, Self. There isn't anyone who's not seeking It. The only difference between us and others is that we're consciously seeking It in the direction where It is. The others are seeking It blindly through seeking happiness in the world and never really getting the full happiness that they're striving for. We go after it directly. We seek for it where it is. We seek it within.

Everyone wants a continuous, constant, eternal happiness with no sorrow whatsoever, and no one is ever satisfied until he or she finds that. Everyone is seeking what we're all seeking, the major difference being that they are seeking It in the world and are frustrated, while we are seeking It within and are successfully becoming happier.

因此，最終這些詞：上帝、善、真理、解放、自由、真我原來是無限的幸福。每一個人都在尋找善、幸福、解放、真理、上帝，真我。沒有一個人不是尋找它。在我們和其他人之間唯一的不同是：我們有意識的尋找它的方向。其他人正在盲目在這個世界上尋找幸福，並且永遠沒有真正得到他們努力爭取的完全的幸福。我們直接的向幸福而去。我們在幸福所在的地方尋找幸福。我們向內尋找。每個人都想要持續、始終如一的、永恆的沒有任何悲傷的幸福，然而沒有一個人是滿足的，除非他發現它。每一個人都在尋找我們都在尋找的，主要的不同是他們正在這個世界尋找它並且受挫，但是我們在內在尋找它並且成功的變得更幸福。

When we go within we discover that all happiness is there. The only place where we can feel happiness is right within ourselves. That is exactly where it is. Every time we attribute this happiness to something external, to a person or a thing external, we get more pain with it than we do pleasure. Anyone disagree with that? If you have experienced enough, if you've lived long enough, and if you've examined it, you've discovered this. The happiness that we're seeking and thinking is out there external to us, isn't there. The happiness with no sorrow can only be found by going within. Point number one.

當我們走向內在，我們發現所有的幸福都在那兒。我們唯一能感覺到幸福的地方是在我們之內。那就是它真正所在的地方。每一次我們把幸福歸因於外在的某人或者外在的某事物，我們由此得到的痛苦比快樂更多。有任何人不同意嗎？如果你有足夠的經驗，如果你生活得足夠長，並且如果你檢驗過，你會發現這一點的。我們正在尋找和認為在我們之外的幸福不在那裡。沒有悲傷的幸福僅僅能在我們之內找到。這是第一點。

Now point number two is that this great Happiness that we're seeking is nothing but our very own Self I our very own beingness. Our most basic inherent nature is this thing that we are seeking and is ours, here and now. We are that happiness that we are seeking, looking for it externally and not finding it there. Looking within, we discover it to be our very own Self unencumbered with our self-imposed limitations.

第二點是，我們正在尋找的巨大的幸福除了是我們自己的真我之外什麼都不是。我們最根本的本性是那我們正在尋找的並且不管何時何地都是我們的。我們就是我們正在尋找的、渴望在外面找到而沒有找到的幸福。向內看，我們發現它正是我們已經擁有的真我，這真我不受自我的限制所妨礙。

There is not one of us who is not in direct touch with, in possession of, an infinite Beingness that's all perfect, all present, all joyous and eternal. There is not one of us who is not in direct contact with That right now! But due to wrong learning, by assuming, over the ages, concepts of limitation, by looking outwardly, we have beclouded the view. We have covered over this infinite Being that we are with concepts of I am this physical body, I am this mind. With this physical body and mind I have heaps and heaps of problems and troubles. So, in order to discover this truth, this unlimited Being that we are, we must quiet the mind, and finally let go of the mind. And only in this way may we achieve it.

無限的真我是所有的完美、所有的臨在，所有的喜悅和永恆，沒有一個人不能直接觸摸和擁有。任何人都能在當下立刻與無限真我直接相接觸。但由於錯誤的學習、假設、過多的、限制性的觀念、向外看，我們被蒙蔽了視野。我們所持的觀念：“我是物質的身體，”“我是心智。”“擁有這物質的身體和心智，我有非常非常多的問題和麻煩。”這些觀念使我們遮蓋了無限真我。因此，為了發現這真理、這無限的真我，我們必須讓心安靜下來，最終釋放我們的心。僅僅通過這種方法我們才能實現。

The mind is nothing but the sum-total of all thoughts. All thoughts are concepts of limitation. If anyone of us could stop thinking right now and remain that way, he would be an unlimited Being from this moment on. It is really that simple, though not necessarily easy of accomplishment.

心是所有想法的總合，除此之外什麼也不是。所有的想法都是限制性的觀念。如果我們任何一個人能馬上停止思考並且保持著，他將從此刻開始是無限存在。真的就這麼簡單，儘管不是很容易達成。

The job is to first undo negative thinking in order to get positive enough so that we may go in the right direction. Then, to drop all thinking, drop all negative and all positive thinking. When that happens we discover that we are in the realm of knowingness, of omniscience, we have no need to think as everything is known and we are all joyous and totally free. Knowing everything, there's nothing to think about!

為了達到足夠積極地進到正確的方向，首先要化解消極的想法。然後，丟掉所有想法，丟掉所有消極和積極的想法。那這發生，我發現我們是在“知道”的領域，無所不知，我們沒有任何需要想的，因為一切都知道了並且擁有所有的喜悅和完全的自由。知道一切，不再需要思考！

Thinking is just relating things to other things, connecting things together. Knowing everything, we know the unity, the oneness and there's no necessity for relating things by thought. 思考只是把一事物與其他事物關聯在一起。知道一切，我們知道統一體、合一，那麼沒有需要為相關的事物思考。

There by we are free, free of all concepts of separation and limitation. This leaves us free to use a mind should we want to communicate with the apparency of the world.

由此我們成為自由的，從所有分離和限制性的觀念中自由了。當我們想要與這個表相世界聯繫時，這讓我們可以自由地使用心智。

The process of going within is a process of looking within and discovering what the mind is, discovering that the mind is nothing but thoughts and the thoughts are nothing but numerous concepts of limitation. We quiet the mind by letting go of these thoughts until the mind gets quiet enough so that we see this infinite Being that we are. This takes away the mist, the clouds covering this infinite Being, and leaves us totally free.

走向內在的進程是向內看並且發現心是什麼，發現心除了想法什麼都不是，想法除了是許多的限制之外什麼也不是。我們通過釋放這些想法讓心

安靜下來，直到心足夠安靜，我們能看到自己無限存在的真我。清除覆蓋在無限真我上的薄霧和雲，讓我們完全的自由。

When we first see this infinite Being that we are, the job isn't finished yet; we still have the remaining habits of thought to do away with. Then, when there's no more remaining thought, subconscious and conscious, (and the subconscious thoughts are the difficult ones to let go of,) when there are no more thoughts, that's the end of the road of playing limited. Then 'we are totally free, forever!

當我們第一次看我們的無限真我，工作還沒有完成，我們仍然要消除殘留的思考習慣。當沒有任何殘留的想法，包括有意識的和潛意識的，（潛意識的想法是比較難釋放的），當不再有想法，這就是限制之路的終結。最後，我們完全的自由，直到永遠！

Actually we have no choice, we are infinite Beings. If there is a choice, it can only be to choose to be limited! We have chosen to be limited to such a degree that now we are blindly behaving as though we are extremely limited beings, consequently, all the apparent troubles.

實際上我們沒有任何選擇，我們是無限的存在。如果有一個選擇，它就是能夠選擇被限制！我們選擇了被限制到如此這樣的一種水準：我們盲目的行動，好象我們是極端受限的存在，有所有看起來象真的一樣的麻煩。

Troubles are only an apparency because they are assumed as real through our mind. Everything we see in the world, we see only in our mind. There's nothing but our consciousness; nothing can be seen except through our consciousness.

Whatever we see is in our consciousness, in our mind. When one begins to realize this, then one works to change one's consciousness and by so doing, one changes his environment.

麻煩僅僅是表面上的，因為它們是通過我們的心假設成像是真的。每一件我們在這個世界上看到的事情，我們僅僅只是在心裡看到而已。除了我們的意識，沒有任何東西；除了通過我們的意識，沒有任何事物可以被看

見。無論如何，我們看見是在我們的意識裡，在我們的心裡。當一個人開始意識到這一點，然後改變他的意識，通過這麼做他將改變他的環境。

Changing one's environment is a step on the way. Doing so you have the proof, you understand what I'm saying. Nothing should ever be accepted on hearsay. Never believe anything you hear. If you accept what I say to you just by listening to it, it's only hearsay. You must prove everything for yourself. Then, when you do, it's your knowledge and it's useable. To progress in the direction of wisdom and happiness, it's absolutely necessary that everyone proves it out for himself.

改變一個人的環境是在這條路上的一步。去做，因此你獲得證實，你就理解了我所說的。沒有什麼應該從聽說中接受。永遠不要相信你聽到的任何東西。你接受我所對你說的，僅僅聽它，它僅僅是聽說。你必須為你自己證明每一件事。那麼，當你這樣做，它是你的知識並且是有用的。在智慧和幸福的路上，每個人都要自己去親身驗證，這絕對是必須的。

As said above, Truth can never be found in the world. The world as we see it now is multiplex, dual. When we go just behind the world, we discover the absolute Truth, that there's a singular Oneness throughout the world and universe and it turns out to be our very own Self, our very own Beingness, which some call God. The world is, but not as people see it. The world is truly only our very own Self. The I that we use when we say I am is the exact same I falsely appearing separate and divided. When we see the Truth we see that you are me, that there is only one Beingness, there is only one Consciousness, and that we are the sum-total of all the Beingness or Consciousness that formerly appeared separate.

如上所說，真理永遠不可能在這個世界被發現。我們現在看到的這個世界是多元的，二分性的。當我們進入超越這個世界的領域，我們發現絕對真理，有一個單一的統一體遍及這個世界和宇宙，它就是我們自己所擁有的真我、我們的自己所擁有的存在，有些人叫做上帝。這個世界的存在不是象人們所看到的那樣。這個世界真的僅僅是我們自己。平常當我們說“我

是....."時所使用的"我"與真正的"我"是不一致的。當我們明白真理，我們明白你是我，僅僅有一個存在，僅僅有一個意識，我們是所有存在或從前表現為分離的意識的總和。

So, again, to find Truth or Happiness, you have to go within, you have to see the Oneness, you have to see the universe as it really is, as nothing but your consciousness, which is nothing but your Self.. Now this is difficult to describe, it's something that must be experienced. Only when someone experiences it, does one know. It cannot be picked up from listening to anyone. Books and teachers can only point the direction, we must take it. That's one of the nice things about the path. There's nothing to be believed, everything must be experienced and proved by each one to his own satisfaction before it's accepted.

因此，再一次的，找到真理或幸福，你不得不向內走，你不得不看到一體，你不得不看到宇宙真正所是，除了你的意識什麼也不是，除了你自己什麼也沒有.....現在這是很難描述的，它是某種必須體驗的東西。僅僅當你體驗它，你就知道了。它不能通過聽任何人說而獲得。書籍和教師只能指出那個方向，我們必須親自經驗到它。那是這條路上非常好的事情。沒有任何事情應該被相信，在被接受前，一切都必須通過每個人自己的實現來體驗和證明。

To sum it up, I can take two quotes from the Bible: I am that I am, and, Be still and know that I am God. Or, in other words, thou art That which thou art seeking, quiet the mind until you see It. O.K.? Now we may go into questions.

總而言之，我可以從聖經中引用兩處："我是我所是（I am that I am）"和"靜下來就會知道我是上帝（Be still and know that I am God.）"，或者，用另外的話來說，你就是你正在尋找的，靜下心來直到你明白它。

Q: I come upon a difference, -these people, all of us in this room, each of us have a form and I see it.

問：我突然產生了一種不同的看法：這些人，所有在這房間裡的我們，我們中的每一位都有一種形式，而我看到了這一點。

Lester: You're seeing wrongly. You're seeing in error. When you look at me, you should see the Truth, you should see your Self. Strive until that day in which you will see this Truth.

萊斯特：你正在錯誤的看。你正在看著錯誤。當你看向我時，你將會看到真相，你將會看到你的真我。繼續努力吧，直到你看到真相的那一天為止。

Q: After one has a certain amount of inner experience and begins to believe, there still comes an important decision as to what to do with yourself as you find yourself at that point. And then you have to decide what to do with the rest of your life.

問：當一個人有一定的內在體驗，然後開始相信，然而當你以那種觀點看到你自己後，你仍然得做出一個重要的決定：如何對待你自己？

Lester: Yes. You must decide whether to pursue your welfare by seeking it in the world or by seeking it within you.

萊斯特：是的。你必須決定是從這個世界還是從你之內去獲取你的幸福。

Q: You've had a certain amount of experience but you will always be called back to a certain contact with the outer world unless...

問：你已經有了一定量的體驗，但你會總是被召喚回到某一與外在世界有關聯的事物中，除非.....

Lester: Unless you make the outer world you. However, be not attached to the world and it cannot disturb you. Then you may carry on with equanimity.

萊斯特：除非你不讓外在世界影響你。無論如何都不要貪戀外在世界，外在世界不能打擾你。然後你就可以泰然處之。

Q: In order to make the outer world me, I would think I have to self-purify myself.

問：為了不讓外在世界影響我，我會認為我不得不清理我自己。

Lester: Yes. Practicing serving the world will purify you.

萊斯特：是的。實踐服務於這個世界將會讓你變得純淨。

Q: I would have to almost go out and sacrifice what remains of myself in some kind of service.

問：在某些類型的服務中，我將不得不退讓並且犧牲我自己。

Lester: The only thing you will ever sacrifice in this direction is your misery. Rendering service would give only happiness, to the degree your heart is in it. The more you willingly serve the world, the more you discover that you are related to everything and everyone. There is no isolation. It is serving and becoming the All that should be our direction. You don't cut out and let others be separate from you. You become them through the practice of serving them.

萊斯特：在這方面你唯一能犧牲的就是你的痛苦。全心全意地給予服務只會帶來幸福。你越樂於服務世界，你就越與每一人每一物和諧相處。並沒有與世隔絕。服務和成為一切應是我們的方向。你不用割裂開來讓其他人與你分離。通過服務於他們，你成為了他們。

Q: The only reason I would make an effort in this direction is so I could better help other people.

問：在這個方向上我能作出努力的唯一原因是我能更好的幫助其他人。

Lester: Good, but you can't help other people any more than you can help yourself. So, the best way to help others is to help yourself. It's automatically so, that you'll help others to the degree that you'll help yourself. Do both.

萊斯特：很好，但你不能幫助其他人超過你能幫助你自己的程度。因此，說明他人的最好方式是說明你自己。這是自動的，你幫助你自己多少你就會幫助到別人多少。兩者是一致的。

Q: So help yourself by helping others? Isn't it a two way action?

問：因此通過幫助他人來幫助你自己？這不是兩種不同的行為嗎？

Lester: Yes. However, it's the motive that counts. If I'm helping you with selfish motives, it doesn't help me or you. If I help only to help you, I grow. But there are many people in the world who help for their own ego-glorification and it doesn't help them any, nor does it help you, because they then help you ego-wise, i.e., they help validate your ego.

萊斯特：不。不管怎樣，動機才是決定性。如果我抱著自私的動機幫助你，這不是幫助我或者你。如果我的幫助只是為了幫助你，我獲得成長。但很多這個世界上的人幫助他人時是為了他們自己的小我得到讚揚，這不會對他們有任何幫助，也不會幫助到你，因為他們那樣是幫助你的小我，換句話說就是他們幫助你證實你的小我。

Q: That's a very subtle thing, a very difficult thing to get rid of, that ego.

問：對於除掉小我，這是非常微妙、非常困難的事情。

Lester: Right. When there's no more ego, the only thing left is the infinite Being that you are. Ego is the sense of separation from the All. I am an individual, Lester:, and I am separate from the All, and all you people are other than I, that is the sense of ego, separateness. The moment I'm not the All, I lack something and then I try to get it back. I think I need the missing parts of the All and I start trying to get them. Thus I assume I don't have the All, I am limited, and this starts a downward spiral and we continue until we get where we are. However, we're all on the way up, now. And the big problem is to get rid of our ego, the sense that I am an individual separate from everything. We can do this by looking at our motivations. When our motivation is selfish, we change it, make it altruistic; we act for others rather than for ourselves, and in this way we grow.

萊斯特：是的。當沒有任何的小我，唯一剩下的是你所是的無限存在。小我是從一切中分離出來的感覺。我是一個獨立個體，萊斯特，並且我是從一切中分離出來，所有你們這些人是在我之外的另外的人，這就是小我的感覺--分離。在我不是一切的整體這一刻，我缺少了某些東西，然後我試圖把它要回來。我認為我需要從整體中丟失的那部分，然後我開始努力去得到它們。因此我假設我並不擁有一切的整體，我是有限的，這就開始了一個向下的螺旋，我們繼續直到現在我們所處的境地。然而，我們現在就是一切的整體，現在就是。最大的問題是除掉我們的小我----我是從一切事物中分離出來的個體的感覺。我們通過看我們的動機能做到。當我們的動機是自私的，我們改變它，把它變成無私的，我們為其他人而行動超過為我們自己，通過這種方式我們得以成長。

Q: Is growth a constant becoming aware?

問：成長是持續地變得覺知嗎？

Lester: Yes. You must first want to. When you want to, then you do become aware of your thinking. Then you become aware of your non-thinking which shows up as periods of peace and well-being.

萊斯特：是的。你必須首先想要。當你想要，你變得覺知到你的想法。然後你變成覺知到你的寧靜安康的無念狀態。

Q: Like trying to find out, for instance, why one feels things or why one is sick like these past two years of illness for me. It's tremendous, Lester: . Even this morning when I was talking to my sister on the telephone, after speaking to her I kept thinking, Why? Why? Why? and I tried to be still, as still as I could possibly be, and all of a sudden, a realization of the why I had been so negative came to me with such tremendous clarity. And I thought of you so intensely and I thought, Well, this is what Lester: possibly means. It's finding out the why, and when one sees it, one immediately turns it into something positive and one is released.

問：就象努力去探詢，比如為什麼人能感覺到事物或為什麼一個人象我這樣過去兩年生病。真是很棒，萊斯特。甚至這個早晨當我正在跟我的姐妹在電話上交談時，和她通話完後，我一直保持著想為什麼？為什麼？為什麼？然後我試著安靜下來，盡我所能的安靜下來，突然，我清晰的領悟到為什麼我讓自己發生這麼多糟糕的事。然後我非常強烈地想到了你，我想，好，這可能就是萊斯特所說的意思。發現為什麼，然後當你明白這點，你就立刻能把它轉到積極面並且你被釋放了。

Lester: Right, very good. Keep that up until there is no more.

萊斯特：對，非常好。持續做下去直到釋放完。

Q: That's what you always meant about making the subconscious thought conscious and then letting go of it.

問：這就是你經常指出的把潛意識的想法變得有意識然後釋放它。

Lester: Yes. Pulling the subconscious thought up into consciousness and when it's there, you'll see it and naturally let go of it because of its negativity. But as long as it remains unconscious, you don't see it and can't do anything about it, can you?

萊斯特：是的。把潛意識的想法拉出來到有意識，當它在那兒，你將看到它並自然地釋放它，因為它是消極的。但只要它留在潛意識中，你就看不到它並且不能對它做任何事情，你能嗎？

Q: No. And tremendous things come up when one begins.

Wow! Alligators! It's not easy.

問：不能。當一個人開始時，驚人的東西會浮現出來。噢！鱷魚！這並不容易。

Lester: Ego-wise you don't like what comes up and you tend to fight it.

萊斯特：小我的聰明就是這樣，如果你不喜歡那浮現出來的，那麼你就會趨向於與它戰鬥。

Q: Many times I go along on an even keel and then something comes up in personal relationships or from other directions, and all of a sudden you feel a severe pain, and then you realize that anytime you feel pain, you're showing your own limitation, and you step back, look at it, and release yourself from the whole situation.

問：很多次我平穩的進行著，然而某些人際關係或者其他方面的東西浮現出來了，忽然我感覺到劇痛，後來我意識到每一次我感覺到痛，我都是正在顯示我自己的限制，然後我往後看著它，把自己從整個情境中釋放出來。

Lester: Yes, every situation can be used for growth by observing what's going on, the way you do. Do this all the time, until there is no more needed to be let go of, until there is no more ego.

萊斯特：是的。留心正在發生什麼，用你剛說的方法，每一種情境都能用來成長。所有的時間都這樣做，直到沒有任何需要被釋放的，直到沒有任何的小我。

Q: Creative work, for instance, has the ego involved in that, too. It's very subtle. And the more one sees spiritually, the more one is able to paint a picture, or make music, or whatever one does, -this is a point that has always bothered me, the ego-involvement in this. It has worried me, how can one channel it, commercialize it, sell something?

問：創造性的工作，比如有小我牽扯進去的。也是非常難以捉摸的。越能在精神上領悟，越能畫一幅畫，或寫樂曲，或任何其他所做的，這是一個總是打擾我的點，小我總是會投入在裡面。這讓我焦慮，怎樣才能通過它來牟利呢？

Lester: The answer is simple: Commercialize it but be not attached to this creativeness.

萊斯特：答案很簡單：利用它牟利但不執著在這些創造性工作上。

Q: Difficult, it's the ego saying, I am the creator.

問：難啊，小我說，我是創造者。

Lester: It doesn't matter what you do, be not attached to it. Let go of the sense of I am the creator. Let the creativeness flow through you.

萊斯特：你做什麼沒有關係，不要執著在它上面。釋放這些我是創造者的感覺。讓創造力流經你。

Q: I would think that in almost any creative act there has to be a spiritual part, the stem of it is basically some pure motivation, but it's almost always mixed with ego.

問：我認為幾乎任何的創造行為都有精神的一部分，它的主要部分是一種很單純的動機，但它總是混合了小我在裡面。

Lester: Let me clear up one thing, everything you do is creative, it's impossible to do anything that's not creative. That's because the mind is only creative, but when we create things we don't like, we call it non-creative and destructive. When we create things we like, we call that creative and constructive. But the mind only creates. Everyone is a creator. What we hold in mind, we create.

萊斯特：讓我來解釋一件事，任何你做的事都是創造，沒有任何你做的事情不是創造。這是因為心智只會創造，但當我們創造了我們不喜歡的事物，我們稱它為沒有創造力和有毀滅性。當我們創造了我們喜歡的事物，我們稱之為有創造力的和有用的。但心智只創造。每個人都是創造者。在心智中保持著什麼，我們就創造什麼。

Q: So all this ego of ours is our own creation?

問：因此所有這些我們的小我是我們自己的創造？

Lester: Right. It's better to create constructive things like beauty, health, affluence as they do not demand as much attention from us as a sick body or a sick pocket- book. Consequently we have more time and ease to look in the direction of Truth and to discover our Self.

萊斯特：對。創造有益的事物是很好的，比如美、健康、富裕，這使我們不會被疾病、貧窮等牽扯太多注意力，因此而有更多時間並且轉變方向到尋求真理並發現我們的真我。

Q: Sometimes I think that one thinks too much of the ego and then the ego grows, and you want to fight it more and you give it more importance.

問：有時我認為，一個人對小我思考得太多，並讓小我更強大了，然後你更想要打敗它，這讓它變得更重要了。

Lester: Yes. But it's too well grown right now, far more than you can see, in the unconscious part of your mind. Mind is nothing but the sum-total collection of all thoughts. The unconscious part of the mind is holding all the thoughts that we are not looking at this moment. But those hundreds of thousands of thoughts are there, and they're active.

Unconsciously you're operating that body; you're operating every cell. You're working a chemical plant, a circulatory, a cooling and a heating system, all these thoughts are active and are actively operating your body. Also there are thousands of thoughts of wanting things and not wanting things, likes and dislikes. But even if they're unconscious, they're active; whether we look at them or not, they are still active and they are sustained and motivated by our ego. This is the difficult part for us, to make these ego-motivated thoughts conscious so that we may let go of them. However, someday we reach a place where we will not be that ego-mind. When we see that I am not that mind, I am not that body, I am not that ego, then we'll really see, and when we really see we are not that, it's possible to drop that ego-mind-body, once and for all.

萊斯特：是的。但現在這也是很好的成長，更多的看到你能看到的潛意識部分。心智只不過是所有想法的集合。心智的潛意識部分是正在保持著的我們此刻沒看到的所有想法。但這些成百上千的想法就在那兒，他們是活躍著的。你是正在無意識操作著身體，你正在操作每一個細胞。你正在運作一個化學工廠，一個迴圈的製冷供暖系統，所有這些想法是活躍並且積

極地運作著你的身體。也有成千的想要某些事物和不想要某些事物的想法，喜歡的和不喜歡的想法。儘管它們沒有被意識到，它們也是活躍著的。是否我們看不看到它們，它們都仍然活躍著，它們被我們的小我持續著驅動著。讓這些小我驅動的想法變得有意識直到我們可以釋放它們，這對我們來說是困難的部分。不管怎樣，總有一天我們會到達“我們不是小我-心智”的狀態。當我們明白我不是這個心智，我不是這具身體，我不是小我，這時我們將真的了悟，當我們真的了悟我們所不是的，這就可以丟掉那個“小我-心智-身體”，一次性全部釋放掉。

Q: Because one has re-become what one is?

問：因為我們重新成為了我們所是的？

Lester: Not re-become, one has re-remembered, re-discovered, re-recognized what he always was.

萊斯特：不是重新成為，而是重新憶起，重新發現，重新認出他永遠所是的。

Q: So the ego-thing falls off like a crust.

問：所以小我這東西象外殼一樣掉落。

Lester: Right, gone forever. Now that's what we do eventually. At first, we work at dropping the ego until we get enough attention free so that we can seek who and what we are. Then, when we see who and what we are, we say, This is ridiculous, and we don't identify with the ego-mind-body any more. Then we watch the body go through life like we now watch every other body.

You watch it and you know that the body is not you. You're really above that body, you're not limited nor bound by it. You know you are eternal, whole, perfect and free, and you let the body go its way, like a puppet.

萊斯特：是的。一去不返。那是我們最後要做的。首先，我們在釋放小我上面工作，直到我們對自由有了足夠的領會，我們能領悟到我們是誰是什麼。然後，當我們看到我們是誰是什麼，我們說，這真是可笑，然後我們

不再認同於“小我-心智-身體”。隨後，我們觀看著身體經歷人生就象我們看到每一具其他身體一樣。你觀看著它並且你知道身體不是你。你是真的超越了身體，你不再被它的邊界所限制。你知道你是永恆的、完整的、完美的和自由的，你讓身體自行運作，就象看一具木偶。

Q: And then you use the body for whatever you like, if you want to, or if not, the show just goes on.

問：然後你就按你喜歡的任何方式使用身體，不管你是想要或者不想要，演出只是繼續。

Lester: Yes. You let the show go on. It's a show that you wrote called Bodies Playing Limited. However, you are free to choose to use the body to communicate with others, to help them grow.

萊斯特：是的。你讓這演出繼續。這是一個演出，你所稱之為身體的在表演限制。然而，你是自由地選擇使用身體與其他人聯繫在一起，幫助他們成長。

Q: Isn't everything we see, a piece of wood, a potato chip, part of that eternal Truth?

問：是不是我們看到的每一樣東西，一塊木頭，一塊炸土豆片，都是那永恆真理的一部分？

Lester: Yes, but you have to see it as nothing but you, then you see the truth of it. The world doesn't disappear, our perception of it changes, completely. Instead of the world being other than we, it becomes us, or we become it. When you see the world as you, it will look entirely different from what it looked like when it appeared separate. You will love and identify with it and everyone in it.

萊斯特：是的，但你必須把它看成是你自己，然後你才能看到它的真相。世界並沒有消失，我們對它的看法完全改變了。世界不是我們之外的世界，而是它變成了我們，或者我們變成了它。當你以自己的眼光看待世

界時，它看起來會與分開時的樣子完全不同。你會喜歡並認同它以及其中的每個人。

When you fully love someone, you identify with and you become one with that one. When you become the universe you love the universe, or, if you fully love the universe, you become the universe. Love is absolutely necessary. When we love totally, we totally identify with the grand and glorious infinite Being that we are!

當你完全愛一個人時，你就會認同並與那個人合而為一。當你成為宇宙時，你就愛著宇宙，或者，如果你完全愛著宇宙，你就成為了宇宙。愛是絕對必要的。當我們完全愛時，我們就完全認同我們所是的偉大而榮耀的無限存在！

When you see the world as you, it will look entirely different from what it looked like when it appeared separate. You will love and identify with it and everyone in it.

當你以自己的眼光看待世界時，它看起來會與分開時的樣子完全不同。你會喜歡並認同它以及其中的每個人。

When you fully love someone, you identify with and you become one with that one. When you become the universe you love the universe, or, if you fully love the universe, you become the universe. Love is absolutely necessary. When we love totally, we totally identify with the grand and glorious infinite Being that we are!

當你完全愛一個人時，你就會認同並與那個人合而為一。當你成為宇宙時，你就愛著宇宙，或者，如果你完全愛著宇宙，你就成為了宇宙。愛是絕對必要的。當我們完全愛時，我們就完全認同我們所是的偉大而榮耀的無限存在！

第五章 愛是什麼

Human love is that which most people think love is. Real, divine love, however, is a constant, persistent acceptance of all beings in the universe, fully, wholly, totally, - as the other beings are, and loving them because they are the way they are. Divine love is wanting and allowing the other one to be the way the other one wants to be. Divine love is seeing and accepting everyone equally, and I think that this is the test of how divine our love is. Is it the same for every person we meet? Is our love for those who are opposing us as strong as for those who are supporting us?

人類的愛，就是絕大多數人認為的所謂的愛。然而，真正的神聖之愛是對全宇宙所有存在的永恆之愛，徹底且如是。愛他們是因為他們就是他們自己。神聖之愛是想要且允許他人成為他們想要成為的樣子。神聖之愛是視所有人為平等，我想那就是神聖之愛的檢驗標準。你是否愛你遇見的每一個人？你是否也愛反對你的人，就如同你愛支持你的人那樣？

Real, divine love is unconditional and is for everyone alike. The greatest example of it is Christ with His teachings of: turn the other cheek, love your enemy, and so forth. If we as a nation were to practice this we could make every enemy of ours completely impotent, - just by loving them. They would be powerless to do any harm to us. However, we would have to do it as a nation, at least the majority of the people would have to love the enemy.

真正的神聖之愛是無條件的，能接納所有的人。耶穌就是最好的例子，他教導我們要愛你的敵人。如果我們整個國家都能做到那樣，那麼我們的敵人將無力行動。只需做到愛他們，他們就無法再有力量傷害我們。但是，我們需要整個國家都能做到，至少需要多數人都能做到愛我們的敵人。

Real love itself is something we can't turn on and off. Either we have it or we don't have it, and with it, it's impossible to love one person and hate another. To the degree that we hate anyone, to that degree we do not love the others. Our love is no greater than our hatred is for anyone person.

真愛不是某種我們能打開又關上的東西，要麼有要麼沒有。也不可能是愛一個人卻又恨另一個人。從這個角度來說，我們恨任何一個人其實也就是不愛其他的人。

What most people call love is simply a need. If we say that I love this person but not the other, we feel that we need this person, and therefore we'll be nice to this person so that we can get what we want. But that's not real love.

大多人所謂的愛僅僅是需要。如果說我愛這個人但不愛其他人，我需要這個人，所以我要對這個人好，才能得到我想要的。但那不是真愛。

Human love is selfish, divine love is completely selfless. It is the selfless love that gives unlimited joy beyond our greatest imagination. Try it and discover this for yourself.

人類的愛是自私的，但神聖之愛是完全無私的。正是因為它的無私，才能給出我們所無法想像的無限喜悅。試著為你自己，去發現神聖之愛。

The real love is the love we feel for others. It is determined by how much we give ourselves to others.

真正的愛是為他人著想的愛。它取決於我們給出自己的程度。

Full love is identifying with every other being.

完整的愛是與所有存在的連結。

When we identify with everyone, we treat everyone as we would treat ourselves.

當我們與每個人連結，我們就會像對待自己那樣對待他人。

Love is the balm, the salve, that soothes and heals everything and all.

愛是治癒一切的良藥。

When you love you lift others to love.

當你給出愛時，你也帶動他人去愛。

The most you can give is your love. It is greater than giving materiality.

你能給出最多的就是愛，它遠超過你能給出的物質。

When you understand people you see that they are doing right in their own eyes. When you understand, you allow, you accept. If you understand, you love.

當你理解他人時，你讓他們看到自己是無罪的。當你理解時，你允許並接納他們。當你理解時，你就是在愛。

When we love, not only are we happy but also our whole life is in harmony.

當我們愛時，不僅此刻我們是喜悅的，我們的整個人生都會處於和諧中。

Happiness is equal to one's capacity to love.

幸福等於我們愛的能力。

If we love completely, we are perfectly happy.

如果我們能全然地愛，我們就會真正地幸福。

There is always either love or the lack of it.

愛與不愛無法兼得。

When one is not loving, one is doing the opposite.

當一個人不愛時，他就是在恨。

The highest love is when you become the other one. Identity is love in its highest form.

最高級別的愛是成為對方。合一是愛的最高形式。

If you love your enemy you have no more enemies!

如果你愛你的敵人，你就沒有了敵人。

The power and effect of love is self-obvious. Just try it!

愛的力量和影響體現在真我的彰顯。所以，去愛吧！

If you will look at it from your very own center the words love, acceptance, identification, understanding, communication, truth, God, Self are all the same.

如果你能從你的中心去看，就會看到愛、接納、了悟、連結、真理、上帝和真我都是一回事。

The original state of man was all love. His troubles are due only to his covering over of his natural state of love.

人的雛形就是愛。只是因為愛的本質被掩蓋，才讓人陷於麻煩。

Love and discover that selflessness turns out to be the greatest good for yourself. .

愛，以及去發現它的無私性，是對自己最大的慈悲。

Love is effortless and hate requires much effort.

愛無需努力，而恨則剛好相反。

Apply love and every problem resolves.

愛能解決任何問題。

Human love is needing the other one. Divine love is giving to the other one.

人類的愛是需要。神聖之愛是給予。

Love equals happiness. When we are not happy~ we are not loving.

愛等於幸福。當我們感到不幸福時，就是沒有在愛。

The concept of possessiveness is just the opposite of the meaning of love. Love frees possessiveness enslaves.

愛的反面是佔有。愛是解放，佔有是奴役。

Love is a feeling of oneness with, of identity with, the other one. When there's a full love you feel yourself as the other person. Then treating the other person is just like treating your very own self. You delight in the other one's joy.

愛是與他人連結、合一的感覺。當能全然地愛時，你會感覺自己成為了他，就會對他視如己出。你在他人的喜悅中感到歡愉。

Love is a tremendous power. One discovers that the power behind love, without question, is far more powerful than the hydrogen bomb.

愛能激發強大的力量。有發現表明愛背後的力量，遠超過氫彈的力量。

One individual with nothing but love can stand up against the entire world because this love is so powerful. This love is nothing but the Self. This love is God.

一個一無所有但卻擁有愛的人，能夠對抗全世界，因為愛是如此強大。這樣的愛是真我，這樣的愛是上帝。

Love will give not only all the power in the universe, it will give all the joy and all the knowledge.

愛不僅能給出全宇宙的力量，還給出全部的幸福，全部的智慧。

The best way to increase our capacity to love is through understanding ourselves.

提升愛的能力的最佳途徑是，瞭解我們自己。

I think everyone knows the wonderful experience of loving one person, so you can imagine what it's like when you love three billion people. It would be three billion times more enjoyable.

我想每個人都知道愛一個人是何等美妙，所以你可以想像當你愛 30 億人時，那種美妙是你愛一個人的 30 億倍。

Love is a constant attitude that evolves in us when we develop it. We should try practicing the love first on our family. Grant everyone in the family their own beingness. Then apply it to friends, then strangers, then everyone.

當我們發展愛時，它能演變成一種持久的態度。我們應該先在家裡練習，接納每個家庭成員的存在，之後發展到對朋友的愛，對陌生人的愛，直到對所有人的愛。

The more we practice love the more we love, and the more we love, the more we can practice love. Love begets love!

我們越練習愛，就越能去愛。我們越有愛的能力，就越會去練習愛。愛催生愛。

The more we develop love, the more we come in touch with the harmony of the universe, the more delightful our life becomes, the more beautiful, the more everything. It starts a cycle going in which you spin upwards.

我們越發展愛，就越能進入和諧之境，我們的生活就會越歡樂，越美好。愛開啟了一個迴圈，你在這其中螺旋上升。

The only method of receiving love is to give love, because what we give out must come back.

獲得愛的唯一方法是給出愛，因為我們給出的必會回來。

The easiest thing in the universe to do is to love everyone. That is, once we learn what love is, it's the easiest thing to do. It takes tremendous effort not to love everyone and you see the effort being expended in everyday life. But when we love we're at one with all. We're at peace and everything falls into line perfectly.

這世界上最容易的事就是愛每一個人。一旦我們學會愛是什麼，愛就是最容易的。不愛要花費很多努力，這些不必要的努力在日常生活中不斷耗盡。但當我們愛時，無需任何努力。我們只是處在寧靜中，看著一切完美運作。

In the higher spiritual love, there's no self-deprivation. We don't have to hurt ourselves when we love everyone, and we don't.

在靈性之愛中，沒有自我剝奪。當我們愛每一個人，我們就不必傷害自己，也不會傷到自己。

With love there's a feeling of mutuality. That which is mutual is correct. If you love, you hold to that law.

愛讓我們有連結感。而連結就是這個世界的法則。如果你愛，你就是在遵循靈性法則。

Love is smothered by wrong attitudes. Love is our basic nature and a natural thing. That's why it is so easy. The opposite takes effort. We move away from our natural self, cover it, smother it with concepts of the opposite of love and then, because we're not loving, unloving comes back at us.

對愛的誤讀，讓我們感到窒息。愛是我們的本性，所以愛是容易的，不愛則需要努力。我們因為不愛的概念而脫離了真我，掩蓋並抑制了真我。當我們不愛時，不愛就會反彈回來。

We feel the greatest when we love.

只有當我們愛時，才是感覺最棒的，

The real love wins the universe, not just one person, but everyone in the universe.

真愛能夠贏得全世界，不是只能贏得一個人，而是能贏得這個世界的所有人。

Behind the concepts of non-love, there is always the infinite love that we are. You can't increase it. All you can do is peel away the concepts of non-love and hatred so that this tremendous loving Being that we are is not hidden any more.

不愛的概念背後，是我們一直所是的無限之愛。你無法再增加它。你只需去除不愛和仇恨的概念，愛就不斷湧出。成為我們的本然，愛就不再躲藏。

Love is an absolutely necessary ingredient on the path. If we ever expect to get full Realization, we must increase our love until it is complete.

愛是靈性成長不可或缺的元素。如果我們想要開悟，我們就要增加愛，直至它圓滿。

When you really love you can never feel parting. There is no distance, because they're right in your heart.

如果你真正地去愛，就不會有分離感。你與他人沒有了距離，因為所有人都已在你心裡。

Only through growth do we really understand what love is.

只有通過成長，我們才會真正明白什麼是愛。

When you really love you understand the other one fully.

當你真正去愛，就會完全理解他人。

Love is an attitude that is constant. Love doesn't vary. Love cannot be chopped up.

愛是恒久不變的態度。它不會變化，也無法被切開。

All love, including human love, has its source in divine love.

所有的愛，包括人類的愛，其根源都是神聖之愛。

Every human being is basically an extremely loving individual.

每個人本質上都是愛的個體。

When you love, you think only the best for those you love.

當你愛時，你會為你愛的人著想。

The more you love, the more you understand.

你越愛，就越能理解。

There's one word that will distinguish the right love from the wrong love, and that is giving.

有一個詞能區分真愛和假愛，這個詞是給予。

You could hug a tree the same way as a person when you are very high. Your love permeates everything.

當你感覺很有愛時，你能像抱一個人那樣抱一棵樹。愛能滲入一切。

Total self-abnegation is the most selfish thing we can do. When self-abnegation is total we think only of others and are automatically in the Self.

無我是我們能做的最無私的事。當全然地無我時，我們就只會為他人著想，並自動地進入真我。

Love is the state of the Self. It is something you are.

愛是真我的狀態。愛是你的本然，

Consideration is a necessary part of love.

關心是愛不可或缺的一部分，

Anything but full love is, to a degree, hate.

只要無法全然地愛，就是還有恨存在

Can you see why you can't be against anything? The ant is God, the enemy is God. If you're limiting any part, you're holding God away. Love cannot be parceled. Love has to be for all.

你知道你為什麼無法對抗任何事嗎？因為螞蟻是上帝，敵人是上帝。如果你限制任何一個部分，你就是在推開上帝。愛無法再被包裹，因為愛容納一切。

The greatest of all progress is love.

最好的進步是愛。

Your capacity to love is determined by your understanding.

愛的能力取決於理解的能力。

If you dont trust someone, you dont love him fully.

如果你不相信某個人，你就無法全然地愛他。

If we love this world we accept the world the way it is. We don't try to change it. We let it be. We grant the world its beingness. Trying to change others is injecting our own ego.

如果我們愛這個世界，我們就能接納它的全部，而不會想著改變它。我們任其自行運轉，允許它以自己的方式存在。試圖改變他人，就是在助長小我。

The more we love the less we have to think.

我們越愛，就越無需想。

Being love is higher than loving. The real devotee of God has no choice but to love, he is love.

成為愛比去愛要高級。上帝的真正信徒除了愛別無選擇，因為他就是愛本身。

Love is your Self. That is the highest love.

愛是你的真我。真我是最高級別的愛。

Love is an attitude that is constant. Love doesn't vary. We love our family as much as we love strangers. To the degree we're capable of loving strangers; to that degree we're capable of loving our family.

愛是恒久不變的態度。它不會變化。愛就是這樣：我們愛陌生人就同愛自己的家人一樣。

Love is togetherness.

愛是合一。

Love is the Self. The Self doesn't love. The Self is love. (Only in duality can you love.)

愛是真我。真我不造作愛，因為真我就是愛。（只有在二元性中，才有愛的造作。）

It's not loving, it's being love that will get you to God.

造作愛無法讓你升入天堂，只有成為愛才能如此。

Love: Each one glorifies himself by service rendered to others and must, therefore, necessarily receive from others. Thus God flows back and forth and we delight in His exoticism. There is nothing so delectable as the spirit of givingness. It is intoxicating beyond any other experience capable to man. Discover this.

愛：每個人都通過服務他人而榮耀自己，並接收到他人的愛。上帝因此而得以流動，喜悅瀰漫。沒有比給予更幸福的事。給予所帶來的幸福感超過其它任何體驗。去給予吧。

Service is the secret to bathing in the ever-new joy of God. Service opens the doors to the greatest fields of beauty and charm, wherein is enjoyed the nectars of the infinite variety of tastes, all blended into one drink, that of superlative love.

服務讓我們沐浴在天堂般的喜悅中。服務向仙境開啟了大門。如飲口味無限變化的美酒，所有味道集於一身，這就是最高境界的愛。

Come into the garden of the most delicious and everlasting joy by an everlasting desire to love and serve. Let go of the emptiness of selfishness. Fill yourself to the full with selfless love.

對愛和服務的渴望將我們帶入最美的花園，如此甜蜜而歡樂。放開自私所帶來的空虛感吧，讓無我的愛將你充滿。

第六章 如何才能開悟

We try not to be intellectual. That knowledge may be gotten from reading books. Most of us already have the intellectual knowledge and yet are not realized. What we want is knowledge through experiencing it, through feeling it, through realizing and integrating it into our very being. The only knowledge that is useful for growth is the knowledge that we realize with our inner sight and feeling. As we contemplate, knowledge should fit in with our feelings, i.e., feel right, and should integrate with our whole Beingness. Then it is a realization, a revelation. Then we know, and we know that we know.

我們要少用腦子，通過閱讀我們獲得了很多知識，但卻沒有證悟。我們要的是借由體驗、感覺而來的智識，並將其融入我們的存在。那樣的智識才是唯一有助於成長的。知識應該跟我們的感覺契合，與我們的臨在合一。那才是證悟，我們參透了我們所知道的。

A realization is seeing something really for the first time, although you've heard it again and again. When it's realized, it's as though you've heard it for the first time. It's like an electric light bulb turning on in the mind and you say, Oh, now I see. It is something that you might have heard a hundred times before, but this time, on seeing and experiencing it, it's a realization. It has become real to you.

證悟是即使我們聽過某事無數次，但卻依然宛若初見。那一瞬間如同被閃電擊中，你會說：“哦，我明白了！”也許你之前聽說過無數次，但這次，通過觀察和體驗，它被證悟了，成為了真實。

This perceived and experienced knowledge is the only knowledge that does us any good. We can read everything on the subject but it doesn't help and our life doesn't change much. And it doesn't because we don't integrate the knowledge into our beingness through realization.

通過覺知和經驗而來的知識才是唯一對我們有用的。我們可以借由閱讀來獲得知識，但那無法改變我們的生活，因為我們沒有通過對其證悟而將它融入我們的臨在。

Realized knowledge is non-intellectual although the means we use are intellectual. We use our mind, we direct our mind toward the answer. But you will discover that the answer does not come from the mind. It comes from a place just behind the mind. It comes from the realm of knowingness, the realm of omniscience. By quieting the mind through stilling our thoughts, each and everyone of us has access to this realm of Knowingness. Then and there you realize, you make real. You know and you know that you know. Is there any question about what I just said?

證悟了的知識不是智性的，雖然“知識”這個詞指的是智力上的。我們使用我們的頭腦，試圖通過它來找到答案。但你會發現答案無法來自頭腦，它來自頭腦之後的全知層次。讓頭腦安靜，我們每個人都能進入全知層次。接著你開悟了，看到了真相，你參透了你所知道的。現在開始提問

Q: Is knowingness and feelingness the same thing?

問：了悟和感覺是一回事嗎？

Lester: No. The feeling comes just before the knowing.

答：不。感覺是在了悟之前。

Q: Is knowingness beyond feeling? Is knowledge that which feels true?

問：那麼了悟是在感覺之後了？智識是被證實了的知識？

Lester: The answer to both your questions is Yes. It's something you'll have to experience. There's a feel to things, and also there are times when you just know and you know you know, and there's no feeling to it. Knowing is really a higher level. We start with reasoning, thinking, in the realm of

thinkingness. Then we move into the realm of feelingness. The top realm is the realm of Knowingness.

答：是的。你必須去經驗。我們有時對某物有感覺（但沒有概念），有時僅僅是知道（有概念）但沒有感覺。了悟處在更高的水準。我們往往從推理、思考開始，那是思維的層次。接著我們升到感受的層次。最頂端是了悟的層次。

Q: Is ego implied in feeling?

問：感覺是小我在感覺？

Lester: Yes. The ego does the feeling. It is a higher ego state. Therefore there's duality, I feel emotion. Knowingness is awareness. When I said: You know and you know that you know, you're aware and you're aware of the fact that you are aware. There's no thing conditioning it. The very top state is the state of All Awareness, of All Beingness. Beingness and Awareness turn out to be the same thing when we get there. Before, it seems as though they are two different things. But when we move to the top, Beingness, Awareness, Consciousness are all the same thing, because the Awareness you are aware of is of Beingness being All Beingness. We see that we are not only this body, but that we are every other body, every other thing and every atom in this universe. So, if we are every being and atom, we are all Beingness.

答：是的，但那是較高級的小我。因此依然有“我”和“感覺”的主客二元性。而了悟就是覺知。當我說：你知道你所知道的，你覺知你所覺知的，那是沒有了二元性的。最高的層次是全知、全在的層次。當我們到達那裡時就會發現臨在和覺知是一回事。在那之前，會覺得它們是不同的。但到達最高境界，就會知道臨在、覺知、意識全都是一回事。成為全在，會讓我發現我們不只是這一個身體，我們是所有身體，我們是這個宇宙的所有原子。所以，如果我們是所有存在，所有原子，我們就是全在。

Q: You mean I am That?

問：你是說我們是祂？

Lester: Yes, definitely! It's I The top state is I. That's all, not even am. Just below the top it's I am. A step below that is I am that I am. A step below that is I am unlimited. A step below that is I am great.

答：是的，毫無疑問。只有“我”，最高境界就是“我”，甚至都沒有之後的“是”。在“我”之下才是“我是”，我是我所是，我是無限的，我是很好的等等。

Q: Or one with God?

問：或是“和上帝一起”？

Lester: Well, where is One with God? One with God is not a top state because it's in duality. If I am one with God, there are I and God. In the ultimate we discover that I is God, there's only a singular Oneness in the universe, and we are, we must necessarily be, that Oneness. That's what we discover at the end of the line, or the beginning of the line, whichever way you look at it. We are unlimited Beings covering over this limitlessness with concepts of limitation, the first of which is I am an individual separate from the All, that's the very first and a very big error that we make. I am separate, I am a personality, my name is Lester:, I have a body. and I spiral right down. After we assume a mind and a body, then we assume all these troubles and all these problems and they're nothing but assumptions. They are only a fiction which we see after we go within, quiet the mind, and discover all this truth right there.

答：哪裡來的“和上帝一起”？“和上帝一起”不是最高境界，因為那意味著依然有二元性。如果我和上帝一起，那就依然有“我”和“上帝”的二元性。到達最高境界我們會發現我就是上帝，這個宇宙只有“一”的存在，我們是，也必然是，那個“一”。這是線的終點，也可以說是起點，取決於你的角度。我們是無限的存在，卻因限制性信念而掩蓋了無限性。第一個限制性信念就是我是一個和整體分離的個體，我有自己的個性，我的名字叫萊

斯特，我有一個身體。因為我們先有我是這顆頭腦、我是這個身體的假設，然後才有這些問題和麻煩的假設，但它們始終只是假設。當我們往內走，讓頭腦安靜，就會看清故事，發現真相。

This whole world, as now seen, is nothing but a dream illusion that never was. The Truth is just behind the outward world. So why make trouble? The growth is simply the eliminating of all the concepts of limitation. That infinite perfect Being that we are must always be infinite and perfect and therefore is perfect right now. That's one thing we can never change, -our unlimited Self. That is all the time. But I, the unlimited Self, can assume that I am limited and that I have a mind, I have a body, I have problems. However, it is only an assumption.

這個世界僅僅是幻象。真相躲在外在世界的背後。所以為什麼還要創造麻煩？成長僅僅是消除所有這些限制性信念，我們所是的無限而完美的存在永遠都是無限且完美。有一件事我們永遠無法改變，那就是我們一直所是的無限真我。但是，“我”，這個無限的真我，會假設我是有限的，我有一顆頭腦，一個身體，我有很多問題。然而，這僅僅是假設。

Q: What's the technique for cutting through all that, for getting right to that state where you have that total awareness?

問：想要達到那樣的境界怎麼做？

Lester: Pose the question Who and what am I? and await the answer to present itself. The thinking mind can never give the answer, because all thought is of limitation. So, in quiet ness and meditation pose the questions: Who am I? What am I? When other thoughts come up, strike them down. If you can't, ask To whom are these thoughts? Well, these thoughts are to me. Well then, who am I? and you're right back on the track of Who am I? Continue this until you get the answer to the question Who and what am I? regardless of how long it takes.

答：問自己“我是誰”以及“我是什麼”，然後靜待答案自動浮現。頭腦永遠無法給出答案，因為所有的念頭都是有限制的。所以，可以在靜坐或冥想

時提出這兩個問題，“我是誰”，“我是什麼”。當其它念頭浮現時，把自己帶回來，回到這兩個問題上。如果你做不到，可以問自己“誰在想”。答案當然是“我在想”。然後順勢問“我是誰”，這樣就又能回到原先這兩個問題上。持續地做，不管需要多長時間，直到你最終得到答案。

The answer is the unlimited Self. The only way It becomes obvious is when the mind stills almost completely. The only obstacles to immediate full realization here and now are the thoughts, everyone of which is limited. Eliminate those thoughts and you'll see this infinite Being that you always were and are and always will be.

答案就是無限的真我。當頭腦幾乎完全靜止時，真我自會顯現。頓悟的唯一障礙就是念頭，每一個念頭都是有限制的。消除這些念頭，你就會看到自己無限存在的本質，你過去是，現在是，且永遠都是這無限的存在。

The difficulty is the past habit- patterns of thought, the unconscious constant turning and churning of thought in a mechanism we have set up that we call the unconscious mind. The unconscious thoughts are simply our thoughts now that we do not look at, and so we call them unconscious. This is the enemy we set up. To lessen these unconscious thoughts, we first make them conscious. When we make them conscious, then we may let go of them and they are gone forever. This quiets the unconscious mind. Now, the more we eliminate the thoughts, the more obvious our real Self becomes. The more obvious our real Self becomes, the more we are able to scorch the remaining thoughts, until the mind is totally quieted.

習慣性念頭是我們的障礙，它們躲在無意識裡。而無意識的念頭僅僅是些我們沒有去看的念頭，所以我們才稱之為無意識。這是我們自己創造的敵人。為了教訓這個敵人，這些無意識念頭，我們首先要讓它們成為顯意識。如此就能釋放掉它們，讓它們永遠消失。這能讓無意識變得安靜。我們消除越多的念頭，真我就越明顯。真我越明顯，我們就越能夠消除殘餘的念頭，直到頭腦徹底安靜下來。

Q: You have to still the conscious thoughts before you can get to the unconscious thoughts?

問：那先要觸及無意識念頭，才能消除顯意識念頭嗎？

Lester: The conscious thought is only the unconscious thought made conscious.

答：顯意識念頭就是無意識念頭的顯現。

Q: They come through dreams too. at that state, don't they, the unconscious thoughts?

問：無意識念頭還通過夢來顯現嗎？

Lester: Yes, but it's only in the waking state that we can eliminate them and thereby grow.

答：是的。但是只有在清醒的狀態下，我們才能消除無意識念頭並獲得成長。

Q: You still your conscious thoughts through meditation, other techniques, etc. Now. the Who am I? will go right through both, is that correct?

問：你可以通過冥想的方式消除無意識念頭，也可以通過問自己“我是誰”的方式，兩者皆可，是這樣嗎？

Lester: Yes. Also, you can use Who am I? to still or eliminate thoughts. Pose the question Who am I? and when a thought comes up you say. To whom is this thought? The answer is To me. Then, who am I? and you're back on the track. Thus you eliminate the thoughts as they come up.

答：是的，可以用問自己“我是誰”的方式來消除念頭。問自己“我是誰”，如果念頭出現，就問“誰在想”，答案當然是“我在想”。然後順勢問“我是誰”，這樣就又能回到“我是誰”的問題上，以此來消除念頭。

Q: But what keeps the unconscious thoughts from popping up at that time?

問：但是是什麼讓那些無意識念頭浮現呢？

Lester: They will and should pop up. If they pop up they're conscious. Then you can drop them. Eventually you eliminate all of them.

答：它們會自動浮現，也應該浮現。如果它們浮現，它們就成了顯意識。這樣你就能釋放它們，最後完全清除它們。

Q: How many minds do we have?

問：我們有多少頭腦？

Lester: There's only one mind. What we are looking at this moment is what the world calls the conscious mind. The part of the mind we're not looking at this moment the world calls the unconscious mind. It's the mode of mind that we give a different name to. That which we are talking about now, that which we are aware of now, is what we call the conscious mind, the conscious thought. The unconscious mind is all the thoughts we are not interested in at this moment.

答：只有一個頭腦。我們正在看的這個叫顯意識頭腦，沒去看的那個叫無意識頭腦。這是頭腦的模式，只是我們給它取了不同的名字。我們正在談論的，並在此刻覺知到的，是顯意識頭腦。無意識頭腦不是我們此刻感興趣的。

What some call super-conscious thought, there's really no such thing as super-conscious thought. The super-conscious, that which is above consciousness, is already out of the thinking realm, that's the omniscience, that's the realm of knowingness. The super-conscious realm is All Awareness, All Knowingness. There is no thinking when you know.

有個詞叫“超意識念頭”，但實際並無那回事。超意識，顧名思義，是在意識之上，那就已經不是思維的層次了，那是在全知的層次。超意識就是全知。當你了悟時就沒有了思考。

Q: Is unconscious different from subconscious?

問：無意識不同於潛意識嗎？

Lester: Subconscious and unconscious are the same.

答：它們是一回事。

Q: Do you agree with Jung's collective unconscious theory?

問：你同意榮格的集體無意識理論嗎？

Lester: I only agree with Truth. And this is one thing I emphasize, truth is the only authority for truth. Accept nothing until you can prove it out. Don't even accept what I say, no matter how much I speak as though I know. If it doesn't fit into your knowingness at present, you can accept it for checking. But only that which you can prove out for yourself, only that should you accept. This is basically important. IT IS ABSOLUTELY NECESSARY TO PROVE ALL THIS KNOWLEDGE FOR YOURSELF. Otherwise it's hearsay to you. You must make this knowledge your knowledge.

答：我只同意真理。我必須強調，真理只能通過真相來證明。如果無法明證，就不要接受。也不要聽信我說的，哪怕我好像很懂。你只能接受你已經證明了的。這是非常重要的。你必須親自去證明你所知道的。否則對你而言只是道聽塗說。你必須把這些知識內化成你自己的。

Now, there's only one Truth, one Absolute Truth. So putting names to it doesn't mean anything. Whether so-and-so said it or I said it, doesn't mean anything. Is it true? Does it integrate into your understanding? That's the only thing that matters. That's the point wherein we are different. We try to make this very practical so that you can use this knowledge and move toward the total understanding as quickly as possible.

只有一個真理，一個絕對真理。不管給它什麼稱呼，不管某某怎麼說它，我怎麼說它，對你而言都是沒用的。你是否已經證悟？這才是關鍵。我們可以實踐它，這樣才能儘快走向開悟。

Q: Is it necessary to go through stages?

問：需要一步步來嗎？

Lester: No. How long should it take Infinite Power, Infinite Knowledge to know that It is infinite?

答：不需要。無限力量、無限智慧要知道自己是無限的，能用多長時間呢？

Q: Wouldn't take any time.

問：不需要花多少時間？

Lester: Right. When man so wills with full intensity of will it happens quickly.. If you would want this more than anything else, you would have it in a matter of weeks or months.

答：如果你對此有強烈的渴望，很快就能達成。如果你對此的渴望超過其它任何事情，也就幾星期或幾個月的時間。

Q: Is there any way of making yourself want it more and more?

問：有什麼方式能夠助長你對開悟的渴望呢？

Lester: Yes, make yourself want it by experiencing the wonderfulness of it.

答：當你經驗到它的美妙時，你就會更想要。

Q: Or make yourself more and more miserable?

問：或通過使自己更痛苦的方式？

Lester: Well, there are two incentives; misery is one but not the best. The sweetness of it, the wonderfulness of it, the glory of it should make us want it more than the misery should.

答：有兩個誘因，痛苦是其中之一但不是最好的。經驗它的甜蜜，它的美妙，它的榮耀，會使我們更想要它。

Q: The glory in what sense?

問：它的榮耀是什麼意思？

Lester: The glory of it, of knowing what you are. It's a tremendous experience, it's an ecstasy, a euphoria. There are no real words to describe it because, well, we're in an age where these things are not experienced and therefore not understood, so how can there be words for things that are not understood? There are no words to describe these feelings, they're so beyond present understanding. So you pick the words you know best to describe it and that's it. Paramhansa Yogananda uses the words ever-new joy welling up every second, and that's a practical way of describing it. At first it's a joy that spills over every second, just keeps pouring out, pouring out, you feel as though you can't contain it. Later on, it resolves itself into a very profound peace, the most peaceful peace you could ever imagine. It's a delicious peace which is far more comfortable than ever-new joy. But please, get the ever-new joy!

答：知道你是什麼會讓你感到無上榮耀。那是種極美的體驗，一種狂喜。真的是無法形容這種感覺，因為我們所處的時代尚未經驗到它，也就無法瞭解它，所以我們怎麼能創造出與之對應的詞彙呢？沒有什麼語言能描述這些感覺，它們超過了我們現今能夠理解的範疇。所以我們只能選出最接近的詞彙來形容它。尤伽南達將其描述成“無時無刻不在往上冒的永遠新鮮的歡愉”。起先它是種分分秒秒都在湧出的喜悅，不斷地湧出，讓你感覺好像無法裝下這麼多。接著，它融化在一種深沉的寧靜中，你能想像的最深的寧靜。那種感覺比“永遠新鮮的歡愉”更加美妙。不過要先嘗到“永遠新鮮的歡愉”。

Q: But don't stay there.

問：但不要待在那裡？

Lester: That's it. It's very easy to get stuck in the ever-new-joy state. That's what they call the ananda sheath. It's the last veil we have to remove. It is the last wall we must break through.

When you start this ever-new joy, it's so good you just want to continue it. Also you have no feeling of need to change, everything is so wonderful. But it isn't the final state. The final state is the peace that passeth all understanding. It's a deep, deep peace. You move in the world, the body moves, but you have absolute peace all the time. Bombs could be dropping all around you and you have that perfect peace regardless of what's going on.

答：是的。我們會很容易卡在那裡（“永遠新鮮的歡愉”）。那是我們要揭開的最後一層面紗，要穿越的最後一道屏障。當你從“永遠新鮮的歡愉”出發，你會很想要繼續深入。當然你也會想賴著不走，因為一切都太美妙了。但那不是最高境界。最高境界是一種超然的深沉的寧靜。你進入了世界，身體卻退出了。即使身處槍林彈雨中，你也依然寧靜。

Q: How do you maintain that state?

問：如何保持那種寧靜？

Lester: If you get it you don't have to maintain it, because you have it, you are it.

答：如果你到達那裡，無需保持。因為你已經擁有了它，你就是它。

Q: Well, in that particular state then, you are really omniscient and all the other things, and there's no necessity for thinking.

問：在那個境界，你就是全知，所以也就沒有了思考的必要

Lester: Right. That's the top state. Now, it is possible to dip into this state to a certain depth that's very deep and not maintain it because the habits from the past, the habits of thoughts that have not been eliminated, re-emerge and take over. We can feel this infinite Being that we are and it's a wonderful experience, then, the next minute, Oh, so-and-so wants me to do this and I don't want to do it, a thought comes in and there you are: identifying with unhappy limitedness. You, the Self, are trying to be this unlimited Being through a

very narrow ego, a very limited ego, and it hurts. That's all it is.

答：是的。那是最高境界。你有可能進入某種深度的寧靜，但卻無法保持，那是因為習慣性的念頭尚未清除，再次出現並接管。我們感覺到我們所是的無限存在，那種感覺無比美妙，接著，可能就在下一分鐘，一個“某某叫我做什麼但我又不想做”的念頭跑了進來，不愉快和限制又接管了我們。你，真我，試圖穿過狹窄的小我而進入無限存在，碰壁是難免的。

Q: How do you bombard that ego and get rid of it?

問：你是如何擺脫小我的？

Lester: First and foremost, an intense desire to let go of the ego. Second, listening to someone who knows the way and following through on the direction, especially if that one is a fully realized Being.

答：第一個也是最重要的，那就是要有釋放小我的強烈意圖。其次，聆聽覺者的教導，並追隨他的道路。

Q: That's hard to find.

問：那樣的存在很難找到

Lester: No, they are available right where you are. Wherever you are, they're right there. I can name some of them: Jesus, Buddha, Yogananda. I don't know of any in the United States in physical body. India has, I believe, several. But there is no need for a physical body when you can get the others wherever you are, because they're omnipresent. All you need to do is open your mind's eye and see them. They're omnipresent so they must be right where you are. Also, they, wanting to help you, must necessarily come to you if you open yourself to them. They have no choice. They have made a commitment. So all you need to do is to ask for their help and guidance and open yourself to it and it is there.

答：不，他們就在你身邊，不管你在哪裡。我可以說出幾個存在的名字：耶穌，佛陀，尤伽南達。我不知道在美國是否有這樣的肉身，在印度有幾個。但當你不管在哪裡都能感受到他們時，肉身就顯得沒有必要，因為他們無所不在。你只需打開你的心眼，看到他們。因為他們無所不在，所以他們能夠在你所在的地方。當然他們也想幫助你，只要你能向他們敞開，他們就能來到你身邊。他們別無選擇，因為他們做出了承諾。所以，你只需尋求他們的幫助和指引，向他們敞開，他們就會到來。

However, since we think we're physical bodies, sometimes we more readily accept a fully realized Being when He is in a physical body. Therefore we will take more help, because in our physical sensing, He seems to be more real. Because of that it's good to have a fully realized Being in the flesh. However, if we don't have one, it doesn't mean we can't take the guidance of those who are omnipresent.

然而，因為我們認為我們是這副軀體，所以我們更容易接受以肉身存在的覺者，因為以肉身存在看起來更真實，我們也由此可以得到更多的幫助。但是，即使沒有以肉身存在的覺者，我們也依然可以獲得那些全在的幫助。

Q: Some aspect of the Hindu thought says you can't do it without a live Guru, but I think they've evolved beyond that now, and you're confirming it.

問：在印度有種說法：沒有一個在世古魯的指引你辦不到。但我並不認同那種說法，因為你就是個反證。

Lester: Yes. However, a Guru is alive, whether in physical body or not.

答：是的。但是古魯始終是活著的，不管是否以肉身存在。

Q: Do people need a live Guru?

問：人們真的需要一個在世古魯？

Lester: People need a Guru, a Teacher. He doesn't necessarily have to be live in a physical body but he has to be accepted as being alive. He doesn't have to be in a physical body.

答：人們需要一個古魯，一個導師。他未必是以肉身的形式活著，但是他活著這一事實必須被接受。

The reason why we need a Guru is that we are in a very difficult age. It's an age of materialism where everything, everyone, is shouting at us: This is a material world. This IS it! We have been in this world again and again and again. So we really need the assist of a fully realized Being to offset that constant weight of the world that says we are physical, limited bodies.

我們之所以需要一個古魯，是因為我們處在一個非常艱難的時代，這是個唯物主義的時代，每一個人，每一件事，都在向你叫囂著：“這是個物質世界”！我們在這樣的世界不斷輪回，所以真的很需要一個完全開悟的存在來幫助這個世界，來幫助我們看清我們不是這有限的軀體。

We should want the Truth more than we want air. Then we would get full realization very quickly.

我們對真理的渴望必須高於對空氣的需求。如此才能更快走向完全開悟。

Q: Did you coin that, is that yours, an aphorism?

問：那是你創造的格言嗎？

Lester: Nothing is mine. Anything I say will have always been said before. I might just twist the words around this way or that way, in my own style, but there's nothing new. Truth always was and always will be.

答：沒有什麼是我的。我所說的任何一句話都曾被說過，我只是以自己的語言重新詮釋，但沒有什麼是新的。因為真理永不變。

There's a story in the Eastern writings of a master and his disciple. They were bathing in the Ganges and the disciple asked: Master, how can I know the Truth? And the teacher

took him by the hair and held him under the water until he was about ready to go unconscious, and then he let him up and said, Now, when you want Truth as much as you wanted air, then you'll have it.

在東方有個故事，一個大師和他的弟子在恒河沐浴，弟子問道：“師尊，我如何才能知道真理？”大師抓住他的頭髮，將他按入水中，直到他快失去意識才讓他上來，然後說道：“當你對真理的渴望高於對空氣的渴望時，自會知道。”

They have some great stories .That snake and the rope story is an excellent analogy of the physical world. I guess every one knows that, don't they? A person walks along the road at dusk and sees a rope on the ground, mistakes it for a snake, goes into an intense fear and a complete involvement as to what to do about this awful snake. Well, the snake is only an illusion. The real thing is a rope. So he spends a lifetime of maybe sixty-five years struggling and fighting this snake-world, and then takes a rest on the astral side and comes back and fights it again and again and again until he wakes up to the fact that the snake was only the rope, and it really never was. And that's exactly what happens to this physical world. It's just like that snake, it's an illusion.

他們還有些非常棒的故事。蛇和繩子的寓言跟這個世界的情況非常類似。我想每個人都聽過這個故事。某人黃昏時分走在路上，誤將草繩看成是一條蛇，嚇得屁滾尿流。蛇只是他的想像，但從此以後，或許還能活 65 年，他都在與“蛇的世界”搏鬥。死後在中陰身依然與之戰鬥，轉世後依然戰鬥，不斷輪回，不斷戰鬥，直到他醒來，發現蛇其實不過是條繩。這就是發生在這個物質世界的故事。這個世界不是一條蛇，蛇只是假像。

The example I like best is that what goes on in this world is exactly the same as what goes on in a night dream. While we're in the night dream it's very real, we are there, there are other characters, it's either beautiful or ugly, and when it's a nightmare, we're being killed. It's a real struggle. All the time

we're in the dream, it is real to us. But when we awaken we say, Oh, my gosh, it was only a dream, it never really was. And that's exactly what happens when we wake up out of this waking-state dream of the world.

我最喜歡把這個世界比喻成一場夢。當我們晚上睡覺做夢時，會覺得夢是真的，有場景，有人物，或是美夢，或是噩夢。但若是噩夢，我們會被殺死，於是我們戰鬥。我們一直處於夢中，所以以為是真的。但當我們醒來，我們會說："天啊，它僅僅是個夢！從來都不是真的！"這就是我們醒來後的情況，從這個誤以為醒著的幻覺中醒來。

This Session was recorded in New York City, September 21, 1964.

錄於 1964 年 9 月 21 日，紐約

第七章 愛，給予，以及基督意識

It is now the Christmas season so let us direct our attention toward Christmas. Maybe I ought to allow you to lead me into what you would like to hear about Christmas, or should I just talk? All right. Christ-mass, the day when the masses look toward Christ, when mass is held in reverence to Jesus.

現在是聖誕季，那就來談談聖誕。聖誕，是“基督彌撒”的縮字，是百姓朝聖的日子。

When I interpret the Bible, it's the way I see it, not the way I've read it or someone else has said it's so. Christmas is related to Christ. Christ is not the man Jesus. Christ is the title of Jesus who has attained the Christ Consciousness. And I think if you separate the two, Jesus and Christ, you will far better understand the meaning of His words and the meaning of the Bible. When He says, I am the way, He doesn't mean Jesus He means Christ. So first I'd better explain what I mean by Christ and Jesus.

我解讀聖經，是按我所看到的，而非讀到或聽某人說的。聖誕跟基督有關，而基督並非指耶穌這個人。基督是耶穌獲得基督意識後所被賦予的頭銜。如果你能將“耶穌”和“基督”區別開來，就能更好地理解祂所傳達的以及聖經所傳達的。當祂說，我就是道，祂指的並非耶穌，而是基督。所以首先我想談談我所理解的基督和耶穌。

Jesus was a man who was born on 'this earth approximately 2,000 years ago, who through righteousness or righteousness, rightly used the world to attain the Christ Consciousness. By so doing He showed the way to immortality that each and everyone of us must take. , i.e., eliminate from our consciousness all thoughts of death and hold in its place only eternality and immortality. In order to show us, He allowed Himself to be crucified so that He could prove immortality by

resurrecting Himself. He was a way-shower and dedicated and gave His life only to show us the way.

耶穌誕生於 2000 年前左右，在這星球因其正義而獲得基督意識。祂向我們每個人展示了通往不朽的道路。我們必須獲得永生，指的是將所有有關死亡的念頭從意識中清除，只留下永恆和不朽。祂以受難和復活的方式向我們展示不朽。祂是道的示現者，以殉道的方式向我們展示道。

Christ Consciousness is the consciousness that saves us from all this mess that we find ourselves in when we try to be worldly man. It is the attaining of the Christ Consciousness that saves us from all the horrors and miseries of the world. It is the Christ Consciousness that gives us liberation from all difficulty and leads us into our immortality. If we were to try to be Jesus, we would have all the trials and tribulations that He went through. However, when we become the Christ, by being Christ-like and thereby attaining the Christ Consciousness, we eliminate all and every misery and have nothing but infinite joy.

基督意識將我們從塵世的混亂中救贖，讓我們脫離恐怖與痛苦，讓我們獲得自由與不朽。如果我們要成為耶穌，那就要經歷他所經歷的艱難困苦。但是，如果我們想成為基督，我們只需變得像基督，就能獲得基督意識，就能脫離苦海並獲得無限幸福。

So Christhood is a state that was attained by the man Jesus. He attained His Christhood before He was born and He came back to show us the way by actual example. And if you will keep these two in their meaning as you read the Bible, I believe it will make much more sense.

所以基督是耶穌所獲得的身份，早在祂出生前就已獲得。祂回來是為了向我們展示道。如果你讀聖經時能記得兩者的不同含義，那麼將更容易理解聖經。

Christmas is known mostly by the spirit of givingness, good will toward all men. Locked up in that word givingness is the key to

all happiness. It's in the spirit of givingness that we have and experience the greatest joy. If you'll think back you'll see that when you were giving, you were most joyous. Love and giving are two words that are synonymous. It's in the spirit of givingness that the secret to joy lies. When we fully have that we want to give every thing that we have to everyone we meet, and we have infinite joy. It's so important. It's in the spirit of givingness; it's not in the givingness of things, unfortunately, because Christmas is a great time of gift-giving. People are giving, giving, giving. But it's not in the givingness; it's in the spirit of givingness that the joy lies.

聖誕最為人所熟知的就是給予精神，向所有的人傳遞善意。將“給予”二字謹記於心，是獲得幸福的關鍵。正是給予精神讓我們得以洞穿幸福的真諦。如果你回憶一下，就能記起當你給出時，是最幸福的時刻。愛和給予有著相同本質，幸福的秘密就是愛和給予。當我們充滿愛時，就會願意向我們所遇到的每一個人給出所有，無限的幸福就會充滿我們。另外，給予精神並非給出某物，不幸的是，由於耶誕節是送禮的好時機，人們便不斷地給，給，給，但這並不完全等同於給予精神。

The feeling of the spirit of givingness is felt more around Christmas time by more people than any other time of the year. It's a wonderful thing. We should make every day Christmas. When we get full realization we do just that. There isn't a moment in which we're not wanting to give everything we know to everyone.

相比一年中的其它日子，耶誕節是給予精神最氾濫的時候。給予讓人感覺很美妙，我們應該每天都過得跟耶誕節似的。當我們完全開悟時，我們就變得只會給予，時時刻刻都想著給予。

Q: You mean giving things, or giving of yourself?

問：你是指給出東西，還是給出自己？

Lester: Well, first givingness. If we give with strings attached, with reservations, with recriminations, there is little joy in it.

But when we give freely we have the greatest of feelings. And it's this constant spirit of givingness that is the secret of eternal joy. Now, the greatest thing we can give, as the Bible says, is wisdom, because when you give one wisdom you give one the method of attaining everything, not just one single thing. So, the greatest of all givingness is giving wisdom, is giving understanding, and is giving knowledge of this subject that we are interested in.

答：如果我們給予時有所保留，那麼很難感到愉悅。但當我們自發地給予，就會非常愉悅。持續給予，方能永久快樂。現在，我們能給出的最好的東西，正如聖經所說，就是智慧。因為當你能給予智慧，你能讓對方掌握獲得一切的方法，那就不僅僅是單一的某物了。所以，最好的給予就是給予智慧。

I might explain it this way. If you give a man a meal when he's hungry, he's made happy for the moment and he's satisfied. But three hours later, he needs another meal, and probably thousands of meals after that. So what is one meal that you give to him? Relatively little. However, if you give the man the understanding of how to produce a meal, he will never go hungry! You will give him the knowledge of how to always have all the food he wants. You will have given him sixty thousand meals! So, that's the greatest givingness, giving understanding and wisdom.

打個比方說，如果你看到某人很餓，給他一塊肉，他在那一刻會很高興很滿足。但三個小時後，他需要另一塊肉，接著需要成千上萬塊肉。那麼你給他的那塊肉對他來說幾乎等於沒有。但是，如果你給他如何得到肉的方法，那麼他就永遠不會餓死，你給出的可以等同于六萬塊肉甚至更多。所以，最好的給予就是給予智慧。

Practicing this would be an excellent method of growth and I think, as a group, you're ready for it. Give this understanding to everyone whom you meet who asks for it. It's excellent in that it takes you out of your little self onto others. It's an act of love. I'm suggesting that this givingness be taken on as almost

a way of life from here on,-to help others to get this understanding. It will help you to rapidly attain mastership, - and it will give you the greatest of all joys.

此項練習（給予智慧）對成長極有幫助。我想，作為一個團體，你們已經準備好了給予。對需要智慧的人給予智慧，能幫助你們跳脫小我。這是愛的行動。我建議你們將給予作為一種生活方式，幫助其他人獲得智慧。給予智慧能讓你更快開悟，同時你也能在其中獲得最大滿足。

It's good to give gifts. They should be given from the heart. However, I think we are all at the point where we can give much more than just things. We should try to give wisdom and understanding. Did I answer your question, Lil?

送禮固然好，但應該是由心而發。我想我們已經來到了這樣一個階段，我們能給出比物質更好的東西，那就是智慧。莉蓮，我的回答你滿意嗎？

Q: Yes.

問：是的

Q: This is only if we are asked?

問：只能是需要時候才給？

Lester: Yes. If we try to help people who are not asking for it, we are just expressing our own ego. I know something you should know, see? I, talking down to you, trying to teach you something when you're not asking for it, is just ego-expression on my part. So it should only be given when asked for.

答：是的。如果我們在人們不需要的時候給予，那麼我們是在表達自己的小我，“我知道你應該知道的”。我貶低你，試圖硬塞給你一些你並不想知道的，這對我來說只是小我的表達。所以，只有在別人需要的時候才給予。

Q: Is there a time when you become sensitive enough so that you do say things to people which they need, even without them asking?

問：當你變得足夠敏感時，無需人們開口，就能感受到他們需要幫助？

Lester: Yes, there is. As you let go of your ego you automatically tune in more with others. The less your ego, the more you are attuned to others. You reach a state in which they don't even have to ask. You'll discover that some people who ask don't really want help. Likewise, some people who say I I want any help, are really wanting it. It takes a little experience to handle situations like that. But it's true that as we grow, as we let go of our ego, we become more attuned to others and we automatically help them. And we help at all times, no matter what or where the situation is. It could be the cashier in a market, or someone you meet on the street. There's always a certain givingness that should be going on all the time. And it doesn't have to be only words of wisdom, it could be a kind word, an expression of love.

答：是這樣的。隨著你釋放掉更多的小我，就越能自動地與他人連結。小我越少，就越容易連結，而無需人們開口。你會發現有些人開口求助，但並非真的想要幫助。同樣地，有些人說我不需要幫助，但實際上他們想要。這需要一些經驗。但有一點毋庸置疑，那就是隨著我們成長，釋放掉更多的小我，我們變得更容易與他人連結。幫助變得沒有限制，無論何時何地何種情況。可以是超市的收銀員，或者你在街頭碰到的某個人。給予也並不僅僅局限于富有智慧的言語，也可以是善意的問候，愛的表達。

It wouldn't hurt to try helping others. That would be the greatest of all givingness. Any more questions?

想要幫助他人總是沒錯的。那是給予中最棒的體驗。還有什麼問題嗎？

Q: What is the second coming of the Christ? .

問：如果基督再次到來會怎樣？

Lester: The second coming of the Christ is not the same as the second coming of Jesus. The second coming of Jesus will be the time when He returns and walks on this earth again in a physical body; and I believe it will be the body that He had the

last time He walked the earth. The second coming of the Christ is when we attain the Christ Consciousness.

答：基督的再次到來不同於耶穌的再次到來。耶穌再次到來會是這樣：祂依然使用上次的肉身，在地球上走一圈。但基督的再次到來，則是在我們獲得基督意識的時候。

As a group, we are very fortunate in that we are close to Jesus. This was very evident the very first time we had a meditation when Jesus came into this room and walked around to almost everyone here. It was a very definite and a very important sign that, as a group, Jesus is very interested in us, is trying to help us with all the power that He has. That power is never given unless we are receptive to it. There's no forcing it. He can only use His power when we open ourselves to Him. If and when we do, He is right there, ready and very capable. Just try Him. We need this direct connection with a master if we want to go all the way this lifetime. As I've said, it's so difficult in these times to achieve mastership, that it is necessary to have this connection with a master, so that when we are ready to leave this plane he will assist us in getting full realization. There isn't anyone in this room who cannot make it this lifetime, if he or she will just stay faithful to the path until the end. Everyone of us can make it this lifetime if we really want it.

我們作為一個團體，非常有幸能夠親近耶穌。記得第一次我們在一起冥想時，祂來到了這個房間，從每一個人身旁走過。這是一個非常明確且重要的信號：那就是作為一個團體，耶穌對我們非常感興趣，正試圖傾盡全力幫助我們。如果我們願意接受，就能得到祂的加持。祂的幫助沒有一點強迫性，因為只有當我們向祂敞開時，祂才能使用祂的力量。如果我們需要，祂就會來到我們身邊。所以，試著借用祂的力量。如果我們想在此生獲得開悟，我們需要一個大師的親自指引，因為這是個非常艱難的時代。如果我們準備好走向覺醒，祂就會向我們施以援手。在這房間的每個人，只要他/她對道途保持虔誠，便沒有一個無法成功。如果我們真的想要，我們這裡的每一個人都能成功。

Q: Will you define making it?

問：你所說的成功指的是什麼？

Lester: Christhood and full realization. Making it is becoming a master. What is a master? A master is one who is master over all matter in the universe, and who is master over his mind. A master is one who sees his own infinity right within him. A master is one who has undone all thoughts of limitation, who has ripped off all these sheaths of limitations and is free.

答：基督身份或完全開悟。成功就是成為一個大師。大師是什麼？大師是這個宇宙所有物質的主人。大師是他自己頭腦的主人。大師已經看到了無限就在他之內。大師已經從所有限制性念頭中解脫。

Q: And this we can do in this lifetime?

問：我們在此生就能開悟？

Lester: Yes, definitely! You must want it more than anything else. You must want it more than you want things of the world. And if you do, when you're ready to leave this place, you'll get the assist from the master that you look to and he will help you over. The way he will do it is this way: If you don't make it before you die, you will make it at the time of your so-called death. When a person dies, all thoughts of this lifetime and all thoughts of prior lifetimes come up for review. The master identifies with us. He sees us as himself, and as these thoughts come up in our mind, it's like coming up in his mind, and he, identified with and as us, helps us undo them. When they are totally undone, we are totally free!

答：是的，毫無疑問！你必須對開悟的渴望高於一切。如果是這樣，你就準備好了離開這個地方，你會獲得你所信賴的大師的幫助。也只有這樣，祂才能幫到你。如果你未能在此生覺醒，你可以在死後做到。當一個人死後，此生以及過去世的所有念頭都會再現。大師會參與我們，將我們看成是祂自己，這樣隨著念頭在我們的頭腦中浮現，念頭也同時在祂的頭腦中

浮現，祂將我們視為祂自己，幫我們消掉這些念頭。當所有念頭被清除，我們就徹底自由。

Q: This is what we are doing every day when we say, We're not limited. I won't accept this. I'm not this limited being. Isn't this what we should be doing all day long?

問：我們每天都跟自己說我們不是這有限的存在，我不大能接受。難道我們一整天都要這麼提醒自己？

Lester: Yes. We should continue it until the end of all thoughts. We should not be limited by anything or any thought.

答：是的，直到所有念頭都被清除。我們不應該受到任何念頭或任何事的限制。

Q: But this is jumping so far. I'm interested in being able to walk down the street without getting mad at the fellow in front of me.

問：但這難度實在太大。如果是走在街上，不對前面的人擋住我的去路而生氣，這還比較容易做到。

Lester: I'm trying to show you the entire way. What I'm trying to do is to give you a map that takes you all the way. I'm not saying, Bob, be this today, But I think if you have a map that shows the entire route, you can take it all by yourself. You don't need to have people like me say this to you. Once you've got the map, all you need to do is to follow it. I'm trying to give you a complete picture, a complete understanding of what full realization is and the way to accomplish it. And it's a very difficult thing to do because you'll never really know what it is until you attain it.

答：我給你的是走向覺醒的整張地圖。我不是說：“鮑勃，今天就給做到”。但我認為如果我給你整張地圖，你能靠自己走完全程。你不再需要我這樣的人來給你指示。一旦你得到這張地圖，你只需按照地圖上的線路

走。我給你的是一張完整的地圖，一張走向完全覺醒的地圖。它的確很難，因為在你到達終點前你永遠不知道那是什麼。

Q: And the ego is simply the feeling that I am not this.

問：小我僅僅是種我不是祂的感覺？

Lester: Right. The ego is a feeling that I am a separated individual, separated from the All and I need a body and a mind to be separate.

答：是的。小我的感覺是我是個從整體分離開來的個體，我需要一副軀體、一個頭腦來完成分離。

Q: That I s limited?

問：小我認為自己是有限的？

Lester: Well, if I have a body and I have a mind, I have thousands of limitations; I have to feed the body, take care of it. I have thoughts. My feelings are hurt. This goes on and on and on. Realize what you are. You'll see that you are not the body, you are not the ego. Discover what you are and be infinite.

答：如果我有一副軀體，一個頭腦，那麼我會有成千上萬的限制：我必須餵養這身體，照顧它，我有很多念頭，我感覺很受傷等等。體認到你是什麼，你會看到你不是這身體，你不是這小我。去發現你是什麼，去成為無限。

Q: Can Jesus save us?

問：耶穌能救我們嗎？

Lester: Jesus doesn't save, the Christ Consciousness saves. We should believe not in Jesus but believe as Jesus believed. When we make an effort to attain the, Christ Consciousness, Jesus helps us to realize it. Jesus is always available to anyone who asks and is receptive to His help.

答：耶穌的工作不是拯救，基督意識才是。我們不應該信耶穌，而是信耶穌所信的。當我們為獲得基督意識而努力，耶穌會來幫我們。只要我們求助，並願意接受祂的幫助，祂隨時有空。

You may and can contact Jesus, to the degree you actually accept the fact that you can. Were you to accept that you could talk to Jesus in a physical body, then you would meet with Him in a physical body. If you can accept meeting with Him in a vision or in a dream, then you would meet with Him in that manner. If you can accept Him as a presence, then you will feel His presence and receive His support. It is all up to you.

你可以並且能夠接觸到耶穌，只要你相信你能。如果你相信你能和以肉身存在的耶穌交談，那麼你就會碰到以肉身存在的耶穌；如果你相信你能看到祂或夢到祂，那麼你就能以那種形式見到祂；如果你相信祂是存在的，那麼你就能感覺到祂的存在，並接收到祂的幫助。一切由你決定。

.....
This Session was recorded in Los Angeles, December 16, 1965

錄於 1965 年 12 月 16 日，洛杉磯

第八章 小我

The ego concept is the root cause of all delusion and therefore, all trouble. It is the false identifying of I with a body rather than with the Self.

小我的概念是所有妄想的根源，因此也是所有麻煩的根源。是對“我是這個身體而非真我”的錯誤認同。

.....

Ego is the concept of individuality, of separation from the I, and the All. Therefore ego is a false assumption. We are really the I, we are not separate from It.

小我是一種從“我”、從整體分離的個體的概念。所以小我是錯誤的假設。我們是真我，從未分離。

.....

The ego is all the evil there is and your Self is all the good there is.

小我是一切惡，真我是一切善。

.....

The ego is the source of birth and death and when the ego is let go of, you die to death.

小我是生死之源。當小我被釋放，你將獲得永生。

.....

Everything that isn't good has its source in the ego sense and is therefore unreal. Our real nature is an ultimate goodness.

所有不好的，其根源都在小我感，因此都是不真實的。我們的真實本性是極善。

.....

Everything of the ego is the opposite of everything of the Self.

真我的一切，其反面就是小我的一切。

.....

Everything an ego sees is a lie in the light of Truth. Everything an ego sees is in duality. An ego can't see Oneness. The ego has an eye of duality only. There's nothing true that an ego sees. And on the opposite side, the Self sees only the Truth, the Self.

小我所看到的一切，在真相之光的照射下，不過是個謊言。小我所看到的一切，都是二元對立的。小我看不到“一”，看不到真相。相反地，真我只能看到真相，只能看到真我。

.....

The coloring agent of Truth is ego. The less the ego the less the coloring of truth.

小我是真相的染料。小我越少，真相就越少被著色。

.....

The entire trouble is wrong identity. We say we are the limited ego.

所有的麻煩都是錯誤的認同。我們說我們是有限的小我。

.....

Ego can't do anything but be limited.

小我除了限制不會其它。

.....

Theres only one single growth and that is letting go of the ego.

只有一種成長，那就是釋放小我。

.....

Whenever you are not growing spiritually, you are growing in the other direction.

你若不在靈性的層面上成長，你就無法成長。

.....

Every time you express ego you are growing downward.

每次你表達小我，你都是在退行。

.....

The more you grow the more you can face your ego.

你越成長，就越能面對小我。

.....

When things bother us and we look for the source, we find our ego.

每次我們因不勝煩擾而尋其根源時，我們找到的都是小我。

.....

The whole object of the path is to let go of the ego. What remains is the Self.

靈性道路的唯一目標就是釋放小我。剩下的就是真我。

.....

The whole thing is simple. Any complexity in life is the ego trying to undo the simplicity of Reality.

一切都很簡單。複雜是因為小我破壞真實的簡單性所致。

.....

It is the ego that makes life difficult.

正是小我，讓生活變得艱難。

.....

Think you are a limited ego and the more you think so, the more effort you need to get along. It is the ego that requires effort.

你越認為你是有限的小我，你就越需要努力。正是小我，才要求努力。

.....

There is only one basic trouble in this world. It is the common denominator of all problems. It is trying to be an ego.

這世界上只有一個根本麻煩，也是所有問題的共同特性，那就是試圖成為小我。

.....

Identify with the ego and you identify with trouble.

對小我的認同，會讓你對麻煩產生認同。

.....

We should shift from a desire to get out of misery to a desire to let go of the ego.

我們應該把對遠離痛苦的渴望，轉變成對釋放小我的渴望。

.....

The ego dies hard. But once you know the ego is the source of all misery and the Self is the source of all happiness, then it shouldn't be so hard to work at letting go of the ego.

小我很難死去。但是一旦你知道小我是所有痛苦的來源，而真我是所有幸福的來源，那麼釋放小我就會變得容易。

.....

When we start moving into the Self, the ego starts putting blocks in the way: we get sick, we go to sleep, we have other things to do, etc., because we feel we will be destroyed if the ego is destroyed. We have convinced ourselves over the millenniums that we are these limited bodies, and we think it takes time to let go of these concepts of limitation.

當我們開始進入真我，小我會出來搗亂。我們生病，想要睡覺，或做其它事等等，因為我們認為我們會隨著小我的被毀滅而毀滅。在過去的幾千年裡，我們一直深信我們是這有限的身體，釋放限制性信念需要很長時間。

.....

Time is an ego – thought.

時間是小我的想法。

.....

The ego will always try to keep us from letting go of the ego.

小我總是會努力阻止我們釋放小我。

.....

Getting involved in intellectual questions and discussions
validates the ego and avails you nothing.

參與智性的問題和討論只會助長小我，對你絲毫無益。

.....

To pose a question an ego is necessitated. There are no
questions when one is realized.

提出問題會讓小我變得必需。當我們開悟時，問題不復存在。

.....

All enquiries about the non-Self are directing one's attention
away from, and are delaying, one's realization of Truth. Any
question about the ego directs the attention to the ego. The
ego is the unreal, the untruth. No matter how much you talk
about illusion it will not give you the perception of the Real, the
Truth.

所有對“非真我”的探索都是在把我們的視線從真相上移開，推遲了我們的
開悟。所有有關小我的問題都是把我們引向小我。小我不是真實，不是真
相。不管你對假像做多少討論，都無法讓你覺察到真實、真相。

.....

In the beginning the ego is the only thing you know.

一開始，小我是你唯一所知道的。

.....

There is only one thing to do, let go of the ego! There is no other way to grow. You are fully realized now! Just let go of the ego I I how simple it is.

只有一件事需要做，那就是釋放小我。除此之外，成長沒有其它途徑。釋放了小我，你就是開悟的。就是這麼簡單。

.....

The weaker the ego the more you can put attention on the Self. However, if you spent all your time on the ego you would never see the Self, not until you looked at the Self. It amounts to weakening the grip of the ego enough so that you can turn toward the Self..

小我越虛弱，你就越能專注在真我上。但是，如果你把所有時間都花在小我上，你就永遠無法看到真我，除非你專注真我。釋放越多的小我，你就越能專注於真我。

.....

The more you do away with the ego the more unselfish you are.

小我釋放的越多，你就越無私。

.....

When a person is ego-centered, almost all of his attention is centered on himself. Everything he sees or hears is colored because it has to filter through his self-attention.

當一個人以小我為中心，那麼他所有的注意力都會放在他自己身上。他所看到或聽到的一切都是不真實的，因為已經被自我注意所過濾。

.....

When you have completely let go of your ego, you are not interested in yourself, you are interested only in others.

當你完全釋放了小我，你就不會再對自己感興趣，轉而開始關注其他人。

.....

If you do things to win approval, then you are doing it for yourself. If you are doing anything for your self, it isn't selfless.

如果你所做的是為獲得認同，那麼你只是為自己而做。如果你為自己而做，那麼就不是無私的。

.....

A problem is created whenever you want to assert your ego.
只要你維護小我，就是在製造問題。

.....

Whenever we react, it is always because there is something we selfishly want.

如果你起反應，那只是因為你想要得到什麼。

.....

Whenever we want to make the world different than it is, that is ego motivated.

如果我們想要改變這世界，就是在被小我所驅動。

.....

When there is no ego involved, we see things exactly as they are.

若沒有小我參與其中，我們就能看到真相。

.....

We are blinded to the degree of our ego.

我們被小我所蒙蔽。

.....

If you have any emotion, it is ego motivated.

如果你有任何情緒，都是小我在驅動。

.....

Any human need or desire is ego motivated. My ego thinks it needs things. My Self feels and knows that everything is mine.
任何需求或欲望都是小我所驅動。小我認為它需要什麼。但真我卻知道一切都是我的。

.....

We should have no wants. Then we are never in trouble.
我們應該無欲無求，如此我們便永遠不會有麻煩。

.....

Talking is asking for ego attention. It's wanting ego approval..
If you will remain quiet you may feel that happiness that you are seeking through making the noise.
說話是在尋求小我的注意力，想要獲得小我的認同。如果你保持平靜，你就有可能感受到你一直所追求的幸福。

.....

Almost every time we talk we are asking for ego acceptance.
每次我們說話，我們都是在尋求小我的接納。

.....

Ego is only destructive to one.
小我對我們來說，只有毀滅性。

.....

Everyone who has ego is destructive to the degree he has ego.
每個人，只要小我還在，就是具有毀滅性。

.....

Ego is the opposite of love. Love is the Self.

小我是愛的反面。愛是真我。

.....

Egos want to direct the universe.

小我想要控制宇宙。

.....

If you want to be most creative do away with the ego.

如果你想變得極富創造性，廢除小我。

.....

Ego is the most expensive thing in the universe, dollar and sense wise.

若用美元和感覺來衡量，小我是這宇宙最昂貴的東西。

.....

Any sense of doership is of the little self.

任何作為者的感覺，都是小我的感覺。

.....

Ego equals blindness. Blindness equals ignorance.

小我等於失明。失明等於無知。

.....

Any lack is necessarily an ego concept for the ego is necessarily a sense of limitation or lack.

任何匱乏必定都是小我所創造的概念，因為小我就是限制或匱乏的感覺。

.....

Ego is a mere notion that feels like the deluge of an ocean.

小我僅僅是個突發奇想，就想海面上突然下起的暴雨。

.....

When you are unhappy you are looking for ego approval and not getting it.

當你不開心時，你是在尋求小我的認同，結果是你不會得到它的認同。

.....

Another definition for trouble is trying to be an ego.

麻煩的另一定義是試圖成為一個小我。

.....

Any defending of oneself is asking for ego approval.

任何防禦都是在尋求小我的認同。

.....

If you want to be good at anything, the less the ego the better you are. The ego is a limiting adjunct on the Self. Since the ego is a limiting adjunct of the Self, the less the ego the more capable you are in everything (except one thing, -misery).

如果你想搞定任何事，小我越少就越能做到。小我是真我的有限附加物。因此，小我越少，你就越能在任何事上得心應手（除了痛苦）。

.....

It took you millions of years to develop this ego. Keep letting go of the ego until you begin to see the Self. When you see your Self, you quickly drop your ego in short time.

發展小我花了你幾百萬年的時間。持續釋放小我，直到你開始窺見真我。當你看到了你的真我，你就能很快脫離小我。

.....

After having eliminated much of the ego, when one is acting ego-wise, at that moment the ego seems like all. However, what has been eliminated has been eliminated.

在釋放更多的小我後，當再次被小我控制，在那一刻小我依然是全部。然而，被消除的就永不再現。。

.....

It's the ego sense of being an individual separate from the All that is the source of all trouble.

小我以為自己是從整體分離的個體。正是這種感覺，導致了所有麻煩。

.....

Soul is a glorified ego concept of the ego.

靈魂是被美化的小我，是小我創造的概念。

.....

It doesn't matter what you do, it does matter with what you identify. If you identify with the limited ego, then you are unhappy.

你做什麼並不重要，重要的是你認同什麼。若你認同有限的小我，你就不會幸福。

.....

After dropping enough ego, it gets weak and the Self takes us the rest of the way.

在釋放更多的小我後，小我變得虛弱。真我開始接管。

.....

All growth is letting go of ego.

一切成長都是釋放小我。

.....

The ego is a false imposition of the I. When you say I that is the eternal you.

小我是對“我”的錯誤強加。當你說“我”，指的是不朽的你。

.....

The ego cannot be subjugated by one who takes it to be real.

若你相信小我是真實，你就無法征服小我。

.....

Seek the source of the ego and it turns out to be your Self .

去挖小我的根，你會發現那是你的真我。

.....

Humility is letting go of ego.

謙卑就是釋放小我。

.....

If you are hurt look for the ego motivation and let go of it.

You'll then feel happier.

如果你感覺受傷，那就去找小我的動機並釋放。接著你就會變得快樂。

.....

Unless you are eliminating ego, you're not growing. You see, you can't grow into the Self because that's what you are. You just lift off the cover, which is ego.

如果你不釋放小我，你就無法成長。你無法長成真我，因為你就是真我。你只需掀掉蓋子，那便是小我。

.....

The ego creates and maintains the subconscious.

小我創造並維持潛意識。

.....

All subconscious thought is originated by the ego and hidden a way in the subconscious by the ego.

所有潛意識念頭都是源自小我，並在潛意識中被小我所掩護。

.....

The ego-principle is the cause of the seeming separation of you from the All.

正是小我主義，導致了從整體分離的感覺。

.....

The high states should be used to scorch the ego. The higher we go the more we are capable of scorching the ego. When you are high you can say, All this silly reaction and ego, I'm through with! – and be through with it!

高級境界應該被用於消除小我。境界越高，就越有能力消除小我。當你處在高境界時，你可以說，我擺脫了所有這些愚蠢的反應！去擺脫它們吧！

.....

The real you, your Self, is infinitely grand and glorious, whole, perfect and in total peace, and you are blinding yourself to this by assuming that you are a limited ego. Drop the blinder, the ego, and be forever in perfect peace and joy!

真實的你，就是你的真我，無限燦爛、圓滿、完美且寧靜。你只是因為假設自己是有限的小我而蒙蔽了雙眼。揭下你的眼罩，小我，你便處於永恆的寧靜和喜悅中！

第九章 做心智與物質的主人

Our subject is Happiness. We say that when understood, Happiness and all the following – God, Realization, Wisdom, Understanding – become the same; that the Happiness that we're seeking is only the real infinite Being that each one is. And when we recognize this, we then attempt to discover this inner Being that we are more and more, until we see it completely, totally and only. And when we do, the ultimate Happiness is established permanently, forever. And with it goes immortality, unlimitedness, imperturbable peace, total freedom and everything that everyone is seeking.

我們的主題是幸福。當我們真正了悟，就會明白幸福、上帝、開悟、智慧都是一回事，我們所找尋的幸福只是我們每個人所是的無限存在。當我們認識到這一點，我們就會越來越多地發現內在的存在，直到完全地看到它。此時，終極幸福將被永遠確立，與之相伴的是不朽、無限、不被攪擾的寧靜以及完全的自由。

The way to this inner Being that we are, is to direct our attention inward. We first focus the mind back upon the mind until we discover what mind is. We then focus our attention on our Self to discover our real nature. And it turns out that our real nature, the infinite real Self that we are, is simply we minus the mind; that the mind was a limiting adjunct covering our Beingness; that all thoughts have limitation (and we develop millions of thoughts of limitation) which prevent us from seeing this infinite Being that we are; and that by turning our attention inward we discover all this. When we do, we naturally let go of all these limitations. Then we see that we have always been, are now, and always will be, this unlimited Being.

如何通往我們所是的內在存在？將我們的注意力直接向內。首先把焦點放回頭腦上，直到發現頭腦是什麼。接著把注意力集中在真我上，以發現我們的真正本質。我們會體認到我們的真正本質——那無限的真我，只需減

掉我們的頭腦。頭腦是有限制的附加物，掩蓋了我們的存在。頭腦發展出無以計量的念頭，而念頭是我們發現這無限存在的障礙。通過將注意力轉向內在，我們就會發現這一切。當我們這麼做時，自然地就能釋放掉所有這些限制。我們會看到我們已經是，且永遠都是，這無限的存在。

The prime obstacle that we meet is the subconscious mind. It is full of thoughts of limitations that propel us every day, automatically. And we have made these habits of subconscious thoughts so strong that even when we recognize the direction we would like to go in, the subconscious thoughts keep directing us for quite sometime (even lifetimes) until we finally succeed in over coming them. We overcome them with thoughts of what we really want to do in life, and in that way become matter over the mind, controlling the thoughts until only the thoughts we want determine our behavior. Then we're in a position where we can do something about the mind and we start to transcend the mind. We rise above it and we drop it. We let it go! And when we do that we find ourselves this pure, infinite, limitless, totally free Being that we naturally are. And then happiness is complete.

我們遇到的主要障礙是潛意識。潛意識裡滿是限制性念頭，這些念頭每天自動地驅動我們。它們是如此強悍，以致於我們即使發現了這條內在捷徑，也依然慣性地被它們操控一段時間（有時甚至是終生），直到我們徹底戰勝它們。我們戰勝它們的利器便是“我們真正想要什麼”的念頭。控制念頭，直到我們的行為完全由我們想要的念頭來決定。如此我們便能對頭腦進行控制，且開始超越頭腦。我們釋放頭腦，不再受其影響。我們將發現那純粹、無限、完全自由的存在，於是幸福就此圓滿。

The direction is to go within, seeking and meditating to quiet the mind enough so that we can see the infinite Being that we are. The major steps are first, becoming aware of the fact that we are master over matter (and matter includes the body). Then, the second major step is becoming master over mind. And when we become really masterful over mind we are able to

and we do let go of mind and operate in the realm of omniscience, in the realm of knowingness. Then we are fully aware of' the infinite Being that we are, and are in the ultimate Happiness.

往內探索、深入，讓頭腦足夠安靜，我們將看到我們所是的無限存在。首先，覺知到我們是物質的主人（物質包括身體），接著，成為頭腦的主人。當我們對此遊刃有餘時，我們便能夠釋放頭腦，在全知的層次進行操作。我們將完全地覺知到我們所是的無限存在，沉浸在終極幸福之中。

We should start with the first step, consciously controlling matter. Whether we are aware of it or not, everyone is controlling matter all the time. Whether one wants to be a demonstrator or not, he is. It is impossible to not be a creator all the time. Everyone is creating every day. We are not aware of it because we just don't look at it. We have demonstrated or created everything we have! Every thought, every single thought, materializes in the physical world. It's impossible to have a thought that will not materialize (except that we reverse it). If we think the opposite right after we have a thought, with equal strength, we neutralize it. But any thought not reversed or neutralized will materialize in the future, if not immediately.

第一步，有意識地控制物質。不論我們是否意識到這點，我們一直都在控制物質。不做創造者，是不可能的。每個人每天都在創造。我們之所以無法意識到，是因為我們不去看它。我們顯化或創造我們所擁有的一切。每個念頭，每個單一的念頭，都在這物質世界顯化。在一個念頭後往相反的方向想，且用同樣的力，這個念頭便失效。任何一個念頭，在其生成後不立即扭轉抵銷它，這個念頭就會在未來顯化。

So this thing of demonstration that we are all trying so hard to accomplish, we are doing all the time, unconscious of the fact that we're doing it. All we need to do is to consciously direct it, and that we call demonstration. Everything that everyone has in life is a demonstration. It couldn't come into our experience had we not had a thought of it at sometime prior.

我們所孜孜以求的創化，其實我們一直都在做，只是沒有意識到這點。我們所需做的只是有意識地引導它。每個人在生活中所遇到的一切都是創化。如果沒有念頭在先，就不會在現實中顯現出來。

If you want to know what your sum total thinkingness is, look around you. It has determined exactly what you now have. It is your demonstration! If you like it, you may hold it. If you don't, start changing your thinking. Concentrate it in the direction that you really want, until those thoughts become dominant over the subconscious thoughts. And when you begin to consciously demonstrate small things, you may then realize that the only reason why they are small is because you don't dare to think big. The exact same rule, or principle, that applies to demonstrating a penny, applies to demonstrating a million dollars. The mind sets the size. Anyone who can demonstrate a dollar can demonstrate a million dollars! Become aware of the way you are demonstrating a one-dollar bill and just increase it next time to a much larger amount. Take on the consciousness of the million, rather than the one-dollar bill.

看看你主要的想法是什麼，它全然決定了你現在所擁有的，創化了你現在所擁有的。如果你願意，你可以把握一切。如果不願意，那就改變你的這個想法。將注意力集中在你真正想要的上面，直到那些想法凌駕於潛意識之上。當你有意識地創化一些小東西，你將意識到之所以只會是一些小東西，是因為你不敢想大的。創化一分錢的規則同樣適用於創化一百萬，其規模是由頭腦來決定的。能創化一塊錢，就能創化一百萬。對創化一塊錢保持覺知，下次創化更大的數額。

The material world is just an out – projecting of our minds into what we call the world and bodies. And when we realize that it is just an out-projecting of our minds, just a picture out there that we have created, we can very easily change it, even instantly, by changing our thought!

物質世界只是我們心智的向外投射。當我們意識到這點，就能輕易地改變外在世界，而這只需改變我們的想法。

So, to repeat, everyone is demonstrating, creating; every moment what he or she is thinking. You have no choice. You are a creator, so long as you have a mind and think.

每個人每時每刻都在創造、顯化。你別無選擇。只要你的頭腦還在運轉，你就是創造者。

Now, to get beyond creation, we must go beyond the mind. Just beyond the mind is the realm of perfection where there is no need for creating. There is a higher state than creation, it's the state of beingness, sometimes called awareness or consciousness. That state is just behind the mind. That's beyond creation.

想要超越創造，就必須超越頭腦。那意味著無需創造。這個層次高於創造，是存在的層次，有時也叫覺知或意識。它在頭腦之後，超越創造。

The mind finds it very difficult to imagine what it's like beyond creation, because the mind is involved constantly in creating. It's the creating instrument of the universe and everything that happens in the world. So, if you take this thing called mind, which instrument is only a creator, and try to imagine what it is like beyond creation, it's impossible. The mind will never know God or your. Self, because you have to go just above the mind to know God, your Self.

頭腦很難想像超越創造是怎樣的情形，因為它只是宇宙創造的工具。所以頭腦永遠無法知道上帝或真我，除非超越頭腦。

To know the infinite Being that you are, to know what it's like beyond creation, transcend the mind. The final state is beyond creation. It is the changeless state. In creation everything is constantly changing, and therefore the ultimate Truth cannot be there.

想要知道那超越創造的無限存在，那就超越頭腦。最終來到超越創造的永不退轉之境。只要仍在創造，一切便無常，終極真相也就無法窺見。

So, to demonstrate what one wants, one needs to become aware of the fact that all we need to do is to think only of the things that we do want and that is all that we would get, if we would do just that. Only think of the things you want and that's what you'll be getting all the time, because the mind is only creative. Simple, isn't it?

所以，想要創化你想要的，就必須覺知到我們所需做的只是去想我們真正想要的，並相信會得到它。因為頭腦能做的只有創造。很簡單，不是嗎？

Also, take credit for creating all the things that you don't like. Just say. Look what I did. Because when you become aware that you've created things that you I like, you're in the position of creator, and if you don't like it, all you have to do is to reverse it and then you'll like it.

同時，也不要因創造了不喜歡而懊惱，因為當你覺察到這點，你就站在創造者的位置。如果你不喜歡你所創造的，那就扭轉它。

After you can master matter by consciously creating that which you want, then master your mind and get beyond it.

當你能夠有意識地創造你想要的，從而成為物質的主人時，你就能成為頭腦的主人。

Any questions?

Q: No, but I think you did a good job of laying it out like that. I could almost understand everything you said.

問：你闡釋得很清晰，我幾乎都能聽懂。

Q: The most perfect explanation yet!

問：最完美的解釋！

Q: Am I to assume that everything that I see and meet during the day has been created by subconscious thoughts?

問：我能假設我所看到、遇到的一切都是由潛意識創造的嗎？

Lester: Yes. The difficult thing is the unconscious thinking. Every unconscious thought is active whether we are aware of it or not.

答：是的。最難對付的是潛意識的想法。每一個無意識的念頭都是活躍的，而不管我們是否覺知到它們。

Q: So, if I have a habit of having someone who doesn't pay rent, this is a subconscious thought that was put there by parents or someone before.

問：所以，如果我總遇到房客不交租的情況，那是由潛意識裡的某個念頭創造的，而這個念頭是在過去我的父母或其他人植入的？

Lester: No, put there before by you, it's your thought.

答：不是的，是你自己在過去植入的，因為那是你的念頭。

Q: All right. It's best to look at it and say, Where did this habitual thought come from? By looking at it, I can see where it came from and erase it from my consciousness and erase that particular habit of thought, can't I?

問：所以最好是先審查一下，這個習慣性的念頭是從哪來的？通過往內看，我可以看到它從哪兒來的，並將其從意識中清除，甚至清除因這念頭而來的特殊習慣嗎？

Lester: Yes. Putting it a little better, rather than see where it came from, see that it's been in you. Then you see how silly it is to have this thought working against you and you automatically drop it.

答：是的。更重要的是要看到它已經在你裡面，而不僅僅是看到它源自何處。接著你就會發現抱持這個老跟你對著幹的念頭是多麼的愚蠢，之後你就能自動放開它。

Q: I wish I would. I just don't automatically drop it.

問：希望如此。但我就是無法自動釋放它。

Lester: No, you do. There isn't just one thought on each subject, there are millions. I don't like to say this, but there are millions that you've acquired over many millions of years.

答：不，你已經釋放了它。但是一個問題對應的不止一個念頭，而是無數個念頭，是你自無始劫來形成的無數個習慣性念頭。

Q: If I have a habit of having something reoccur in my life, let us say a delay in getting things done, which is quite common in my business, is this purely my consciousness?

問：在生意上我有拖延的習慣，這完全是由我的意識創造的嗎？

Lester: Yes.

答：是的

Q: And its nonsense to say this is the way real estate people operate isn't it? I've got to look at my consciousness and if I say this is nonsense because it's my thinking, I can eliminate this type of delay.

問：如果說我拖延是因為整個房地產界都有拖延的毛病，那就是扯淡了。我審查過自己的意識，這是否意味著我可以消除拖延的情形？

Lester: Yes. It's possible.

答：是的，有可能

Q: How does one eliminate reoccurring conditions in one's life?

問：如何能不再重蹈覆轍？

Lester: By constantly working to undo it. Looking for the subconscious thoughts that are causing it and dropping them.

答：不斷地釋放。找到潛意識裡的念頭，釋放它們。

Q: It's my thoughts; I don't look at anything but my own thinking.

問：都是我的念頭創造的。所以不看其它，只看我的念頭

Lester: Yes. Now there's another way, a better way. If you can't pull up the subconscious thoughts, you can now put in a conscious thought with strong will, - so strongly that it overrides all the prior unconscious thoughts. This is possible. This is called using will power. You can will it. And if you will it strong enough, it'll override all the subconscious thoughts. When you're feeling high, that's when you have your greatest will. Just will it to be the way you want it to be. The mechanism is: You put in a thought with so much power behind it that it's more powerful than all the former subconscious thoughts put together.

答：是的。還有一個更好的方法。如果你不能揪出潛意識裡的念頭，可以以強烈的意願在意識中植入新的念頭，強烈到推翻所有這些先入為主的無意識念頭！這是有可能的。這叫運用意願的力量。如果你的意願足夠強烈，它將推翻所有潛意識念頭。當你感覺亢奮時，正是你的意願最強烈的時候。用意願來驅動，達成你想要的。這個機制就是：以強大的願力植入新的念頭，這個意願的力量超過之前所有潛意識念頭力量的總和。

Q: A man died last night and he left \$25,000,000! And the man next door had nothing. He died and went to heaven.

問：某人昨晚死了，留下 2500 萬美元的遺產！他的隔壁一無所有，死後卻去了天堂。

Lester: It's easier to get to heaven when you I have \$25,000,000 holding you here.

答：如果死時沒有 2500 萬拉著，將更容易升入天堂。

Q: It's easier to go, if you don't have \$25,000,000.

問：如果沒有 2500 萬，將更容易去天堂？

Lester: That's right. He's attached to that twenty-five. Re's trying to hold onto it right now, even though he is dead. And when he tries to pick it up, his astral hands go right through it

and he's in trouble. It holds him back, whereas a man who didn't have anything will just go off into higher, freer realms.

答：是的，因為沒有這方面的執著。如果有 2500 萬，即使死了還是會拽著，他的靈手會拽著，這樣他就有麻煩，2500 萬會把他拉回來。然而一個人若一無所有，就會升入更高更自由的次元。

Q: You mean now that he has so-called died, he can still be attached to his money?

問：你是說即使他死了，仍有可能執著于他的財富？

Lester: Oh sure! What he was the moment before he died, he is the moment after, except for the fact that he has let go of the dense body. The physical body is an exact copy of the astral body. And when you step out of the physical body, it feels the same to you and you try to do the things that you were doing just before in the physical body, if you have attachments to the physical world. If you don't have attachments, you adapt much easier to the freer way of life in the astral body.

答：當然。死之前那一刻是什麼，死後依然是什麼，除非他放開肉體。肉體是星光體的複製。如果你執著於物質世界，當你脫離肉體，對你來說依然是一樣的，你會繼續做你生前所做的。如果你不再執著，你會更容易以星光體的形式適應更自由的世界。

Q: I like your explanation of creation.

問：我喜歡你的解釋。

Lester: For the intellectuals, there are schools that argue this way: Is creation gradual or is it instantaneous?

答：知識份子分成不同學派，爭論著“創造是漸進的還是瞬間的”

Q: It's gradual because

問：是漸進的

Lester: What makes it gradual? The mind, by saying it's gradual.

答：是什麼使創造漸進？頭腦。

Q: True.

問：是

Lester: And if you keep thinking on it, you'll discover that creation is instantaneous.

答：但如果你繼續深入，就會發現創造是瞬間的。

Q: Sure it's instantaneous, but it appears differently.

問：創造當然是瞬間的，只是看起來並非如此。

Lester: And the instantaneity, - the instant also has the concept of time in it. That's just something I'm throwing out for you to work on, if you want to.

答：所謂暫態性，依然含有時間的概念。我現在把它提出來，如果你們願意，可以深入挖掘。

Q: An instant, you're confining it to a certain amount of time; you are limiting it.

問：一個瞬間，如果把它放在一定時間的框架內，就是在限制它。

Lester: I'll give you a clue to it. You went to sleep and you had a dream and you dreamed that you were born into a little infant body and you went through one year, two years, three years, into youth, middle age and old age, all the way up to ninety years. And it took ninety years to get up to that old body. It was a long, long time, right? Ninety years? Until you woke up and then realized it was a dream and it might have taken a second or two. The dream lasted a few seconds and in that time you went through a ninety-year period! And it seemed like ninety years while you were in the dream. It wasn't until you woke up that you realized it was only a few

seconds. Some day you'll see that creation is instantaneous, with the mental concept of time in it.

答：我給你個提示。你睡覺做了個夢，夢到自己進入嬰兒的身體，一年又一年地過去，到青年、中年，再到老年，直到 90 歲。對於這陳舊的身體來說，用了 90 年的時間才醒來，的確是好長一段時間。90 年吶。但當你醒來，意識到這只是個幾秒鐘的夢。夢只持續了幾秒，而在此期間，你經歷了 90 年的光陰！一個夢做了 90 年。終有一天你會發現創造是瞬間的。

Q: How do you equate our effort, trying to create that which we might desire with the statements: Seek ye first the kingdom of God and all good things will be added unto you.

And Think not of what you shall eat and where you shall sleep?

問：你如何將我們努力創造我們想要的，等同於《聖經》裡所說的“先去找尋上帝的王國，而非想著吃什麼、睡在哪，如此所有好的東西都會流向你”？

Lester: Well, it fits in. Seek ye first the kingdom of God, -God is the essence of our very beingness. If we seek that and discover it, we find the secret of everything. So, seek ye first the kingdom of God, go within, discover who and what you are; then you have the secret to everything, not only to creating but to everything. But you see, that's been part of several years of what we have been going through as a group: how to go within and discover this infinite Being that we are, which is the God part of us. And when this infinite Being is discovered, everything is known, how to create, and more than that, how to uncreate. And still more important, how to get beyond creating and uncreating, which is the ultimate state. Then you will not think of what you shall eat and where you shall sleep. Did I connect it for you?

答：“先去找尋上帝的王國”，上帝是我們存在的本質，如果你找到它，就找到了所有一切的秘密。所以，先去找尋上帝的王國，就是往內走，去發現你是誰以及你是什麼，這樣你就發現了所有的秘密，包括創造的秘密，

以及如何往內走並發現我們所是的無限存在，哪個是我們作為上帝的部分。當你發現無限存在的本質，所有一切便都明瞭，如何創造，如何不創造。更重要的是，你將發現如何超越創造與不創造，哪個才是終極狀態。那樣你就不會再想吃什麼或睡哪的問題。我的回答對你有用嗎？

Q: Until you reach the higher state, I wonder if it isn't possible to get caught up in still trying to create before you become aware of the higher state?

問：在到達更高的境界前，能否努力創造但又不陷入？

Lester: Yes, I say that you are caught up in trying to create. You now have no choice whether to be a creator, you are that all the time. You should now consciously create only the things you want and stop creating the things you don't want. One of the grossest errors we make is to try to create in the future: I will have this. I will get that, and when we do that, it keeps it in the future all the time, thereby keeping it a way. This is the greatest stumbling block for most people. When you create something, it has to be seen in present time, in its is-ness, now. It is mine, now!

答：努力創造就是陷入。你一直是個創造者，此外別無選擇。現在你應該有意識地創造你想要的，而非創造你不想要的。我們所犯的最嚴重的錯誤之一便是創造未來：我會擁有這個，我會得到那個。當我們那麼做時，我們想要的就一直待在未來，始終與我們保持距離。對多數人來說，這是最大的絆腳石。當你創造時，必須是現在就看到，現在就是我的！

Q: Well, even if I can't believe that I may be going to have something, at least I can believe that the thought is mine, so, if I build on The thought is mine, this gives me more foundation.

問：雖然我不相信我會得到什麼，但至少相信那念頭是我的。所以一旦確信那念頭是我的，就會更有力量。

Lester: Yes. Discover who the thinker is.

答：是的。去發現誰在想

Q: What happens when you reach the desireless state?

問：當你達到無欲的境界時發生了什麼？

Lester: Well, what is desire? Desire comes from thinking we are not the All. When you reach the desireless state, you see yourself as the All, as the sum total, and there's no more need, there's no more lack, everything is you. It's not 'yours, you are it!

答：什麼是欲望？欲望源於認為我們不是全部。當你達到無欲的境界時，你看到自己就是全部，就是整體，沒有需求，沒有匱乏，一切都是你，你就是一切。

Q: So, it's really a state of seek ye first the kingdom of God and all this shall be added unto you.

問：所以，先去找尋上帝的王國，如此所有好的東西都會流向你。

Lester: Everything, every last atom in the universe. Please note that most of your questions have been on havingness, the havingness of things. This indicates what you think happiness is. However, you will discover that should you obtain all the things you desire, you would still find yourself unhappy.

答：是的。你們大多數的問題都是關於擁有，這表明你認為幸福就是擁有。但是你會發現即使你得到了你想要的一切，你也不會幸福。

You must go beyond the havingness state and reach the beingness realm where you only are. There you know that you lack nothing and that you are the infinite All. There lies the ultimate joy which is a deep and a most profound Peace, the ultimate Satiation!

你必須越過擁有的狀態，到達存在的境地，你就是存在。如此你就會了悟你一無所缺，你就是無限的全部，幸福，寧靜，滿足！

第十章 頭腦

The mind is an -instrument created by you to image the Oneness as chopped up and separated into many parts I interrelated.

頭腦是你所創造的工具，為了把“一”想像成分裂的但又相互關聯的諸多部分。

The mind is simply the sum total composite of all thoughts.

頭腦不過是所有念頭的總和。

The mind becomes habitual.

頭腦變得具有慣性。

The subconscious mind is merely the thoughts that we are not looking at now.

潛意識頭腦只是一些我們沒有去看的念頭。

The subconscious mind is running us - making us the victims of habit.

潛意識頭腦控制著我們，讓我們成為習慣的受害者。

The thing that keeps us from recognizing and expressing our infinity is simply the mind, conscious and subconscious. If we are to express this infinite nature, we can do it only by getting behind this mind. When we reach the realm behind the mind we operate without thoughts, intuitively, and are in harmony with the whole universe.

讓我們無法認識並表達我們的無限的罪魁禍首正是頭腦，包括顯意識和潛意識頭腦。如果我們想要表達我們無限的本性，只能越過頭腦，來到頭腦之後。如此我們就能無需思考，僅憑直覺行事，並且和整個宇宙都處在一種和諧中。

The direction is to still the mind. Quiet the mind and you'll see your infinity right there.

我們的目的就是為了讓頭腦平靜，如此你將會看到你的無限。

Just let go of the mind completely and what's left over is your infinite beingness, all knowing, all powerful, everywhere present.

徹底地釋放頭腦，剩下的便是你無限的臨在，無所不知，無所不能，無所不在。

Were we to direct all our energies to stilling our mind, we would soon be realized.

如果我們將所有精力都集中在平靜頭腦上，很快就能開悟。

The mind quiets spontaneously in the company of a great soul.
在偉大靈魂的陪伴下，頭腦會自然地安靜下來。

The more you quiet the mind, the more you feel the Self, and
the better you feel. You feel as good as your mind is quiet.
頭腦越平靜，你就越能感受到真我，你的感覺也會越好。

When the mind vanishes, there the Self is. Where the Self is,
there is no mind.
頭腦消失後，真我顯現。有真我的地方就沒有頭腦。

The mind is reflected consciousness, reflected from its source,
the Self, just like the light from the moon is reflected from the
sun. While the moonlight may be used to reveal objects, it is
no more needed when the sun rises. Although the moon may
remain in the sky while the sun shines, it is dim and useless.
Likewise, the mind is useless when we let the Self shine.
頭腦是反射自（其根源）真我的意識，就像月光是日光的反射一樣。月光是能用來照亮物體，但一旦太陽升起，它便黯淡，毫無用處，即便依然高掛在天上。同樣地，一旦我們讓真我閃耀，頭腦便失去作用。

Your mind is an instrument used to identify your real Self with
your body and world.
你的頭腦是一個工具，用來將你的真我等同於你的身體和世界。

If you do not identify with your body or mind, neither your body nor your thoughts will effect you. So it is when you sleep. Not identifying with your body or mind you have no problems nor suffering.

如果你不認同你的身體或頭腦，你的頭腦和念頭就無法影響你。所以當你睡覺時，你不會認同你的身體或頭腦，也就不會有任何問題或痛苦。

In meditation one subdues the mind and feels the wonderful peace of the Self. This is the start. The finish is the total dissolution of the mind. This is accomplished by recognizing the mind as not being apart from the Self, by seeing it as a phantom product of the Self.

在冥想時，你可以抑制頭腦，感受到真我的平靜。這是個開始。通過認識到頭腦從未與真我分離，它僅僅是真我的幻覺，以此來徹底清除頭腦。這是個結束。

In this dream-illusion there's a thing called thought. And thought determines and is the cause of all matter.

在這場夢幻中，有個東西叫念頭。念頭決定並導致所有的問題。

In your imagination you have written and projected a cinema show of acts, actors and audiences on a screen and have lost sight of the fact that it is all in your imagination, your mind. Discover this and you discover the absolute Truth.

在你的幻想中，你編寫並投射了一場有動作、有演員、有觀眾的螢屏電影，並且無法再看清一切都只是在你的想像中，在你的頭腦中。最終你會發現全部的真相。

The world and universe are a mental concoction.

整個世界和宇宙都是頭腦的調製品。

Mind subsidence is Realization. There are two ways to obtain it. On recognizing what the mind really is, it is seen as an illusion and therefore subsides. By concentrating on your Self and discovering You, mind also subsides. Complete subsidence is full Realization. . .

頭腦的消失就是開悟，有兩條路可以到達。一條是看清頭腦不過是個幻覺；另一條是專注於真我，發現真我。這兩條路都能讓頭腦消失。頭腦徹底消失，就是完全開悟。

The reason why thoughts wander back into the world is because we believe the world is real. But for this belief, Realization would be!

念頭之所以回到這個世界，是因為我們相信這個世界是真實的。但是正因為這只是個信念，開悟才成為可能。

Mind distraction is wanting more the things of the world than the Self. Wanting more to hold your Self, the world is not looked at!

頭腦的錯亂導致其對擁有（這個世界的東西）的渴望高於對真我的渴望。想要更多地待在真我裡，就更能忽略這個世界。

A thought is an assumption of lack causing a wish to fulfill it.

念頭是：假設自己是匱乏的，所以才想要填滿。

All thoughts are of non-truth. It's so simple. You just stop the thoughts and the infinity that you are is self-obvious.

所有的念頭都不是真的，所以很簡單，你只需停止念頭，你所是的無限就會自動顯現。

You've got to use the mind to quiet the mind. You need to use determination to still it.

你必須利用頭腦來使頭腦安靜，因為你必須要下使其安靜的決定。

When you begin concentrating on the mind, you begin rising above the mind.

當你開始專注於頭腦，你就開始超越頭腦。

Once you see what the mind is, you won't be subject to it any more.

一旦你看清頭腦是什麼，你就不再受其控制。

Strength of mind is the ability to concentrate undistracted on a single thought.

頭腦的力量在於能夠將注意力集中在一個單一的念頭上。

Without concentrated mind progress is relatively small.

頭腦無法集中，進步就相對緩慢。

A wandering, wavering mind is one that dissipates one's energy in the form of many thoughts. Hold one thought and the energy is less dissipated and more conserved. Direct this conserved energy toward the Self and your Self will be revealed. The more you do this the stronger becomes your direction and the easier it becomes to abide in your Self.

一顆躊躇、搖擺的頭腦，將一個人的精力以念頭的形式揮霍掉。持住一個念頭，能夠保存更多精力。將這些保存下來的精力專注於真我，真我就會顯現。你越這麼做，目標就越堅定，也就越容易停留在真我裡。

In the beginning the mind pursues the Self intermittently between long intervals. As one continues, the intervals shorten. .Toward the end, the mind is constant in the pursuit and does not wander from it.

一開始，頭腦對真我的追尋是間歇性的，且間隔很長。隨著追尋的繼續，間隔越來越短。最後，頭腦能一直處在追尋中，並不再停歇。

The power of the mind is almost infinite. When there is only one thought all that power is right there.

頭腦的力量近乎無限。當只有一個念頭時，力量就會全部出現。

Restless thoughts keep the Great Ones away. A quiet mind keeps the door open to them.

紛亂的念頭將“偉大的一們”擋在門外。當頭腦安靜下來時，大門就會向“偉大的一們”敞開。

The more you eliminate mind, the more peace you feel.

頭腦消除得越多，你就越平靜。

The mind will never discover the Self because the mind is the cover-up over the Self. It's only by letting go of the mind that the Self is seen. You get the mind quiet enough to allow your Self to be obvious to you so that you may use It to let go of the mind.

頭腦永遠無法發現真我，因為頭腦掩蓋了真我。只有釋放掉了頭腦，真我才會顯現。你讓頭腦平靜，可以讓真我顯現，這樣你就可以利用真我來釋放（剩下的）頭腦。

Eliminating what you are not is growth.

成長是釋放你的所不是。

The biggest difficulty is the subconscious mind. We have relegated things to the subconscious, stored them there, and thrown away the key.

最大的困難是潛意識頭腦。我們把問題關到潛意識裡，並扔掉了大門的鑰匙。

If we could make our subconscious fully conscious, we would be fully realized.

如果我們能讓潛意識全部浮現到意識層面，我們就能完全開悟。

Every mind uses the very same unlimited intelligence.

Everyone uses it as much as he believes he can use it to fulfill his desires. When he learns that his mental limitations are self imposed, he lets go of them. Then his intelligence (I. Q.) can be raised to the degree that he knows he has no limits.

每個頭腦都使用相同的無限智力。每個人使用智力的程度取決於他有多相信智力能滿足他的欲望。當他明白頭腦的限制源於自己的強加時，他便釋放了它們。他的 IQ 便上升到他所知的無限水準。

We are all in the same mind and the only thing that keeps us from reading the other one is that our attention is too centered on our own little self.

我們都在同一頭腦裡，讓我們無法解讀其它頭腦的原因是我們的注意力過於集中在我們自己的小我上。

Everyone unconsciously reads everyone else and thinks that it is his own thoughts.

每個人都無意識地解讀他人，並且認為這是他自己的念頭。

All minds are influencing each other.

所有頭腦都在相互影響。

A high-level mind tunes in with other minds of high level. A low-level mind tunes in with other minds of low level.

一個高級頭腦與其它高級頭腦調諧。一個低級頭腦與其它低級頭腦調諧。

Mind is catchy. It's immediately infectious.

頭腦具有傳染性，能夠即刻傳染。

Thought is a mechanism of limitation.

念頭是一種限制機制。

The only intelligence the mind has is what you give to it.

頭腦具有的唯一智力正是你所賦予它的。

Thoughts smother the capacity to be happy.

念頭抑制了幸福的能力。

Every thought causes a demonstration.

每個念頭都能顯化。

There is no limit to the number of new ideas that man can have.

人能擁有的想法是無限的。

Anything man can think can be.

只要能想，就能成真。

You use your mind to still your mind. When you are meditating, holding one thought, other thoughts drop away.

你用你的頭腦來使頭腦安靜下來。當你在冥想時能夠持住一個念頭，其它念頭便離開。

Mind is always seeking external knowledge. Direct it internally.

頭腦總是向外尋求知識。指引它往內。

Introvert the mind and realize to full realization.

使頭腦向內，方能完全開悟。

The ego-mind struggles for survival and tries to subvert your direction.

小我-頭腦總是為生存而奮鬥，並試圖調轉你（向內）的方向。

The mind cannot give the ultimate answer because it's part of the ego, part of our limitation.

頭腦無法給出終極答案，因為它是小我的一部分，是我們限制的一部分。

Real knowledge lies just behind thought, which is relative knowledge, and relative knowledge is ignorance

真正的知識在念頭的後面，念頭只是相對的知識（relative knowledge），相對的知識等同於無知。

（譯者注：結合萊斯特在《REALIZATION 如何才能開悟》一文中對知識的定義，此處“真正的知識”是指通過覺知和經驗而來的知識，而“相對的知識”更多是指通過閱讀而來的知識。）

When the Self, which is just behind the mind, is discovered, you see that the mind is limited and let go of it.

一旦頭腦後面的真我被發現，你將明白頭腦是有限制的，並會釋放它。

There is a mind that runs this planet. There is a mind that runs the solar system and a mind that runs the universe. All these minds are in the illusion.

有個頭腦管理地球。有個頭腦管理太陽系。有個頭腦管理整個宇宙。所有這些頭腦都只是處在幻想中。

Where is the world without your mind? Is there such a thing as world when you submerge the mind? The thought of the world creates it. This whole solid universe that you mentally say is a solid universe is just your thought that it is a solid universe.

沒有你的頭腦的世界在哪裡？有沒有一個頭腦被淹沒後的世界？念頭創造了這個世界。這個被頭腦稱為固體宇宙的固體宇宙只是由念頭所創造的，而念頭也是一個固體宇宙。

Anything your mind is absolutely convinced of materializes instantly.

你頭腦所篤信的任何東西都會立即顯化。

Mind can do anything with the body.

頭腦可以利用身體做任何事。

The utmost that the intellect and reasoning can do for us is first, recognize its limitations and secondly, do that which helps the quest for the Self.

思維邏輯能為我們所做的最大貢獻是意識到它自己的限制，其次是幫助我們探尋真我。

Every thought is an affliction. When the thought waves are completely stilled there are no more afflictions.

每個念頭都是種折磨。當念頭的浪潮完全平息，也就沒有了折磨。

Every thought is motivated by a desire for pleasure or an aversion to pain.

對快樂的渴望，或對痛苦的厭惡，激發了每一個念頭。

Letting go of all attachments and aversions is letting go of all your thoughts.

釋放所有的執著和厭惡，就是釋放所有的念頭。

Thought and desire are the same.

念頭和欲望是一回事。

The only thing we are aware of is our own thoughts.

我們覺知到的唯一一個東西就是我們自己的念頭。

What we're seeing out there is our own mind.

我們看到的是我們自己的頭腦。

That which you really want you never forget, it's always on
your mind. Really want to discover your Self.

你真正想要的，你永遠不會忘記，它會永遠在你的頭腦裡。所以，讓發現
真我成為你真正想要的。

The mind is the brain of the astral and causal bodies.

頭腦是星光體和起因體（causal body）的大腦。

The mind can be made quiet wherever you are. The place to do
it is right where you are.

無論你在哪裡都可以使頭腦安靜。讓頭腦安靜的地方正是你所在的地方。

Don't mind the mind and the mind won't need minding!

不要在乎頭腦，因為頭腦不會需要在乎。

The mind is not made noisier, it is just that you get quiet enough to notice how noisy it is.

不是你讓頭腦變得嘈雜，而是當你足夠安靜時，就會注意到頭腦是多麼嘈雜。

Everything falls perfectly into line effortlessly and harmoniously without thoughts.

沒有念頭，便無需努力，一切自會完美運轉。

As mind gets quiet, first the sense of havingness decreases until a measure of security is felt. It becomes less necessary to have in order to be. Then the sense of doership decreases until a further security is felt in that one is not the real doer, that the real doer is a higher power, that one can actually be with much less doing and it becomes less necessary to do in order to be. Finally your real Self that has always been in the background steps in and takes over and you feel that there is nothing necessary any more that you must have or do, that there is no choice but to only be!

隨著頭腦安靜下來，想要擁有的感覺便會減弱，直至感到某種程度的安全。為了只是存在，變得越來越不需要擁有。接著想要作為的感覺開始減弱，直至感到更深程度的安全，因為已經感覺到自己不是作為者，真正的作為者是更高的力量。因此開始變得更少作為，並且為了只是存在，變得

更不需要擁有。最後一直躲在幕後的真我終於露臉，並開始接管。你會感到再無必要去擁有，再無必要去作為，你別無選擇只是存在。

Use omniscience, don't use the mind! The goal is to eliminate the mind.

使用全知，不要使用頭腦！因為我們的目標就是要消除頭腦。

If there are no thoughts then there is no mind. Mind is only thoughts.

如果沒有念頭，就沒有頭腦。頭腦只是一些念頭。

If you take away your mind what's left over is Omniscience. You are that omniscient Being that you are seeking, clouded over by mind.

如果你拿走你的頭腦，剩下的就是全知。你是你所一直找尋的無所不知的存在，只是被頭腦所蒙蔽。

Mind detached from world and centered only on Self is Liberation.

與世界分離、並只以真我為中心的頭腦就是自由。

Depth of meditation is the degree of quietude of mind.

冥想的深度決定頭腦的安靜程度。

Unless we're eliminating mind, unless we're eliminating ego,
we're not progressing.

除非我們消除頭腦，除非我們消除小我，否則不會進步。

The more we keep looking into the mind, the quieter we
become.

我們越是深入地觀察頭腦，我們就會變得越平靜。

Where the mind is all quiet, there is all knowledge.

頭腦徹底安靜的地方，就是全知的所在。

Knowing the mind is full Realization.

瞭解了頭腦就是完全開悟。

The first thought of all thoughts is I am an individual, separate.
In order for there to be a he, she or it, first there has to be an
I. So we create I, and then there are others. Without the first
thought of I there can't be any other thoughts of anyone else.
That's the first basic error, I am a separate individual. If I am
separate then there has to be others, he, she and it. And you
start dividing up the One by first becoming an individual
separate from It. Thought first divides and separates you from
the One Beingness, and then creates a multitude of beings and
things and all the relationships. It's all your thought, that's all it
is. Let go of thought and what's left over is you, infinite,
eternal, glorious, all joyous. serene!

所有念頭中的第一個念頭是“我是一個（與整體）分離的個體”。為了有他、她、它，首先必須要有“我”，所以我們創造了“我”，才有了其他人。如果沒有“我”這第一個念頭，就不會有有關其他人的念頭。這是第一個基本錯誤，即“我是一個（與整體）分離的個體”。如果我是分離的，那麼必定還有他、她、它。通過首先讓自己變成一個從“一”分離的個體，你開始分割“一”。念頭首先將你從“一的存在”分離，然後創造了無數的存在和事物以及一切關係。一切都只是念頭。釋放念頭，剩下的便是無限、永恆、燦爛、喜悅、寧靜的你！

第十一章 如何揭露頭腦

See the source of the mind and you will find your Self .

看清頭腦的根源，你會發現你的真我。

Turn the mind back upon the mind and it will reveal its secrets.

將頭腦轉回頭腦上，頭腦會透露它的秘密。

Concentrate the mind on one thought and all other thoughts
will drop away. Then drop this one thought.

將頭腦集中在一個念頭上，其它念頭就會離開。接著將這個念頭釋放掉。

Learn to control the breath and you will automatically control
the mind.

學會控制呼吸，你就能自動控制頭腦。

Eliminate the ego. The ego thinks' and causes all thought. The
ego is the identifier of the Self as the body.

釋放小我。小我思考並引發所有念頭。小我將真我視為這具身體。

Surrender the mind to God.

讓頭腦臣服於上帝。

Eliminate all objectivity and the mind resolves. Then there is only subjectivity.

消除一切客觀性，頭腦就會消失，只剩下主觀性。

The mind must be eliminated permanently by realizing that it is not real but only an apparency, an illusion that has its source in your Self.

頭腦若要被永久清除，就要意識到它不是真實的，只是一個現象、一種幻覺，它的根源就是你的真我。

Where there is only subject and no object, there the Self is.

沒有客觀只有主觀的地方，就是真我之所在。

第十二章 帶著問題去冥想

The prime purpose of meditation is to quiet the mind. When we hold one thought with interest, as we hold it, other thoughts keep dropping away. Thoughts of the day, -what he did to me, what she did, what I should have done, etc., all these thoughts are active on a subconscious level. As we hold to one thought, these subconscious thoughts quiet; they become still. They drop into the background, and that quiets the mind.

冥想的主要目的是讓頭腦安靜下來。當我們對持住一個念頭有著強烈的興趣，待在那個念頭裡時，其它念頭就會離開。我們一天當中會有很多念頭，比如他對我做了什麼、她做了什麼、我本應該做什麼等等，所有這些念頭都活躍在潛意識裡。當我們持住一個念頭，這些潛意識念頭就會安靜。它們落入背景中，這樣就能讓頭腦安靜。

Now, the most important thing in quieting the mind is interest. When you are very interested in something, you'll override all other thoughts. Likewise, if, with intense interest, you want to know: What am I? What is this world? What is my relationship to it? If there's a real burning desire to get the answer, then all other thoughts drop away and the mind becomes extremely concentrated. Then the answer shows itself. It comes from within. The answer is there all the time. The quieting of the thoughts allows us to see it, to see the answer that was there all the time, there in the realm of Knowingness, the Self.

讓頭腦變得安靜，最重要的是要有興趣。當你對某事非常感興趣時，你就能忽略其它所有念頭。同樣地，如果你對以下問題有強烈興趣，比如“我是什麼”、“這個世界是什麼”、“我跟它有什麼關係”等，心急火燎地想要得到這些問題的答案的話，那麼其它所有念頭就會離開，頭腦因此變得極為專注。接著答案就會自行呈現。它來自內在，一直都在內在。念頭的安靜讓我們有機會看見它，看到它一直在那裡，在全知的層次，在真我裡。

The starting point should be a strong desire for the answer. When that desire is strong we get the answer. That's why mans

extremity is Gods opportunity. Extreme adversity causes in us a desire to get out of it with such intensity that we concentrate our mind and discover the answer.

起點應該是對答案的強烈渴望。欲望足夠強烈，我們方能得到答案。這就是為什麼說“人類的極限，上帝的機會”。絕境讓我們產生想要擺脫它的強烈渴望，正因為如此，我們才能讓頭腦專注，並最終發現答案。

When I started my quest I thought thinking would give me the answers. I had a mind that was as active as any mind could be. But I was at the end of the line. I had had a second heart attack and they told me I was finished, that I had only a short time to live, and so I had to have the answers. And even though my mind was far more active than the great majority of minds, the intensity of the desire for the answers caused me to hold to one question at a time, obliterating all else. This concentration did it!

當我開始探索時，我以為思考會帶給我答案。我有一顆和其他人一樣活躍的頭腦。但當時我的生命已經走到了盡頭。我第二次心臟病發作，醫生告訴我我完了，活不了多久了，所以我必須要找到答案。儘管我的頭腦要比大多數人的活躍，但是對答案的強烈渴求讓我每次都能專注在一個問題上，忘記了其它問題。正是專注讓我得到了答案！

I started seeking with no knowledge of metaphysics, no knowledge of the way. In fact I was anti all religion and all metaphysics; I thought it was nonsense, for the weak-minded, for people who believed in fairy tales.

當我剛開始探索時，我對形而上學或覺醒之路一無所知。實際上當時我反對所有宗教，所有形而上的東西，我認為這些都是胡扯，只有弱智或相信童話的人才相信這些。

But it was only because of the intensity of the desire to get the answers, I had to have the answers, that they began to come, and they came relatively quickly. Over a period of three months time I went from an extreme materialist to the

opposite extreme: the material is nothingness and the spiritual is the All.

但是正因為對得到答案的強烈渴望，讓答案在相對較短的時間內自動呈現。僅僅過了三個月，我從一個極端的唯物主義者走到另一個極端。物質什麼都不是，靈性才是一切。

The wish to get the answer was so strong, that in spite of my mind being one of the noisiest of minds, the answers began to come. I automatically fell into things (I knew no words for them) like samadhi. I would concentrate on a question with such intensity that I would lose awareness of the world, lose awareness of this body, and then I would be aware of just a pure thought, the thought itself would be the only thing existing in this universe. That's absorption when the thinker and the thought become one. One loses consciousness of everything but that one thought. That's a very concentrated state of mind and the answer is always discovered right there.

對得到答案的渴望如此強烈，以致於即使我的頭腦不是一般的吵鬧，答案也依然到來。我自動地進入所謂的三摩地（當時我並不知道有相應的詞彙）。我會專注在一個問題上，對答案的強烈渴望讓我忘記了這個世界，忘記了這具身體，我只知道這一個念頭，這個念頭是這個宇宙唯一存在的東西。專注能讓思考者與念頭合二為一。你失去了對一切的意識，只意識到那一個念頭。這對頭腦來說是非常專注的狀態，你會發現答案就在那裡。

I started with What is happiness? What is life? What do I want? How do I get happiness? I discovered that happiness depended upon my capacity to love. At first I thought it was in being loved. I reviewed my life and saw that I was very much loved by my family and friends and yet I was not happy. I saw that was not it. Continuing, I realized that it was my capacity to love that gave me happiness.

我從“幸福是什麼”、“生命是什麼”、“我想要什麼”、“如何才能得到幸福”開始。我發現幸福取決於愛的能力。一開始我以為幸福是被愛。但當我回

願我的一生，看到即使我被我的家人朋友們愛著，我也依然不幸福。我知道幸福不是被愛。於是我繼續，直到意識到正是我愛的能力才讓我幸福。

The next question was What is intelligence? I persisted until Ah! I saw it! There is only one intelligence in the universe and we all have a direct line to it.

下一個問題是“智力是什麼”。我探索著，直到“啊！我明白了”！這個宇宙只有一個智力，我們每個人都有一根線通往它。

Then I worked on responsibility and discovered that I was responsible for everything that happens or happened to me. Creation was something I created!

接著我開始探索責任，發現我對一切發生在我身上的或者已經發生過的都負有責任。我就是那個創造者。

Finally, I held the question What am I? until the answer presented itself.

最後，我專注在“我是什麼”這個問題上，直至答案自行呈現。

And this went on and in a matter of three months time I believe I saw the entire picture, went all the way, only because of the concentrated approach. I knew nothing about the subject; I knew nothing about the direction, the way, the path, but I wanted to know: What am I? What is this world? What's my relationship to it?

我持續地探索著，大約三個月後，我想我看到了整幅畫面，已經走完全程，僅僅是因為專注。我對這個課題一無所知，對靈性道路、目的一無所知，只是想知道“我是什麼”、“這個世界是什麼”、“我跟它有什麼關係”。

You discover that the whole world is nothing but you, that there never was anything but you all along, because there's only One and you are It! But that isn't the final state. You come out of it and there's still a certain amount of mind left. So you go back into the meditative quest until there is no more mind

controlling you. When you've eliminated all the habits of thought, all the tendencies of mind, you are free; then you can use your mind and you are the master and director of it. It no longer determines you, you determine it.

你發現這整個世界只是你，從來都只是你自己，因為只有“一”，而你就是“一”。但是這並不是最後階段。你從那出來，發現還有一些頭腦剩下。所以你繼續回到冥想中探索，直到再也沒有頭腦能夠控制你。當你消除了念頭的所有慣性、頭腦的所有傾向，你就自由了。你就可以使用你的頭腦，你成了頭腦的主人和指揮。頭腦再也無法控制你，而是由你來控制它。

At present we are over 90% of the time controlled by the unconscious mind.

目前我們 90% 的時間都是由潛意識頭腦控制。

Q: That's the conscious and unconscious mind both?

問：你是指顯意識和潛意識頭腦都能被控制？

Lester: Well, the conscious mind is easily controlled. The subconscious is not because it is not easily seen. It's a mechanism we set up of not looking at our thoughts. of making them operate automatically. We did it to our entire body; it's all automatic now. And then we did it to all thoughts but the thought we're interested in at the moment.

答：顯意識頭腦比較容易控制。而潛意識之所以難以被控制是因為不容易被看到。這是我們自己設立的機制，為了不去看我們的念頭，為了讓它們自動運轉。我們對自己的身體也是這樣的，所以身體現在是自動運轉的。然後我們也這樣對待自己的念頭，除了此刻我們感興趣的念頭，其它一概無視。

Q: Why is it that we did it to all thoughts except the one we're interested in at the moment?

問：為什麼我們這樣對待自己的念頭？

Lester: Because we don't want the thoughts in the first place. so we push them away to the background. We are happiest when there are no thoughts. Sometimes, when you work with your hands, youre very happy, right? Why? The thoughts are quiet.

答：因為我們不想讓念頭出現，所以把它們推到背景裡。沒有念頭時我們會很高興。有時當你看自己的手時，你會感覺愉快，不是嗎？為什麼？因為念頭安靜了下來。

Q: Then your mind is quieted at that time, or is it operating on the subconscious level?

問：那時你的頭腦是安靜的，或者是在潛意識層面活躍著？

Lester: Well, consciously and even subconsciously it's quieter. We really dont want thoughts. Thoughts are the things that make us unhappy; even the happy thoughts make us unhappy because while we are enjoying something, we're concerned about the possibility of maintaining this pleasure which we know is not going to last. The thought of the pleasure at the same time evokes the thought that it's not going to last. Even thoughts of happiness are limited. The really happy state is the no-thought state; it's the state of Knowingness and is beyond thought.

答：在顯意識、甚至潛意識層面，頭腦都變得更安靜。我們真的不想要念頭。念頭讓我們不開心，即使那些令人愉快的念頭也會讓我們變得不愉快，因為當我們享受什麼的時候，我們會想著要維持這種愉快的感覺，但同時我們又知道不會一直這樣愉快。令人愉快的念頭會引發“不會一直愉快”的念頭。所以即使是愉快的念頭，也是有限制的。真正的愉快的狀態是無念的狀態，那是超越了念頭的全知狀態。

We started with the subject of meditation. Meditation does seem to be a question in many people's minds who have meditated for years and years. The best type of meditation is with question. When you just drop into a nice quiet state

without question, you get a good feeling but no progress of getting the Knowledge.

我們從冥想入手。對那些練習冥想多年的人來說，冥想似乎依然是個問題。最好的冥想方式是帶著問題冥想。如果你不帶著問題，即使入靜讓你感覺很美妙，但是對獲得智慧而言，依然無益。

Q: There isn't any progress when you're just quiet?

問：當你入靜時並不意味著有進步？

Lester: There is in that you're moving toward the quiet state. And the quiet state is a better state than the noisy state. In that sense it's a step forward. But the only problem we have now is called ignorance. We're ignorant of the fact that we are infinite. To get rid of ignorance we need the Knowledge of our infinity. To get the Knowledge we have to enquire. So when we go into meditation and just get peacefully quiet, that's good, - but don't stop there, then get the answers. It's necessary to get quiet to get the answers. Only the answer to What am I? gets us to the top. That is easy to see, isn't it? So if we want to take the -quickest way, we start with the question that we finally have to answer: What am I?

答：是有些進步，相對吵鬧的狀態來說。但是我們現在的問題是所謂的“無知”。我們對我們所是的無限一無所知。為了脫離無知，我們需要知道我們的無限。為此我們必須探索。所以當我們在冥想時入靜，這固然很好，但是不要止步不前，我們要獲得答案。為了獲得答案，入靜是有必要的。但是只有得到了“我是什麼”的答案，我們才是到達了頂點。所以如果想要進步神速，就帶著“我是什麼”的問題去冥想。

I want to relate this to meditation. For more rapid growth meditation should be with question. Here's where the jnanis get the advantage over the bhaktas. Surrender and devotion throw us into nice feelings and they're good: But a jnani goes further; he says, All right, don't stop there, get the answer. It's only when we fully know who and what we are that we're at

the end of the road. So the fastest and best way to meditate is to pose a question, get quiet and stay quiet until the answer shows itself. Then go to the next one until all the answers are there.

帶著問題去冥想，進步會更快。這就是為什麼智慧者（jnani）要比虔信者（bhaktas）佔優勢的原因。臣服和奉獻將我們帶入美妙的狀態，這固然好，但是智慧者走得更遠，他們會說：不錯，但不要就此打住，去獲得答案。只有當我們知道我們是誰、是什麼的時候，我們才是走到了終點。所以更快更好的冥想方式就是帶著問題去冥想，入靜並待在那裡，直到答案自動呈現。然後轉到下一個問題下個問題，直到獲得所有問題的答案。

Q: If we find we aren't making much progress, could we pose the question What's holding me up?

問：如果我們發現沒有多大進展的話，能否提出“是什麼讓我止步不前”的問題？

Lester: Sure, you should. It's a good one.

答：當然可以。這是個很好的問題，你應該帶著這個問題去冥想。

Q: You know I think you had it easier because you didn't have a lot of preconceived ideas.

問：我覺得你開悟比較容易，因為你之前沒有太多先入為主的東西

Lester: You're right. I was very lucky that I knew nothing because intellectual knowledge about the subject is an obstacle. The ego substitutes the intellectual knowledge for the real experiencing of it. I was very, very fortunate not to have had any knowledge of it.

答：是的。我很幸運，因為對這個主題知道太多是種障礙。小我會將頭腦的知識代替真實的體驗。所以我在那之前對此一無所知，真的非常非常地幸運。

Q: You also didn't realize that it's as difficult as most people think it is.

問：人們都認為這很難，但你當時並不知道這很難。

Lester: Yes. However, knowing what you're telling me helps one let go of that obstacle of intellectual knowledge. I prod you in this direction, don't I? I say: Don't believe anything. Start from scratch. Build up your knowledge on the solid foundation of proof, step by step. Everyone must do this.

答：是的。但是這樣一說，能夠幫你看到你需要釋放頭腦知識所帶來的障礙。我的經歷可能激勵你走上這條路。我說：不要相信任何事。從零開始。將你的知識建立在體證的堅實基礎上，一步步地去建立。每個人都必須這麼走過來。

Q: You can't take someone else's experience?

問：你拿不走別人的經驗？

Lester: Right, you would be working on hearsay, on what they have said, and the only useful thing is that which you experience. I relate it to driving a car. If I say I know how to drive a car after reading a book that directs you to turn the key on, start the motor, shift into drive and step on the gas, do I know how to drive a car? No, not until I experience it can I drive a car. It's the same thing on the path; we must experience everything.

答：是的。你可以通過道聽塗說，但是唯一有用的卻是你親自體驗而來的。以開車為例。如果我說我看過有關如何開車的書籍，我已經知道怎麼開車了。我真的知道怎麼開車了嗎？不，除非我真的開過車，否則我不會知道怎麼開車。這個道理同樣適用於這條道路，我們必須親自去體驗一切。

We must, of course, adopt the attitude that what the Great Ones say is so, that they have experienced it. However, you must check it out and prove it for yourself. And the basic Truth is that there's only one Reality; there's only one absolute Truth,

and that is that this whole world or universe is nothing but God, but better than that, is nothing but my very own Self. God could be far away; He could be miles and miles away in cosmic space, but my very own Self is right here, is something I know about, is something I can perceive, it is my very own Self! So, using Self as God is far more practical than putting Him out there, putting Him apart from us. But each one must start from the bottom and prove this whole thing for himself. As the proofs come, the more they come the more we accept until we experience the whole thing.

當然，我們是要採用“偉大的一們”親自去經驗的態度。但是，你必須自己去經驗去實證。根本的真相就是只有一個現實，只有一個真理，整個世界或宇宙只有上帝，更好的說法是，只有我自己的真我。上帝可能距離我們非常遙遠，但是我自己的真我就在這裡，是我所瞭解的，是我能感知的。所以，相比將上帝看成是遠在天邊，還不如將近在眼前的真我看成是上帝更為實際。但是每個人都得從零開始，自己親自去證實。隨著證據的越來越充分，我們就越容易接受，直到再也沒有什麼需要經驗的。

You still want to hear more on meditation?

你還想聽更多有關冥想的嗎？

Group: Yes.

大家：是的

Lester: Every aid should be a means of quieting the mind. If meditation is difficult we can prepare the way by chanting. Chanting puts our minds on the meaning of the chant itself and the thoughts of the day drop away and that quiets the mind. Exercising the body, doing certain asanas, etc., do the same thing. Anything that helps is good whatever it is. The basic thing is to quiet the mind. Being loving and good makes the mind quieter.

答：我們所使用的方式應該有助於頭腦安靜。如果冥想有些難，我們可以用唱誦來做準備。唱誦能讓我們的頭腦集中在唱誦上，這樣念頭就會離

開，頭腦會變得安靜。做些運動，或一些瑜伽體式等，重複做一件事。只要有助於頭腦安靜，做什麼都可以。

The mind is the only thing that keeps us from seeing our Infinity. The mind is nothing but a collection of thoughts of limitation. And in meditation we try to quiet that mind so we can see this infinite Being that we are.

頭腦是我們看見無限的唯一障礙。它只是限制性念頭的集合。在冥想中我們試著讓頭腦安靜，如此我們才能看見我們所是的無限存在。

Meditation should never be passive. We should never try to force the mind to go blank. Meditation should always be with question for the best results.

冥想絕不能是被動的，我們絕不能迫使頭腦進入空白狀態。為了讓冥想的效果更好，我們應該帶著問題進入。

The more we practice meditation the easier it is to do. To get the real deep insights requires a momentum. When meditation gets to be more enjoyable than things of the world, then we go at it with enthusiasm and desire for it. And then we just can't wait until we get back to it. When we get that momentum going, the mind gets quieter and quieter until this infinite Self is self obvious and just glares at us and we laugh. Now maybe with all this talk on meditation, we ought to try it, O. K.?

冥想練習得越多，就越容易。為了看見真相，需要一個勢頭。當冥想變得比其它任何事都更享受時，我們對冥想就越狂熱。當勢頭出現，頭腦變得越來越安靜，直到這無限真我自動顯現，瞪了我們一眼，然後我們大笑。現在我們要不開始冥想？

Q: Just one question, does concentrating on your hands help to get your mind quiet? It seems to me.

問：就一個問題。將注意力集中在手上能有助於頭腦安靜？對我來說是這樣的

Lester: If it helps, it's good.

答：如果能有幫助，那就是好的。

Q: It's not harmful then?

問：不會有壞處吧

Lester: Oh no. There are several centers one may concentrate on. A good place is up here, between the eyebrows.

Concentrating here takes your mind off other parts of the body. It is the center for the third eye, the astral eye, the spiritual eye. It pulls us away from the lower centers of the body when we come up here. Some prefer the heart center. But anything that helps, helps!

答：不會。如果想要專注，可以專注在幾個中心上。比較好的是在這裡，兩眉之間，這是第三眼的位置，也叫天眼、靈眼。專注在這裡能夠讓注意力從身體的較低部位移開。有些人更喜歡心輪的位置。但是只要對你有幫助的，就都行。

Q: I used to concentrate between the eyes but now when I do enquiry, I let the I sink down to the heart.

問：我以前是專注在兩眼之間，但現在轉到心輪位置

Lester: The heart is a good place because it is the center of feeling, and feeling is closer to the Self than thought. It depends on your background. If you're a vichara jnani, it'll be the heart, but not on the left side, on the right side. If you're a raja yogi it'll be between the eyes. When I did my concentrating it wasn't on any location; it was on wanting to have the answer. Concentrate on seeking the answer.

答：心輪是不錯的位置，因為它是感覺的中心，而感覺要比念頭更接近真我。要看你修的是哪個，如果你是 vichara jnani，那麼是在心輪位置，但是是在右邊而非左邊。如果你是 raja yogi，那是在兩眼之間。我自己當時並未集中在某處，只是想要獲得答案。專注在對答案的探尋上。

Q: I haven't thought in terms of answers. I just thought in terms of getting there, that's all.

問：我沒想過要得到答案，我只是想要到達那裡，這就是我想要的

Lester: You see, anything in life that you wanted with intensity you always got. This goes for everyone. It's the same with the path. But it's the unconscious conviction that our joys lie in the world that keeps us away from getting the answer.

答：你看，生活中任何你非常想要的都能得到，這對每個人來說都是這樣。同樣地，對覺醒之路也是如此。但是潛意識裡我們相信幸福是在外面，正是這個信念讓我們無法得到答案。

Q: It sounds so easy the way you say it.

問：聽你這麼說它好像很容易。

Lester: The thing that determines the ease is the intensity of your desire for the answer. That's the crux of the whole thing.

答：是否容易取決於你對答案的渴望程度。這就是關鍵。

This Session was recorded at Self Haven. February, 1967

錄於 1967 年 2 月，Self Haven

第十三章 欲望

A desire is a disturbance of one's natural, inherent peace and joy. Desires keep one involved in trying to satiate the desires, consequently detracting one from his constant, natural, inherent happiness. In short, desire is the enemy of happiness and the source of misery.

欲望是對一個人自然的、內在的平安和喜悅的一種打擾。欲望會使人陷入到試圖去滿足欲望的狀況中，因此會減少一個人對持續的、自然的、內在的幸福的體驗。總之，欲望是幸福的敵人，欲望是痛苦之源。

The more desire is let go of, the less disturbed the mind becomes allowing it to become concentrated. The more concentrated the mind, the more capable one becomes of discerning or realizing his Self.

欲望釋放得越多，頭腦越少受到打擾，變得越容易集中注意力。頭腦越集中注意力，就越有洞察力去覺知到他的自性。

Silence silences the noisy demands of ego desires and allows your Self to be seen.

靜默使來自小我欲望的各種要求平息下來，允許你的真我被看到。

Solitude is the absence of desire.

獨處是沒有欲望。

The absence of desire is serenity.

無欲是寧靜的。

Every time one tries to satisfy a desire he creates a greater intensity of that desire. This comes about because the momentary pleasure, which is inhering more in the Self due to momentary stilling of thoughts, is attributed to the object of the desire and therefore, one wants the object more and more, vainly attempting to satiate the desire, which is satiable only in being constantly quiet from thoughts. i.e., constantly inhering in the Self.

每當一個人想要滿足一個欲望，他就創造了一個更大更強烈的欲望。之所以會這樣，是因為：當頭腦的思考暫時停止而使真我更多的呈現出來時，會體驗到短暫的快樂，人們會認為這種短暫的快樂源自於所渴望的東西，所以想要的更多的東西，徒勞的試圖滿足欲望，而不知道只有持續的讓頭腦安靜下來才能真正的滿足----也就是真我的呈現。

The simultaneous fulfillment of all desires is in the finding of your real Self.

當你發現你的真我時才能同時滿足所有的欲望。

Desire is a bottomless pit that can never be filled up.

欲望是永遠也無法填滿的無底洞。

Desire constitutes the world and desirelessness constitutes the Self, God.

欲望構成這個世界而無欲導向真我，上帝。

Desire is seeking the joy of being our Self through objects and people. The mind originally creates the thought of need, or lack, which agitates the mind and covers the Self. When the object is attained, the mind stills, the joy of your Self shines forth and this joy is attributed to the object, and the mind then goes on seeking the object as the source of the joy. But the joy being not obtainable from the object, the mind seeks it more and more from the object and is never satisfied.

欲望是想通過事物和人去尋找真我的喜悅。頭腦首先創造了需要、缺乏的想法，使頭腦被攪動，真我被掩蓋了。當渴望的目標被達成，頭腦安靜下來了，真我的喜悅之光閃耀了，然而這喜悅被歸因於目標的達成，然後頭腦為了獲得喜悅繼續尋找目標。但是喜悅不是來自於那些事物，只是頭腦會不斷地從這些事物中去尋找並永遠不會滿足。

Desire is the mother of all motion, the disturber of all peace.

欲望是所有的行動之源，是對寧靜的打擾。

The basic mechanism of desire is, first, we create a lack and then desire whatever is necessary to fill that lack. The desire creates thoughts. The thoughts cover the Self and this makes us unhappy. Then we look to relieve that unhappiness by fulfilling the desire which momentarily stills the thoughts. The stilling of thoughts removes a bit of the cover of the Self and it's the feeling of a bit more of the Self that we call pleasure. We wrongly attribute that joy or pleasure to the thing or person that was used to fulfil the desire to relieve the agony of the thoughts of desire that were covering the Self. Because of this wrong attributing of the joy to the person or thing, the desire will never be satiated because the joy is not in the

person or thing. The only possibility of satiety is to remain in your Self.

欲望的基本結構是：首先，我們創造一種缺乏，然後想要某些必需的東西來填補這個缺乏。欲望創造了念頭。念頭掩蓋了真我從而使我們不高興。然後我們指望通過滿足欲望，也就是暫時讓頭腦安靜下來，來擺脫我們的不幸。讓頭腦安靜下來只是移除了一點點掩蓋真我的東西，從而感受到一點點的真我，這就是我們所說的快樂。我們錯誤的把喜悅或者說快樂歸因於我們通常用來滿足欲望的事物或人身上。這種錯誤使得欲望永遠也不會被滿足，因為喜悅並不在這些人或事物上。唯一可能的滿足是呆在你的真我中。

Fulfilling desire is momentarily letting go of the agony of the feelings of being limited by lack. This understanding should help you let go of the frustrating drive of seeking happiness where it isn't, in the world!

滿足欲望是暫時釋放那種被缺乏所限制的極端痛苦的感覺。

Desire is mind disquieted.

欲望是頭腦的憂慮不安。

Recognizing who and what you are instantly satisfies all desires.

當意識到你是誰你是什麼時，所有欲望立刻會被滿足。

We should desire only God.

我們應只渴望上帝。

Desire leads only to misery and death.

欲望只會導致痛苦和死亡。

Any desire upsets and disturbs the natural inherent tranquility and peace.

任何欲望都是壓制、打擾自然的內在的寧靜。

If one will stop thinking of something, his desire for it will disappear.

如果一個人停止想某樣東西，他的對這件東西的欲望將會消失。

After you discover that desires are undesirable, you discover that there is a joy and peace that is ever-constant and more profound than any joy you have experienced before.

在你瞭解到欲望是你不想要的之後，你找到之前從來沒體驗過的始終如一的更深的喜悅和平安。

Desire is the start of all agitation.

欲望是所有焦慮的開端。

A desire is an artificially created lack.

欲望就是人為的創造缺乏。

Ignorance creates the universe, desire sustains it, and enlightenment dissolves it!

無知創造了宇宙，欲望維持著它，開悟終結它。

If there were no desire there would be no world or universe of limitation.

如果沒有欲望就沒有這個受限的世界或者宇宙

Desire is the source of all trouble.

欲望是所有問題之源。

If desire overwhelms us it is because we want it to. Who turns on the desire? If it's in your power to turn it on, it's in your power to turn it off. The more it is turned off, the weaker it becomes.

如果欲望打敗了我們，那是因為我們想要它。誰打開了欲望？如果你能打開它，你也能關掉它。它被關得越多，它就會變得越弱。

Desire only growth. Everyone makes the Goal eventually, but the intensity of the desire determines when and how soon. If your desire is strong, you think only of that. The doubts then drop a way.

只渴望覺醒。每個人都制訂了這最終目標，但渴望的強度決定了什麼時候以及有多快覺醒。如果你的渴望強烈到你只想要它。懷疑就會被丟到一邊。

Don't suppress desire, actually let go of it. If you create the desire in you, you can uncreate it.

不要壓抑欲望，而是釋放它。如果是你在你內創造了欲望，你就能使它消失。

The worst thing to do is to suppress a desire, any desire. When it is suppressed, from that moment on it will try to express itself. Recognizing it does not mean we must try to satisfy it, but does prevent suppressing it.

最壞的事情就是壓抑欲望，哪怕任何一個欲望。當欲望被壓抑時它就開始了試圖表達它自己。承認欲望並不意味著我們必須滿足它，但不要阻止壓抑它。

Nervousness is caused by wanting two opposing things at the same time, one consciously and the other subconsciously. The battle is resolved when you make the subconscious desire conscious. On the other hand, if you will know what you are, there will be no conflicts. You can do that through seeking. It's not necessary to understand the negative. It's far better to be the positive. Be your Self.

焦躁是因為同時想要兩個相反的東西，一個是有意識的，另一個是無意識的。當你把無意識的欲望變得有意識時，戰鬥才會結束。另一方面，如果你知道你是什麼，將不會有任何衝突。你能通過質詢做到。理解消極面向並不是必須的。更好的是成為積極面向。成為你的真我。

Seeking any ego fulfillment is seeking the letting go of the agony of the concept of lack. Any lack is necessarily an ego concept.

尋求自我實現就是尋求釋放這些缺乏觀念導致的極大痛苦。任何缺乏都是小我觀念所必需的。

In order to be infinite beings, we must have no desires because any desire is a limiting action upon -ourselves. If we think we need something, we think of ourselves as being limited. If you have everything, if you are everything, how could you want something? You know you don't need anything and you go through life knowing all the time that you need nothing. Your attitude is different. With this attitude, should there be a need of the body, it's immediately fulfilled. You don't have to think about it, it's taken care of immediately.

為了成為無限的存在，我們必須沒有任何欲望，因為欲望是對我們自己的限制行為。如果我們認為我們需要某物，我們就是認為我們是受限制的。如果你擁有任何東西，如果你就是一切，你怎麼還會想要某樣東西？當你
知道你不需要任何東西，你就會體驗到任何時候都沒有任何需要的人生。
你的心境變得不一樣。伴隨著這種心境，如果想要有一具身體，這馬上就會被滿足。你不用被迫去照料它，它是立即被照顧好了。

The only thing that creates thought is desire. As long as there is one single desire there will be disturbance and lack of complete contentedness.

欲望是創造出想法的唯一源頭。只要還有一個欲望，就會有擾亂，就不可能完全的滿足。

Any desire satisfied disappears forever.

任何被滿足的欲望都永遠消失了。

There's an easy way to realization, just get rid of all desires.
有一個通向覺醒的簡單的方法，那就是除掉所有的欲望。

One way to overcome desire is to have a very strong desire for God. And, in the end, you have to get rid of your desire for God. Then you are It!

戰勝欲望的一個方法是擁有一個非常強的對上帝的渴望。並且到最後，你不得不連這個對上帝的渴望也要除掉。然後你就成功了。

Every little ego wish is a clamp down on your freedom which is tantamount to saying every desire is a clamp down on your freedom.

每一個小我的小小願望都是都是在壓制你的自由，這就等於說所有的欲望都是在壓制你的自由。

Desire creates thoughts; desire to have or not to have. Before desire is ego. So ego is the starting point. I'm an individual separate from the All so I've got to desire to get the All.

欲望創造想法，渴望有或者沒有。欲望之前是小我。所以小我是開端。我是一個與一切想分離的獨立個體，所以我渴望得到一切。

The only thing that disturbs peace is desire.
只有欲望會打擾到內心的安寧。

Internal pressure is caused by desire.

內在壓力是由欲望導致的。

When things are approached with pure love there is no more desire.

純然的愛來臨時是沒有欲望的。

Desire plants seeds for the future.

欲望種下了未來的種子。

Decrease desire for the world, increase desire for the Self.

減少對這個世界的渴望，提高對真我的渴望。

You must get rid of all desire. You can enjoy without desire. In fact, if you really want to enjoy things, you can enjoy far more without desire.

你必須除掉所有的欲望。你能在無欲中享受。事實上，如果你真的想要盡情享受，沒有欲望時你會享受到更多。

Desire is the cause of everything. Any time you have any problem there is desire behind it.

欲望是一切事物的起因。每當你有任何問題時，都會有一個欲望在其後。

Any desire except desire for liberation is causing misery.

除了想要獲得自由的欲望，所有的欲望都會導致痛苦。

The odd thing about desire is that the more you try to satisfy it, the stronger it becomes. The more people try to satisfy their desire by having things, the stronger that desire becomes.

People have more things today than they have ever had and they are unhappier than they have ever been.

對於欲望，奇怪的是你越是去滿足它，它會變得越強。很多人試圖通過獲取東西來滿足他們的欲望，結果欲望變得更強了。今天的人們比過去擁有更多的東西，可他們比擁有之前更不幸福。

Desire just cuts off happiness.

欲望就是切斷幸福。

You should have only one desire, a desire for complete liberation, complete realization. Any other desire will keep you in trouble. We should try to let go of all desires. We should not try to fulfill desires. Every time we fulfill a desire, we strengthen that desire rather than weaken it. I believe that is obvious to all of us, that we never satiate desires. The more we try to satisfy them, the more we want of them. So it's better to not satisfy desires and by doing so the mind gets quieter.

When the mind is quieter, we have a better chance to see the Truth. When we see the Truth we scorch the desire, and this is the better way, actually the only really effectual way of getting rid of desire.

你應該只有一個渴望，那就是渴望完全的解脫，完全的覺醒。任何其他的渴望都將讓你陷入到麻煩中。我們應該盡力去釋放所有的欲望。我們不應盡力去滿足欲望。每當我們滿足欲望，我們就是在強化它而不是削弱它。我相信這對我們所有人都是顯而易見的：我永遠滿足不了欲望。我們越是去滿足它們，我們就會越想要它們。所以最好是不要滿足欲望並通過這樣做而讓頭腦安靜下來。當頭腦變得安靜下來，我們有更好的機會去領悟到真理。當我們領悟到真理時，我們毀掉欲望，這是最好的方法，事實上這是除掉欲望唯一奏效的方法。

When you see the Truth, desires are scorched because a desire is really trying to be your own real Self through some in direct means, through some thing, through some person. When you see this you let go of these silly desires because why struggle through an indirect means to be that which you are? The indirect means cannot make you what you are, so it's fruitless and extremely frustrating. Consequently, we have this frustrated world. We're all trying to satisfy desire; it's absolutely impossible to do it, and we go on and on lifetime in, lifetime out, until we recognize that desires are our enemy.

當你領悟到真理時，欲望會被毀滅掉，因為有一個渴望是真的想要通過一些直接的方法、通過某事某人成為你的真我。當你明白這一點，你會釋放掉這些愚蠢的欲望，為什麼要通過一些迂回的方法去成為你所是的是呢？這些迂回的方法不能使你成為你真正所是的，所以這是無益的、極端令人沮喪的。所以我們有一個挫敗的世界。我們都試圖滿足欲望；這是絕對不可能做到的，然而我們生生世世在這裡繼續，直到我們意識到欲望是我們的敵人。

Desire is an admission of lack. If I am the infinite One I desire nothing; I am the All. We must get back to that state by behaving as one would in that state. The greatest behavior, the greatest ritual that we can perform, is living as a fully realized Being would live. Try to attain the state of dispassion, no attachments, no aversions. Try to attain a state of equanimity, a feeling of equal mindedness toward every thing, everyone.

Try to attain the desirelessness state. Then you will see that you are the All, that you are That!

欲望是對缺乏的承認。如果我是無限的，那麼我不會渴望任何東西；我是一切萬有。通過在行為上表現出好象我們在那種狀態，我們必須回到那種狀態。最偉大的表現，我們能舉行的最偉大的儀式，是象一個完全覺醒的人一樣生活。努力去達成那種寧靜的狀態，沒有貪戀，沒有厭倦。努力去達成那種平和的狀態，擁有一種眾生平等的感覺。努力去達成無欲的狀態。

然後你將發現你就是一切，一切是你！

第十四章 我是什麼

I thought that a summary of what we have been through, where we are going, and what there is at the end might be a good idea for the last talk of this series.

我想總的概況一下我們所經歷的，要去的地方以及終點是什麼，這對這個系列的上一次談話來說是個不錯的主意。

The way I like to look at our direction is that the ultimate goal of every being is total and complete happiness with no taint of sorrow whatsoever. We are all striving for this in our every act, but somehow missing the goal. The reason why we miss our goal, our target, is simply that we do not have a clear vision of the target and we therefore are aiming blindly. So long as we remain blinded we can never attain that goal of perfect happiness.

在我看來，我們的方向就是每一個存有的最終目標——不受任何悲傷所沾染的全面徹底的幸福。我們的每一個行動都是在為這個目標而努力，但不知怎麼地卻失去了這個目標。會失去這個目標是因為我們的目標不夠清晰，導致了我們只是盲目地瞄準。只要我們繼續盲目，我們就永遠無法實現這個全然幸福的目標。

Someone comes along and says, Attention! You have spent many lifetimes looking in the wrong direction! Stop looking without and look ye within! Only there will ye find that which ye have spent lifetime after lifetime seeking! And then you meet someone like Lester: who tells you, Seek ye your very own Self. Therein lies your complete happiness. Stop looking for happiness in people and things. Here you merely eliminate the pain of the desire for something, and the relief you get you call pleasure. And .the pleasure is short-lived because the desire is not eliminated and is still there, and therefore the pain of it continues to gnaw at you.

有人走了過來，說，注意！你很多世都走在錯誤的方向上！停止向外看，向內看！只有在你的內在你才能找到你生生世世所追尋的東西！然後你遇到某位象萊斯特一樣的人告訴你：找到你的真我。真我就是你的全然的幸福所在。停止在人和物中尋找幸福。那只不過是消除了渴望某樣東西所帶來的痛苦，這種緩解就是你所說的快樂（pleasure）。快樂是短暫的，因為沒被消除的渴望仍然存在，因此，它所導致的痛苦繼續困擾著你。

Now the starting point is you. You must take the way toward discovering you, and only you can do it. Accept nothing unless you can prove it yourself. Prove it and it is yours. Prove it and then you can use it.

現在，第一步需要你親自踏出。你必須朝著探尋自己的方向走，並且只有你自己能做到。凡是不能親自驗證就不要信以為真。實踐出真知。驗證過，你就能使用它。

The uniqueness of this science, and it is a science, someday you'll see it is the science of all sciences, is that this is a subjective science. We have to seek it within; we can't put it out on a table in front of us and examine it. We can only examine it within our own mind, or better, within our own being. Also, the intellect does not avail it to us. The intellect can get us in the right direction to find it. The right direction is turning within, stilling the mind and experiencing this truth, this knowledge. And only by experience can we get to know it. 這是一門獨特的科學，總有一天你會看到它是一切科學的科學，這是一種主觀的科學。我們必須向內尋求，我們不能把它拿出來放到我們面前的桌子上去研究它。我們只能在我們自己的頭腦裡，在我們真正的生命實存之地去研究。理智在這方面也不管用。理智只能告訴我們去正確的方向去找到它。正確的方向是轉向內，讓頭腦安靜下來然後去體驗真理、真知。只有通過體驗，我們才能獲得了悟。

Methods are many, but the very highest is the method that everyone uses in the final end, and that method is finding the answer to What am I? This quest should be kept up all the

time, not only in meditation, but during the day. While we're working, no matter what we're doing, in the back of our mind we can always keep that question posed: What am I? until the answer makes itself obvious to us.

方法是很多的，但最好的方法是每一個人到最後都會使用的方法，那就是：找到“我是什麼？”的答案。這個探尋應在每時每刻都保持著，而不只是在冥想時，必須整天都這樣。當我們正在工作時，無論做什麼，在我們頭腦的背景裡我們能夠總是保持著這個問題：我是什麼？直到答案自動呈現給我們。

Now, any answer the mind can give us must necessarily not be it because the mind is an instrument of limitation. All thoughts are qualified; all thoughts are limited. So any answer the mind gives cannot be right. The way the answer comes is simply by our getting out of the way the blindness that we have imposed upon ourselves by assuming thoughts that we are a thinking mind body. When the thoughts are quiet, the limitless Being is obvious. It's Self-effulgent; its there all the time; its just covered over by thought concepts, every one of which is limited.

任何頭腦能給我們的答案必定不是它，因為頭腦是一個有局限的儀器。所有的念頭都是不完全的、受限的。所以任何頭腦給出的答案都不可能是正確的。答案到來的方式只不過是避開那種盲目----我們強加於自己 通過假想我們是會思考的頭腦與身體的結合體。當念頭平息下來，無限的存在就會變得明顯。它自己在閃耀，它任何時候都在那裡，它只是被限制性的念頭所覆蓋而已。

So, the way is to pose the question What am I? and quietly await the answer. Other thoughts will come in, and the biggest difficulty is quieting these thoughts. When other thoughts come in, if we pose the question, To whom are these thoughts? the answer naturally is, To me. Then, What am I? puts us right back on the track again. That way we can continuously keep our attention on What am I?

因此，方法是提出問題“我是誰？”中，然後安靜地等待答案。其它的想法會出現，最大的困難就是讓這些想法平息下來。當其他想法出現，如果我們提出這個問題：“這些想法是對誰的？”答案自然是對我。那麼，我是什麼？這讓我們重新回到這個主題上。通過這種方式，我們得以持續專注在“我是什麼？”。

In addition to posing this question until we get the answer, it is good practice in our daily life to be not the doer, be not the agent. Just be the witness! Acquire the It is not I but the Father who worketh through me attitude (which several in this group already have). This is the main conduct of life that we should strive for. The more we become the witness in life, the more we become non-attached to the body, the more we are our real Self.

除了提出問題直到我們得到答案之外，一個好的練習是在日常生活中不要成為一個做者（doer），不要成為一個代理人（agent）。只是做一個觀照者！養成一種心態：不是我，而是天父通過我在運作！（這裡的小團體中已經有少數幾個能達到這種心態）這是我們應該努力達成的一種主要的生活方式。我們越是成為一個生活的觀照者，我們越會變得不執著於身體，我們越能回歸真我。

So, there are two things I'm suggesting, one is the quest What am I? and the second is, in life itself, be not the doer; be the witness. Let things happen; allow life to be. That's the way we are in the top state, and the best behavior in life is that which is characteristic of the top state.

因此，我有兩個建議：一個是探求我是什麼？二是在生活中不要做一個“做者”

而是做一個“觀照者”。讓事情自動發生；允許生活自由展現。這就是我們在最高狀態的存在方式。生活中總會有最適宜的行為，這也是最高狀態的特點。

There are many other things which I'm sure you are aware of: humbleness, goodness, kindness, honesty, etc. All these things help, but the greatest aid is to be not the doer 1 but be the witness.

我很確信你是知道許多其他的：謙卑、善良、仁慈、坦誠等等。不過所有這些最有幫助的是：不要做一個“做者”而是做一個“觀照者”。

Now, when the Self of us presents Itself to us, it's a tremendous experience! It's a very difficult one to contain. We feel as though we're going to burst, because we recognize our omnipotence, omniscience, and omnipresence! But just seeing it once doesn't establish us in that state. However, once experiencing it, you'll never let go until you reestablish it. You'll continue to try, and you should continue to try, to get back into that state. The next time, it'll last a bit longer, the third time, still longer, until finally we are in it twenty-four hours a day.

當真我向我們展現時會是一個美妙的體驗。會感到幾乎難以容納。我們會覺得我們自己將會爆炸一樣，因為我們意識到了我們的全知全能和無所不在！但只看到一次並不能讓我們持續在這種狀態中。然而只要經驗過一次，除非重新恢復這種狀態，否則你將永遠不會放棄。你將持續努力，你願意不斷的嘗試努力回到那種狀態裡。下一次，它將持續長一點點時間，第三次，持續更長一點，直到最後我們一天 24 小時都在這種狀態中。

When we attain this top state, we are not zombies, but we are all-knowing and everywhere present. Everything falls perfectly into line. We move in the world just like anyone else moves, but the difference is that we see the world entirely different from the way everyone else sees it. We see our body and every other body equally as our Self. Likewise, every animal and every thing as our Self. Seeing everything as I, gives us that singular Oneness throughout the universe which is called God, or the Self. We watch our body moving through life like an automaton. We let it go its way. And since we are not really that body, nothing that happens to that body can effect us. Even if it were crushed, it wouldn't mean much to us because

we fully know that we are not that body. We know our eternal Beingness and we remain That!

當我們達到這最高境界，我們不再是行屍走肉，我們知道一切並且存在於任何地方。任何事情都變得完美。我們象其他人一樣在世間行走，但我們看世界的方式與其他人完全不同。我們看我們的身體和每一個其他人的身體都等同於自己。同樣地把每只動物和每一樣東西都看作我們自己。把一切都看作是我，讓我們與宇宙（上帝、真我）合一。我們看我們的身體在生活中移動就象看一個機器人一樣。我們讓它自發行動。當我們真的不再是身體時，發生在身體上的任何事都不能影響我們了。就算身體被壓碎，這對我們也沒有什麼太大關係，因為我們完全的知道我們不是這具身體。我們知道我們是永恆的存在，永遠如此！

So ,one who has attained the top state is difficult to distinguish from anyone else. He III go through the same motions of life and whatever he was doing before, he might continue to do. But his outlook on life is entirely different. He is completely egoless; he has no concern for his own body. He is interested in others and not in himself, he is interested in all humanity. Whatever he does has absolutely no ego motivation. His body will continue to live its normal span and usually goes out, in the eyes of the unknowing, the same way most bodies go out, via so-called death and coffin. But the one who was originally connected with that body never sees any of this death. He sees this entire world and body as an illusion that was created mentally just as we create scenes, cities and worlds in our night dreams. When we awaken, we realize there never was such a thing. And in the same way, when we a waken from this waking state, we see that the whole thing was a dream and never really was. That the only thing that ever was, was my Being, the absolute Reality, being all beingness, infinite, all perfect, all knowing, all powerful, omnipresent.

因此達到最高境界者是難以與任何其他他人區別開來的。他過著和以前一樣的生活，他可以繼續這樣過。但他對生活的見解是完全不一樣的。他是完全無我的；他毫不關心他自己的身體。他對其他他人有興趣而不是對他自

己，他對整個人類感興趣。他絕對沒有任何的小我動機。他的身體將繼續在正常的範圍內生活一段時間，然後通常會失去知覺，象許多身體一樣死亡裝進棺材。但這位最初與這身體的聯結者永遠不會看到任何的死亡存在。他把整個世界和身體看作一個幻覺，就象我們晚上在夢中創造的場景、城市和世界。當我們從這個醒著的狀態中覺醒過來，我們看到這整個的事件是一個從來沒有真實存在過的夢。唯一存在過的東西只是我的存在（Being）、絕對的真實、所有的存在、無限、完全的完美、全知、所有的力量、無所不在。

So, to reiterate, the main two points that I wanted to bring out today were that firstly, the very highest method is the quest What am I? As we pose this question in quietness, when other thoughts come in, ask To whom are these thoughts? The answer is To me. Well, what am I? and we're right back on the track again, until we get the total answer. And, secondly, the way in life is to be the witness., to be not the doer. I believe that sums up what I've been trying to get across up until now. Any questions on this?

好，重申一下我今天想要說的主要的兩點：首先，最高的方法是探尋“我是什麼？”

當我們平靜的提出這個問題時，其他想法出現，問“這些想法是對誰的？”答案是對我。那麼，我是什麼？這樣我們又回到正軌上來了，直到我們得到全部的答案為止。那麼第二，生活的方式是做一個觀照者，不要做一個“做者”。我認為這已經總結了目前我想要讓你們理解的。對這些有什麼疑問麼？

Q: To not be the doer, don't you plan? Don't you do everything normally?

問：不做一個做者，你不計畫嗎？難道你不做任何正常的事情？

Lester: No, the right way is not to plan. Let it happen. Let go and you'll be guided intuitively. Instead of planning with thought, you'll do the exactly right thing, perfectly at the right moment, from moment to moment.

萊斯特：不，正確的方法是不計畫。讓它發生。放手然後你將被直覺引導。而不是通過思考來計畫，恰好在正確的時刻，你將會做正確的事，一刻接一刻。

Q: There is a situation where someone might take a position of that kind when he hasn't really felt it; for example, he will say, I'll just stay in bed until I'm moved. Meantime his rent isn't paid.

問：有這樣一種情況，當某人還沒有真正體驗到時，他可能採取這樣的立場：比如，他會說，除非我搬家否則我會只是呆在床上。期間他的房租都沒有支付。

Lester: So, he'll have to move! If we assume that we are there and are not, we are soon awakened to the fact that we are not there, see. Bob, I'm talking from a higher level now, the perfect state, where everything is in absolute harmony every moment. There you never think, and at every moment you know from within just the right thing to do. You're guided intuitively each and every moment and everything falls perfectly into line. Now, if you're not there, of course you have to think; you have to plan.

萊斯特：因此，他將不得不搬家！如果我們假裝我們已經在那種狀態，然而並不在那種狀態，那麼我們很快會醒悟到其實我們沒有達到那個狀態，明白了吧。鮑勃，我現在正在從一個更高的層次來談，完美的狀態下，任何事物在任何時候都是在絕對完美的和諧中。這種狀態中你永遠不用想，然而每一刻你都由內在知道要做的正確的事。每時每刻你都被直覺引導著，任何事情都完美和諧。現在，如果你不在這種狀態，當然你會不得不想，你不得不計畫。

Q: Well, in practice then, in the beginning, it's probably a combination of the two where things go very easily, and then there's a hump in which you have to plan.

問：好，練習中，在開始時，可能事情進展得很容易，然後就會遇到困難，就不得不計畫了。

Lester: Definitely yes! In the top state you do by knowing; you just know from moment to moment. One feels I know it! That's just the way it feels and there's no thinking to it, only I know it!

萊斯特：肯定是這樣的！在最高的境界裡通過知道來做；每時每刻你只是知道。

一種我就是知道的感覺！那僅僅是一種感覺的方式，是沒有思考的，只是我就是知道它！

Q: I know from my own experience, I slip back and lay out a plan, but sometimes that plan comes very easily and quickly to me and sometimes I have to struggle like the devil to work it out, step by step and I don't know what's going to happen. Other times I just layout a plan and I know what's going to happen and I have no difficulty with it.

問：我從我自己的經驗知道，我狀態下滑然後制訂一個計畫，有時那計畫很快很容易完成，有時我卻不得不象努力掙扎才能完成它，漸漸地我不知道將會發生什麼。有時我制訂計畫時我知道將要發生什麼，然後我輕易就成功了。

Lester: The word know as you use it is the key. You know how that word feels when you say I know it! There's no doubt, not one iota of doubt there. And it happens. That's the key. That's the realm of knowingness. Make that all the time. Keep working for it until it comes and stays. The quickness with which we attain this is determined by the intensity of the desire for it. The more we desire this top state the sooner it comes. Everyone makes it eventually. I'm convinced the majority of people on earth today will probably take millions of years. But anyone of us who is consciously seeking the way out can do it this lifetime.

萊斯特：“知道”是關鍵。你知道當你說我知道時是怎樣一種感覺。那是沒有任何懷疑，一丁點的懷疑都沒有。然後事情就發生了。這就是關鍵。這

是“知道”(knowingness)的領域。任何時候都呆在這種狀態裡吧。繼續努力直到這種狀態來到然後保持。能否快速到達這種狀態取決於我們渴望它的程度。我們越是渴望這種最高境界，就會越快達到。每個人最後都會達成的。我確信今天在地球上的大多數人將可能花數百萬年。但是我們中任何一位有意識的尋求解脫的人在今生都能做到。

The so-called grace of God is always there also. All those who have made the top grade before us are radiating the consciousness of perfection to us. We have tremendous grace being actually pushed our way all the time. However, they have no right to impose themselves and don't. We have to open ourselves to it in order to receive it.

上帝的恩典總是在那兒。所有那些在我們之前達到最高境界的人一直在對我們閃耀著完美的意識之光。任何時候我們在前行的路上都可以獲得巨大的恩典。然而他們沒有權利強加在我們身上。為了收到恩典我們必須自己打開。

We need this grace. Because of the state of affairs today, man is relatively low. We are very strongly convinced that we are a limited body and by long habit we are trying to hold onto it. So it's not easy to let go of this body, and because of that we need the grace of the Great Ones who in our eyes have passed on, but in their eyes, they're still here. When we recognize that they are still here, we can see them and talk to them the way we talk to each other. If we accept them partially, we can talk to them in a dream or a vision. The way we meet with them is determined by our acceptance of them. If anyone of us believed that he could go down to a restaurant and have a snack with Jesus, the way you believe you could do it with me, - if you had that much acceptance then you could do it..

我們需要恩典。因為今日的形勢是人們在相對較低的狀態。我們非常確信我們是一具受限的身體並且出於習慣我們緊抓著這一點不放。所以放下這具身體並不容易，因此我需要這些我們眼中已逝去的聖人們的恩典，其實在他們看來，他們仍然在這裡。當我們意識到他們仍然在這裡，我們能看

到他們，並與他們以我們彼此交流的方式交談。如果我們只是部分地接納他們，我們能在夢裡或者幻想中與他們交談。我們會見他們的方式取決於我們對他們的接納程度。如果我們中的任何人相信他能和耶穌去餐館吃飯，以你所相信的方式你也能與我一起，如果你有那麼高的接納度，那麼你真的能做到。

Now, some of us know that He came into this room. He gave a sign proportionate to our degree of acceptance. If He were suddenly to appear in a physical body in the room, it would be too much for most of us to accept and therefore He doesn't. But the way He comes to us is determined by our acceptance of Him. He gave signs to some here and some did not recognize that He did. However, most of us did!

現在，我們中的一些知道他進入了這個房間。他瞭解我們的平均接納水準。如果他突然以一具物理的身體在這房間出現，我們這房間的大多數人無法接受，因此他沒有這樣做。他來的方式取決我們對他的接納程度。他對我們這兒的一些人發出了資訊，然後這些人沒有意識到他所做的。不管怎樣，我們大多數人意識到了。

The point I'm trying to make now is that we should open ourselves to the help of the great masters. Jesus and the Great Ones want each and everyone of us to know our perfection. They can't force it upon us. But their hand is always extended. It's good to keep this in mind. Then we open ourselves more to the help.

我正在試圖表達的關鍵點是我們可以打開我們自己去獲得大師們的幫助。耶穌和偉大的聖人們想要我們每一位都意識到我們自己的完美。他們不能強加於我們。但他們一直在向我們伸出他們的手。在心中記住這一點很好。我們更多打開我們自己就可以獲得幫助。

Q: How do you request and receive this help?

問：你怎麼樣請求和接收到這種幫助？

Lester: You have to be accepting of Jesus as being alive, just as much as we are, and capable of meeting with you, the way we meet with you,-then it can happen. You have to be open to it. The help is always being sent to you.

萊斯特：你必須接受耶穌仍然象我們一樣活著，並有能力就象我們相會一樣與你相會，然後事情就會發生。你必須打開自己。幫助總是會給你的。

Q: Are there words to say, thoughts to carry?

問：有什麼可傳達的？

Lester: Yes. But I can't give them to you; thats up to you. See, I give you the general principle, acceptance of Him, the way He is. Don't expect Him to be not Christly because He won't be that. However, He can appear as a very humble human being in form. Being omnipresent, at any moment, He can appear to anyone and speak with him.

萊斯特：是的。但我不能給你，那對你來說太高了。針對你對他的接受程度，我給你大致的原則。不要期望他不象耶穌，因為他也不願那樣。然而，他能以非常卑微的人形出現。他都是無所不在的，他能在任何時候出現在任何人面前並對他說話。

Q: Lester:, He will be as Christ, He won't be in disguise, will He? The beggar at the door?

問：萊斯特：他會象基督一樣，不會偽裝吧？門口的乞丐？

Lester: No. The only disguise is the one we put on Him. He would never disguise Himself. He wants to be recognized, as Christ. That's not His name. The man Jesus had the Christ Consciousness. And we have to accept Him and His consciousness which is extreme humility, simplicity, no Hollywood glamour.

萊斯特：不。唯一的偽裝是我們放在他身上的。他永遠不會偽裝自己。他想要作為基督被認出。那不是他的名字。那個叫耶穌的人有基督意識。我們必須接受他和他的非常謙卑、隨和、沒有名人架子的意識。

Q: Would you define humility?

問：你可以定義一下謙卑嗎？

Lester: Yes. The greatest humility is through surrender: not I but thou; it is not I, but the Father who worketh through me; everything I do is God's work, I am not the doer. It is surrender of the ego, the ego being a sense of separate individuality.

萊斯特：是的。最偉大的謙卑是臣服：不是我而是你；不是我而是天父在通過我運作；我做的任何事都是上帝在運作，我不是“做者”。這是小我的臣服，小我是一種分離的個體的感覺。

Q: If you surrender yourself as an individual, how about the other person? I think we mentioned before that we recognize the other person as ourselves and we treat them as though we are the same. Who is this other person?

問：如果你臣服於你自己是一個個體，那其他人呢？我想到我們之前提到我們把其他人當作我們自己並且對待他們就象對待我們自己一樣。誰是其他的人？

Lester: From where you stand now, the other person should not concern you. The only thing that should concern us is what we do. For me, it matters not what your attitude is toward me. You could hate me with every cell in your body. But it's of extreme importance what my attitude is toward you. While you're hating me I should love you fully and completely. Then you'll understand the answer to your question and you will see only the One. When you separate and then ask what's up here in the One, it just doesn't fit.

萊斯特：從你現在的立場來看，其他人應當與你無關。唯一與我們有關的是我們做什麼。對我，我不在乎你對我的態度。你可以用你身體中的每一個細胞來恨我。但極端重要的是我對你的態度是什麼。當你正在恨我時我願意完全的深深的愛你。這樣你會理解你的問題的答案，並且你將明白只

有“一體性”。當你分裂開來然後問這一體性發生什麼了，這不是一個合適的問題。

When we love, and only love, we are using the most formidable power in the universe. No one and no thing can harm us. We can never ever be hurt or unhappy if we would only just love without any hate. You can never be hurt when you love in the sense that the love is full, complete, divine love. It's just love with no, not one bit of, hate in it. It requires turning the other cheek, loving your enemy, that's the kind of love it takes.

當你愛的時候，並且僅僅只有愛的時候，我們正在使用宇宙中最令人驚歎的力量。

沒有任何人任何事物能傷害我們。如果我們能只是愛而沒有任何恨，我們永遠不可能受到傷害或者遭遇不幸。當你在全然的、深深的、神性的愛裡面你永遠不可能被傷害。只是愛，沒有任何其他，沒有一點點的恨在裡面。這需要轉另一邊臉過來，愛你的敵人，這就是這種愛會表現出來的。

Q: Love is understanding?

問：愛是理解？

Lester: When you love fully you understand the other one fully. Love is understanding. It's identifying with the other one, being the other one. Coming down a step, it's wanting the other one to have what the other one wants, loving the other one, the way the other one is.

萊斯特：當你完全地愛你就能完全的理解其他人。愛是理解。意思是與其他人等同，成為其他人。說得簡單一點，就是想要他人擁有他所想要的，以他人所想要的方式來愛他。

Q: Then who is our enemy?

問：那麼誰是我們的敵人？

Lester: In reality we have only one enemy and that's ourself. No one can do anything to us; no one can do anything for us.

Someday you'll see this, that we in our consciousness determine everything that happens to us.

萊斯特：實際上我們只有一個敵人，那就是我們自己。沒有一個人能對我們做任何事；沒有一個人能為我們做任何事。總有一天你會明白這一點，我們在我們的意識中決定了發生在我們身上的每一件事情。

Q: Then it is our idea of ourselves which is incorrect?

問：那麼這是我們自己的錯誤想法嗎？

Lester: Right. And that could be made better!

萊斯特：正確。並且那是可以變好的。

Q: When you say under standing, do you mean under standing in a logical sense, or do you mean acceptance of them without question of the reason why they're doing things, good or bad; just acceptance of whatever they are in an entirety.

問：當你說理解時，你的意思是邏輯意義上的理解，還是你的意思是指毫無疑問地接納他們為什麼做事情，而且無論事情的好壞，無論如何都作為一個整體接納他們？

Lester: It's acceptance in an entirety. But the real understanding requires knowledge of what the universe and the world are. When we see someone doing wrong, we have to know that this is a god-being, misguided. He's looking for God in the wrong place. Am I making sense? That's the understanding.

萊斯特：作為一個整體接納。但真正的理解需要知道宇宙和世界是什麼。當我們看到某人做了錯事，我必須知道這是一個好人做了不明智的選擇。他是在錯誤的地方尋找上帝。能明白我所說的嗎？這就是理解。

Q: Which in his mind would be happiness, right?

問：在他的頭腦中那就是幸福，對嗎？

Lester: Yes. He's looking for happiness the way he sees it. Even a Hitler, in his mind, is doing right, and therefore should not be hated, but should be loved, -wanting him to be what his real basic nature is. Now this doesn't mean approving of his program, it doesn't. But whether we approve or not of his program, loving and hating are two different things than not approving. of his program. So we love everyone, see them as misguided beings, forgive them for they know not what they do. They're like children, misguided. Attain the highest state of loving everyone equally as Christ did!

萊斯特：是的。他正在用他所知道的方法尋找幸福。甚至是希特勒，在他的頭腦中，也是在做正確的事，因而不應被恨，反而應被愛----想要他成為他真正的自然本性。這並不意味著認可他的方式，不是這樣。不論我們認可或不認可他的方式，愛恨與不認同他的方式是不同的。因此我們愛每個人，看到他們只不過是不明智，因為他們不知道他們在做什麼所以寬恕他們。他們象一個不理智的小孩。最高境界是象基督一樣平等的愛每一個人！

第十五章 永恆幸福之鑰

I made the statement that I would give you the key to maintaining constant happiness. I was aware that several individuals were dropping in the level of their happiness and not coming up, which is one of the reasons why I didn't get here sooner. You see, when you were down and you were frantic, and you thought things were terrible; I couldn't have communicated with you very easily. Also, if I had come and you had received this lift and gotten out of it, you would have said that I did it. This develops a dependency relationship, which isn't good. You can do anything and everything that you want. You can have, be, or do whatever you will or desire. And when the disturbance lasts long enough, you get fed up with it and you let go of it anyway. Then you do it. It's much, much better when you do it and don't need someone to lean upon.

我在此所說的是想告訴你保持恒定的幸福的關鍵。我知道有幾個人他們的幸福水準在下降中而不是上升中，這也是為什麼我沒有更快到這裡的原因之一。你看，當你的狀態在下降中並且很緊張時，你以為事情很嚴重，我不能很容易地與你溝通。另外，如果我來了，你獲得鼓舞並且從困境中解脫出來了，你會說是我做到的。這會發展成依賴關係，這是不好的。你能做任何你想要做的事。你能擁有、成為或者做任何你願意或渴望的。當困擾持續時間足夠長時，你感到厭倦了，無論如何你都會放下它。然後，你就做到了。當你不需要依靠任何人就做到了，這非常非常好。

What the group would like to know is how to maintain this new found happiness. Why don't we have it all the time? We should! And so I thought I would give you the understanding, or the key to the understanding, that will help you develop happiness that remains.

這個小團體想知道的是如何保持這種新建立起來的幸福。為什麼我們不能在任何時候都保持著這種狀態？我們可以的！所以我想我會給你一些瞭解或獲得瞭解的關鍵，這將有助於您擁有完整的幸福。

All right, now this is the key: When you understand, when you really know what happiness is, then you're able to establish it. Then you do it more and more until it's all the time. But the key is knowing what is happiness. When you do know what it is, you look for it where it is rather than where it isn't. Looking for it where it isn't is what causes you to drop. Is there any question on what I've said so far?

好，那麼關鍵是：當你瞭解到、當你真的知道幸福是什麼，那麼你就能擁有幸福。然後你就能更多的更多的做到，直到任何時刻。但關鍵是知道什麼是幸福。當你知道它是什麼，你就會在它所在的地方而不是在它不在的地方尋找它。在它所不在的地方尋找它，這導致了你的狀態下降。對我目前所說的有什麼問題嗎？

The key is knowing what happiness is, so that you can go directly for it. Not recognizing what happiness is makes it difficult to establish permanently. So when you get to see what this happiness really is, then when you become miserable you'll move in the right direction and establish that happiness.

關鍵是知道幸福是什麼，然後你就能直接向它而去。沒有意識到幸福是什麼時，想要持續的擁有幸福是很困難的。所以當你領悟到幸福真正所是，若你變得痛苦你就會轉到正確的方向並且擁有幸福。

All right. what is happiness? Most people call it pleasure but what it actually is, is escape from pain! What most people call happiness is their getting away from their pain through socializing and entertainment. It is really an escape! They cannot stand being by themselves, with their own thoughts. They have to run to a movie, a nightclub, visit someone, just to get some action going so they are not facing their own thoughts. When their mind is taken away from their own thoughts, they feel better, and then call that pleasure and happiness. All entertainment is actually that! A happy man needs no entertainment and no socializing. He is content.

那麼，什麼是幸福（happiness）？許多人稱它為快樂（pleasure），其實快樂並不是幸福，快樂只是逃避痛苦！許多人所稱的幸福是通過交際

和娛樂逃避他們的痛苦。這真的是逃避而已！他們不能和他們自己的念頭獨處。他們不得不跑向一部電影、夜總會，拜訪他人，通過這些行為使他們不用面對他們自己的念頭。當他們的頭腦遠離了他們自己的念頭，他們感覺好一些了，然後就稱之為快樂和幸福。所有娛樂真的就是這樣！一個幸福的人不需要任何娛樂和交際。他是滿足的。

However, when you become free, if you choose, you can enjoy entertainment far more than before because you are free from the hunger-need for it.

然而，當你變得自由，如果你這樣選擇的話，你更能享受娛樂表演，因為你從對它的饑渴需要中解脫了。

The happiness that I'm going to talk about now is not the escape-from-misery kind. It is really the only happiness. It's the joy that results from being your own real Self. The more we are our real Self, the more we feel joyous. Sense-joy of the world is accomplished not because of the thing or the person out there with whom we associate it. It's accomplished by satisfying and stilling the thoughts of wanting to acquire that person or thing. When we quiet those thoughts, we feel our Self more so and are happier. The quieter the mind is, the more we just be, the more we abide as our real Self and the more joyous we feel!

我將要談到的幸福不是逃避痛苦的這種，而是指真正的唯一的幸福。這是一種源于成為你的真我的喜悅。我們越成為我們的真我，我們越會感覺到喜悅。喜悅的感覺是一種圓滿達成，它不是因為外在的那些和我們有關的事物或者人。這種圓滿是通過使那些渴望獲得人或物的念頭平靜下來而達成的。當我們讓這些念頭平靜下來，我們感覺到更多的真我，因此而更幸福。越讓頭腦安靜下來，我們越是僅僅存在著，越留駐於真我中，我們越能感覺到喜悅。

But this is something you've got to see for yourself, that the quieter you get your mind, the happier you are. It's good to play with this. Experiment with it until you see it. Whatever

that joy was, it always resulted in quieting of the mind, and then you felt happy. Seeing this, you will begin to let go of attaching happiness to people and things. You will begin to see that the joy is only in you abiding as your very own Self. Then, when you discover this, you're not going to look for joy where it isn't. You will immediately let go and just be. And finally, you reach the place where you need no one and no thing to be happy, you just are happy, all the time!

很重要的是你得親自領悟到：你越能讓你的頭腦安靜下來，你就越幸福。做這個是很好的。去做試驗直到你領悟到它。無論喜悅是什麼，它總是讓頭腦安靜下來的結果，因此而感到幸福。領悟這一點，你將開始放下那些把幸福依附於人或物的想法。你將開始領悟到喜悅僅僅是駐留於真我中。當你發現這一點，你將不會再到沒有喜悅的地方去尋找喜悅。你將會立即放下並且只是僅僅存在於當下。最後你到達一種不需要任何人和任何物都幸福的境界，你只是任何時候都在幸福中。

Is there any question on that? I guess intellectually it's seen by everyone? Whether you see it through your own mind's eye or not, you should have it intellectually at first, then experiment with it, test it out, and you'll discover that this is so, that every time you feel happy, your mind is quiet and at ease, and that what you attributed to the person or thing outside of you is something going on within you. It is a quieting of your mind so that you abide more as your Self. Then, when you see this, you won't bog down anymore, because the moment you become unhappy, you'll know just where to look to re-establish the happiness!

在這方面有任何問題嗎？我猜在理智上每個人都明白這點。無論你是否通過你的心靈之眼明白了這一點，你都可以首先在理智上明白這一點，然後試驗，徹底地檢驗它，然後你將發現就是這樣，每次你感覺到幸福，你的頭腦都是平靜安逸的，而你以為存在於你之外的人或物中的其實在你之內。讓你的頭腦安靜下來才能讓你更多的駐留於真我中。那麼，當你明白這一點，你不再被困擾，因為當你變得不幸福的時候，你將知道在哪兒能重建你的幸福。

Q: That would be within yourself, wouldn't it?

問：那是在自己之內，不是嗎？

Lester: Yes, but it's first recognizing that the happiness is not the external person or the thing, but the quieting of the thoughts of desire for the person or thing, which allows you to go within and just be your Self, i.e., just be. When your mind is on things out there, you're not just being, you're being involved with externals. But I say the key is seeing just that point, that your happiness is the quieting of your mind through the satisfying of the desire, which stills the hunger thoughts for the thing and allows you to just be. When you actually see that in your own mind, you can do it directly. (You can let go of those thoughts without achieving the person or the thing and immediately you're happy!)

萊斯特：是的。不過首先得意識到幸福不是外在的人或物，而是平息對人或物的渴望的念頭，這將允許你進入內在，僅僅存在於你的真我中，換言之，只是存在當下。當你的頭腦關注於外在的事物，你不是存在於當下，你被外在的東西所牽絆。所以我說關鍵是領悟到這一點，你的幸福是讓你那想要滿足渴望的頭腦平靜下來，平息那渴望獲得外在事物的念頭，允許你只是存在於當下。當你真的在自己心裡領悟到這一點，你就能直接做到了。（沒有獲得這些人或事物時，你能放下這些念頭並且立刻就在幸福中！）

The prime overall thing is that you move toward happiness in the direction of where it really is, in you, not in the externals. In that way you establish a state of happiness that is continuous. Did I tell you anything new, Frank? I did? Was that new, Lil? See, I've told you this before many times, but it seems new to you!

首要的是你要朝著幸福真正所在的方向，就是在你之內，而不是在外面。通過這種式你建立一種持續的幸福的狀態。弗蘭克，我有告訴你一些新的

東西嗎？我告訴了？李，這是新的東西嗎？看，在此之前很多次，我已經告訴過你們，但現在對你們來說像是新的一樣。

Q: You told it to us but before it was not received.

問：你是告訴過我們，但之前並沒有被接受。

Lester: All right, before it was just an intellectual thing or it did not connect and so it's as though it were new now. But, as far as that goes, I always feel as though I'm saying the same thing over and over again, from this side, from that side, from another side,-but it's always the same thing. However, until you see it in your own mind's eye, until you recognize it, until you realize it, it isn't meaningful to you.

萊斯特：嗯，以前這只是一件理智上的事情，或者是沒有關聯，然而現在看起來像是新的。但是，到此為止，我總是感覺好象我在不斷說同樣的事情，從這一面，從那一面，又從另外一面，但總是說的同一件事。然而，除非你用你自己的心靈之眼明白，除非你意識到它，除非你實現它，否則它對你沒什麼意義。

Q: It sounds as though you're saying we should not desire automobiles, we should not desire homes, we should not desire wives or sweethearts, we should not desire anything, but become nothing.

問：聽起來好象你在說，我們不應該渴望汽車，我們不應該渴望家，我們不應該渴望妻子或者情人，我們不應該渴望任何東西，而是變成一無所有（nothing）。

Lester: Everything was right but the last part of your sentence. You become everything instead of nothing. Become everything and you need nothing. Desire is lack and the consciousness of separation, the source of all trouble. If you are everything, the All, you need nothing. See, everything was right down to that last part of your sentence, just reverse that and you've got it. O.K.?

萊斯特：除了最後一句其他都是對的。你成為所有的一切

（everything）而不是一無所有。變成一切（everything），因此你一
無所需。渴望是缺乏和分離的意識，是一切問題的源頭。如果你是一切
（everything）、所有全部，你一無所需。看，對於你剛才所說的最後
一部分，“一切（everything）”才是正確的，只是反轉一下就對了。好
嗎？

Q: If we become everything, then we become the wife, then we
become the world, we become everything. Instead of
separating ourselves, we become the other one.

問：如果我們變成一切，那麼我們變成妻子，那麼我們變成這個世界，我
們變成每一樣東西。而不是分離的我們，我們變成了另一個。

Lester: And that is the greatest of all feelings! That's the
highest love, -when you become the other one. That identity is
love in its highest form. In other words, you think that she
didn't break the dish, we broke the dish; she didn't spend
money on a dress, we spent the money. This is the highest
love.

萊斯特：這是所有感覺裡最好的！當你成為另一個人，這是最高層次的
愛。這是對愛的最高形式的定義。換句話來說，你認為她沒有摔壞碟子，
我們摔壞了碟子；她沒有花錢在衣服上，我們花了這個錢。這是最高層次
的愛。

Q: I become the automobile, therefore I don't desire the
automobile. Or, you become everything, you become

問：我變成汽車，然後我就不渴望汽車了。或者，你變成了一切，你變
成.....

Lester: Now, you're going to have to work this out for yourself.
You are going to have to realize that when you become
everything and feel that you need nothing, then the slightest
thought for something will bring it to you immediately.

萊斯特：現在，你將不得不自己解決這個問題。你將不得不親自去達到這種狀態：當你變成一切並感覺你一無所需，那麼一個對某物的微小的想法，這樣東西馬上就會來到你身邊。

Q: The desire is, I haven't got.

問：渴望就是我還沒有得到。

Lester: Yes! You create an artificial lack, you create a lie when you say, I haven't got. Desire, causing you to feel I have not, will cause you to have not! Let go of desire and you feel I have. This causes things to come to you.

萊斯特：是的！你創造了一個虛假的缺乏，你創造了一個謊言，如你所說“我沒有得到”。渴望正在導致你感覺你沒有，將會導致你沒有！釋放渴望接著你就會感覺到你有。這導致事情發生在你身上。

Q: If I look at the world as though I'm writing a novel and say I am the characters, I'm all these creatures that I create in my story. And yet this is what I'm living today, aren't I? I create my difficulties; I'm writing this story. Instead of doing that, I should say I am the power, and why bother creating limitations? I don't need to. So, I stop it. But what do I have when I don't create?

問：如果我看待這世界就好象我正在寫一本小說並且說我是一個角色，我是我在我的故事裡創造的所有這些人。這就是我今天的生活方式，不是嗎？我創造我的困難；我正在寫這個故事。相反的，我應該說我是力量，然而為什麼糊塗到創造了限制？我不需要的。因此，我停下了。但是當我不創造時，我擁有什麼呢？

Lester: What do you have when you don't create? Everything that you really want, our pure Beingness.

萊斯特：當你不創造時，你擁有什麼呢？你真正想要的任何東西，我們的純粹的存在本質。

Q: I have peace.

問：我擁有平靜。

Lester: Yes. You are the All, everything is in you. Feeling that way puts you completely at peace.

萊斯特：是的。你是所有，一切的事物都在你之內。以這種方式去感覺會讓你完全的平靜。

Q: Until the phone rings; then I'm right back in my habits.

問：直到電話鈴聲響起，然後我又回到我的習慣中。

Lester: Don't allow a little bell to push you around that way. Again, I say each one has to realize this for himself or herself, but when he or she does, then happiness can be made permanent, because then you look for happiness where it is and you stop looking for it where it isn't. There's no happiness in people or things. Happiness is our basic nature. Happiness is our very own beingness. And when we are only being, we are infinitely happy. Yes, when we are only being, and nothing else, we are infinitely happy!

萊斯特：不要允許一個小小的鈴來擺佈你。再一次，我說我們每一個都必須親自去實現這一點，當他做到了，那麼幸福能夠被永久固定下來，因為你在幸福所在的地方尋找它，而不是在它不在的地方尋找它。在人和物中是沒有幸福的。幸福是我們的基本的自然本性。幸福是我們的完全屬於自己所有的存在本質。當我們僅僅只是存在當下，我們就是無限的幸福。是的，當我們只是存在於當下，沒有別的，我們只是無限的幸福！

Q: In other words. when you have these various things, like you have an automobile, you utilize that automobile but you have no attachment to it, in order to attain the feeling of joy. Because if you become attached to that automobile, then that attachment has some sort of hold on you wherein you have a responsibility to it.

問：換句話說，當你擁有這些各種各樣的東西，象你有一輛汽車，為了獲得喜悅的感覺，你使用汽車但你不執著於它。因為如果你執著於那汽車，那麼這執著會抓住你，讓你感覺必須得為它負責。

Lester: Yes. The greater the attachment the greater the unhappiness. (Likewise, the greater the aversion, the greater the unhappiness.) It's unfree to be attached to anything. You cant have things and not be attached to them. Be attached to them and you are necessarily putting yourself through unhappiness.

萊斯特：是的。執著越深就越不幸福。（同樣的，越是討厭抗拒就越不幸福。）執著於任何東西都是不自由的。你能擁有它但不執著於它。執著於它們，你就得把自己丟到不幸中。

Q: Now, when you're in a state of beingness, that does not mean that you 're an ethereal being who floats from spot to spot. That means that you are in that state where you know the Truth and thereby dont have to go through all the habits that have been piled upon you by your ego.

問：現在，當你在存在於當下的狀態中，這並不意味著你是一個從一個點飄浮到另一個點的神靈般的存在。這意味著你是在那種了悟了真理狀態中，因此不必再經受小我所堆砌的各種習性。

Lester: Yes. It's knowing your infinite Beingness that is eternal and never changes. Then this world cannot touch you. You see it as a fiction, a dream. You witness it. You move through life with no attachments and no aversions. Then no one and no thing can disturb you, and you have the infinite peace and joy that is constant.

萊斯特：是的。那就是知道你的無限的存在本質是永恆的並且永遠不變的。然後這個世界再也不能觸動你。你看這個世界就像是虛構的，一個夢。你觀照著它。你生活在沒有任何執著的狀態中。沒有一個人、沒有任何事物能夠擾亂你，你擁有無限的寧靜和始終如一的喜悅。

Q: When I try to explain this to people they think that I become a shadow or substance which vanishes from the sight of everybody, or something like that.

問：當我試圖向人們解釋這一點，他們認為我變成了影子或者每個人都看不見了的東西，諸如此類。

Lester: The only difference between a fully realized individual living in the world and one who is not is his point of view of everything. An unrealized person identifies with a single limited body-mind. A realized person identifies with everything, every being, every atom and sees them as his Self. He sees the beingness in everything as his beingness.

萊斯特：一個完全覺醒的人與一個沒有覺醒的人活於世間，唯一的不同在於他看待一切事物的觀點。一個沒有覺醒的人定義自己是一個單獨的受限的身心結合體（body-mind）。一個覺醒的人定義自己為一切所有、每一個存有、每一個原子，並且把它們當作他的真我、自性（Self）。他把所有一切事物的存在本質當作自己的存在本質。

Q: Therefore getting joy out of everything that happens.

問：因此不從任何已產生的事物中獲得喜悅。

Lester:; No, your very nature is joy. You don't get it out of everything that happens, your basic nature is unlimited joy. That is your natural state! No need to get it!

萊斯特：不，你的根本的自然本質就是喜悅。你不用從已經產生的事物中獲得喜悅。你的基本的自然本質是無限的喜悅。那是你的自然的狀態！不需要去獲得它！

Q: Therefore being in a state of joy perpetually.

問：那麼存在于當下永恆的喜悅狀態中。

Lester: Yes. As long as you don't lock it onto a person or thing, it's there all the time. But if you say you can't have joy unless you do or have something, you limit your joy. The natural state is unlimited joy. This is the real natural state. The natural state is being infinite, but we superimpose over that all these ideas of limitation, of needs, attachments and aversions that block

out this infinite joy that is natural. If a being would do absolutely nothing, he would be this infinite Being. He would then be only a witness.

萊斯特：是的。只要你不把它鎖定在某人或某物中，它一直都在那兒。但如果你說除非你做或者擁有什麼否則你不能擁有喜悅，你是在限制你的喜悅。自然的狀態就是無限的喜悅。這是真實的自然狀態。自然的狀態是當下無限的存在，但我們在我們自己身上疊加了很多限制的、需要的、貪戀的、厭惡的觀念，這遮住了自然的無限的喜悅。如果一個絕對的什麼都不做，他將成為這無限的存在。他將僅僅只是一個觀照者。

Q: But you can still put in a hard day's work.

問：但你仍然能夠進入一天的辛苦工作中。

Lester: Oh, yes. You go through life like everyone else.

萊斯特：哦，是的。你仍然象每一個人一樣的生活著。

Q: But it's your attitude.

問：但你的心態是不一樣的。

Lester: Right, you see things differently. You see yourself as a witness rather than a doer.

萊斯特：對，你看事物的眼光不一樣。你看你自己更象一位觀照者而不是一位“做者”。

Q: It's there but you're detached somewhat from it. It's an eerie feeling sometimes.

問：那是達到一種超然的心態。有時是很可怕的感覺。

Lester: It's a nice feeling, isn't it? It's eerie because you're not used to it. When you get used to it, it's dearie rather than eerie!

萊斯特：那是一種很美的感覺，不是嗎？你不習慣於它所以才覺得可怕。當你習慣了，就是可愛的而不是可怕的感覺了！

Q: Lester: is this thing really easy, and we're making it hard?

問：萊斯特，這事真的很容易嗎？只是我們把它變得困難？

Lester: Yes. You are right! All your difficulty is keeping yourself limited. You have compounded limitations on top of limitations and are holding onto them in your thoughts. Therein lies your difficulty. You must let go of all your thoughts. Every thought has limitation in it. Drop all your thoughts and what is left over is you in your infinite happiness, your Beingness. Then you will realize that it is as easy for you to discover that you are an infinite Being with infinite happiness as it is for you to discover that you are a male or a female!

萊斯特：是的。你是對的。所有你的困難都是保持著你的限制。你把各種各樣的限制混合在一起並且保持著他們在你的念頭裡。這就是你的困難。你必須釋放你所有的念頭。每個念頭在它裡面都有限制。丟掉你所有的念頭，那麼剩下的就是你的無限的幸福，你的存在本質。然後你將瞭解到，發現你是一個擁有無限幸福的無限存在就像是發現你是男人還是女人一樣容易！

This Session was recorded in Los Angeles, February 7, 1965.

第十六章 身體

Why should we have need for this body? If we are infinite beings, why need we a body? The fact that we were born into a body shows that we are ignorant of our infinite Being. It's an indictment right in its own de facto situation.

我們為什麼需要這具身體？如果我們是無限存在，為何還需要身體？我們以身體的形式降生表明我們對自己的無限存在一無所知。以身體的形式降生也是對我們全然不知自己無限存在的控訴。

The body is the greatest shackle, imprisonment that we have, the greatest obstacle we have placed in our way.

身體是最堅固的鐐銬、最嚴密的監禁，是我們自設的最大障礙。

The only way out of all difficulties is to know that you are not the body.

脫離所有困局的唯一方式是知道你不是這具身體。

We came into this world to be a body in order to learn that we are not a body.

為了明白我們不是一具身體，我們以身體的形式降生到這個世界。

The worst habit we have gotten into over the millenniums is that we are this body.

在過去的幾千年中，我們所養成的最壞習慣是我們是這具身體。

The body is a slow action machine, that's all it is.

身體是一台運轉緩慢的機器，這就是事實。

The desire to survive as a body is the basis for all our present aberrated behavior. Everyone wants approval (love), struggles hard for it, and spends almost all his effort in life to attain it. As an infant, as a child, in our formative years we believed our parents would not take care of us if they did not approve of us and we would therefore die! So we developed perverted aberrated behavior patterns through suppressing our own wishes and desires in order to get that approval from our parents, which meant survival. The patterns are so deeply subconscious because of being formed in the very first days and years of our life and with so much suppression, that it is extremely difficult to reopen and consciously examine them now. However, once we know that we are not the body, all this behavior is gone.

想要身體生存的欲望是我們所有異常行為的根源。每個人都想要獲得認同，終其一生、傾盡全力地為此而奮鬥。在嬰幼兒期，我們深信如果我們的父母不愛我們，就不會照顧我們，這樣我們就會死去。所以通過壓抑自己的欲望，我們發展出了不正常的行為模式，試圖以此來獲得父母的認同，因為那意味著可以活下來。從嬰幼兒期延續下來的經年累月的壓抑，深植於潛意識中，以致於想要重新打開或者有意識地審查它們，都變得極度困難。然而，一旦我們知道我們不是這具身體，所有的這些異常行為都會消失。

All fear is either directly or indirectly the fear of the body dying.
一切恐懼都直接或間接地來源於對身體死亡的恐懼。

You're infinite and there's nothing complicated about that, but the habit of being a body is so strong it complicates and overwhelms your abiding as your Self.

你是無限的，就是這麼簡單。但是我們是一具身體的習慣如此頑固，以致於混淆並掩蓋了真我的存在。

The entire body of misery relates to the physical body.. The entire body of happiness is being what you are, the Self. Happiness is exactly what you are. Misery is exactly what you are not. The natural state is happiness. The artificially self-imposed state is misery. That is the choice, to say that the body is real or the Self is real.

身體的痛苦跟這具物理身體有關。身體的幸福則跟你所是的真我有關。幸福就是你的所是。痛苦就是你的所不是。自然的狀態是幸福。人為的狀態是痛苦。那是一個選擇，說身體是真的還是說真我是真的。

How attached are you to the body? That's how attached you are to misery.

你對身體有多執著，你對痛苦就有多執著。

The body is life conditioned. You are life unconditioned.

身體局限了生命，而真我不會。

This body is nothing but a dying mechanism, from birth till death.

這具身體只是一個從生到死的死亡裝置。

If you have a car you do not say that you are the car. Why then, if you have a body, do you say you are the body?

如果你有車，你不會說你是那車。同樣地，如果你有身體，為何還要說你是這身體？

Sleep is the pleasure of non-bodily existence.

睡覺是件愉快的事，因為忘記了身體的存在。

You actually drop your body when you are in deep sleep and recreate it in the morning when you wake up. There's no difference between sleep and death except that after death you pick up a different body while after sleep you pick up the same body. The time between sleep-bodies is short and the time between death-bodies is long.

當你睡得很深時，你實際上放棄了自己的身體，而當早上醒來時，你又重新創造了它。睡覺和死亡並無區別，除了死後你換了副新身體，而睡醒後你又用回舊身體。兩次睡眠之間的間隔很短，而兩次死亡之間的間隔卻很長。

Wrong belief that one is a body is the basic cause of desire and aversion.

相信自己是具身體的錯誤信念是所有欲望和嗔恨的根源。

We shouldn't pay too much attention to the body. Give it what it needs and no more. Do it without attachment.

我們不應該把太多注意力放在身體上。只給它需要的，並不帶執著地。

Because of the extreme limitation of the human body, the incentive to get free is great. It affords the greatest prod for growth.

由於人身的極度限制，所以才渴望自由。正是對自由的渴望，驅動著成長。

To make your body perfect and to live in a consciousness of the body is not as high as to live with an imperfect body in a consciousness of your Self.

以完美的身體活在身體的意識中，不如以不完美的身體活在真我的意識中。

It's a higher state to have a sick body and not identify with it. And that's why certain Masters do that. They will go through life with a weak or sick body, all the time maintaining their peace and equanimity. And they welcome it because it is an opportunity to be constantly reminded that they are not the body.

擁有一副病體，但卻不認同它，是更高的境界。這就是一些大師們所做的。他們以一副病體經歷生活，卻時刻保持著靜定。他們歡迎疾病，因為疾病創造了機會，時刻提醒著他們不是這具身體

The body is the disease, not the sickness of it.

身體就是疾病，而不是它會生病。

A perfect body can keep one in bondage as well as an imperfect one can.

正如有缺陷的身體帶給人束縛一樣，完美的身體也會帶給人束縛。

If you know that you are not the body, you are not the mind,
so what if they hurt?

如果你知道你不是這具身體，不是這顆頭腦，它們還能帶給你痛苦嗎？

The body is just a thought. Everything about the body is a
thought.

身體只是個念頭。有關身體的一切也都只是個念頭。

All functions of the body at one time had to be done
consciously before they became unconscious.

之前身體的所有機能都是處在被覺知中的，後來才開始變得無意識運轉。

People are not aware that they run their bodies entirely.
Subconsciously we know more chemistry than all chemists
today know consciously.

人們並不知道他們才是身體的管理者。潛意識層面我們對化學的瞭解要多
於化學家在意識層面對化學的瞭解。

The mind is the switchboard for the nervous system of the
body.

頭腦是神經系統的電話總機。

The body is nothing but a robot, controlled by us. We create it and then say, That's I.

身體只是由我們控制的機器人。我們創造了它，並說：“這就是我。”

It makes just as much sense to identify with this body as it does to identify with a body on a movie screen.

認同這具身體，就像認同電影螢幕上的身體。

Me and mine are binders to this body and to possessions.

“我”和“我的”將我們同身體和財產捆綁在了一起。

Some people who take no care of the body are very attached to the body. It is our attitude toward the body that counts.

一些不愛護自己身體的人其實對身體非常執著。對身體的態度才是重要的。

When you think of the body as God that is conceit.

將身體視為上帝，那是自大。

If you think you are the body, then make it perfect. If you think you are the Self, - then it doesn't matter.

如果你認為你是這具身體，你會想辦法讓它變得完美。如果你認為你是真我，身體就變得無關緊要。

Body equals pain and Self equals infinite joy.

身體等於痛苦，真我等於無限的喜悅。

If you think you are the body. you are distracted by it. If you know you are not the body, the body doesn't distract you no matter how sick it is.

如果你認為你是這身體，你就會被它所煩擾。如果你認為你不是這身體，不管它病得多嚴重，你都不會因它而苦惱。

The basic motivational force in physical life is the desire to survive as a body. (And it is impossible!)

物質生活的根本動力是想要身體存活的欲望（而這是不可能的）。

One of the basic troubles today is that people are much too interested in the body. Most people live 99% of the time for the body.

當今人們的一個主要麻煩是對身體過於感興趣。大部分人 99% 的時間都是為身體而活。

The body is a real jail. There's nothing about this body that needs glorification.

身體是真正的監獄。對它實在沒有什麼可讚頌的。

If you want to know how attached you are to your body,
consider throwing it off a cliff.

如果你想知道你對自己的身體有多執著，考慮一下把它扔下懸崖。

There's no mind in the physical body. It's the mind of the astral
body that operates the physical body.

肉體是沒有頭腦的。是星光體的頭腦在運行著肉體。

I am the body, is ignorance. The body is not apart from the
Self, is Knowledge.

我是這身體，是無知。身體從未與真我分離，是全知。

The body is one of the least things that we can have.

身體是我們所擁有的最小的東西之一。

All trouble starts with wanting to be a body.

所有的麻煩都始於想要成為一具身體。

The body operates on the law of cause and effect, and is an
effect of the mind.

身體的運轉遵循因果法則，它是頭腦的一個果相。

There is always a decision to leave the body when we do.

我們總是可以作出離開身體的選擇。

Misery is caused only by identifying with the body.

痛苦只由對身體的認同所導致。

Give the body its due. Keep the body healthy etc., and then forget it.

給身體應得的，保持它的健康等等，然後忘掉它。

The healthiest foods are fruits and vegetables from the flower of the plant. The unhealthiest foods are flesh.

最健康的食物是蔬果，最不健康的食物是肉。

Cooking kills the vitality. We should eat fruits and vegetables uncooked.

烹飪扼殺了生命力。我們應該生食蔬果。

Exercise is good if one believes it is good.

如果你相信運動是好的，它就是好的。

Best method of exercise is seeing cosmic energy moving in and out of the muscles and body as they are tensed and relaxed.

最好的運動方式是隨著身體和肌肉的緊縮和舒張，看著宇宙能量在其間進進出出。

We should see every body as our body.

我們應該將每一個身體都視為自己的身體。

It's all right to be that body if you'll be every other body. Then you see every body as your Self.

如果你是每一具其它的身體，成為那具身體就沒什麼問題。那麼你會將每一具身體都視為你的真我。

You are so convinced you are the body that you don't want to look away from it and therefore you look away from your Self.

你是如此堅信你就是這具身體，以致於你不願將視線從身體上移開，那意味著你的視線從真我上移開了。

You feel yourself as you no matter what body you have on you.

無論你擁有的是什麼樣的身體，你都感覺這身體是你自己。

You're only free when you know that you're not the body.

只有當你知道你不是這具身體時，你才會自由。

If you want immortality, stop holding onto the body.

如果你想要永生，就不要執著於這具身體。

Once you know you are not the body, it doesnt matter what happens to the body.

一旦你知道你不是這具身體，不管這身體發生什麼，都不重要了。

Be a body and be forever submerged in misery. Be your Self and be forever at peace.

成為身體，會讓你永遠被痛苦所淹沒。成為真我，會讓你永遠處在平靜中。

The body is like a strait-jacket when you see the Truth.

當你看到真相時，你會發現身體就像約束衣（用來束縛精神病患者——譯者注）。

You have the concept that you are only that body and only through that body can you be somewhere. That's not true. If you would see the Truth you would see everything going on anywhere right now.

你認為你只是這具身體，只有通過身體才能到達某處。那不是真的。如果你看到了真相，你就不再受到空間的限制，能看到任何地方所發生的。

When you see you are not a separate individual, you transcend the physical, astral and causal bodies. Separate individuality is

the cause of body form. You should see your individuality as the one Being.

當你看清你不是分離的個體，你便超越了肉體、星光體和業力體。分離的個體性是身體形式的起因。你應該將你的個體性視為“一的存在”。

In the process of realizing what you are you will see all bodies as your bodies.

隨著意識到你的本然，你會將所有身體視為你的身體。

An unusual thing happens, you become all beings. You give up being one body and become all bodies. But the bodies appear different from the way they look to you now. They become a flimsy, dream-like substance.

當不可思議的事發生時，你成為了全在。你不再只是一個身體，而是變成了所有身體。不過這些身體不同於你現在所看到的，它們變得像夢一樣輕薄。

Nothing that the body does should shake you from abiding as your Self.

身體無法將你從真我中拉出。

We should live our way of life so that we are not identifying with this extremely limited, garbage producing vehicle called the body. It only cuts off joy because we attach joy to it when really the joy is nothing but the experiencing of our real Self. Our way of life should be to be not the body, but be the witness of it.

我們應該活出自己的生命，這樣我們就不會認同這具身體，這個由垃圾製造的有限制的工具。身體只會切斷幸福，因為我們將幸福建立在它的基礎上。而真正的幸福只是經驗我們的真我。我們的生活不應該是這具身體，而是身體的見證者。

It's impossible to find God if we're accepting the body and the world as real. When you are the Infinite Self you don't see bodies, you see only the Beingness in them.

如果我們相信身體和世界是真實的，就不可能找到上帝。當你是真我時，你看不到身體，你只看到身體裡的臨在。

To be not the body is a beginning step. As long as you are trying to be the body you haven't got a chance of seeing the Truth because the Truth is you're infinite and the body is at the opposite end of infinity, it's the most limited thing you can be unless you want to be a stone.

不再成為身體，是第一步。只要你想成為身體，你就沒有機會看到真相，因為真相就是你是無限的，而身體卻在無限的另一端。它是你能成為的最有限制的東西，除非你想成為一塊石頭。

Saying I am a body, is tantamount to saying, I, the limitless Self, am a limited body.

說我是一具身體，就等於說：我，這無限的真我，是一具有限制的身體。

Identify with your body and the extreme limitations of a body are yours. Identify with your Self and you are all bodies, all

things, all knowledge and power, with no limits, and totally free!

認同你的身體，那麼身體的所有極端限制就都是你的了。認同你的真我，那麼你就是所有的身體，所有的東西，你就無所不知，無所不能，沒有限制，徹底自由。

Be not the body and the world is a dream, a beautiful and perfect dream.

不要成為身體，世界就變得只是一場夢，一場美夢。

There is a physical, astral and causal body. When you know what you are, you let go of all bodies. When you let go of the concept of being a body, you go all the way to the top. This physical plane is the greatest because in it we can transcend all planes and be Free!

當你知道你的本然時，你釋放了肉體、星光體以及業力體。當你釋放了我是身體的概念後，你將完全覺醒。地球是絕佳的星球，因為在這裡我們可以超越所有星球，獲得自由。

We have free will to identify with the body or to identify with our unlimited Self.

我們有認同這具身體或認同無限真我的自由意志。

If you think the body is so great, after realizing your Self you can make a thousand of them, all alike, all perfect!

如果你認為這具身體太好了，當你意識到你的真我時，你可以創造出1000個這樣的身體，完全相同，且全都完美。

Die to the body and you die to death!

讓身體死去，你將獲得永生！

第十七章 完全負責

Would you want one practical key for quickly reaching the Goal, I would recommend that you take full responsibility for everything that happens to you. We have lost sight of our mastership and have ~eluded ourselves into thinking we are victims in a world that controls us, that pushes us around. It isn't so! We are causing what is happening to us by giving power lour power, to the external world. If you want to regain your control, you must take full responsibility.

你們想要一個快速覺醒的方法嗎？我會建議你為所有發生在你身上的事負起全責。我們忘了自己才是主人，誤以為自己是這個主宰我們的世界的受害者。不是的！我們通過把力量交給外在世界，而導致了發生在我們身上的事件。如果你想取回你的控制權，那麼你就必須負起全責。

How to regain your control? By examining your thinking and correcting it. Develop the habit of honest introspection by asking yourself, Wherein did I cause this to happen to me? and holding it until the thought that caused the happening comes out of the subconscious into the conscious plane. Then you recognize your mastership I that you caused that pleasant or unpleasant experience to happen to you. The more you will do this, the easier it becomes and the more able you become, until finally, -you recognize that you were always the master.

如何取回你的控制權？檢查你的想法，並糾正它。養成誠實內省的習慣，問自己：我是如何導致該起事件的？直到相應的念頭從潛意識裡浮到意識層面。你就會意識到你才是所有愉快或不愉快事件的主人。你越這麼做，就越得心應手，最終你會意識到“我”一直都是主人。

Q: Then I, myself, am my own block, and other people do not influence me.

問：你是說，我，我自己，是我自己的障礙，其他人無法影響我

Lester: Yes. It's not what other people say; if you follow their thinking it's because you want to.

答：是的。如果你相信別人的想法，不是因為他們說了什麼，而是因為你想要相信。

Q: Yes, because I think they know more than I do.

問：是的，因為我認為他們比我知道的多

Lester: I say you know everything. You've got to accept this as a premise at least, if you want to grow.

答：我會說你知道一切。你至少得接受這個前提，如果你想要成長的話。

Q: Well, I can accept that a part of me knows everything, but that part of me does not appear to be operating, because my world out there is not in good shape.

問：我能接受一部分的我知道一切，但是那部分的我卻無法操控什麼，因為我的外在世界不怎麼樣。

Lester: It does not appear to be operating? You don't operate that part of you? That is the way you're talking! No, you operate it. You choose not to use your omniscience, your basic nature. You choose to be ignorant of your omniscience by saying, I am a limited mind-body. That's your choice. When you choose to identify with your real Self, then you'll see that you always were omniscient, are right now, and always will be; and you'll stop foolishly saying you're not.

答：無法操控？你無法操控那部分的你？不，你能操控它。是你選擇不去使用你的全知，而全知就是你的本然。你說自己是有限的頭腦-身體，以此作出無視自己的全知的選擇。一切都是你的選擇。當你選擇認同你的真我，你就會知道你一直是無所不知的，無論現在亦或將來，你會不再傻傻地說我不知道。

Q: You mean I can actually make that choice?

問：你是說我實際上能夠作出那個選擇？

Lester:-Yes, not only you can, someday you will. When you get tired enough of all this limitation you have set up for yourself, then you'll make that choice. Who thinks all your thoughts? You do! It's all your doing. What we accept is what we choose to accept. It's always our choice. It is now our choice to be extremely limited bodies. And when you don't accept your responsibility for that, you have no possibility of getting out of that extreme limitation.

答：是的，你不只能，而且某一天你也會作出那個選擇。當你厭倦了所有自設的限制後，你就會作出那個選擇。是誰在想？是你啊，都是你在想！我們能接受的，是因為我們選擇接受。都是我們自己的選擇。是我們選擇成為這個極度有限的身體。如果你不為自己的選擇負責，那麼你就沒有可能脫離那個極端的限制。

Q: I say I want to get out of that limitation and think I want to get out of that limitation and then when certain things happen I just don't get out; I'm right there in that limitation.

問：我說我想要脫離那個限制，也思忖著要脫離那個限制。但是當一些事情發生時，我出不來，被卡在那個限制裡

Lester: What you need to do is not to say it, but want it so strongly that you override the contrary unconscious habits and do it!

答：你要做的不是去那麼說，而是非常強烈地渴望去脫離那個潛意識慣性，並付諸行動。

Q: Overriding the unconscious habits is hard to do because they keep sneaking up on you and you don't realize sometimes you've got them.

問：脫離潛意識慣性並不容易做到，因為它們總是玩偷襲，有時你無法意識到你被它們控制了

Lester: It depends on how strong your desire is for the thing that you want as to whether the unconscious habits override it.

We have infinite power, infinite will, and when man so wills he's immediately set free.

答：那取決於你意願的強烈程度。我們是有無限的力量、無限的意志的。當你的渴望極度強烈時，就能立刻獲得解脫。

Q: Gee, that sounds so easy.

問：那聽起來很容易

Lester: That's the easiest way to do it. Just will it! And it's possible for everyone of us, because we are infinite and therefore have infinite will power. And the reason why we don't do it is that we don't have that much desire for it. We still have more desire to be limited bodies.

答：那是最容易的方法。只是渴望它！這對我們每個人來說都是有可能的，因為我們是無限的，也就擁有無限的意志力。我們之所以做不到，是因為意願不夠強烈，我們更多的是渴望成為有限的身體。

Q: I believe that anyone would take the other choice, if he really had a choice.

問：如果真的有選擇的話，我相信任何人都會作出那個選擇

Lester: Oh, if you had a choice, pardon me! (Laughter) You see what's happened? You're convinced we don't have the choice.

答：哦，如果有選擇的話，請原諒！（笑聲）按你這麼說，你相信我們是沒有選擇的。

Q: No. speaking from experience, sometimes when you really want something, it seems like the opposite happens.

問：是的。就我的經驗，有時雖然你很想要怎樣，但卻事與願違

Lester: Everything you really wanted strongly in your life you got, because mind is only creative. These are things you have got to dig out and recognize for yourself. You're getting exactly what you want, as is everyone. Because you don't look at your

thoughts and you call them unconscious does not mean you don't have them.

答：如果你真的非常渴望，你就會得到你想要的，因為頭腦只會創造。這對每個人來說都是如此。之所以事與願違，那是因為你沒去審查念頭，你叫它們無意識，但這並不意味著那些念頭不是你的。

Q: I'm afraid of my unconscious, did you know that?

問：我怕我的無意識

Lester: How does that help you see your unconscious thoughts?

答：那無法幫助你看到你的無意識念頭

Q: Consciously I tell them to go a way.

問：在意識層面，我會叫它們滾

Lester: So they stay operative all the time. Thoughts have no will of their own. You have the will. Unless you pull them up into consciousness and look at them, you can't let go of them. When you see them consciously, you'll automatically let go of them, the ones you don't like, because you don't like them.

答：所以它們始終能夠從中作梗。念頭沒有自己的意願，但你有。除非你將它們拉到意識層面，否則無法釋放它們。當你在意識層面看到它們，你就會自動地釋放它們。

Q: How can you become conscious of your unconscious thoughts?

問：你如何意識到你的無意識念頭？

Lester: By practice. Just the way you're doing it now; anything you want to think of comes to your mind. What you are going to say to me five minutes from now is not conscious right now, it is unconscious. Five minutes from now you'll pull up what you want. Now if we make it a habit of pulling up thoughts, we can do it easily. The more we practice it, the easier it is to do.

It's a good habit; saves a lot of unnecessarily living out karma. Honest introspection works quickly and beautifully like a surgeon with a knife.

答：通過練習。就像你現在所做的，任何你想要想到的，都會來到你的頭腦。五分鐘後你想要跟我說的，此刻依然停留在無意識裡。五分鐘後，你會將你想要的從無意識裡面拉出來。如果我們把這變成習慣，就會變得很容易。我們練習得越多，就越容易。這是個好習慣，節省了很多不必要的業力。誠實的內省是非常快的，也非常美妙，就像拿著手術刀的外科醫生。

We control the unconscious; we keep back there all that we want to keep back there, and then when we want it up in the conscious, we pull it up.

我們控制著無意識，它們之所以躲在暗處，是因為我們把它們鎖在暗處。如果我們想要它們出來，我們可以拉它們出來。

Q: You really believe that we control it?

問：你真的相信是我們控制著無意識？

Lester: Do I control your unconscious?

答：我能控制你的無意識嗎？

Q: No, I don't think you do it.

問：不，我想你不能

Lester: Then who does?

答：那是誰控制？

Q: Well, I don't know. I think it is unconscious control.

問：我不知道。我想是無意識的控制

Lester: It's your unconscious. Can you remember right now things that happened yesterday that you're not conscious of? What did you have for breakfast yesterday!

答：是你的無意識。此刻你能記起昨天發生的事嗎，當你不去回憶的時候？你昨天早上吃了什麼？

Q: Oh, ham and eggs!

問：火腿和雞蛋

Lester: All right, a minute ago that was unconscious, and now it is up in your consciousness, right? Do you have control of your unconscious? Can you pull things up from it? You did just then!

答：好的。一分鐘前那是無意識的，現在它在你的意識裡，是嗎？你是否對你的無意識有控制權呢？你是否能夠把它拉出來呢？剛剛你就做到了。

Q: But, you see that does not have any emotional impact, what I had for breakfast.

問：但是你看，能夠記起昨天的早飯，那是因為沒有什麼情緒影響

Lester: It had a good emotional impact. You showed you liked it. However, it does not matter whether there is emotional impact. What matters is the desire to pull up something from your unconscious.

答：有好的情緒影響。看起來你喜歡昨天的早飯。但是，無論是什麼樣的情緒影響，都不重要。重要的是將它從無意識層面拉上來的意願。

Q: But you triggered her bringing it up. She wouldn't have brought that up otherwise.

問：但是是你促使她將它拉上來的，否則不會這樣

Lester: Yes, but so can she. She wanted to. If she had not wanted to she just wouldn't have remembered. Pleasant things are easy to bring up and unpleasant things are difficult because we have little desire to bring up the unpleasant.

答：是的，但是她自己也能。因為她想要把它拉上來。如果她不想要，她就不會去回想。愉快的事容易被拉上來，不愉快的則比較難，那是因為我們不想把不愉快的事拉上來。

Q: Do you have to go through this phase of clearing up the unconscious before you can accept the theory that you are unlimited?

問：在你能夠接受你是無限的之前，是否必須要經歷清除無意識的階段？

Lester: It is necessary in the beginning and it also makes for rapid progress. Later, after much progress, you can will it out. There are basically two ways of growing: one is eliminating the mind, the subconscious; the other is putting in the positive, seeing who and what you are.

答：有必要從一開始就這樣，它能讓你進步神速。接著，在取得一些進展後，你就更有動力去這麼做。成長有兩條路可走：一條是清除頭腦，即無意識，另一條是植入正面的想法，看清你是誰以及你是什麼。

Q: When you put in the positive doesn't the opposite seem to take effect?

問：當你植入正面的想法時，負面的好像依然起作用？

Lester: Sometimes. However, when you see your real Beingness you'll scorch the opposite. You'll say, That's ridiculous to remain miserable, sick, unhappy, etc. and you'll begin to scorch it. There is a tendency in the direction you're asking. If I say hot you think of cold, right? If I say up it implies down. That is in the nature of thought itself. But I wouldn't use that to imply that we can't wipe out the negative by seeing the positive that we are, because we can.

答：有時是這樣。但是，當你看到你的真實存在時，你就會燒掉那些負面的。你會說，抓著痛苦、不幸不放，真是太愚蠢了。你會開始燒掉它。慣性是會有。如果我說熱，你會想冷，不是嗎？我說上，你會想下。那是念

頭的本性。但這並不意味著知道了我們本身的正面特性卻依然無法消除負面的，因為我們能夠消除負面的。

Q: Well, I don't know. You see, at the hospital I went around trying to use light, love and peace because I thought that these were the 'things that were essential. And it seemed like the more I tried to dwell on light, love and peace the worse things got.

問：我不確定。你看，在醫院裡我到處想著光、愛與和平，因為我認為這些能夠幫到人。但好像我越想著它們，事情越糟。

Lester: Love is something that can't be turned on and off. Either you've got it or you haven't. If you have love you may say horrible things to people and they don't mind it. So this thing called love isn't something we can turn on and off like a faucet. We can only express it to the degree that we have it. Now, if you have love for these people you would want them to have what they want.

答：愛不是能夠開了又關的東西。你要麼有要麼沒有。如果你有愛，即使跟人們說可怕的事，他們也不會介意。所以所謂的愛並不像水龍頭一樣可以開了又關。只有我們有愛時，才能表達愛。如果你對醫院裡的病人有愛，你會想讓他們擁有他們所想要的。

Q: So what I'm doing is playing an ego game?

問：所以我只是玩了一場小我的遊戲？

Lester: Yes. Can you see it? When you see it, that's good. Then you will, I hope, let go of it.

答：是的。你明白了嗎？如果你明白了，很好。你會釋放它。

Q: By the way, you mentioned before that by bringing up the subconscious you could eliminate karma. How?

問：順便問一下，你之前說把潛意識拉上來，就可以消業。怎麼消的？

Lester: Karma is in the thought, not in the act. When you do something, it's the thought that's carried over in the subconscious that instigates the act next time. Eliminate subconscious thought and you eliminate future karma. It's the thought that carries over from lifetime to lifetime. So if you bring the thought up and you reverse it, karmically it's gone.

答：業力是在念頭裡，而非行動裡。當你做什麼時，無意識裡的念頭會唆使下一次行動。消除無意識念頭，就是消除未來的業報。正是無意識念頭貫穿了我們的生生世世。所以如果你能將念頭拉上來並反轉它，業力就能消除。

Q: I want to know how to control what you think. I do not feel I can control how I think.

問：我想知道如何控制所思所想。我覺得我不能控制。

Lester: You do it by first accepting the idea that you can. Then you try it and you succeed once; when you succeed once then you know you can try it again. When you succeed twice, the second time is easier. The third time is yet easier than the first two, etc. The more you do it the easier it gets. This leads to complete control and freedom.

答：你能控制。首先要相信你能。接著你會試著去控制，成功一次後，你就知道你可以再試一次。成功兩次後再試第三次。每一次都比之前的更容易。你做得越多，就越容易。最終會演變成完全的控制以及徹底的自由。

Q: By control you mean changing your thinking?

問：你所說的控制指的是改變想法？

Lester: Yes. We control all our thinking. If I do something wrong it's because I decide to carry out something wrong, that's all. And if I make it unconscious, I do it. Did I hear you say, Take full responsibility? that's it! If you want to grow you must take full responsibility for everything you do, for everything that happens to you. Trace all happenings to their originating thought in your mind.

答：是的。我們控制著自己的所有想法。如果某件事我做錯了，那是因為我決定做錯。如果我想讓它待在無意識裡，我就讓它待在那。不是要完全負責嗎？這就是完全負責。如果你要成長，就要為你所做的一切以及所有發生在你身上的事負起全責。去追蹤導致那些事件的最初的那個念頭。

Q: I still feel I can hurt people.

問：我始終認為我能傷害別人。

Lester: You can't. People hurt themselves; you don't hurt them.

答：你不能。人們只會自傷，你傷不了別人。

Q: I wish I could finally see that.

問：希望我能看清這點

Lester: I call you stupid. You've got a certain reaction there, right? It wasn't good, was it? Who made you feel sad? You thought, Well, he called me stupid, well, I'm going to feel sad. All right, now I say, You're brilliant. You thought, He called me brilliant. I'm going to feel happy. But you do the up and down in your feeling; I don't do it. I come out with a sound stupid brilliant and you choose the way you feel about it. It's just a little tiny bit of sound energy that went from me to you, to your ears, and you felt first sad, then happy. You did all the doing there. Can you see that?

答：我說你很蠢，你會有些反應，感覺不好，是吧？是誰讓你傷心了？你會想，他罵我蠢，我要感到傷心。那麼，現在我說，你很棒。你會想，他誇我棒，我要感到高興。是你讓感受在起伏，而不是我。我只是發出了個“蠢”和“棒”的聲音，而你選擇感受的方式。只是一些從我嘴巴裡傳到你耳朵裡的聲音能量，而你一開始感到傷心，接著又感到高興。自始至終都是你在感覺。你明白了嗎？

Q: Well, if I can't hurt anyone. I can't help anyone either!

問：如果我傷不到任何人，那麼我也幫不到任何人！

Lester: Yes, that's true.

答：是的，是這樣的。

Q: This business of when you try to put in the positive thought and oftentimes the negative seems to be strengthened, is it because while you're putting in the positive, you're holding onto what you're fighting? So that all you need to do is just do it?

問：當你試圖植入正面的念頭時，通常情況下負面的會更加強烈，那是不是因為當你植入正面的時，你就把負面的抓得更緊？所以只要繼續植入正面的就行？

Lester: Yes. When you want to do it enough, you'll just do it.

答：是的。當你想要這麼做時，你就會這麼做。

Q: When you do that, you just let go of it. You don't hold it in mind and it isn't.

問：當你這麼做時，你就釋放了那些負面的。你不再把它們保存在頭腦裡

Lester: Right! When the conscious wish to let go is stronger than the unconscious wish to hold on, then you let go. These habits are very strong; the unconscious wish for them is very strong. The conscious wish has to be stronger to override it.

答：是的！當意識對釋放的渴望高於無意識對堅持的渴望時，你就釋放了它們。無意識的慣性是非常強悍的。所以意識的渴望必須要強於無意識的，才能推翻它們。

Q: Then if you have a conscious wish and you're trying to accomplish something and you can't do it, it's because you have a subconscious habit that is blocking you. Well, how do you get rid of that subconscious wish that is blocking you?

問：如果你在意識層面非常渴望達成一件事，但失敗了，那是因為無意識的慣性在障礙著你。你是如何擺脫阻礙你的無意識渴望？

Lester: By making the conscious wish stronger. Or, by pulling up the unconscious wish to the contrary and looking at it. When you see it, you automatically let go of it; you won't hold it down there any more.

答：讓意識的渴望更強烈，或者把無意識的渴望拉上來。當你看到它們時，你就自動地釋放了它們，而不再將它們鎖在底下。

Q: I want to meditate well and I can't seem to.

問：我想做好冥想，但總是做不好

Lester: How many hours a day do you practice meditation?

答：你每天練習冥想幾個小時？

Q: Three-quarters of an hour in the morning because when I'm working I can't do any more.

問：早上做個 45 分鐘，因為工作時我就不能做了

Lester: How many hours a day do you do the opposite?

答：每天不做冥想的時間有多少？

Q: An awful lot of hours.

問：好多好多個小時、、、

Lester: That's why it's difficult. Now, out of a sixteen-hour day if you spent eight hours trying to meditate and eight hours in the world, you'd have an even push for and against it in your daily doing. Meditating is quieting the mind. Activity in the world is doing the opposite.

答：這就是為什麼冥想很難做好的原因了。如果每天 16 個小時的時間，其中 8 小時用來冥想，另外 8 小時應付外在世界，你就有相等的力量與之抗衡了。冥想是讓頭腦安靜，外在活動則相反。

Q: But even when during the day you try to think of God you can't.

問：但是即使在白天也很難想著上帝

Lester: Because youre mental habit is so strongly on things of the world and every day you develop that habit further. So when you take some short time off and try to do the opposite, you don't find it easy. You've got to take more and more time off for meditating until you succeed.

答：因為頭腦對外在世界的慣性太過強大，而你每天的活動又加劇了這慣性。所以如果你只是花很少的時間冥想的話，你就很難擺脫慣性。你必須花更多的時間來冥想，直到頭腦安靜下來

Q: You mean by increasing the desire for meditation, the opportunity will present itself?

問：你的意思是要加強冥想的意願，這樣機會就能自動到來

Lester: Yes, and therefore you will succeed. If your desire for meditation were intense, you'd be meditating rather than doing other things. Then you would become able to keep your mind on God while in the world.

答：是的。如果你對冥想的渴望非常強烈，你就會去做冥想而不是其它什麼。你會越來越能夠把上帝放在心裡，即使依然需要應對外在世界。

Q: When you once reach Oneness in meditation, do you regress back into your separateness?

問：一旦在冥想中感受到“一”，還會退回到分離的狀態嗎？

Lester: Yes, when you first see it, it's a tremendous experience that you'll never forget. But the mind has not been undone and therefore reemerges. But seeing it scorches a good part of the mind each time you see it.

答：是的，當你第一次看到它時，那會成為你終身難忘的體驗。但是頭腦尚未清除，所以依然會再現。但是每次你看到它，都能燒掉好一部分的頭腦。

Q: The more you see it then

問：如果看到的次數越多呢？

Lester: The more you scorch the mind, until the mind is totally undone. Then you're in the steady state. You regress no more. It's possible to see all the way, see the Oneness, by momentarily submerging the mind. But as long as that mind is not undone it will re-emerge. But you'll never let go once you drop into that state of Oneness. You'll go into it again and again until it becomes permanent.

答：就能燒掉越多的頭腦，直到頭腦徹底消失。你就到達了永不退轉之境。通過瞬間地讓頭腦沉沒，我們是有可能看到“一”的。但是只要頭腦還未徹底清除，它依然會再現。一旦你進入“一”的境地，你就永遠無法放手。你會一次又一次地進入，直到永久地待在那裡。

Q: You can't will that?

問：不能通過想要而進入那裡嗎？

Lester: Oh yes! Oh yes, by wanting it that much. The reason why it's so difficult to want it that much is that we have been wanting the illusory world for so long that we don't let go of the illusion very easily. Even though intellectually we know the illusion causes the misery, through long-time habit of thinking that the joy is in the external world, we just don't let go of it easily.

答：當然可以！要以很強的意願。之所以無法擁有強烈的意願，是因為我們一直想要的都是這個虛幻的世界，以致於難於釋放。即使智力上我們知道痛苦緣於幻覺，緣於慣性地認為幸福是在外面，我們也依然難以釋放。

Q: That's why I say traveling is a fool's paradise.

問：這就是為什麼我說旅行是傻瓜的天堂。

Lester: Yes, it is chasing rainbows. The ultimate joy is closer than flesh. How far do you have to go to get It, that which is closer than flesh?

答：是的，那是在追尋海市蜃樓。終極的幸福比肉體還近，你還需要走多遠才能得到它呢？

Q: Right here; wherever you are, that's where It is.

問：就在這裡，不管你在哪裡

Lester: Yes, that's where It is. It's the I of you. Find that I and you've got It. So the place to go is to go within.

答：是的，就在這裡。它就是你的“我”。找到了“我”，你就得到了它。所以你要去的地方是你內。

Q: Is isolating running away?

問：遁世是逃避嗎？

Lester: It could be. If one is isolating just to get away from the world, that's escape. If one is isolating to dive into one's Self, that is not escape.

答：可能是。如果遁世是為了避開這個世界，那是逃避。如果遁世是為了進入真我，那就不是逃避。

Q: How do you know which one you are doing?

問：你怎麼知道是哪種呢？

Lester: By being honest with yourself.

答：誠實地面對自己。

Q: There's something about being next to nature.

問：你怎麼看親近自然呢？

Lester: The nice thing about nature is it gets one away from worldly re-stimulation.

答：自然的好處在於能夠讓人遠離塵世的喧囂。

Q: That's escaping though, isn't it?

問：那也是逃避嘍

Lester: Right. You go out into nature to enjoy nature; what you're really enjoying is the freedom obtained by the dropping away of all the unhappy thoughts and pulls of society. And that's escape.

答：是的。你為了享受自然而進入自然，其實你真正享受的是自由，通過擺脫不愉快念頭以及社會壓力而來的自由。

Q: You mean you can't enjoy nature and at the same time be going within and trying to go Home?

問：你是說享受自然的同時無法往內走？

Lester: No, I don't mean that. All joys should be being what you are. We should never enjoy anything. In order to enjoy something we have to go into the illusion of separateness. The joy should be independent of things, independent of people. However, then one sees the Truth, one can choose to enjoy, and the closer one gets to Truth the more one is capable of enjoying. One becomes sensitized and everything becomes far more intense. But there's no need to go out and enjoy nature because your basic nature is joy.

答：不，這不是我的意思。所有的幸福都應該是回歸真我。我們不應該享受任何事，因為如果我們是為了享受，就必定進入分離的幻覺。幸福不應該依賴於任何人事物。但是，一旦看到了真相，你就能選擇是否享受。越接近真相，就越有能力享受。你越敏感，一切就變得越生動。但沒有必要走出去享受自然（nature），因為幸福就是你的本然（basic nature）。

You are the ultimate joy. Looking for joy would be like me going around looking for Lester: I am Lester: I don't have to go out there and look for him. If I am joy I don't have to look for it out there. There's no need to go out for joy when it's inside you.

你就是終極幸福。尋找幸福就如同我走出去尋找萊斯特。我就是萊斯特。我不必走出去尋找萊斯特。如果我是幸福，就沒有必要向外尋求幸福，因為幸福就在你內。

Q: It's simpler to get it in an isolated spot.

問：與世隔絕更容易些

Lester: Yes. Even if you're escaping you'll reach a point where your thoughts will get unbearable; then you'll be forced to go within.

答：是的。但是即使你與世隔絕，依然會有很多讓你無法忍受的念頭跑出來，你最終還是被迫往內走。

Q: You're helping us today through throwing back some of the things we're saying, and giving other things to us, one needs that, doesn't one, in one's search?

問：你向我們扔回了一些東西，但同時又給了我們所需的，也是我們苦苦尋求的。你以這種方式說明我們

Lester: Yes, it is an aid. The only thing anyone else can do for us is to point and support us in the direction. And when we are pointed in the wrong direction, it's very good to have someone re-point us in the right direction. Mirroring your thoughts back to you helps you see your wrong direction, so that you may change it.

答：是，這是一種援助。他人唯一能為我們所做的就是指引和支持。當我們走在錯誤的方向上，有人幫我們引到正確的方向上，是非常有益的。將你的念頭反射給你，能夠幫助你看清方向，從而走到正確的方向上。

Q: How do you know if you're pointed in the right direction?

問：如何才能知道你是被引到了正確的方向上？

Lester: Intuitively, or by the results achieved. Unconsciously, everyone is seeking his infinite Self. We call it happiness. When

we beat ourselves long enough and hard enough, we begin to open ourselves to the right direction. Then a Christ, a Yogananda, a Ramakrishna, a Buddha comes into our experience. Becoming acquainted with these Great Ones is no accident. They point the right direction.

答：通過你的直覺，或者獲得的結果。在無意識層面，每個人都是在尋找他/她的無限真我。我們將其稱為幸福。當我們受夠了挫敗和艱難，我們就會把自己打開，向正確的方向打開。接著基督、尤迦南達或者佛陀就會進入我們的經驗。與這些“偉大的一們”相識絕非偶然。他們向我們指出了正確的方向。

Let me conclude with the following: You are responsible for everything that you feel. It's your feelings; it's your thoughts. You turn them on; you think them, and no one else but you does it, and you act as though you have no control! You turn a faucet on your head and you say. Oh, someone is getting me all wet. It's you who's turning on the faucet and getting yourself wet. So your direction has been, remains, and will be, take full responsibility for what's happening to you. Then you'll see by looking in the direction of I am doing this, that you are! Then when you see that you're torturing yourself, you'll say, My gosh, how stupid can I be? And you'll stop, and instead of torturing yourself, you'll make yourself happy.

讓我來總結一下：你對你感受到的一切負有全責。那是你的感覺，你的念頭。你開啟它們，思考它們，是你在作為而非他人，但是你卻表現得好像不是你在控制。你打開了你頭上的水龍頭，卻說：哦，某人把我搞得全身濕透。是你，把水龍頭打開；是你，把自己弄濕。所以你的方向就是，且永遠都是，為發生在你身上的一切完全負責。那樣你就會明白事實就是如此。你會看到一直都是自己在折磨自己，你會說：天啊，我還能蠢到什麼地步！你會就此打住，不再自我折磨，而是讓自己幸福。

Now no one is an effect of the unconscious mind, the unconscious habits and tendencies, unless he chooses to be. You are cause over the unconscious mind; you set it up; you're

choosing to follow it. The day you decide not to, that day you're through with it!

沒有人受到無意識頭腦的影響，除非他選擇這麼做。你是無意識頭腦的因；你設置了它；你選擇了跟隨它。哪天你不再選擇跟隨，哪天你就釋放了它。

It's simple. When you don't look at what you are doing, it's a forever process of being miserable. You think miserable thoughts and you feel miserable, and you don't take responsibility for thinking these thoughts. So what chance have you got for getting out of it? Once you take responsibility for your thoughts, you've got control. You can turn them off, change them, put in good thoughts, until you overcome the bad thoughts. Then you'll drop thoughts. You'll see how stupid it is to think. All thoughts are things of limitation and you're happiest when there are absolutely no thoughts. And when there are absolutely no thoughts you are in the top state. So what's difficult about that?

很簡單。當你不去查看你所做的，你就永遠脫離不了痛苦。你思考痛苦的念頭，你感到痛苦，你覺得你對這些念頭沒有責任。那你還有什麼機會脫離痛苦？一旦你為你的念頭負起責任，你就拿回了控制權。你可以斷開它們，改變它們，用好的念頭取代它們，直到你戰勝壞的念頭。你就釋放了它們。你會明白思考是件愚蠢的事。所有的念頭都是限制性的，無念的狀態是你最幸福的時刻，也是最高境界。所以，什麼是最難的呢？

Q: The unconscious mind.

問：無意識頭腦

Lester: No. It is you! It's not the unconscious mind. This is the point I've been trying to get across. It's not the unconscious mind. You would like to make it the unconscious mind. You would like to make it other than you. That's why you want the Masters, or you want Lester: to pass a wand over you and do it for you, but you don't want to do that which makes you happy. You're choosing to do that which makes you unhappy. Can you

see this? It's so simple. Whose thoughts do you think? Why all these unhappy thoughts? The moment you choose not to have them. you won't have them.

答：不，是你自己！無意識頭腦是我一直致力於穿越的。所以不是無意識頭腦，只是你想要把責任推給無意識頭腦，而非你自己。這就是你為什麼需要大師，或者萊斯特，你想要讓他們給你帶來幸福，而不是你自己。你選擇讓自己感到不幸福，明白了嗎？很簡單，是誰在想？為什麼都是些不幸福的念頭？什麼時候你選擇不去擁有它們，你就不會擁有它們。

Q: Well look to you and us.

問：依靠你和我們

Lester: Look to you, look to you. Look to find out who and what you are. Only when you know who you are will you know who I am. Only by discovering what you are will you understand what this universe is. Until you understand what you are, you can not see this universe clearly. It's a hazy mist. When you discover who you are, you'll see that this whole universe is right within you. Like the universe in a night dream is within you.

答：依靠你，依靠你自己。依靠去發現你是誰以及你是什麼。只有當你知道你是誰的時候，你才會知道你是誰。只有發現你是什麼的時候，你才會知道這個宇宙是什麼。在你知道你是什麼之前，你無法完全看清這個宇宙，就像隔著一層薄霧。當你發現你是誰的時候，你會看到這如夢般的整個宇宙都在你內。

You must take full responsibility. Otherwise you have no chance of ever getting out of the mess. If you attribute the cause to it as something other than you, that not being true, you can never get out of the mess.

你必須負起全責，否則你永無翻身之地。如果你將困境歸咎於你之外的人事物，你就永遠無法擺脫它們。

So the day you decide to do it, that is it! Because! Take full responsibility and have your Mastership!

哪天你決定要完全負責，那就對了！完全負責，你就拿回了主導權！

This Session was recorded in Sedona. February 10, 1967.

錄於 1967 年 2 月 10 日，西多納

第十八章 上師與大師

A Master is a fully - realized Being. A Guru (or Sat Guru) is a Master who has chosen to help others find their Freedom. God, Guru and Self are all one and the same. This becomes obvious when the illusion is gone and the Reality is known.

大師是完全開悟的存在。上師是選擇了幫助他人找到自由的大師。上帝、上師和真我是一體的，沒有區別。當幻覺消失，真相被徹悟時，你就會明白這點。

There is no greater aid than to have the guidance of a Master or Guru. To quote the greatest accepted authority on Monism of the East, Swami Shankara, No known comparison exists in the three worlds (physical, astral and causal) for a true Guru. If the philosopher's stone be assumed as truly such, it can only turn iron into gold but not another philosopher's stone. The venerated Teacher, on the other hand, creates equality with Himself in the disciple who takes refuge at His feet. The Guru, therefore, is peerless, nay, transcendental!

沒有比擁有大師或上師的指引更好的幫助了。東方一體論的最高權威 Swami Shankara 說過：在三界（物理界、星光界、起因界）中，真正的上師是舉世無雙的。哲學家的石頭只能把鐵變成金，卻不能變出另一塊哲學家的石頭。而真正的上師，卻能讓祂的信徒成為和祂一樣的存在。因此，上師是無與倫比、超越一切的存在。

A Guru may be in a physical body, or an astral or causal body. The finer the body-form, the more readily He gets around.

上師可以以肉體、星光體或起因體（causal body）存在。越精微的存在，就越不受限制。

Can everyone have a Guru in a physical body? No, because rare is the Guru who chooses the extremist of limited form, the physical body. There just aren't enough of them to go around.

每個人是否可以擁有一個以肉體存在的上師呢？不能，因為選擇肉身的上師非常罕見。

Can everyone have a Guru? Yes, if he will accept a Guru who has transcended the physical body. Having transcended the physical, the Guru can use His omnipresence and actually help everyone calling on Him.

每個人是否可以擁有一個上師呢？是的，如果他能接受上師以非肉身的形式存在。只有超越肉體，上師才能使用祂的全在來幫助每個祈請祂的人。

Can we sense a Guru who is not in a physical form? Yes, everyone can, to the degree of his acceptance. If we are up to it, He can appear and talk with us in a physical body. If our acceptance is less, He can appear in an astral body and talk with us, If we have less acceptance than this, He may appear in a vision. Least of all, we may feel Him as a presence. However, He may come to us and to our aid in anyone of the foregoing manners. All we need to do is to demand it and then accept it when it comes.

我們能感受到以非肉身存在的上師嗎？是的，每個人都能，這取決於他的接受程度。只要我們足夠接受祂，祂就能以肉身的形式出現，並與我們對話。如果我們的接受程度更小，祂能以星光體的形式出現並與我們對話。如果接受程度比這還要小，他能出現在我們的想像中。至少，我們可以感受到祂的存在。但是，無論以何種形式，祂都可以向我們伸出援手。我們所要做的只是提出要求，並接受祂的幫助。

Is it necessary to have a Guru? Theoretically, no. Practically, yes! Our present era is one in which we are so sunk in the apparency and delusion, that superhuman means are needed. Should we have a Guru? Definitely yes. Can we find one? Definitely yes. When the pupil is ready, the Teacher appeareth! If you have not found your Guru, just expect and know that you have contacted Him and you cannot but experience Him!

是否有必要擁有一個上師呢？理論上是不需要，但實際上，是的！當今這個時代的我們，沉湎於幻覺和假像中，以致於如此需要一個超人。我們是否應該擁有一個上師呢？毫無疑問。我們能找到一個上師嗎？當然。只要學生準備好了，老師就會出現。如果你還沒找到你的上師，那就期待祂的出現，知道你已經連接到了祂，並且你只能經驗祂！

How can we know a real Guru or Master? How can we tell the degree of one's realization? A fully- realized Being has an inner peace that cannot be disturbed. He is completely selfless and His every act is for others only. He is equal-minded toward all. He is desireless. He is fearless. He is Love that is all givingness. He expects nothing from anyone. His every moment is oneness with God. To the degree that one has all the above qualities, is the degree of one's realization.

我們怎樣才能知道祂是否真正的上師或大師？怎樣才能辨別祂的開悟程度？一個完全開悟的存在擁有著不受攪擾的內在寧靜。祂是完全無私的，祂的每一個行為都是為了他人。祂以平等心對待一切。祂無欲無求，無所畏懼。祂就是愛，祂的愛是完全的給予，不求任何回報。祂時時刻刻與上帝同在。只要擁有以上所有品質，祂就是完全開悟的存在。

Getting a Guru we garner the greatest good and get our godly goal.

擁有一個上師，能讓我們獲得至善，並完成神聖的目標。

Although we don't see it, the Great Ones work more and more with us as things get worse in the world. Don't lose your head. Keep yourself open to them and you will be safely led through. 儘管我們看不到偉大的一們，祂們還是越多越多地在這個混亂時期參與我們。不要驚慌失措。向祂們敞開，祂們會指引我們渡過難關。

On the stage of earth a Realized One play- acts a character as a human and knows Himself as divine. He sees no contradiction between human and divine. He merely sees the world as in Him rather than external to Him. The unrealized one sees the world as external.

在地球這個舞臺上，覺者雖扮演著人的角色，卻深知自己是神。祂看不到人和神的區別。祂只是將這世界看成是在祂之內，而非祂之外。而未開悟的人則將這世界看成是在他之外。

It is hard to judge a Master by His behavior because He is free to be any way He wants to be. He can even choose to be human. The top state doesn't exclude the limited states. It takes them in, too, without being touched by them.

辨別大師，很難通過祂的行為來判斷，因為祂在任何面向都是自由的。祂想要自由。祂甚至可以選擇成為一個人。最高境界不排除有限制的較低境界。最高境界能夠容納較低境界，但卻無法被較低境界所觸及。

To the degree we have reservations about the Master or Teacher, to that degree we cut off His help.

我們越對大師或上師有所保留，就越難得到祂們的幫助。

If ones ego feels it can dominate the teacher, the teacher has no chance of helping.

如果一個人的小我認為它能控制上師，那麼上師就沒有機會提供幫助。

When the pupil is ready, the Teacher must necessarily appear.
當弟子準備就緒時，上師必會出現。

When a Master in this world looks around, He sees His body and He sees all bodies around Him, but He knows that every body is His Self, -that's the difference. He sees every body as much His body as His own.

當身處這個世界的大師環顧四周，祂看到了祂的身體，以及圍繞在祂周圍的所有身體，但是祂知道每一個身體都是祂的真我。這就是區別所在，祂把所有的身體都當作是祂自己的身體一樣看待。

Just point of view, -that's the only difference between a Master and a non-master.

只是一個觀點：那就是大師與非大師的唯一區別。

For a fully-realized Being, His outer activity does not disturb or effect His consciousness. Likewise thoughts do not disturb His consciousness.

對於一個完全開悟的存在來說，祂的外在行為不會干擾或影響祂的意識。同樣地，祂的念頭也不會干擾祂的意識。

I think the hard thing for disciples of a Master (in physical body) to see is that the Master is in the world and not of it, that His body is the least part of Him.

我認為對於一個大師（以肉身存在）的信徒來說，最難看到的是大師身處於這世界卻並不屬於這裡，祂的身體是祂最小的部分。

You are always pointed in the Direction when you are with the Wise.

當你和智者在一起時，總能被引到正確的方向上。

You think a Master in a physical body is more effective because you are unable to see Him in His finer body and therefore think He is not with you.

你認為以肉身存在的大師更有幫助，那是因為你無法看到祂更精微的存在，自然地也就認為祂並不與你同在。

The greatest of all aids is a living Teacher who has realized. Why? Because, although we all potentially have infinite power, the more we realize, the more we can exert this power. When a living Teacher, who has realized something, is trying to convey that to another one, He puts all His power behind what He is saying to help the other one realize it. He sees the other one as a limitless being, gives him an inward lift, points and sets him up to receive that which is being said, and uses the power emanated to effect the realization.

最好的幫助來自於開悟的在世上師。為什麼？因為儘管我們都有潛在的無限力量，但是只有開悟才能運用這力量，越開悟就越能運用這力量。當一個在某方面開悟的在世上師傳遞祂的力量時，祂將祂的所有力量通過語言傳給他人，說明他人開悟。祂將對方視為無限的存在，給予對方內在的助力，幫助對方接收祂的教導，並傳遞力量來促成對方的開悟。

So, the greatest of all aids is a Teacher who has realized what He is saying. The next greatest aid would be reading His words. There's a definite import to His written words. That's why I say that we should read only fully-realized Masters. Everything that

They have in writing is intended and calculated to give the reader a realization. The written word carries the original import of the One who said it.

所以，最好的幫助來自於已經證悟了祂所說的上師。第二個最好的說明或許是閱讀祂的文字。祂的文字中帶有篤定的意義。這就是為什麼我說我們應該唯讀完全開悟的大師的文章。他們所寫的一切旨在給予讀者開悟的路徑。文字攜帶著祂所說的最初含義。

As to behavior in life, the very best behavior is imitating that of a realized Being, because that is conducive to giving you His realization. When you're acting it out, it points you in the direction of seeing that which you're acting out.

說到生活中的行為，最好的行為是模仿覺者的行為，因為那能幫助你看到祂是如何開悟的。當你付諸行動時，它指引你明晰你的所作所為。

Stay with your Master and be with your Master all the time by constant thought of Him and by constant reading of His words, as though He is talking directly to you.

如何一直與你的大師同在？持續地想著祂，閱讀祂的文字，就好像祂在親自與你對話。

The Masters are living to give us realization. But if you don't accept this, Their love does not allow Them to impose Themselves on you.

大師存在的目的就是說明我們開悟。但是如果你不接受，祂們的愛不允許祂們自己強加於你。

All the Masters are at every moment helping us to see who and what we are.

所有的大師無時無刻不在幫助我們看清我們是誰，我們是什麼。

A savior is a servant who serves.

救世主是服務的奴僕。

A Master's behavior is completely selfless. There is a total self-abnegation in a Master.

大師的所作所為是完全無私的，因為大師完全地捨棄了自我。

A master feels like a servant.

大師就如同僕人。

A Master does not interfere with the lives and ways and wishes of others.

大師不會干涉他人的生活、道路以及願望。

Masters seldom give advice. They give principle.

大師很少給予建議。祂們給予法理。

It's not that Masters mind the world, it's that the world minds them that causes them to withdraw.

不是大師介意這個世界，而是這個世界介意祂們，這讓祂們卻步。

There's no realized Teacher who wouldn't want you to listen to all other Masters. They want you to listen to any realized Being, because They all see Themselves as the same. But They don't want you to listen to anyone less than a realized Being.

沒有一個開悟的上師會反對你去聆聽其他大師的教導。祂們支持你去這麼做，是因為祂們視所有大師為同一。但是祂們不想讓你去聆聽尚未開悟者的教導。

All Masters are exactly the same Self with different names.

所有大師都是同一個真我，只是名字不同。

When you can accept every Master as your Master, that's good. Then, when you can accept every person on the street as a master, you're almost there.

當你能夠接受所有大師為你的大師，那很好。當你能夠接受所有人為大師，你就接近開悟了。

Every fully-realized Being that comes into the world, in order to come in, must assume some desire and karma. If you don't have some desire you cannot stay.

每個來到地球的完全開悟的存在，為了來到這裡，必須承擔一些欲望和業力。如果你沒有欲望，你就無法待在這裡。

Masters will go through life with a weak or sick body, all the time maintaining their peace and equanimity. They welcome it because They use it as a constant reminder that They are not the body.

大師會以一副病體來體驗生活，並一直保持著深沉的靜定。他們歡迎病體，因為他們可以借此來提醒自己不是這副軀體。

For one who's in a body, it's nigh onto impossible to look on a Master as not a body.

對於一個以肉體存在的人來說，幾乎不可能不把大師視為同樣的肉體存在。

Christ is against nothing. Love is all-accepting.

基督從不反對任何事。愛是完全的接納。

Masters never reject, They only accept.

大師從不拒絕，祂們只會接受。

A Realized One doesn't enjoy bliss, He is bliss.

覺者不會享受極樂，祂就是極樂。

The Guru helps set the background for realizations - the peace.

上師提供開悟的背景——平靜。

A Master is a help in that He points us in the right direction and reminds us of the direction when we want to be reminded.

大師的幫助體現在指引我們正確的方向，並在我們需要時給予我們方向的提醒。

Reading Their words is association with the Sages.

閱讀聖賢的文字，就是與祂們連結。

A fully-realized Being is inactive in his own consciousness. To others, He appears active. He looks at His Self and other s look at His body.

一個完全開悟的存在，祂的意識不再活躍。對他人而言，祂看起來卻是活躍的。祂看著祂的真我，而他人卻看著祂的身體。

It takes a Master to understand the behavior of a Master, right? If you could understand His behavior, you would be like Him.

大師才理解大師的行為，是吧？如果你能理解祂的行為，你就會變得像祂。

Any time you get totally absorbed in any saying of a Master, you make contact with that Master.

如果你能完全地吸收大師所說的，你就能同那位大師產生聯繫。

There are no limitations to a Master. He can be one body; He can be a thousand bodies. A Master can actually have a thousand bodies, and talk through the thousand bodies at one time to a thousand people, a thousand different people. There are no limitations on a Master.

大師不受任何限制。祂可以是一具身體，也可以是一千具身體。祂可以擁有一千具身體，並通過這一千具身體在同一時間與一千個人對話。大師是沒有限制的。

There is another thing you ought to be convinced of now, that the Masters are a 100% correct!

你現在應該堅信另外一個事，那就是大師是 100%正確的！

Masters, isolated, are doing far more good for the world than presidents and kings are.

大師雖與世隔絕，但為這世界所做的貢獻卻超過總統和國王。

A Realized One, being unlimited, may or may not use the mind.

覺者不受任何限制，祂可以選擇是否使用頭腦。

When we start on the path, we start with much confusion. We don't recognize that what is out there is only that which we have set up. The Teacher we look up to is in our consciousness and only there. However, when we look up to a Teacher, we humble our ego, our ego being the only thing that prevents us from seeing the Truth. Looking up to a Master puts our ego into

the background and we take our direction from someone who knows.

當我們走上覺醒之路，總是帶著諸多困惑。我們沒有意識到外在的一切都是我們自己創造的。我們所敬仰的上師其實是在我們的意識裡，並且也只

在我們的意識裡。然而，當我們敬仰一個上師時，我們讓小我變得謙卑，小我是我們看清真相的唯一障礙。對大師的敬仰，讓我們的小我退到幕後，這樣我們才能得到大師的指引。

Now the outside Master or Teacher will always point us inwardly to the Teacher of all teachers, our very own Self. This doesn't become apparent at first. When we allow the Teacher out there to become successful enough, He shows us that the Teacher has always been right within us, that the Teacher has always been our real Self. So that, in the end, there's only one Teacher, the Teacher within, your Self.

外在的大師或上師總是指引我們往內，因為所有導師的上師正是我們自己的真我。一開始這並不明顯。但是當我們接受外在的上師時，祂會向我們展示上師其實一直在我們之內，上師一直都是我們的真我。所以，只有一個上師，祂就在你內，祂就是你的真我。

When you're moving in the Direction, every Guru and Master is supporting you, yes, everyone of Them.

當你走上覺醒之路時，每一個上師或大師都會支援你，是的，每一個。

If your mind is on a fully-realized Master. He works to pull you over.

如果你專注於一個完全開悟的大師，祂會從頭到腳貫穿你。

The place where saints are is right where I am. So when you find out what you are, you'll see the saints come marching in.
聖人的所在正是我的所在。所以當你發現你是什麼的時候，你會看到聖人魚貫而入。

Read the words of a Master. Better, imagine His saying them to you. Best, hear Him saying them to you as you read them!
在你閱讀大師的文字時，想像祂正與你說話。最好是，在你閱讀時，聆聽祂對你所說的。

Truth is Truth and all Masters speak identically. It appears different because They tailor it to suit the hearer.
真理就是真理，所有的大師說的都是一樣的。之所以聽上去不同，是因為祂們為了適應不同的聽眾而做了調整。

The Teacher is only as effective as is His conviction that the other one is a Master.
大師只有在祂堅信對方也是大師時，才會對對方產生作用。

When you know your Self, you know everything. A Master knows far more about every field than the top world authority in that field.
當你知道你的真我時，你就無所不知。一個大師對每一個領域的瞭解，遠遠超過該領域的最高權威。

When an individual becomes a Master, He operates by intuition.
He doesn't need to think.

當一個個體成為大師時，祂用直覺來運作。祂不再需要思考。

Just one Master could help every single one of the nearly four billion people on this earth at one and the same time because Masters are unlimited and omnipresent.

僅一個大師就能同時幫助將近 40 億人中的每一個個體，因為大師不受限制，且無所不在。

What is night to all humans is day to the Realized. What is day to all humans is night to the Realized. What the human sees the Realized doesn't see.

對人類而言的黑夜，對覺者則是白天。對人類而言的白天，對覺者則是黑夜。人類看到的，覺者看不到。

To the Realized One the world may be likened to a moving picture on a screen. He sees the changeless screen as the substratum of the action. The unrealized man takes the moving pictures to be real, and if he would investigate by grabbing hold of the moving pictures, he would discover the truth, - that it is just a changeless screen. Grab hold of your Self and discover the changeless substratum of the world!

對覺者而言，世界就像螢幕上的電影。祂將靜止的螢幕看成是行動的根基。而尚未開悟的人則將變化的電影畫面視為真實，如果他讓畫面停住，並能深入調查，就會發現真相——那不過是靜止的電影螢幕。抓住你的真我，發現這個世界不變的根基。

A Master sees nothing but the one Self which others chop up into millions of parts.

大師只看到真我，而他人卻將真我撕成無數的碎片。

Since Masters are Beingness, they can never not be. But Their Beingness is other than what you attribute to Them. Beingness has no body or form. Beingness is unlimited. Form is limited to the form.

因為大師就是臨在，所以祂們不可能不成為臨在。但是祂們的臨在 different 於我們所認為的臨在。臨在沒有身體或形式。臨在是無限的。形式則受限於形式。

A Master has equal-mindedness toward all beings {even animals and insects}.

大師視一切存在為平等（甚至動物和昆蟲）。

When one is around a Guru, if one gets quiet and digs for Truth, whatever one is aiming for, he will get through the assist of the Guru. He gets it through the silent teachings, which are the very highest of all teachings. This can also be done from afar!

當一個人處在上師周圍時，如果他能安靜地去挖掘真相，無論他想要什麼，都能得到上師的幫助，通過上師無聲的教導。而這無聲的教導則是最高級的教導，可以來自遙遠的地方。

In the end the teaching has to be in silence because it is an experiencing thing; it's not a verbal thing.

這教導最終也必是無聲的，因為只可經驗，不可言傳。

A Master sees us as Himself, as His very own Self. There are no others to a Master. There's just one infinite Being. This helps us to see what He sees.

大師將我們看成是祂自己，祂自己的真我。對大師而言，沒有別人。只有一個無限的存在。正是這無限的存在，幫助我們看到祂所看到的。

You can meet the Master s in body when you can accept meeting Them just as much as you can accept meeting me.

當你對大師的存在形式能夠如接受我這般時接受祂，你就可以見到以肉體存在的大師。

You cannot invoke a Master without His coming in.

大師沒有來，你就無法祈請祂的幫助。

第十九章 如何助人

As we are approaching Christmastime again, I would like to say a word on love. As you know, the real love, the divine love, is a feeling of givingness with no expectation of receiving something for it in return. When we attain to this, we see and feel nothing but the most enthralling love everywhere and in everyone. We taste the sweetness of God and are effortlessly locked in harmony with Him. We are intoxicated with a joy that defies description.

隨著聖誕的再次臨近，我想談談“愛”這個字。如你所知，真正的神聖之愛，是不求回報的給予感。當我們達到那種境界時，我們看到並感受到的是無處不在的最迷人的愛。我們品嚐著上帝的甜蜜，不費吹灰之力地墮入和諧之境，沉浸在難以言喻的喜悅中。

Loving God, loving All, loving everyone is the easiest and most natural way to attain full realization. It requires no give up, as it is an expanding of our inner feeling of love to encompass and embrace all, everyone, everything living. Expand your love, for your family, for your friends, for those of your country, for those of the entire world. Expand it until there is no more room for expansion and then remain eternally intoxicated and one with God!

愛上帝，愛一切，愛所有人，是達到覺醒的最容易且最自然的路徑。無需捨棄，因為它是我們內在之愛的擴展，能觸及一切，包容一切。擴展你的愛，為你的家人，為你的朋友，為你祖國的同胞，為全世界的人。擴展它，直到無法再擴展，然後待在那永恆的狂喜中，與上帝合一！

Love is basically an attitude. To express this attitude, we do so at Christmastime with greetings and gifts. As you give, do so from the bottom of your heart and discover that it is the giver that is most blest. Having been away from you for sometime and knowing that you have been meeting and communing

weekly, has anything come up that you might want me to clarify?

愛其實是一種態度。為了表達這種態度，我們在聖誕之際給出問候和禮物。當你給予的時候，發自內心地給予，你會發現給予者才是最幸福的。離開你們一段時間後，知道你們每週都會與人會面、交談，現在你們有什麼想要問我的嗎？

Q: We just said what we individually thought, and in that way we reached for a better understanding and I think it helped.

問：我們剛剛分享了私人念頭，那讓我們更好地理解（reached for a better understanding），我認為很有用。

Lester: All right, reached for a better understanding, see if I can tie in there. We're moving toward a Goal that is unlimited. We must become totally free. We have been moving in ups and downs; and our lives have become much better and happier. Yet as we feel there is a distance to go, right? To date, as a group. I would say that you have mastered much of the principles as applied to life. You've learned how to let go of a certain amount of limitation; you've learned to accept the positive; you've learned to accept the power of thought; you've learned that you are the creator in your life; and of course the thing that goes along with that is that you have increased your capacity to love. As we expand our consciousness, our love automatically increases. Likewise, as our love increases, so does our understanding and wisdom, have so far gained are not all- satisfying; that even though life has become happier, it still isn't full, complete. Anyone take any issue with me so far?

答：嗯，更好的理解，我們就來談談這個。我們的目標是無限存在。我們必須完全自由。我們在這條路上摸索著，一路跌跌撞撞，生活開始變得更好更幸福。但卻始終覺得與目標還有距離，是吧？到目前為止，作為一個團體，我想說隨著你們將這些法則應用於生活，你們對這些法則已熟悉了不少。你們已經學會了如何釋放一些限制，學會了接受正面的念頭，接受念頭的力量，並且知道了你就是生活的創造者，當然隨之而來的是愛的能

力的提升。隨著意識的擴展，我們的愛也會自動地增加。同樣地，隨著愛的增加，理解和智慧也隨之提升，但是卻無法完全滿足，即使生活變得幸福，但卻依然不圓滿。現在有什麼要問的嗎？

Q: Not a bit.

問：很多

Lester: All right, the path we're on is from here on until we make the goal, -total Freedom. That's the first point I'd like to make. Second, we can do this in this lifetime! Generally it takes many, many lifetimes for the great majority of those seeking to make it. However, we can do it this lifetime, for two reasons: First, we are an unusual group, i.e., rare are the ones wanting this quickest, most direct way. Second, we have the right direction to make it this lifetime. Then, if we ever come back in the future it will be by choice, not by necessity. Those of us who very much want to help others might come back just to help others. But that's a matter of individual choice. The main thing is to achieve the ultimate state.

答：好的。我們所走的這條路是從這裡開始，直到完全的自由。這是我強調的第一點。第二點是，我們此生就能達到！對很多有同樣目標的人而言，通常需要很多世才能達到。但是，我們今生就能做到，原因有二：一、我們是一個非凡的團體，在這裡的人都想要最快速、最直接的道路；二、我們有著正確的指引。另外，未來我們回到這裡，可以自由選擇，而不是必須回來。我們這裡很想幫助他人的人可以回來提供幫助。但那只是個人選擇的問題。我們的主要目標是到達終極之境。

Now, becoming master over life is really a basic and necessary step through which we learn that rather than victims in life, we are the masters. Then after we master the ways of making our environment the way we want it, we look beyond. No matter how happy we make our life, so long as its involved only in everyday living itself, it will never fully satisfy us because our real nature is that of being infinite. Are there any questions on that?

成為生活的主人是非常基本且必要的一步，它能讓我們明白我們不是生活的受害者，而是生活的主人。隨著我們越來越精通如何改善自己的境況，我們看得更遠。無論我們如何使自己生活得幸福，只要依然只涉及塵世生活，我們就無法感到完全滿足，因為我們的真實本質是無限的。這方面還有什麼問題嗎？

Now I'll go into what I think should be our direction in the future. We must become more universal. We should let go of our own livingness to the point where we can live outwardly more for others. If we are universal beings, we must behave like universal beings. Every human being is me is the way we should You are me is the attitude we should have towards other people.

現在我來談談我們未來的方向。我們必須更多地放眼全宇宙。應該釋放對生計的執著，向外聚焦，更多地服務他人。如果我們是宇宙存有，那就必須表現得像個宇宙存有。每個人都是我，你就是我，是我們應該對他人抱持的態度。

I used the word attitude. We can't help people much by giving them things; there's just too much needed and we do not have it. But we can give them that which is much more than things. We can begin to give them the wisdom that we are getting. Our attitude should be one of wanting to help everyone who wants help.

我用的是“態度”這個詞。助人不是給人們東西，因為人們需要的太多，而我們又給不了那麼多。但是我們的給予可以超越物質。我們可以給他們我們正在獲取的智慧。我們的態度應該是想要幫助每一個需要幫助的人。

Never help those who don't want it; that would be imposing on them. We should try to help just those who cross our path and ask us. We don't have to extend ourselves looking for people as they will just fall into our experience. They'll ask us questions and as we give them the answers, we'll find that certain people will feel that we are giving them the right

answers, that we are helping them and they will ask for more. And it's really an obligation to help those who come to you sincerely seeking the right direction. Remember, You are me.

絕不要幫助不需要幫助的人，因為那是強加於人。我們應該幫助那些向我們尋求幫助的同道中人。不必刻意尋找需要幫助的人，他們自會進入我們的生活。他們會問我們問題，當我們給他們答案時，一些人會感覺我們給了他們正確的答案，我們幫到了他們，他們因此會提出更多的問題。幫助這些真誠地想要獲得指引的人，是一種義務。記住，你就是我。

The irony is that we begin to live more expansively, thinking less of our little self and more of the other one, we really help ourselves. The worldly see it differently. They would probably interpret it as we helping the other one. But there is no other one to help but ourself, and we actually get the greatest benefit. By helping others we help ourselves toward the Goal. We will never make it unless we have an attitude of love and a feeling of compassion, of oneness with everyone, with a wish that they too know .what we know.

有趣的是，我們開始活得更加擴展，更少地考慮我們的小我，轉而更多地考慮他人，實際上我們這是在幫助自己。但世人卻並不這麼認為。他們可能會將其解讀為我們是在幫助他人。但除了自己，沒有人需要幫助，我們自己才是最大的受益者。通過說明他人，我們說明自己實現目標。我們只有有愛的態度，有慈悲心，與每個人合一，希望他人知道我們所知道的，才能走向覺醒。

So, to repeat, we have gotten to the point where we have learned how to better control life and make it happier. Now we should try to make it happier for others who want it. This does not mean stopping our own growth; that we never do. We keep working for our own further growth, - by helping others. Any questions on that?

所以，再重複一次，我們必須先學會如何主導生活，讓生活變得更幸福。之後幫助那些需要幫助的人，讓他人也更幸福。這並不意味著放棄自身的

成長，我們絕不能停止成長。通過幫助他人，讓自己獲得進一步的成長。還有問題嗎？

Q: I feel that I have to work for a living and I've got to pile up so much money or so much goods and that if I give some body else something, well then I won't have. Isn't that basically wrong?

問：我覺得我必須為生計而活，必須賺很多錢，囤積很多財產。如果我給了別人一些東西，那我就沒有了。這錯了嗎？

Lester: Yes.

答：是的。

Q: Because, in reality, I don't have to work for a living, isnt that the first thing I have to know to get rid of that idea that I have to work for a living?

問：因為事實上，我不必為生計而活。為生計而活，是否是第一個需要放下的信念呢？

Lester: Yes. However, we should feel that we would like to give away what we have; and this is the way you'll feel later on. You'll just want to give away everything; you'll have to control yourself. The world is in such a state that people think all they need is things, and if we try to provide things, we're not really helping them; we're confirming that they cannot provide for themselves. It's not things that they need; it's understanding. Just look at the wealth and the accompanying unhappiness in our country today.

答：是的。但是，我們應該感到我們想要給出我們所擁有的，之後你會有這樣的感覺。你會想著給出你的所有，你會不得不控制自己。在當今這個世界，人們認為物質是他們唯一所需的，如果我們給出的是物質，就不是真正的幫助，而是向他們確認他們無法自給自足。他們需要的不是物質，而是智慧。看看在我們國家所發生的，伴隨財富而來的卻不是幸福。

Q: That is a little different slant which is very important. Giving them things without giving them the power to be the thing they really want is not giving them anything..

問：那是挺不同的一個觀點，但非常重要。給予物質卻沒有給予他們如何得到物質的能力，那等同於沒有給予。

Lester: Yes. Comparatively, things are small when wisdom is gained.

答：是的。相比較而言，當獲得智慧時，物質可說是微不足道。

Q: But you see, I don't demonstrate this. We have come to the point where we have an easier life, a happier life, -I feel I can talk for all of us, - but certainly, at times, we sure fall on our faces.

問：但你知道，我很難證明這點。雖然現在我們的生活更輕鬆，更愜意，但有時，仍會感到挫敗。

Lester: Some of us do, but why?

答：我們中的有些人是這樣，但是為什麼？

Q: Because we think limited thoughts?

問：因為依然有限制性念頭？

Lester: We're trying to be happy in the business of everyday livingness itself only, aren't we?

答：因為我們試圖只在日常的生活找到幸福，不是嗎？

Q: I, speaking for myself, would say, Yes. When a deal goes through, I'm happier than when it doesn't.

問：對我來說，是這樣。當一筆交易達成，我會比沒達成時更高興。

Lester: Right. Try to not be the doer. Let go and let God. Be happy at making others happy.

答：是的。但是不要成為作為者，放手，讓上帝接手。通過讓他人幸福來獲得幸福。

Q: Because, in Truth, all there is, is God perfection. But I put my fingers in and mess it up, don't I?

問：因為事實上，上帝創造的一切都是完美。但是我會染指，會破壞，是吧？

Lester: Yes, you do. But you don't have to.

答：是的。但你不必非得如此。

Q: Just let go and let God?

問：只是放手，讓上帝來接手？

Lester: Yes, why don't you do it? Why don't you let go and let God?

答：是，為什麼你要作為？為什麼不讓上帝來接手呢？

Q: I would say habit is in my way.

問：我想是習性的原因

Lester: It's habit. all right. but why allow the habit to run you? You're living in a world of separation; there are you and people and deals. If you see the Oneness, you begin to live for others; you see them as you.

答：是習性沒錯，但為什麼讓習性來控制你呢？你生活在一個分裂的世界，那裡有你、他人和交易。如果你知道了“一”的真相，你會開始為他人而活，你會將他人視為自己。

Q: But the others that I see come to me because they want things. I never had anybody come to me and say. I want peace.

問：但是我看到的那些人之所以和我接觸是因為他們想要什麼。我還從沒遇到過因為想要平靜而向我走來的人。

Lester: That's your consciousness. Expect to meet people who want peace. Then peace seekers will come into your experience.

答：那取決於你的意識。如果你期待遇到想要平靜的人，那麼那些人就會進入你的經驗。

Q: You spoke of love and compassion. Define what they mean.

問：說到愛和慈悲，你是如何定義它們的？

Lester: Love is only understood when you love. Basically, it is the attitude of givingness, with an understanding of and an identifying with others. Compassion is understanding what the others are experiencing without sharing their misery and with a wish to promote its alleviation.

答：只有當你愛時你才能明白什麼是愛。基本上，愛是一種給予的態度，帶著對他人的理解和認同。慈悲是理解他人的經歷，但卻不分享他們的痛苦，而是祝福他們能從痛苦中走出。

Q-: Love as far as I feel then, should be wanting for others the same as I would want for myself with no feeling of I am limited.

問：就我所能感覺到的愛，是為他人著想就如為自己著想一般，同時沒有我是有限的感覺

Lester: Yes.

答：是的

Q: This group is trying to rise high.

問：本團體正試著走得更遠

Lester: All right, what should we do now since life has become happier? The next step is to live more outwardly, more expansively; live for others, or, live more for others. This, in another way, is seeing G J everywhere and in everyone. Feel that everyone is you because there is only one Beingness, -

you. There is only God and God is All. Therefore, that which I am, my Beingness, is God!

答：好。自從我們的生活變得更幸福，現在我們應該做什麼呢？應該更多地向外聚焦，活得更擴展，更多地為他人而活。換種說法，就是看到上帝無處不在，每個人都是上帝。每個人都是你，因為只有一個存在，那就是你。只有上帝存在，上帝就是一切萬有。因此，我是我的存在，我就是上帝！

(This Session was recorded in Los Angeles in 1965. The following are statements and aphorisms recorded at different times.)

（本次會談錄於 1965 年，洛杉磯。之後的格言則錄於不同時期。）

第二十章 如何助人（續）

One who is not in some way helping others is injuring them. This some way is basically and generally in thought. Any thought other than one of good will or good wishes toward anyone, is injuring others and therefore injuring oneself.

若無法在某種程度上助人，便是傷人。這某種程度基本上指的是在念頭裡。若非以善意的念頭助人，便會傷人又傷己。

The above is effected through the interconnection of all minds and by the fact that the law of compensation, i.e., karma, is affected in the thought, whether the thought is carried through into action or not.

以上情況由所有頭腦的相互連接所致，以及業力在念頭中的影響，不管該念頭最終是否付諸行動。

.....
Your helping others is more by your attitude of how much you love them, than by your behavior.

助人取決於你有多愛他人的態度，而非你的行為。

.....
When you love you are very constructive whether you are in action or not. Just feel love and your thoughts will be those of love.

當你愛時，不管你是否付諸行動，你都是非常具有建設性的。只是感覺愛，你的念頭就會成為愛的念頭。

Thought is far more powerful than action. Thought is the basis of action. It is the initiator. It comes before it. It determines action.

念頭遠比行動強有力。念頭是行動的基礎，是行動的發起者。念頭在行動之前，又決定行動。

.....

The degree of the lack of recognition of the woes of others is the degree of one's ego. The more one knows his Self, the more compassion and desire one has to help others.

越是無法認識到他人的痛苦，小我就越強大。越明瞭真我，就越慈悲，並且越想著幫助他人。

.....

The more you are capable of loving, the more you are helping the world.

你越有愛的能力，對世界就越有益。

.....

All minds are interconnected, interact and interreact. The more an individual increases his love, the more everyone is helped.

所有頭腦都是相互連結、相互影響的。個人越增加他/她的愛，其他人就越受益。

.....

Your thought force either helps or hurts the world's spiritual progress and is consequently hurting or helping yourself.

你念頭的力量要麼幫助、要麼傷害這個世界的靈性進程。所以，它要麼幫助、要麼傷害你自己。

.....

He who is not helping the world's upliftment is helping its degradation.

若不是幫助世界揚升，就是在促進它的沉降。

.....

The greatest good is done by the person who best understands himself.

只有最理解自己的人，才能達到至善。

.....

Everyone can be helped in every situation that involves more than one person, and no one has to be hurt when love determines.

在所有不只一個人參與的情境中，當愛起決定性作用時，沒有人會受傷，相反地，每個人都從中受益。

.....

When you let someone know you are doing something for them, they are obligated and return a thank you. When they I know and I return, then the Infinite returns, overflowing!

當你讓他人知道你在幫助他們，那麼他們就變得有義務來回報你。當他們不知道你在幫助他們，也就無從報答，那麼無限就會向你回流，將你充滿！

.....

When I give and you give back, you stop me from receiving a blessing from the Infinite.

當我給予時，你又給回來，你阻止了我接收來自無限的祝福。

.....

It's helpful to you to help others, provided there's no ego motivation behind it and that it's done without attachment.

幫助他人，但又並非由背後的小我驅動，在結束之後又不帶執著，這樣的助人其實是利己的。

.....

A high being sitting in a cave somewhere all by himself is doing much good for the world by his sending out powerful thoughts of love and peace.

一個在山洞獨處的高級存有，對這世界的貢獻遠高於發出愛與和平的強有力念頭。

.....

To the degree that we know the other one is perfect. To that degree we are effective in helping the other one.

我們越明瞭他人是完美的，助人就變得越有效。

.....

Charity is aiding and abetting the lie that God will take care of the sparrow but not man.

慈善助長了上帝會照顧麻雀而非人類的謊言。

Charity is saying. You can't help yourselves.

慈善即是說：你幫不了自己。

.....

Charity is good and necessary for one who is at that level of givingness and havingness.

慈善對處在給予和擁有層次的人來說，是好的，也是必需的。

.....

The greatest thing we can do for others is to help them to help themselves.

我們能為他人所做的最好的事是幫助他們自助。

.....

Blessed is the giver because he is the happier, if he gives from his heart.

給予者是有福的，因為當他發自內心地給予時，他是更快樂的人。

.....

To the degree you straighten out yourself you may help others. Again I say, you're not going to help others any more than you help yourself. But try to help others because that will help you to help yourself.

當你清理了自己時才能幫助他人。我再說一次，如果不能自助，就不要助人。但是要試著幫助他人，因為那會幫助你自助。

.....

You don't need any special training to help others. You do it naturally, from your own state of beingness.

幫助他人無需任何培訓。從你的臨在出發，助人變得自然而然。

.....

Everyone is a teacher teaching at his level. He does it unconsciously in his daily relationship with others

每個人都是老師，在他所在的層次教導。這種教導在他與他人的日常關係中無意識地發生著。

.....

The greatest givingness is not in things. The greatest givingness is your attitude of love.

最好的給予不是給予物質，而是你愛的態度。

.....

Giving out money is like giving out snake protection (the snake and the rope concept). The greatest giving is giving the understanding that there is no snake to protect yourself from.

發錢就像保護對方免于蛇的威脅（蛇和草繩的寓言）。最好的給予是給予智慧，讓對方明白根本就沒有蛇需要防護。

.....

Have an attitude of givingness. It's not how much you give; it's your attitude. Some people give to hospitals etc. to get their nameplates on them, and that is the extent of their reward.

要有給予的態度。不是你要給予多少，而是你的態度。有些人捐助醫院等機構，為的是那些機構以他們的名字命名，作為對他們的回報。

.....

Whatever we do we should do with a desire to serve.

不管我們做什麼，都要帶著服務的渴望。

.....

Serve with the feeling that it is not you but the God in you who serves.

服務時要帶著這樣的感覺：不是你在服務，而是上帝通過你來服務。

.....

The giver should say Thank you and the receiver should say You are welcome. (The giver is the more blest.)

給予者應該說謝謝，接受者應該說不客氣。（因為給予者更幸福。）

.....

The less ego we have the more we know the perfection of others. And it's to the degree that you know they're perfect that you support them in their being perfect.

我們的小我越少，我們就越明瞭他人的完美，也就越能支持他人的完美存在。

.....

A completely giving person always has whatever he wants.

一個完全給予的人，總是能夠擁有任何他想要的。

.....

We help mostly by raising our own state of being.

最大的幫助是提升自己的境界。

.....

The higher you go the more you lift everyone.

你走得越高，就越能幫助他人提升。

.....

When you're holding good thoughts, you're sending out good thoughts to everyone.

當你保持好的念頭時，就是在對所有人發出好的念頭。

.....

When you're helping others, where's your attention?

當你幫助他人時，你的注意力在哪呢？

.....

Selflessness is an excellent yardstick to measure the state of beingness of an individual.

無私是絕佳的尺規，能夠衡量個人的所在境界。

.....

Givingness is also a good yardstick. One's state of beingness is proportional to one's feeling of givingness, one's wanting to give.

給予亦是很好的尺規。個人存在的境界和他想要給予的感覺以及給予的意願成正比。

.....

Does a Master ask things from the devotees, the disciples? A Master is all-givingness.

大師會跟他的信徒要東西嗎？大師只會給予。

.....

Our feeling of givingness should be equal toward everyone. Giving to someone who likes you is ego motivated. A Master has equal-mindedness toward all.

給予的感覺應該對所有人都一樣。給予喜歡你的人，是小我在驅動。大師則對所有人都給予。

.....

Anyone who has spiritual pride is only giving out words, and the other one picks it up as words with no import or authority.
在靈性上傲慢的人只會給出語言，而接收的人也只是接收語言，貧乏而空洞。

.....

To help another one you have to equate him to you, i.e., not think you are spiritually higher.

幫助他人時，你必須將他放在和你同等的位置，也就是不要以為自己的境界更高。

.....

When one understands, one sees everyone equally a Master.

當一個人開悟時，會視所有人都為大師。

.....

If everyone lived only for others, that would right the world. It would make it a utopia!

如果每個人都為他人而活，就能糾正這個世界，讓這個世界成為一個烏托邦。

.....

When we live only for others, then we're at the top.

當我們只為他人而活時，我們就是在最高境界。

.....

Any and every relationship should be for the purpose of helping the other one attain realization, or for your being helped in attaining Realization.

任何關係以及每段關係都應是為了幫助他人獲得開悟，或者幫助你自己開悟。

.....

Service to mankind will get you full realization if you do it with no interest in the fruits thereof.

不為回報而做的服務能夠讓你完全開悟。

第二十一章 態度和行動

Attitude and action in our daily life should be consciously used for growth all the time. When so used there is no time when you are not growing. It is an excellent way of constant and continual growth. Remember, when you are not growing, you are regressing.

我們日常生活中的態度和行動應該一直有意識地被用於成長。那樣的話你無時無刻不在成長。記住，當你不成長的時候，就是在倒退。

.....

All attitude and action should be in the direction of helping yourself and others toward Realization.

所有的態度和行動都應該指向開悟，以自助和助人的方式。

.....

Have an attitude of harmlessness toward all beings and do not want them to behave as you would like. The same thing said positively would be: Have an attitude of love toward all beings and allow them to be the way they are.

對一切存在抱持無害的態度，不要求他們像你希望的那樣行動。用正面的說辭就是：對一切存在抱持愛的態度，允許他們按照他們自己的方式行動。

.....

To every action there is an opposite and equal reaction. This is the law of compensation, also called karma.

每一個行動都會產生一個相等但相反的反應。這就是回償法則，也稱業力。

.....

Daily toil is a waste of time unless you continuously use it to learn what you need to know from the resistances of it. Square

it with love, take full responsibility and the resistance melts.
The less toil and more quest and realization of Self, the righter
the direction and the easier becomes living.

每日的辛勞只是浪費時間，除非你能從對它的抗拒中學會什麼。帶著愛去做，並負起全責，抗拒就會消散。越少地忙碌奔波，轉而更多地尋求並看到真我，就是越正確的方向，生活也會因此變得越容易。

.....

Every act and every attitude is a step forward or a step
backward.

每一個行動和每一個態度不是前進就是倒退。

.....

Everything that we do that is not in the direction of the Self
forestalls the continuous bliss and sustains the misery.

我們所做的每件事若不是朝著真我的方向，就是在阻礙極樂的到來，並讓痛苦得以持續。

.....

Determine the goal of your life and then find the shortest road
to it.

決定你生活的目標，然後找到最短的路徑。

.....

Everyone is doing exactly what he or she wants to.

每個人都是在做著他/她想要做的。

.....

It isn't right for us to tell anyone anything unless they want us
to.

不要告訴任何人任何事，除非他們需要。

.....

Don't waste your time socializing; use it realizing.

不要把時間浪費在社交上，把它用在開悟上。

.....

It matters not what you believe or do not believe,-it does matter what you do.

你相信什麼或不相信什麼並不重要，重要的是你做什麼。

.....

Anything that you do that is not directly related to growth is a waste of time.

你所做的任何事，只要不跟成長有直接關係，就是在浪費時間。

.....

You can only be interested in negativity if negativity is interesting to you.

如果負面的態度和行動對你有吸引力的話，那麼你只會對負面的態度和行動感興趣。

.....

Never evaluate for the other one; let the other one do the evaluating for himself.

不要評價他人，讓他們評價他們自己。

.....

Ill try means I think I can't. That's why trying doesn't accomplish anything but trying. Rather than try, do it!

“我會試試看”意思是“我認為我不能”。這就是為什麼試試看只會達成試試看（無法達成其它事）。不要試試看了，直接去做！

.....

If you can't do it yourself, how can you tell someone else how to do it?

如果你連自己都做不到，你還能告訴他人怎麼做嗎？

.....

Nothing happens to us that isn't caused by us.

每一件發生在我們身上的事，都是由我們自己導致的。

.....

I can't means I won't. Everything is possible.

我不能意味著我不會去做。一切皆有可能。

.....

Hurriers are worriers and worriers are hurriers.

匆匆忙忙的人都是憂心忡忡的，憂心忡忡的人都是匆匆忙忙的。

.....

Everyone is right as far as he goes.

每個人都認為自己是正確的。

.....

The more you act out the law of mutuality the more capable
you are of carrying it out naturally.

你越遵循關聯法則，就越能自然地貫徹它。

.....

Praise is destructive. It encourages and develops ego.

讚揚是具有破壞性的，因為它鼓勵並助長小我。

.....

Every act and thought that is not for the good of others creates
a bondage, a limitation, that must necessarily materialize.

每個行動和念頭若非從他人的利益出發，就是在創造束縛和限制，因為它
必會顯化。

.....

Attitudes are far more important than actions.

態度遠比行動重要。

.....

No matter what happens to a human being, no matter what it is. The heaviness is caused by his attitude toward it.

不管發生什麼在你身上，其嚴重性都取決於你對此的態度。

.....

When anything bad happens to you, know that only you are causing it. Then you can change it.

不管多糟的事發生在你身上，你只要知道是你創造了它，你就能改變它。

.....

Trying is an excuse for not doing.

試試看是不去做的藉口。

.....

If two people want to fight, should we stop them? If it is mutual, it's right for them.

如果兩個人打架，我們應該阻止他們嗎？如果是相互的，那對他們而言就是合適的。

.....

Economize your time. Minister only to your needs. I waste time creating things beyond your needs.

合理利用你的時間，只照顧你的需要。不要再把時間浪費在創造需要之外的東西上。

.....

Spend your time in search of ever-new joy or bliss. Then rest in the eternal serenity of bliss, night and day.

將時間用在對喜悅或極樂的尋求上。剩下的則是待在永恆的寧靜中，不分晝夜。

Dependency is deadly for growth.

依賴對成長而言是致命的。

A dependency relationship does not allow you to think for yourself, admits you are dependent on another human being, and prevents you from seeing your infinity. Conformity is dependency, is having to do what others do, wanting their approval. An independent person is always an oddball, not understood by society.

依賴關係不允許你為自己考慮，承認你對其他人的依賴，並阻止你看到你的無限性。順從就是依賴，為了想要獲得認同，不得不做他人所做的。一個獨立的人總是古怪的，無法被社會所理解。

Everything you do is with your inner motivation and is motivated from your inner state of beingness that you have attained.

你所做的每件事都由內在驅動，由你已經到達的存在狀態所驅動。

All action is ritual.

所有行動都是儀式。

You've got to read behind people's words.

你要去理解人們語言背後的东西。

.....

Life in the world should consist of only two things. That which helps us grow, or that which will help others grow.

生活應該只由兩種事構成，一種是能幫助我們成長的，另一種是能幫助他人成長的。

.....

Crying is motivated by a feeling that we cannot do. If we feel that we can do something about it we have no grief. Our thought goes to doing it rather than thinking, Oh, I can't. I'm helpless. If you thought you could do, you wouldn't cry. If you have the determination that you can do, you won't cry. It's good not to give in to grief. Cancel grief when it comes by affirming that you can do.

哭是由做不到的感覺所驅動。如果我們感覺自己能做點什麼，就不會有悲哀，因為我們的念頭更傾向於去做而不是只想著“哦，我做不到，我很無助”。如果你認為你能做到，你就不會哭泣。如果你下定決心去做，你就不會哭泣。不向悲哀屈服。讓悲哀終止吧，在它到來時告訴自己“你能做到”。

.....

There's no such thing as a mistake, we do it! There is no such thing as an accident, we do it!

錯誤只由我們自己造成！意外只有我們自己造成！

.....

To be interested in things outside of yourself you must get your interest off your little self.

若要對你自己之外的事感興趣，你就必須從對小我的興趣中脫離出來。

.....

You shouldn't support people in their weaknesses, it boomerangs.

你不能在人們脆弱時給予他們支持，那會傷到你自己。

.....

Any advice comes back to you karmic ally.

任何建議都會向你飛回來，它是業力的盟友。

.....

If you explain something, do it through the other one's point of view.

如果你要解釋什麼，請從對方的角度出發。

.....

That which you embrace becomes a part of you.

你能接納什麼，它就會成為你的一部分。

.....

It's so much faster for your growth to know that only you can do it for you.

能幫到你的人只有你自己，明白這一點會讓你的成長加速。

.....

There's nothing bad; there's just making errors on the way back Home.

沒有什麼事是不好的，只是在回家的路上會犯點錯。

.....

Advice is ego playing God.

建議是小我在玩上帝。

.....

Outlook differs according to the sight of the person. In gross eyes, all is gross. In mental eyes, all is mental. If the eye (1) becomes the Self, the eye is infinite and all is seen as your infinite Self.

視角不同，看到的世界也就不同。在粗鈍的眼中，一切都是粗鈍的。在心智的眼中，一切都是心智的。在真我的眼中，亦是在無限的眼中，一切都被看成是你無限的真我。

.....

Attitude toward a child and an adult should be the same.

對待兒童和對待成年人的態度應該是一致的。

.....

Behavior is general. We don't behave one way with one person and another way with another.

我們的行為應該是一致的，而不是對一個人一種方式，對另一個人卻是另一種方式。

.....

Everything one does is motivated from one's basic motivation, therefore one behaves similarly in all situations. Only a freed person doesn't. That is why a freed person is an enigma to others.

一個人所做的每件事都是由他基本的動機所驅動，因此他在所有情境中的表現都會比較類似。只有自由的人不是這樣的，這也是為什麼自由的人讓人難於理解。

.....

Your behavior with the world will be the same as it is with your parents.

你對這個世界的行為會和你對你父母的行為一致。

.....

One is a fool who doesn't use the experience of others. It is a wise man who learns from others' experiences.

不借用他人經驗的人是笨蛋。吸收他人經驗的人才是明智的。

.....

Your attitude toward anything will be your blessing or your curse.

你對任何事的態度要麼會成為對你的福佑，要麼會成為對你的詛咒。

.....

We look for confirmation of our feelings, positive or negative. Better look for the reality of things.

我們總是想要確認自己的感覺是積極的還是消極的。但最好是尋求事物背後的真相。

.....

Fully trust a crooked person and he will be honest with you.

對不誠實的人完全信任，那麼他就會對你誠實。

.....

He who excuses, accuses himself.

請求原諒的人，是在譴責他自己。

.....

Don't defend yourself, reform!

不要再自我防禦，改造自己！

.....

Sympathy is something we should never feel as sympathy is supporting the other one in his misery. Compassion is understanding him and wanting the best for him.

我們不應該同情，因為同情是在他人痛苦時給予支持。我們要的是慈悲，因為慈悲是理解他人，為他人著想。

.....

If they think that sympathy is love, you have to grant them their right to think that. When they want sympathy there is nothing you should do. You can't join them, so you just let them be.

如果他們認為同情是愛，你應該讓他們好好想想。如果他們想要的是同情，那你什麼都不應該做。你不能加入他們，你只能隨他們去。

.....

Complexity is the lack of understanding.

複雜是缺乏智慧的表現。

.....

Tension is caused by wanting to go in two opposite ways at the same time.

緊張是因為想要在同時走完全相反的道路。

.....

Being a skeptic is good if it causes you to prove things.

做個懷疑論者是沒錯的，如果它推動你想要去親證什麼的話。

.....

Non-attachment is the way to happiness. Disown all things from your heart while taking care of them. Consider them borrowed for use only. Use them with gratitude.

不執著是通往幸福的路徑。關注一切但不執著，僅僅作為借用，並帶著感激地使用它們。

.....

Perform material duties with service. Otherwise you are limiting yourself, your consciousness, your growth.

以服務的心履行世俗職責，否則你就是在限制自己，限制你的意識，限制你的成長。

When you act in the world, you shouldn't care for the fruits thereof, If they are good, O.K. If they are bad, O.K. It shouldn't matter how it comes out. Whatever you do don't have attachments or aversions to it and you will transcend this world.

僅僅是行動，但不關注結果。結果是怎樣並不重要。如果是好的，OK；如果是壞的，也OK。不管做什麼，都不要對它執著或厭惡，這樣你就能超越這個世界。

Action does not cause bondage, but the sense of doership does. It is the wrong identifying of yourself as the doer of the action that causes bondage.

行動本身並不會帶來束縛，帶來束縛的是想要作為的感覺，也就是錯誤地把自己看成是行動的作為者。

It doesn't matter what we do in the world so long as we remember what we are.

只要我們記住我們是什麼，那麼無論做什麼都不重要。

If your interest is in God you should talk only God. If one is on the path one should never talk about anything but God or the things necessary in living. Other than that the lips should be sealed. Talking not about God sends you in a downward direction. Anytime you are not talking about God, you are actually talking about the opposite.

如果你的興趣是上帝，那麼你只應該談論上帝。如果你是走在覺醒之路上，那麼永遠都只談論上帝，或者生存所必需的事，其它一概不談。談論上帝之外的事只會拖你後腿。任何時候你不是在談論上帝，就是在談論跟上帝相反的事。

.....

Nothing said should ever bother you.

永遠不要讓所說的打擾到你。

.....

Anything that bothers you is not outside you. The bother is within you.

任何讓你煩心的事不是來自你之外，而是來自你之內。

.....

Rebellion is better than the inability to rebel. Best is acceptance with no wish to rebel.

叛逆好過沒有能力叛逆。而最好是以接納來代替叛逆。

.....

Gratefulness is a very joyous state. Want to be always happy? Maintain a state of gratitude.

內心充滿感激是非常愉悅的狀態。想要永遠快樂？那就保持一顆感恩的心。

.....

Have no doubt and you can do anything.

沒有懷疑，你就能做任何事。

.....

There is no doubt when you have radical reliance on God.

當你完全信任上帝時，便不再有懷疑。

.....

See no obstacles and there will be no obstacles.

看不到障礙意味著不會有障礙。

.....

He who gets elated necessarily gets deflated.

得意的人必會沮喪。

.....

Everyone should be your friend. We've got to attain equal-mindedness toward all beings to reach the top.

每個人都應該是你的朋友。當你的目標是覺醒時，必須視一切存在為平等。

.....

Our attitude should be the same toward all life.

眾生平等，這是我們該有的態度。

.....

Almost everything that we do lessens God.

幾乎我們所做的一切都是在抹殺上帝。

.....

When all are included, one is not deluded.

當你能接納一切時，便不再迷惑。

.....

There is one thing we cannot do and that is to give up our mastership. We only blindly believe we can. We blindly give our power to others to hurt us.

有一件事我們不能做，那就是放棄我們的主人身份。我們只是盲目地相信我們能放棄，盲目地將我們的力量交予他人來傷自己。

.....

Discussing good actions and bad actions is discussing whether you should be good in the illusion or bad in the illusion. Realize that there is no illusion!

討論好行動和壞行動就是在討論你在幻覺中是好還是壞。認識到根本就沒有幻覺！

.....

When your understanding is high enough, you see only confirmations of truth in everything you hear, see or read.

當你足夠有智慧時，你所聽到、看到或讀到的一切都只是對真相的確認。

.....

Isolation does not give quietude. Elimination of thought does.

避世不會帶來寧靜，但是清除念頭會。

.....

Escape, by moving away from problems, is not quietude. It's momentarily escaping the disturbance only to meet it again.

逃避問題不會讓你平靜。逃避混亂的那一刻，只是為了再次遇見混亂。

.....

The only quietude is within. Get to the place where no one and nothing can bother you.

唯一的平靜來自內在，在那裡，沒有人或事能夠打攪到你。

.....

The highest compassion is to know that no compassion is necessary.

最大的慈悲是知道沒有什麼慈悲是必需的。

.....

Rightest action is completely selfless.

最正確的行動是完全無私的。

The two greatest things you can do are to keep up the quest of What am I? and to be not the doer but be the witness.

你能做的最好的兩件事是：持續地問自己“我是什麼”，以及成為見證者而非作為者。

The greatest act is to only be.

最好的行動就是只是存在。

Beingness is higher than doingness, and doingness is higher than havingness.

存在高於作為，作為高於擁有。

The more you just be, the more you realize that you are the world, everyone and every thing. The more active you are, the more you are being limited by the particular act you are involved in. You are that personality involved in that act doing that particular thing which is quite infinitesimal in the realm of infinity! The greatest action is in the realm of inaction, being the All. A master is aiding every being on this planet. By his seeing every person as a master he is supporting them as being a master. So seeing and supporting nearly four billion people as masters is quite an activity, isn't it?

你越多地只是存在，你就越能意識到你是整個世界，所有人以及所有一切。你越行動，就越被行動所限，因為你所做的事相對無限的層次是極其微小的！最好的行動是待在無為的層次裡，作為整體而存在。大師協助著這個星球上的每一個存在，將所有人都視為大師，以此來支持他們成為大

師。所以把 70 億人都看成是大師，以此作為對他們的支援，難道不是最佳行動嗎？

.....

A contented person needs no action. One who is not content must do.

一個感到滿足的人不需要行動，不滿足的人才會行動。

.....

In Reality, there's nothing to be done, nothing to be achieved. If you can realize that, you've got it made!

在實相中，沒有什麼需要做，沒有什麼需要達成。如果你能意識到這點，你就圓滿了。

.....

The best behavior is that which is in accordance with the way a master would act, dispassion, seeing all as equals, being the witness, being not the doer. Maintain the state which is natural in the realized state!

最好的行為方式是像大師一樣行為，視一切為平等，成為見證者而非作為者。保持這種狀態，你就自然地進入開悟的狀態。

.....

Be what you really are! Be your Self!

成為你所是！成為你的真我！

.....

You can be, - when there is no striving!

當你不再努力時，你就成為了真我！

.....

All behavior should be that which is characteristic of the egoless state or the state of the Self: changelessness, equal

mindedness; seeing only the Self, seeing only perfection; having the same attitude toward good and bad fortune, identifying with all, indifference to praise or censure; having joy only in your Self, having complete passivity, complete humbleness; being not the doer, having desirelessness, dispassion, non-attachment, forbearance.

所有行為都應該反映無我或真我的特性：恒定的，視一切為平等，只看到真我，只看到完美，對好運壞運無分別心，認同一切，對褒貶漠不關心，只在真我中幸福，完全被動，不再作為，徹底臣服，無欲無求，冷靜，不執著，包容一切。

第二十二章 療愈

I see there are several doctors in our group. A doctor who is already trained in the field of healing becomes a better doctor when he seeks for deeper understanding of life and finds more of the basic causes behind the life in a body. Now, getting into the personal life of a doctor, I'd say, Gosh, you're in a sick business!" And you're seeing this sickness is unhealthy for you unless you, in your mind, reverse all this sickness that you apparently see.

我知道在我們團體中有幾個醫生。一個在治療領域受過專業訓練的醫生，當他尋求的是對生命更深的洞見時，他會成為一個更好的醫生。現在，說說醫生的個人生活。我會說：“天啊，你是在一個病態的行業！”你已經看到這種病態對你是不健康的，除非你在你的頭腦中反轉你已經看到的所有這些病態。

Q: Well, that's the one question I had for you tonight. I don't know how you knew that.

問：這是我準備好今晚要問你的問題。你是怎麼知道的？

Lester: I wasn't conscious of it. When I let go and let God, the questions in the minds of the listeners usually get answered.

答：我沒有意識到它。當我放手，讓上帝來接手時，聽者頭腦中的問題通常都會得到解答。

Q: I feel this very strongly and how do I reverse it?

問：你說的這個我感覺很強烈，怎麼反轉呢？

Lester: You see, the mind is only creative and it creates the pictures we hold in mind. Having a picture of sickness we tend to create sickness unless, as we see it, we mentally reverse what we are seeing.

答：你知道，頭腦只會創造，它創造我們保留在頭腦中的畫面。一個病態的畫面，意味著我們傾向于創造病態，除非我們在頭腦中反轉了我們所看到的。

Q: Would you define what you mean by "reverse"? I had a patient today, for example. I'd like to reverse the whole incident, or I'd like to see none of the imperfection, see only the perfection of God. But when I looked at the patient today, it was very difficult for me to see any perfection.

問：你“反轉”的定義是什麼？比如我今天有個病人，我想反轉這整個事件，或者我不想看到不完美，只想看到上帝的完美。但當我看到這個病人時，對我來說實在很難看到完美。

Lester: You're in a most difficult situation. It's easy for me because I have been doing it for 16 years. When people say, "Oh, this is bad, and this hurts, and the doctor said that" I hardly hear it. I become aware that they are telling me there is imperfection. I see that they are trying to convince me of an illusion. I look at them and I know the perfect Being that they really are and I immediately reverse the apparent imperfection by seeing their perfection. The Truth of our Beingness is absolute perfection. The more you study the truth of Perfection, the more you will realize and know it, the more you will see what they say is an apparency and the more able you will be to take care of it. But it's going to take a knowingness on your part of the Truth behind this world. That Truth is its beingness, its existence (which is the source of its apparency).

答：你的情況的確是很難的。對我而言比較容易，因為我已經練了 16 年了。當人們說：“哦，這很糟，很嚴重，醫生剛說了。”我幾乎聽不到。我變得對此有覺知，當他們告訴我這些不完美時。我知道他們正試圖讓我相信幻覺。我看著他們，知道他們是完美的存在，並借此在那一刻反轉不完美的表像。你對完美的真相瞭解得越多，你就對此越清晰，就越明白他們所說的只是表像，也就越有能力觀照它。但那需要你對真相的了悟，真相就是存在，存在就是表像的根源。

Q: Well, you say exactly what I read but I have not had the realization of it.

問：你說的我讀過，但是無法領會。

Lester: Because you are so much with the apparency as being real. It makes it extremely difficult to see the absolute Perfection that actually is, here and now. If you've read Goldsmith, I guess that what I'm saying is very familiar to you. However, you must discover the real You in order to discover the apparency of the world.

答：因為你太把表像當真了。這會阻礙你在此時此地看到絕對的完美。如果你讀過戈德史密斯的書，可能會對我所說的比較清楚。但是，為了發現世界只是表像，你必須發現真正的你。

Q: Yes.

問：是

Lester: Let's take the snake and the rope idea, have you heard that? We see a rope on the road at dusk; we think it's a snake. The moment we think it's a snake, we're very involved in fear and want protection from this snake. There's quite an involvement so long as we think it's a snake. Now the reality is the rope; the illusion is the snake, and that is compared to the world. The world is the snake; the reality (the rope) is just behind it and is the basis for it. So long as we keep looking at the illusion of the world we do not see the reality of it. It requires getting quiet enough with oneself to see the Reality, the basic Reality being "I Am That I Am. We are that infinite Beingness of the world. And what is required is quieting the mind enough so that this infinite Beingness that we are is self-obvious.

答：讓我們拿蛇和草繩的寓言來打比方，你聽過嗎？我們在泥路上看到根繩，卻以為是條蛇。當我們認為是條蛇的那一刻，我們被捲進恐懼中，想著要保護自己。而實際上只是根繩，蛇只是假像，這跟這個世界的情況類

似。世界是蛇，真相躲在世界的後面，是世界的根基。只要我們繼續看著世界這個幻覺，就不會看到它的真相。必須變得非常安靜，才能看見真相，看見“我是我所是”。我們是這個世界的無限存在。只要足夠安靜，無限的存在自會顯現。

When you discover that you are a perfect Being, then you will know it. When you see your real Self, then you see that the Perfection that you are is omnipresent. And this Perfection is the rope, wrongly seen as the snake. So what is necessary is to stick to this path, meditate, dive within, dig within until you see the Reality of you. When you see the Reality of you, you'll see the Reality and perfection of the world. And although it now looks like many bodies and much separation, when you see the Truth, you'll see an absolute Oneness wherever you look. You'll see nothing but you wherever you look. You'll see that this whole world is in your mind. You'll see it's your universe. You created it just as you create a world and people in your night dream-world. So, to sum it up, you're in a very difficult situation because of your profession but that doesn't make it impossible. If your wish to discover the Truth is strong enough, you'll see it.

當你發現你是完美的存在時，你就會知道它。當你看到你的真我時，你就會明白你所是的完美無處不在。完美就是草繩，卻被誤讀成蛇。所以你要做的是在這條路上堅持下去，持續冥想，不斷深入，深入，直到看清你的真相。當你看到你的真相時，你就看到了這個世界的完美真相。雖然現在看起來是無數的身體和分離，但當你看到真相時，不管你往哪看，看到的都是絕對的“一”，看到的都是你。你會明白這整個世界都在你的頭腦裡，這是你的宇宙，你創造了它，就像你在夜夢中創造世界和人一樣。總而言之，因為你職業的關係，你的情況比較困難，但也不是沒有可能。如果你對發現真相的渴望足夠強烈，你就會看到它。

Q: When you see it and that so-called "ill" patient comes to you, you don't see that at all; you just see Perfection?

問：當你看到它時，而所謂的病人來找你，你完全看不到病人，只看得到完美？

Lester: Yes. By your knowing he is perfect, you help him drop the image of illness that he holds in his mind. If people come to me and tell me of body ailments, I don't see the ailments; I don't hear the ailments. As they're telling it to me I'm mentally saying, "You are perfect." You can do this as well.

答：是的。如果你知道他是完美的，就能幫他擺脫他頭腦中所執著的病態形象。如果人們來找我，跟我說他們病了，我看不到疾病，也聽不到疾病，我會在頭腦中說：“你是完美的”。你也可以這麼做。

Q: And you're speaking of the perfection of the spirit.

問：你是說他們的靈魂是完美的？

Lester: I'm speaking of the perfection of the person I'm talking to. The sick body is an illusion. The person is real.

答：我說的是這個人是完美的。病體只是假像，而人是真實的。

Q: You mean the twisted

問：你是說病態的身體？

Lester: The distorted body is an illusion. But until you see it, it doesn't seem that way. Take a mirage on a desert where we see water in the mirage. If we never check it, it always seems to be water to us. If we go over to the spot and discover it is sand, from that point on we know the water is a mirage. The next time we see the mirage, we still see the water, but with this great difference: we know the water to be an illusion. Until we discover the reality of the body and the world, we are looking at an illusion as real. Discover the real you, your Beingness, and only then can you know the reality of the body and world.

答：病態的身體是假像。但是只有你知道時，才不會被假像所蒙蔽。以沙漠中的海市蜃樓打比方。如果我們不去一探究竟，就會一直把它看成是

水。但如果我們走過去，走到那個地方，發現那不過是沙子，從那時候起我們就會知道水只是海市蜃樓。下一次我們看到海市蜃樓，我們眼前的依然是水，但是我們知道水是假像。除非我們看到了躲在身體和世界背後的真相，否則就依然把假像當真。去發現真實的你，你的存在，只有到那時，你才會知道身體和世界的真相。

Q: In dealing with a patient, if I see the Perfection, that helps me. By seeing the Perfection, am I helping the patient?

問：在診治病人時，如果我看到完美，那將幫助我。通過看見完美，我是否也幫助了病人？

Lester: To the degree that we know the Perfection of the other person, we support the other person in knowing his Perfection. To the degree that he accepts it, is the degree of his healing. When these faith healings or instantaneous healings happen, it's because the one who had the sickness within him sees the perfection, and there's an instantaneous healing.

答：通過知道對方的完美，我們給予了對方以支持。他越能接受，療愈則越容易發生。當瞬間的療愈發生時，那是因為病人看到了完美。

I can't have a sick body without having a mental picture of sickness. It's impossible to hold anything in the body that's not in the mind. The body is composed of carbohydrates, minerals, etc. It is only matter. It has no intelligence. We are the intelligence; we image and hold the life of the body. It's impossible to be sick without holding that sick picture in our minds of course, unconsciously. If it were conscious, we would correct it immediately. Being unconscious, it's difficult, because we are not looking at it.

如果頭腦中沒有病態的畫面，身體就不可能生病。頭腦中沒有的，身體不可能會有。身體由碳水化合物、礦物質等構成，那些只是物質，沒有智力。但我們是智性的，我們想像並保持身體的生命。頭腦中若沒病態畫面，身體就不可能生病，當然，這些畫面是在無意識層面。如果浮到顯意

識，我們就能立即糾正它。因為是無意識的，我們看不到它，所以比較難於糾正。

Have you seen spiritual healings? Have you seen so called "miracles"?

你有沒看到過靈療？看到到所謂的“奇跡”？

Q: Yes.

問：看過到

Lester: Well, then you know it is possible. It's done simply by the individual, who's running the body, mentally changing things, that's all. The instant we change the mind - picture, the body changes. But again, because the sick picture is unconscious, is the reason it's difficult.

答：那麼你就知道那是可能的。僅僅需要身體的掌控者在頭腦中改變一些東西，療愈就發生了，就這麼簡單。我們改變頭腦畫面的瞬間，身體也隨之改變。但是，因為病態的畫面躲在無意識中，這讓改變有些困難。

Q: How can we become, first, aware of our unconsciousness and make it conscious, and secondly, how can we help the mind visualize much more perfectly that which we wish if we do not know Perfection ourselves?

問：我們如何才能覺知到無意識，讓它成為顯意識？另外，如果我們自己不知道完美，那麼如何幫助頭腦想像更多我們所希冀的完美？

Lester: To become aware of our subconscious we must engage ourselves in the practice of honest introspection. The more we turn our attention within, the more we become aware of our subconscious thoughts. When we become aware of any subconscious thought, we are able to do what we want with it as it is now on the conscious plane. The more we practice this, the more proficient we become.

答：要變得對潛意識有所覺知，我們必須練習誠實的內省。我們越把焦點往內，就越能覺察到潛意識念頭。當我們能覺察到任何一個潛意識念頭時，就有能力掌控它，因為它現在已經在顯意識層面。要多加練習，所謂熟能生巧。

We get to know the Perfection by looking in the direction of where the Perfection is. The Perfection is in here where we are, where the "I" of us is. So, first, we have to direct our attention inwardly; we have to pose the question, "What am I?" until the answer comes. When the answer comes, you know, and you know you know. And to get the answer to "What am I?" it's necessary to still the thoughts. The thoughts are the noise blanketing the Truth. The thoughts are concepts of limitation and there are many of them constantly bombarding us.

通過專注于完美所在，我們得以知道完美。完美就在此地，“我”所在的地方。所以首先，我們必須向內聚焦，必須提出“我是什麼”的問題，直到答案自行呈現。當答案出現時，你就會知道你已經知道。為了獲得“我是什麼”的答案，必須讓念頭靜止。念頭是掩蓋真相的噪音，是不斷轟炸我們的限制性信念。

Q: Yes, yes, when I've sat quietly I've had this experience.
How can you make the mind quiet?

問：是的是的，當我安靜地坐下來時，我體驗過。你是怎樣讓頭腦安靜的呢？

Lester: Intense and persistent desire to discover what you are. When your interest in knowing what you are becomes stronger than your interest in this world and body, then your thoughts of the world and body are quieted and you discover that you are not the mind I that the mind is an instrument you set up and is other than you. Then you are in control of your mind. Intense and persistent desire is the key.

答：強烈且持久地渴望發現真相。當你對知道你是什麼的興趣強於你對世界和身體的興趣時，有關世界和身體的念頭就會安靜下來，你就能發現你

不是頭腦，頭腦只是你所製造的工具，頭腦並非你。那樣你就能控制你的頭腦。所以，強烈而持久的渴望是關鍵。

Q: The reason I asked this is because I've come to a point in my life where I've made it real for me that nothing that happens in my life that is bad or good is outside myself. In other words, I create this. If something is wrong, I originated it. I'm responsible for my life; I'm creating my life from moment to moment. Now I've come to this. I accept it. I take full responsibility, but I'm stuck. I've seen this, but now I want to go beyond this. I want to break the barrier you see what I mean?

問：我之所以問這個問題，是因為在我現今的生活中，我確認了發生在我身上或好或壞的事都不是在我之外的。換句話說，如果出什麼事是因為我創造了它。我對我的生活負有責任，一刻不停地創造著我的生活。但現在我雖接受了它，為它負起責任，但卻卡住了。我看到了這一點，但現在我想超越它，想突破障礙。你明白我的意思嗎？

Lester: Yes, you want to go further. Taking full responsibility is an excellent means of growing, because you will get to see your mastership; you will get to see that whatever is happening to you, you created.

答：是的。你想走得更遠。完全負責是成長的絕佳手段，因為你會因此而知道你的主人身份，知道你創造了發生在你身上的任何事。

Q: Oh! Yes! Yes! Definitely, I agree.

問：是的是的！完全同意

Lester: All right, you first become master over matter and body is part of matter, then you become master over mind - now this is the part you want.

答：好。首先你要成為物質和身體的主人，然後成為頭腦的主人，這就是你現在想要的。

Q: Right.

問：對

Lester: When we are master over mind, then we are a full Master. So you keep on until you gain that mastership. In the Eastern teachings they call this tapas, or discipline. Mastering the mind is consciously changing your likes and your dislikes; walking out into the cold and not minding it; walking into a high temperature and humidity and feeling comfortable; having pain in the body and not being bothered by it.

答：當我們成為頭腦的主人時，我們就完全做主了。所以你要繼續走下去，直到獲得主人的身份。在東方的教導中，他們將其稱為苦行。掌控頭腦就是在意識層面改變你的喜好。走在嚴寒中，卻毫不在意；身處濕熱環境，卻感到舒服；身體異常疼痛，卻不為所動。

Q: That's conscious suffering?

問：那是有意識的受苦

Lester: No, you don't have to suffer when you can do this. When you know you're not the body and the body pains, you know the body is in pain but it just doesn't bother you. Just as when someone else's body hurts, you do not feel it because you do not identify with it. If you would identify with that other body, you would feel the pain of it.

答：當你能做到時，就不必受苦了。如果你知道你不是這具身體，即使身體疼痛，你也知道只是身體在痛，但你卻絲毫不受影響。就像別人的身體在痛一樣，你是感覺不到的，因為你不認同它。如果你認同其它身體，你就會感覺到它的疼痛。

Q: Yes, I understand that. I've come to a point where my body might be hurting me and I say, "My body is hurting," but in my mind, I feel good; this is what I mean, I feel good. I had tremendous disorder this past week; I misplaced a few things and I went through such a mess and I was observing myself

constantly, but behind the whole thing there was something that was always - you know, O.K.

問：是。現在的我雖然身體會痛，我會說是身體在痛，但在心裡，我卻感覺很好。過去一周我的身體有些不適，生活因此而陷入混亂，但是我不斷地觀照自己，發現在這一切的背後，始終有一種平安存在。

Lester: Always O.K. All right. There's a well-beingness behind the whole thing.

答：是的，一切的背後始終有平安存在。

Q: Right, now how do I get to it and hold it?

問：我如何得到它並保持它呢？

Lester: By continuing to do it you develop it more and more until someday it remains permanently. You'll have complete mastery over the mind and then you're a Master. Are you your mind?

答：持續地內觀，直到你永久地待在平安裡。你會完全地掌控頭腦，成為頭腦的主人。你是你的頭腦嗎？

Q: Am I my mind? My answer to that is partly intellectual and partly feelings and I think that no. I am not my mind, but I am the life behind it.

問：我是我的頭腦嗎？我的答案部分來自智力，部分來自感覺，結果是“不”。我不是我的頭腦，而是頭腦背後的生命。

Lester: Yes, that is the right attitude to take. The mind is a composite of thoughts. Who thinks the thoughts? You do, see. So you are other than the thoughts if you are thinking the thoughts. Continue what you're doing; continue working to master the mind. The more you do it, the more you will see that you are not the mind; the more you will see what you really are.

答：對，那才是正確的態度。頭腦由念頭組成。誰在思考念頭？你。所以如果你在思考念頭，你就不是念頭。持續地練習，直到徹底地掌控頭腦。你做得越多，你就越能明白你不是這個頭腦，也越能看清你的本然。

You've got a wonderful method. Take full responsibility, then work to master the mind. If you can have pain in the body and not mind it by saying, "I am not the body," and the pain gets to be dull. What you are actually doing is moving out of that body. You're moving your center of consciousness out of the body. Most of us put our center of consciousness right within the body and we are imprisoned by it. But it is possible to operate the body from outside the body and this is what we should do.

你的方法很棒。負起全責，致力於成為頭腦的主人。如果你身體疼痛，跟自己說“我不是這身體”，你就不會介意疼痛，疼痛也就得以減輕。你所做的是從身體裡出來，把你的意識中心從身體裡挪出來。我們大多數人都把意識中心置於身體內，這樣就會被身體所囚禁。但是從身體之外來運作身體是有可能的，這是我們需要做的。

We should see the body as other than we. Then, as a puppet, move it around. And this practice will get you to the full knowingness that the body and mind are external to you and are at your command. And when you see this strongly enough you'll throw the mind out; you'll work in the realm of omniscience, which is just behind the mind. You won't need to think any more. Everything will be known and perfectly in tune. Every action will be a right action because you'll be initiating it from omniscience, which is perfect. The mind is imperfect because it takes tiny bits of omniscience and lets them filter through it.

我們應該把身體視為不同於我們自己，把身體看成是木偶，這樣就能夠從身體裡出來。這項練習能讓你徹底了悟身體和頭腦是在你之外，並受你控制。如果你足夠清晰，你就能把頭腦扔出去，在頭腦之後的全知層次運作。你再也無需思考。你知道一切，並且一切都完美和諧。每一個行動都

是正確的行動，因為是從全知層次開啟。頭腦是不完美的，因為它只用了一丁點的全知，過濾掉了很多全知。

Am I answering your question?

我回答了你的問題嗎？

Q: Yes, you are. The thing, I guess, that has stopped me is my desire to experience supposedly some of the psychic phenomena that come with development. In my studying and reading I became interested in astral projection, or the ability to see the aura, because I was a doubting Thomas. But, something in me has grown that needs no proof but still I would love to experience just for the sake of experiencing one of these things.

問：是的。我想障礙我的是我對體驗一些神秘現象的渴望。我通過閱讀知道了靈體飛行，還得知有人能夠看到氣場，我對這些很感興趣，但又有所懷疑。我很想體驗一下這些東西，哪怕一個也好。

Lester: Getting interested in these psychic powers is a wrong approach. Being interested in the powers one might develop the powers. Then using the powers without having your understanding up to them, you will misuse them. You will use them too selfishly and they'll boomerang and hurt you, your growth, and the powers, causing you to lose the powers. This happens to all psychic people who develop beyond their level of understanding. So I suggest that you develop your understanding until all the powers naturally open up to you, and then if you choose to use them, you'll use them rightly and you won't be hurt.

答：對神通感興趣是一個錯誤的方向。它雖然能夠讓你發展一些神通，但是倘若你沒有相應的智慧，就會濫用它們。你會很自我地使用它們，並且會傷到你自己，你的成長，最終還會導致你失去它們。看看那些一味發展神通但卻不提升自己智慧的人，都是這樣的結果。所以我建議你先提升自

己的智慧，那些超能力會自然地發展出來，到那時如果你再使用它們，就會以正確的方式，並且不會傷到自己。

Someday we all go back to recognizing that we are all powerful, that all the powers are ours, and they happen with no effort. When you try to develop these powers it's extremely difficult because you need to use effort, right?

總有一天，我們所有人都會認識到我們是無所不能的，所有的能力都是我們的，無需任何努力。如果你試著發展它們，會非常困難，因為你需要努力才能發展它們，不是嗎？

Q: Right.

問：對

Lester: The state in which all powers exist is the effortless state. And the reason for that is it's the ego concept with its concept of limitation that requires effort. In omniscience, omnipotence we need no effort. If we are the all powerful Self, there is no effort needed. It's also in the idea of letting go and letting God. When we let go of our little ego- self, then we can let any miracle be, and it is instantly effected without effort, by just letting go and letting it be. Does that make sense?

答：全能所在的層次是無需努力的層次，因為正是小我的限制才需要努力。在全知、全能的層次，我們無需任何努力。如果我們是無所不能的真我，那就無需努力。全能也意味著放手，讓上帝來接手。當我們釋放我們的小我，就能讓奇跡不費吹灰之力地立即發生，只是放手，順其自然。我說的有道理嗎？

Q: Yes, very much so.

問：是的，很有道理。

Lester: So developing powers isn't something we should strive for. And when they do come, should we get interested in powers, then we are interested in the external, illusory world.

Powers are simply taking the external material world and working it short cut. We work the world miraculously just by eliminating time, effecting things instantaneously.

答：所以我們不要求神通。如果是那樣，當真的獲得神通時，我們就會沉迷於此，那意味著我們會更加沉迷於這外在的虛幻世界。神通只是用來對付外在的物質世界，讓想要的東西都信手拈來。只是消除時間，讓想要的在瞬間發生。

Q: When you say you picture a perfect body, what do you picture as a perfect body?

問：你說要想像一個完美的身體，那你是想像什麼來當作一個完美的身體？

Lester: Well. I never suggested that you picture a perfect body. That's picturing the perfect trap and prison. There is no better prison than this physical body. However, if you're going to image yourself as a body, image a perfect body, an ideal body, completely free from pain, distortion, imbalance, etc. Can you picture that? It's hard for you because you've experienced so much imperfection in body, but you can do it.

答：我從不會建議去想像一個完美的身體，那是在想像完美的陷阱和監獄。沒有比物理身體更好的監獄了。但是，如果你要把自己想像成一具身體，一具完美、理想的身體，完全地擺脫疼痛、紊亂、失衡等等，你能想像出來嗎？這對你來說有些難，因為你的這具身體已經體驗了那麼多的不完美，但是你仍然可以做到。

Q: I have personal problems and if I could be just a little specific I might get past this point. I had a patient yesterday who is a Jehovah's Witness, who would not allow blood to be given him. They did the surgery to supposedly save his life and through out the surgery, which was at least three times longer because of complications, he lost at least half of his blood volume, which is close to the point of no return. I am in surgery taking care of this patient.

問：我有一些個人問題，想說得具體一點。昨天我有個病人，他是耶和華見證會的教徒，他們不允許被輸血。我們沒辦法，給他做了不輸血的手術，假設能挽回他的生命。整個手術過程花費了比平常多三倍的時間，因為實在是太複雜了。他失掉了至少一半的血量，生命岌岌可危。我參與了這次手術。

Lester: Is it your responsibility?

答：這是你的責任嗎？

Q: Yes. I have the problem of thinking. "Well, it's his business; if he wants to die, let him die." But I can't do that. Am I doing a wrong thing by using my desire? All I said was, "God, you take care of him and I'll just be your helper." That's what I did.

問：是的，如果我想：那是他的事，如果他想死，就讓他死吧。但是我不能那樣做。這樣的想法，是不是錯了？所以我說：“上帝啊，你照顧他吧，我來做你的助手。”我就是那樣做的。

Lester: If you did that, it works, doesnt it?

答：如果你那樣做了，有用是吧？

Q: It does work. Am I imposing my will on anyone when I do that?

問：是的。但我那樣做時，是否強加了自己的意志？

Lester: Not when you let go and let God, you're not.

答：不。當你放手，讓上帝來接手時，你沒有強加自己的意志。

Q: I don't want to impose my desires on these people.

問：我不想把自己的意願強加在病人身上。

Lester: You are not imposing your will when you let go and let God. If you can do that, you're a great, great doctor.

答：當你放手，讓上帝來接手時，就不是在強加自己的意志。如果你能做到這點，你就是個很棒的醫生。

Q: Thank you, now I want to find out if I am doing that?

問：謝謝。現在我想知道我是否讓上帝來接手了。

Lester: You know by experience. That man could survive even if he lost all his blood, if you let God take care of it. Everything is possible to God.

答：看結果如何。如果你讓上帝來接手，即使這個人失去了全部的血，也依然能夠存活。對上帝來說，一切皆有可能。

Q: That's what I did. I don't know how to pray. I don't know how to say the prayer for this patient.

問：我這麼做了。只是不知如何祈禱，如何為這位病人說祈禱文。

Lester: Yes you do, your prayer is "Whatever is best for him should be." The prayer is there all the time; you don't have to voice it.

答：你知道怎麼祈禱，你的祈禱文是："只要對他是最好的，什麼都可以。"祈禱文一直都在，你不需要說出來。

Q: That's what I've said and I didn't know if it were sufficient.

問：我那麼說了，但不知道是否充分。

Lester: It's sufficient. The prayer is there whether you voice it or not. He's alive, isn't he?

答：那樣說可以了，很充分。不管你說還是不說出來，祈禱文一直都在。他還活著，是吧？

Q: Yes.

問：是的

Lester: When a person decides to die, no one but no one is going to keep him alive. We can't keep anyone here who has really decided to leave. And you've seen the opposite where the body has had very little chance of surviving yet the person

lived. See, it's the individual who's running the body who really makes the decision. We can only guide and support them.

答：如果一個人決定死去，誰都攔不了他。你現在看到的是一個人的身體存活幾率很低，但那個人還是活著。所以，真正作出決定的是掌管身體的那個人。我們只能給予他們一些引導和支持。

Q: Is there a subconscious desire to leave?

問：是否在潛意識中有離開的意願？

Lester: Yes. Also, we all have preset the time when we're going to leave.

答：是的。我們都預設了死期。

Q: Oh, we've already preset it. Can we change that presetting?

問：哦，我們都預設了死期。那我們能更改嗎？

Lester: No, but you can transcend it. When you transcend it, you do not die. You consciously and by choice leave the body in a manner that you choose.

答：不能，但你可以超越它。當你超越它時，你就不會死去。你可以有意識地、自願地離開身體，並以自己選擇的形式。

You can't change the karma of the body. That's a law we set up and it goes on and on. In trying to work out karma, we are creating karma. The only thing we can do is rise above it. When we get above it, if we want a body, we can make a hundred bodies. But when you get above it, you're not that foolish to limit yourself into a little physical body. The most extreme limitation that you can impose upon yourself is the state we call physical. And when you get above it, there's no need for it. You've had your lesson. If you want a body, you'll use an astral body which moves around instantaneously and if it is damaged, you will instantly straighten it out.

你無法改變身體的業力。那是法則，一直存在。想要消除業力，結果卻造了新業。我們唯一能做的就是超越業力。當業力被超越後，如果我們想要

身體，我們可以造出 100 具身體。但超越業力後，我們不會再愚蠢到用一具小小的物理身體來限制自己。你能強加給自己的最大限制就是物理身體。超越業力後，你就不再需要身體，因為你的功課已經過了。如果你想要身體，可以使用能在瞬間移動的靈體，那樣的話如果身體被毀掉，你就可以在瞬間出體。

When you get above the physical body, unless there's a reason, and there could be, for you to maintain one, you won't maintain a physical body. So, to answer your question, you can't change a preset course. But you can get above it where the body becomes like a puppet to you.

當你超越物理身體，除非對你而言有理由繼續使用身體（而且很有可能），你是不會再使用物理身體的。所以，你問題的答案就是，你不能改變你之前預設的。但你可以超越它，讓身體成為你的木偶。

Everything in the physical is cause and effect, action and reaction, and this is called karma, the law of compensation. When we know this it makes life easy because we do not fight it. Now this can help you in your profession. Everything is going to be exactly as it has been predetermined by us. We can't change anything in this life. We can just change our attitude toward it.

物理世界的一切都是圍繞著原因和結果，行動和反應，這被稱為業力。當我們知道業力時，生活會變得容易，因為我們不再與之對抗。清楚這一點，能夠對你們的醫生職業有所幫助。一切都按照我們預先設定的在運轉，無法改變。我們能改變的只有態度。

However, there is a free choice. It is to identify with this physical body or to identify with our real Self; that's the free choice. When you identify with your real Self, everything is perfect. When you identify with the body, you necessarily subject yourself to untold body misery. Worldly life necessitates pounds of misery for every ounce of pleasure. But we're so steeped in the misery we don't know really how much

misery we're in. We reach a tolerance point at which we can tolerate very much. I guess you know that from your experience.

然而，你可以自由地做選擇。是認同這具物理身體呢還是認同你的真我？當你認同你的真我時，一切都是完美的。但當你認同身體時，你就會受制於身體所帶來的諸多痛苦。世俗生活需要為一丁點的快樂支付大量的痛苦。但當我們沉浸在痛苦中時，我們不知道痛苦到底有多深。我們來到了一個忍受的階段，在這個階段我們要忍受很多東西，你們應該知道我在說什麼。

So the thing to do is to properly identify with the infinite Beingness that you are. Try to accept the physical state as an illusion until you actually see it that way. When you see it that way, you see it as a game, and you play that game knowing that it's only a game.

所以你要做的是認同你所是的無限存在。試著把物理世界當作幻覺，直到你徹底地看清它。那樣你就會把它看成是一場遊戲，你知道那只是遊戲並樂在其中。

Now all these things cannot be done intellectually; you have to experience this knowledge. If you accept anything I say just because I say it, you're just harming yourself; you're working on hearsay. You must experience this yourself; you must prove it out yourself. Then it becomes your knowledge and is useable. The only thing I can do is to point out the direction, the way to get this knowledge.

你無法在智力上完成它，你只能親證它。如果你是因為我這麼說就相信它的話，這對你只會有害無利，因為你把道聽塗說給當真了。你必須親自去驗證，那樣它才會成為你的智慧，並為你所用。我唯一能做的就是指出方向，告訴你們如何才能得到它。

Q: Other than what you've told us tonight, how can you heal yourself except with realization?

問：我想換一個話題，你是如何療愈自己的？

Lester: To relate things relatively, if a person can spiritually heal himself, he should; it's instantaneous. If he can't, he should do it mentally; it's from instantaneous to quick. If he can't do it mentally, he must do it physically; he must go to a doctor. So we use that which is available to us. I suggest to people that they see doctors because that's the level of healing that they need and it will help them. Doctors are necessary, as necessary as they are today. You wouldn't have this large medical field if it weren't necessary to help those whom the field is helping.

答：如果一個人能在靈性層面療愈自己，那就在靈性層面做，療愈會在瞬間發生。如果他不能，那就在心智層面做，療愈也會很快，有時也能在瞬間完成。如果無法在心智層面做，那就只能在實體層面，也就是去看醫生。所以我們要選擇對自己有用的方式。我建議人們去看醫生，是因為他們需要這個層面的療愈，那會幫到他們。醫生是必需的，就如當今所呈現的那樣，否則它不會成為一個龐大的產業。

Q: I've read in so many writings that the state of celibacy is necessary for realization. Is this true?

問：我看過很多資料，都說獨居對開悟是必需的。你認為呢？

Lester: This thing we call happiness is merely the infinite Beingness that we are experiencing to more or less of a degree. The real Self we are is infinite joy. And if we would take it only directly from where it is, that's all we would have. But we miserly take it in tiny amounts through external means by assuming that we need something; we are not whole; we are not complete; we need something out there to make ourselves complete; and we create a want, a lack, which, when we fulfil it, the thoughts for it drop away, and when our thoughts drop away we remain at that moment more in our real Self. And that's what is called happiness, joy.

答：所謂的幸福只是我們所經驗的無限存在。我們所是的真我就是無限的喜悅。如果從幸福的所在之地獲得幸福，那我們將會一直擁有幸福。但是

我們卻試圖從外界獲取它，那樣我們得到的幸福只是微乎其微。我們假設自己需要一些東西，我們不是完整的，不是圓滿的，我們只有從外面獲得一些東西才有可能使自己圓滿。於是我們創造了想要，創造了匱乏，當欲望被滿足，相應的念頭就會離開。當念頭離開的那一刻，我們依然處在真我中。那就是所謂的幸福、喜悅。

So, any time we are seeking joy in the world we are fooling ourselves into thinking it's out there, creating a need for it, satisfying it and feeling a bit of pleasure, which is only a relief from the agony of a desire. But we are trapping ourselves into thinking that the thing out there gave it to us.. What we did was to still the thoughts for it, create enough mental quietude to allow the Self to be a little more, and that's what happiness is. Now we have to give up all that seeking for joy externally. So it is not only sex, but it is everything out there that we credit as giving us happiness. Point one.

所以，每次我們向外尋求幸福，我們都是在自欺欺人，以為幸福在外面，於是創造了需要，想盡辦法獲得滿足，感受到些微的幸福，而那僅僅是因為減輕了一點欲望所帶來的痛苦。此外，我們還以為那點幸福是外面的東西所帶來的。所以，我們要做的是讓想要什麼的念頭靜止，讓頭腦足夠安靜，以便讓真我顯現，而那才是真正的幸福。我們必須放棄外在的尋求，不僅僅是性，還包括所有我們誤以為能夠給我們帶來快樂的東西。這是第一點。

Point two. Giving it up and intensely wanting it can be as mentally disturbing as having it. What we have to do is let go of the desire for it, which seems impossible for most of us. So the best thing to do is, rather than fight it, be moderate and keep digging for the Truth until someday we get the understanding of what that joy was that we were having in sex. And then we see that we are always in a state of joy that's higher than anything that sex ever gave us and it's no problem to let go of it. Then, if you try to enjoy through sex, instead of it giving you joy, it takes a bit of it a way, because you're

limiting it through the sex act. So the main thing is be moderate as much as you can; stay away from it as much as you can, and as you get your realizations you'll get to a place where you'll let the whole thing go because you've got the joy all the time that you were trying to get through sex.

第二點：放棄性，以及強烈地渴望性，都會如擁有它那般讓頭腦陷入混亂。我們要做的是釋放對它的渴望，雖然對我們大多數人而言不大可能。所以最好的做法是，與其同性對抗，不如適可而止，更多地去挖掘真相，直到某天我們明白性所帶來的幸福到底是什麼。那時我們就能發現我們一直處在比性高潮更愉悅的狀態中。如果那時你還想要性快感，不僅無法讓你快樂，反而還拿走了一些快樂，因為性局限了快樂。所以，盡可能地在性方面適可而止，甚至不再需要性，那麼隨著你的覺醒，你就會放開所有的一切，因為你已經得到了永恆的幸福，而在這之前你卻苦苦從性中尋找。

Now the pleasure we get from sex is merely being more aware of our Self by the stilling of the thoughts. There are more suppressed desires and thoughts over the many lifetimes on sex than any other thing in life, so that when we satisfy ourselves sexually, we still the greatest number of subconscious thoughts.

讓頭腦安靜，更多地覺知到真我，你也一樣能獲得性所帶來的愉悅。在無數的前世中，性壓抑要多於對其它欲望的壓抑，所以當我們通過性來滿足自己，無數的潛意識念頭得以靜止。

Q: You mean we have brought thoughts into this life from past lives too? And we have to quiet all of them? Mama Mia!

問：你是說我們今生從過去世中帶了很多念頭過來？我們必須讓它們全部安靜下來？我的天啊！

Lester: Eventually you get to the place where you can drop the whole remainder of the mind. To sum it up, celibacy does not give realization. However, you won't get realization without it and also the dropping of all desire. But as you grow it gets

easier and you reach a point where it's very easy to let go of sex. It's silly to tell someone to let go of sex who's so involved in it that he can't. A person like that has to be lifted to the point where he is able to let go of it. I guess there's another reason why people are down on sex. Originally we created bodies mentally. In the Garden of Eden we decided to do it the way the animals were doing it. And we got caught up in that. And it's a mess.

答：最終你都會把頭腦中剩餘的念頭給釋放掉。總之，獨居無法保證開悟。但是如果不獨居，不釋放欲望，也無法開悟。但是隨著你的成長，釋放欲望會變得容易，包括性欲。告訴某個仍然很享受性的人釋放性欲是很傻的，因為他無法釋放，但是他必須要到達能夠釋放的階段。人們沉迷於性的另一個原因是人類最初在是頭腦中創造身體，在伊甸園時期決定也像動物那樣創造身體（繁殖），所以我們就陷入性中而無法自拔。

We are now on the way up. We'll reach a state where again we'll let go of the animal way of procreation and two physical beings will get together with one astral being and create a third physical body into a family. And when we do it that way we don't lose our memory of the past. And someday we return to that, here on earth.

現在我們是在往上走，所以最終我們會釋放掉動物的繁殖方式，回到最初的那種方式，即兩個身體和一個靈體創造第三個身體，以組成一個家庭。當我們那樣做時，我們不會失去過往的記憶。終有一天我們會回到那種方式，而且就在我們的地球上。

And so, desire for sex is a thing that has really run us down lower than anything else. And unconsciously the race knows it and makes it evil. It's such a stupid approach we have to sex; "its evil,"-and yet we all come in that way. But people don't see the overall reason why and therefore distort it. Eating food is evil if having sex is evil. The evil thing is creating lack and then a desire for something, and keeping ourselves bogged down in this delusion. So I see food as evil as sex, if either one of them

be evil. The thing to do is to attain the desirelessness state. No desire, no needs, and then you are in the happiest state.

所以，性欲相比其它的欲望，更拖我們後腿。在無意識層面人類知道這點，所以把性宣揚得很邪惡。“性是邪惡的”，這實在很愚蠢，而我們還都這麼認為。但是人們看不到原因，因此更加扭曲性。如果性是邪惡的，那麼吃飯也是邪惡的。邪惡的東西創造匱乏，從而創造欲望，讓我們始終陷在錯覺中。所以如果性和吃飯中有一個是邪惡的，那麼我認為吃飯和性一樣邪惡。我們要做的是到達無欲的境界，那樣你就處在極樂中。

Q: When I have nothing to do the rest of the day I ask myself, "Well, what am I going to do? Want to go to a movie? No, I don't want to go to a movie. Want to go visit? No, I don't want to go visit." I don't want to do anything; so I force myself to do something to fill my time because what am I going to do, sit?

問：每天閑下來時，我問自己：“要幹嗎？去看電影嗎？不，不想去看電影。去外面晃晃嗎？不，不想去外面。”我什麼都不想做，但因為“我要幹嗎”的念頭，所以我強迫自己做點什麼，以打發剩下的時間，比如坐下來？

Lester: Yes, and dig into yourself to learn more of what you are. The more you learn what you are, the happier you will be and therefore your restlessness will drop away. And this can be a joy beyond anything in the world.

答：是的，去挖掘“你是什麼”。你越清楚你是什麼，你就越快樂，你的坐立不安也會因此而離開。這樣的幸福超過了這世間的一切。

Q: Then it's not necessary to be coming back and coming back? One can do it in one lifetime?

問：那樣就沒必要回來了？一個人能在一世中就做到嗎？

Lester: Anyone can do it in one lifetime. This is a great advantage that we have that we are not aware of. There are a small percentage of the worlds in the universe as difficult and as gross as our world. And because it is so gross and it is so

difficult, the incentives to get out of it are the greatest.
Therefore we can go all the way back Home from where we came, all the way in to infinity, this lifetime.

答：每個人都能在一世中做到。這是我們的優勢，只是我們不知道。這個宇宙中有小部分和我們的世界一樣粗鈍、艱難的世界。正因為它如此粗鈍而艱難，我們想要脫離它的動機也是最強烈的。因此我們可以一路走回家，在此生回到我們的源頭，直達無限。

This Session was recorded in Los Angeles. May 22 1968.

錄於 1968 年 5 月 22 日，洛杉磯

第二十三章 世界

We perceive the world through our physical body, more specifically, through our five physical senses. If we perceive the world and our physical body through our physical senses, then we cannot be the body vehicle that we are perceiving through, it being an instrument that we are using. Our prime object is to discover the perceiver.

我們通過我們的物理身體來感知世界，具體來說，就是通過我們的五感。如果我們通過五感來感知世界，並且感知我們的身體，那麼我們就不會是這具身體，因為身體成為了我們正在使用的工具。我們的主要目的就是發現誰在感知。

Say to yourself, "I am not this body, I am not this mind, -what am I?" In the background of all seeking and thinking, always keep this quest going.

跟自己說：“我不是這具身體，我不是這顆頭腦，我到底是什麼？”持續地尋求這個問題的答案。

The more difficult the world is, the more incentive there is to seek the true Happiness, -the Self. When life is easy, the incentive is not as strong. This human, physical life that we are now in, is the most difficult of all living that we will ever experience and therefore presents the greatest opportunity for growth and realization. However, if one does not seek the Self and goes along with the world, then ones delusion and ignorance increases, and that is the extra hazard of being in this difficult world.

世界越艱難，也就越有動力尋求真正的幸福——真我。當生活很容易時，動機不會那麼強烈。人類的生活是我們體驗過的最艱難的生活，因此也是成長和開悟的最佳契機。然而，如果一個人並非尋求真我，而是繼續跟隨這個世界，那麼他的妄想和無知就會加劇，這會讓他陷入更加危險的境地。

When things get worse, if you lose your head the Masters cannot help you. If you don't lose your head, you can see it as a motion picture and grow through it.

當事情惡化而你又失去理智時，大師也幫不了你。如果你還有理智，你就會把生活看成是一場電影，並通過它來獲得成長。

The world has a slave consciousness. Man is convinced that it is necessary to work for a living and therefore it is. Were this not so, nature would freely supply all needs.

這個世界有著一種奴隸意識。人類相信為了生存必須奮鬥，因此也只能奮鬥。如果不再奮鬥，那麼自然會提供一切所需。

If you want to know how much hatred there is in the hearts of total Americans, look at the present conditions and the war. However, we are not going backwards spiritually; we are advancing, in spite of what you see. We have been in a docile state of deep apathy holding subconscious thoughts of hostility, and now we are moving up and out of it. This is shown by our ability to express our hostility. Expressing is higher than suppressing. And this is what is happening in the world. You see it throughout everything today. The people are growing.

如果你想知道所有美國人的心中有多少仇恨，看看我們目前的處境，看看戰爭。然而，這並非是我們在靈性上倒退了，相反的是，我們在前進。在過去的階段，我們的潛意識雖充滿敵意，但外在卻是冷漠的，現在我們從那個階段裡出來，具體表現為我們開始有能力向外表達我們的敵意。表達要高於壓抑。這就是這個世界現在所發生的，每一天你周圍的一切都在向你顯示著這一點。人們正在成長。

However, the important thing for you to know is that there is nothing out there in the world but your consciousness. Let go of hostility and war and see the peace and harmony just behind

it. A Master, a Christ, sees no hostility and destruction; He sees the Truth. He sees God as all. Now, if God is all and God is perfect, where is there imperfection? In Truth, in Reality, there is none. You must get to see this. You have to start with the correct assumption that God is all and God is perfect, and if you look through that consciousness that is all you will see.

然而，你需要知道的最重要的一點是外在的一切都是你意識的投射。釋放敵意和戰爭，就能看到背後的和平與和諧。大師，也就是基督，是看不到敵意和毀滅的，祂只看到真相。祂將上帝看成是全部。如果上帝就是全部，就是完美，那麼哪來的不完美呢？在實相中，沒有不完美。你必須看到這一點。必須首先假設上帝是全部，上帝是完美，如果你帶著這份意識去看，那麼你看到的就會是這樣。

We should not get too interested in this world if we want to know the truth.

如果我們想要知道真相，就不要對這個世界太感興趣。

The more you want and have of the world the more you let go of your limitless joy.

你越想要從這世界獲得什麼，就越把無限的喜悅推開。

The things of man are not the things of God. And man wants to foolishly hold onto the things of man.

人類的東西不同於上帝的東西。人類只是愚蠢地想要抓住人類的東西。

The world is nothing but a grinder-up of bodies.

這個世界只是一台絞肉機。

Desires bring us here and keep us coming here until we tire of it and have no more desire for it.

欲望將我們帶到這裡，不斷地我們帶回這裡，直到我們厭倦，不再有任何欲望。

To play with this world, to try to make it a good world, as is generally done in metaphysical teachings, is fruitless as far as Realization is concerned. However, it is useful in giving us a life that is more conducive to seeking the Truth.

形而上學中所教導的“跟這世界玩遊戲，讓這世界成為更好的世界”，對開悟而言是無益的。但是，它還是有助於我們尋求生命的真相。

Accepting people's limited ideas of the world is injuring the world (and yourself).

接受人們有關這世界的限制性信念，不僅傷了這世界，還傷了你自己。

Accepting worldly limitations adds your force to them by your validating them.

當你確認塵世的限制時，你就是在強化它們。

Education today is mis-education. We are taught limitation and illusion. The most important things are not taught. Colleges have no courses on the most important subjects: happiness and love, and the life-principle itself.

如今的教育是錯誤的教育，它教給我們限制和幻象，最重要的東西卻不教。大學裡的課程從不教授最重要的科目：幸福和愛，以及生活法則本身。

What we call knowledge in the world is ignorance. Everything that man is trying to learn is constantly changing, so therefore, all of it is incorrect. That which is true never changes. The knowledge of your Self requires dropping all knowledge of the world.

我們所謂的知識其實是無知。人類所學的一切都在不斷變化，因此，沒有一樣是正確的。而真實的卻從不改變。有關真我的知識要求放棄有關這世界的一切知識。

The world authorities are generally those who dont know.
這世界的各種權威實際上什麼都不懂。

The more multiplex one is, the more multiplex the world.
一個人越複雜，世界就越複雜。

When we want to change the world, it is the ego playing God.
當我們想要改變這個世界時，是小我在玩上帝。

People set the vibration of a place.
是人引發了地震。

The whole world is thrashing, dashing, gnashing, gashing and slashing, which in the end, results in ashing.

整個世界都在上躡下跳，橫衝直撞，暴跳如雷，自相殘殺，最後粉身碎骨，灰飛煙滅。

Exclusiveness is a blight on the world. Oneness is its salvation.

排外讓這個世界變得荒蕪，唯有合一是它的救贖。

You cannot exclude even one percent of the people in this world and attain Realization.

你不能排除這個世界上哪怕 1% 的人，因為那樣的話你就無法開悟。

A frustrated person is one who attempts to do and carry out things by himself instead of letting the forces of the Infinite do it.

沮喪的人想要單打獨鬥，卻非讓無限的力量來接管。

The real history of the world is not a series of dates, battles and events. It is the continuous story of its spiritual growth. Someday the history of this world will be rewritten correctly by a Master, but not until the world wants it.

這個世界真正的歷史不是一系列的年代、戰役和事件，而是一部靈性成長史。只要這個世界願意，總有一天它的歷史會由大師來重寫。

Clairvoyance and TV are similar except that clairvoyance is on a much higher frequency.

透視和電視相似，只是透視的頻率更高。

People are like dogs with a mean master. No matter how much the world beats us we keep coming back for more.

人就像狗，被一個卑鄙的主人養著。不管這世界如何鞭打我們，我們總是要回來，為了得到更多的鞭打。

The world has moments of pleasure with far more pain between.

這個世界的快樂非常短暫，其間夾雜的是更長久的痛苦。

Chasing after joy in the world is an extremely frustrating thing. Has anyone attained full satisfaction in this world?

在這世間追逐快樂，是一件極其令人沮喪的事。有誰在這世界獲得過完全的滿足嗎？

Never let anyone know or tell anyone your weaknesses. People accept us at our own values and their mind goes to work to support the concepts.

不要讓任何人知道或告訴任何人你的脆弱。人們只會附和我們的觀點，支持我們的信念。

Our vision of the world is our own. No one sees this world as any other one sees it.

我們對這世界的看法是我們自己的。沒有兩個人能看到相同的世界。

If the world pulls you down it is because you have its negativity in you.

如果這個世界讓你沮喪，那是因為你只看到其負面性。

Weather is caused by the total of all people's consciousness.

天氣是集體意識導致的。

The world beats you until you know your Self.

這個世界會一直鞭打你，直到你了知你的真我。

There is no such thing as a good world. Its the extremist limitation man can impose on himself. It is the helliest hell that he can live in.

不存在一個好的世界。好的世界是人類能強加於自己的最極端限制，是人類所能居住的最地獄般的地獄。

The world is a grand graveyard. Everything in it dies or disintegrates.

世界是一個龐大的墓園。在其中的一切只會死去或腐爛。

If the world is real to you, you are all the time validating ego.
如果這世界對你而言是真實的，那麼你就會一直在確認小我。

All knowledge of the world is knowledge of delusion and must
be let go of for Realization.
這世界的所有知識都是謬見，為了開悟必須全部釋放。

The highest enjoyment in the world is a mere pittance
compared to your natural inherent state of joy.
這世界的最高級別享受，相對你固有、天然的喜悅來說，只是九牛一毛。

The realer the world, the greater the misery. The realer the
Self, the greater the joy.
這世界對你來說越真實，你就越痛苦。但若真我越真實，你就越快樂。

There is much more to this world than meets the physical eye.
That which the eye sees is the least.
真相遠不是呈現在眼前的這個世界。眼睛能看到的是最有限的

The world is only God chopped up into little nothingnesses.
這世界只是把上帝粉碎後的虛無。

The world is one long misery when seen as world but eternal joy when seen as your Self.

當你把這世界看成是世界時，那麼只有長久的痛苦；但若把它看成是你的真我，那麼就會是永恆的幸福。

The world is powerful only because we have been in the habit of it for a long, long time.

這世界之所以是強大的，僅僅是因為我們被困在它的慣性中太久，太久。

Progress in the world lifts us from the physical agonies to the mental agonies. The world is a trap, attempting to trap infinity into finiteness, -an impossibility!

這世界的進步體現在我們從身體的痛苦上升到心智的痛苦。世界是個陷阱，試圖把無限騙入有限——絕不可能！

The true view of this world is intense joy. The deluded view is misery. See the world aright and have nothing but joy!

這世界的真相是極樂，假像是痛苦。正確地看待這世界，便只有極樂存在！

The Absolute Perfection is above the perfection of the world.

絕對的完美超越了世間的完美。

The only good world is a transcended world.

唯一的美好世界是已經超越了的世界。

When you take your attention off the world, you can see what you are.

當你把注意力從這世界移開，你就能看見你的本然。

If you do not know the world is in you, how can you let go of it? If the world is out there, what can you do about it?

如果你不知道世界是在你內，那麼如何釋放它？如果這世界是在你外，你還能做什麼呢？

Any pleasure in the world is a momentary ego satisfaction.

這世界的任何快樂都只是小我的短暫滿足。

The world is a limitation no matter how high you go, until you see the truth of it.

無論你走得多遠，這世界始終是個限制，除非你看到了世界背後的真相。

People who have enough spiritual understanding don't need laws, don't need parliaments.

擁有足夠靈性洞見的人不需要法律，也不需要國會。

The only way to get a good society is to get the individuals composing it good.

擁有一個美好社會的唯一方法是每個個體都來參與美好社會的建構。

All legislation is to control acts resulting from selfishness. When all are selfless, no laws are necessary.

所有立法都是為了控制自私所導致的行為。如果所有人都是無私的，便不再需要法律。

In the not-too-distant future, the president will be the highest spiritual person in the country, the vice-president the second highest and so forth down.

在不遠的將來，總統會是一個國家最具靈性的人，副總統的靈性在其之下，以此類推。

The world as world is one long sadness. The world as Self is one constant joy.

當你把這世界看成是世界時，那麼只有長久的痛苦；但若把它看成是你的真我，那麼就會是永恆的幸福。

World equals misery. Self equals joy. The cause of misery is that you think the world is real. The cause of joy is the knowing that the Self is real.

世界等於痛苦。真我等於幸福。痛苦是因為你把世界當真。幸福是因為你把真我當真。

In the world we are seeking to know the truth about the world as we see it. This is tantamount to wanting to see the truth about a lie. There is no truth, no changelessness that can be found in the world. Only within our Self can we find the truth of the world.

我們總是在這世界中苦苦尋覓著世界的真相。這就等同於想要看到謊言的真實。這世界只有無常，沒有真實。只有在真我中，我們才能找到世界的真相。

It should be obvious that with all the tremendous increase in knowledge of the world acquired in the past 25 years, man has become less happy rather than more happy. Any knowledge other than knowledge of one's Self is not right knowledge. It is because of the aforesaid that our authorities of today are of muddling minds, are constantly changing their knowledge and theories. Someday they will discover that they are about 90% wrong. Only the knower of his Self can be correct in the knowledge of the world. He can change the 90% to 0%.

顯而易見的是，在過去 25 年中，人們對這世界有了更多的探索，習得了更多有關這世界的知識。但是只要不是有關真我的知識，便不是正確的知識。因為正如前文所述，當今的各領域權威只會混淆視聽，不斷修正著他們的知識和理論，終有一天他們會發現他們 90% 的理論都是錯誤的。只有了知真我的人才能知道這世界的正確知識，並把那 90% 的錯誤修正到 0。

The world is a play act. You have written, in your imaginative mind, the script, the acts, and the actors, and yourself as one of the actors. Recognize this and dwell in your authorship.

這世界就是一齣戲劇。你在頭腦的想像中編寫劇本，設置場景，安排演員，並親自出演其中的一個角色。認識到這一點，你便能安住在你的作者身份中。

The limiting of infinity gives the appearance of matter and energy.

限制無限，所以才會有物質和能量的顯化。

You have to master the world; otherwise, it is master over you.

你必須成為這世界的主人，否則它會成為你的主人。

If there is anything in the world we like or dislike, it is master over us.

如果這世界有任何我們喜歡的或不喜歡的，它就會成為我們的主人。

Use the world to transcend the world. Look at your attachments and aversions to it and drop them.

利用這世界來超越這世界。看看你對這世界的執著和厭惡，釋放它們。

Not seeing the world as it is, is an aversion to it.

不能如實地看待這世界，你就會厭惡它。

You have to start mastering the world because you are convinced the world is master over you. You must see that you are the one who determines it. That makes you master over it. The next step is to become master over your mind and then

you are a Master. (It's a nice feeling when you start mastering the world. isn't it?)

你必須開始掌控這世界，因為你相信你受到它的掌控。你必須明白你才是那個掌權者，這會使你成為世界的主人。接下去就是要成為你頭腦的主人，之後你就會成為大師。（當你開始掌控這世界時，感覺會很美妙，不是嗎？）

The world is a tremendous magnet.

這世界是塊巨大的磁鐵。

Primarily, you have to un-want the world and want your Self.

首先，你必須不再想要這世界，而是想要你的真我。

You don't have to be subject to anything because you are master of everything.

你不必受制於任何事，因為你才是主人。

The truth is, we created the stars and the planets. The important thing is to run them. Don't let them run you.

真相是，我們創造了恒星和行星。重要的是要運轉它們，而不是由它們來運轉你。

Look at the earth t s influence on you and undo it.

看看地球對你的影響，並擺脫它。

Rather than be automatically locked into the world, keep up your vigilance of remembering your true Self.

與其無意識地被這世界困住，不如保持警覺，時刻謹記你的真我。

The world is a very good place for rapid growth because your ego is being presented to you every time you talk to someone or someone talks to you. Daily, look at your ego motivations and let them go!

這世界是個能讓你快速成長的好地方，因為每次你跟人交談時，小我都會出現。經常地看看小我如何驅動你，然後釋放它們。

Every' act in the world is motivated by your ego, until, of course, there is no more ego. Then action goes on egolessly.

在這世界的每一個行動都由你的小我所驅動，直至不再有小我，那麼行動便是無我的行動。

After you scorch enough of the mind, then the world doesn't trap you.

當你燒掉了足夠的頭腦，世界就不再困住你。

There is immediate realization of the Self the moment one sees the unreality of the world.

當你發現世界不是真實的那一刻，你就頓悟了真我。

When the eye sees the world as "I", -that is Realization.

當你的眼睛把世界看成是“我”時，開悟了。

Now you see the world as a very variegated variety. When you see the singular substance just behind it, you see the reality of it. Seeing the reality, you will see the singularness as the Self, - your Self.

現在你把世界看成是富於變化的，但當你看到其背後的一味時，你就看到了真相。看到真相時，你就會把一味看成是真我，你的真我。

When you see the Self, the world does not disappear; your view of it changes. It will not look like it does now. You will see it as your Self.

當你看到真我時，世界不會消失，但是你對它的看法會隨之改變。世界不會像你現在看到的那樣，你會把它看成是你的真我。

The only reason people do not get Realization is that they have more desire for the world than for Realization.

人們無法開悟的唯一原因是他們對這世界的渴望要高於對開悟的渴望。

It is the belief that the world is real that is the cause of one's difficulty in keeping out habitual thoughts. Were it not for this belief, realization of your Self would be easy. And this is your prime difficulty, - this belief that the body, mind and world are real.

相信世界是真實的，這個信念讓你很難擺脫慣性念頭。沒有這個信念，開悟會很容易。相信身體、頭腦和世界是真實的，是你最大的障礙。

Our pleasures must be taken directly, not attributed to things outside of ourselves.

我們的幸福必須來得非常直接，而不是來自我們之外的東西。

Looking for joy in the world makes Realization impossible. The source of that joy is you, and it is not outside of you.

若在這世界尋找幸福，便不可能開悟。幸福來自你內，而非你外。

Only desire for this world keeps us in the world.

正因為對這世界有欲望，才把我們困在這世界裡。

You are causing everything around you, - even when someone else seems to be doing it. When you realize this, you'll take responsibility for everything.

你周圍的一切都是你導致的，即使看起來像是他人所為。當你明白這一點時，你就會對一切負起全責。

If you don't like the world, change your consciousness. That is all there is out there (your consciousness) and it's the only thing that you can change, the only thing that you should try to change. Make the world perfect by perfecting your consciousness and all will be perfect.

如果你不喜歡這個世界，那就改變你的意識。因為你的意識是你唯一能改變的東西，也是你唯一應該改變的。讓你的意識變得完美，那麼這世界的一切都會變得完美。

The Truth of the world is just behind what you now see.
世界的真相躲在你現在所看到的背後。

Declare your mastership rather than be a victim.
宣告你的主人身份，而不是受害者身份。

The whole world is just a mere thought, -think on that!
整個世界僅僅是個念頭，想想吧！

I and world, seer and seen, rise simultaneously, concurrently, co-dependently, and necessarily exist co-existently. The creation is instantaneous with the creator. Realize this. There is no world without the one who sees it. Realize the seer, within whom the apparency, the world, was imaged. The reality then is only the Seer.

我和世界，觀者和被觀者，造物主和造物，同時出現，相互依存。看清這一點。沒有看的人，便不會有被看到的世界。意識到你的觀者身份，世界只是表像，來自你的想像。那麼真相就只會是觀者。

第二十四章 完美身體

Should we try to achieve a perfect body? I would say yes, definitely yes, if you can't do it.

我們是否應該獲得一副完美的軀體呢？我會說，是的，當然是的。如果你不能，那就去做。

Q: If you cannot do it?

問：如果你不能，還要去做？

Lester: Yes.

答：是的

Q: That's a contradiction!

問：那不矛盾嘛！

Lester: No. Change your inability to being able. If you cannot perfect the body you should learn to do so. Although we should be able to perfect the body, once we are able to do that then it is better to let the body be the way it is, healthy or sick, and not be affected by it. When one has enough understanding, no matter what happens to the body, it is all the same to him.

答：不矛盾。改變你的不能夠，使之成為能夠。如果你不能讓你的身體變得完美，你就應該學著這麼做。但是儘管我們應該能夠讓身體變得完美，一旦我們有能力做到，但還是讓身體如是呈現更好，不論健康或生病，你都不受其影響。如果你有足夠的智慧，不管你的身體怎麼了，對你來說並沒有什麼不同。

I've given you an over-all approach and now I'll go into it in more detail. If we want a perfect body and we don't have a perfect body, it means that we I have the conviction that we make the body perfect. It means we are subconsciously holding in our mind a consciousness of an imperfect body. The body is an exact copy of the mind, the body being only our

consciousness projected outwardly. We must change our subconscious thinking until we subconsciously have the conviction that our body is perfect. That will do it.

我已經給了你們一個總體方向，現在來具體談談。如果我們想要一個完美的身體，但是我們卻並沒有一個完美身體，那意味著我們不相信我們能使身體變得完美，意味著在潛意識層面，我們抱持著不完美身體的信念。身體完全是頭腦的複製，是我們意識的向外投射。我們必須改變潛意識的信念，直至潛意識相信我們的身體是完美的，那樣我們的身體才會完美。

Now, is it necessary to have a perfect body? No, it is not. However, it is necessary to have a perfect understanding. To get this understanding, if you cannot have a perfect body, then learn to make your body perfect. When you can, then go beyond the necessity of a perfect body by getting the spiritual understanding of "I am not the body" and "The body does not affect me." This is a much higher state. In fact this is one of the highest of states to be able to maintain your equanimity regardless of what is happening to the body!

現在，擁有一副完美身體是否是必需的呢？不，不是的。但是，擁有完美的智慧是必需的。有了這份智慧，即使你無法擁有完美的身體，你也可以學習讓你的身體完美。當你能夠做到讓你的身體完美時，你可以通過獲得“我不是這具身體”以及“身體無法影響我”的智慧，來超越對完美身體的必需。這是更高的境界，實際也是最高境界的其中一個面向，即無論身體發生什麼，你都能夠安住于平靜中。

This body is not infinite. It's an extremely limited and very, very delicate. Change the internal temperature 12 degrees and it dies. Put tiny amounts of chemicals (poisons) in it and it dies. Cut out oxygen and it dies. So, this body is an extremely limited vehicle. It is much better to not be the physical body, to be what you really are, and get out from under the fear of death, the basic fear behind all other fears.

身體不是無限的，而是極具限制性的載體，並且十分纖弱。把體溫調高或調低 12 度，身體就會死去。放進一定劑量的化學品（毒藥），它會死

去。切斷氧氣供應，它也會死去。所以，身體真的是非常有限的載體。最好的做法就是不要成為這物理身體，轉而成為你的所是，從對死亡的恐懼中解脫出來，因為死亡恐懼是其它一切恐懼的基礎。

The discipline of having an imperfect body and not allowing it to bother you is a very high spiritual discipline. Many fully realized masters go through life with a sick body, setting an example of non-emphasis on the body, because the body is a cage of limitation. We are not in the body but the body is in us. Our greatest limitation is, "I am this body." Not only is the body a limitation but also associated with it are hundreds of other limitations. So, although at first I corrected body imperfections instantly, I now prefer not to correct the body, but to have it touch me not, not even in the slightest, regardless of what is happening to it. This is something I started three or four years ago.

擁有不完美身體，並禁止它煩擾你，這是條高度靈性的紀律。許多完全開悟的大師就是很好的榜樣，因為他們就是抱著一副病體過完一生的，身體就是限制的牢籠。不是我們在身體的裡面，而是身體在我們的裡面。我們最大的限制就是："我是這具身體。"不僅身體是個限制，與其相關的還衍生出了數以百計的其它限制。所以，儘管一開始我在瞬間糾正了身體的不完美，現在我更傾向於不去糾正身體，而是讓它不影響我，不管它出現何種狀況。我從三四年前就開始這麼做了。

I can tell you what happens when you do not identify with the body. I was just thinking of the time I was loading trees for firewood onto a truck and one tree wouldn't go. I said, "I'll make this go, and I gave a tremendous push while I had my shoulder against a tree trunk. The tree went on and I slipped a disc at the bottom of my spine. The reason why I mention this incident is that this was an excruciatingly painful one. Immediately I almost collapsed from the pain. Then I said, "Lester:, be not the body."

我可以告訴你，當我不認同身體時會發生什麼。有次我要把砍下來的樹裝到卡車上，其中有一棵怎麼都動不了。我說我要把它裝上去，於是就在用力推的時候，我的肩膀碰到了樹幹。那棵樹終於動了，但是我的椎間盤卻錯位了。我之所以提及這件事是因為真的痛壞了，當時差點昏厥過去。我對自己說：“萊斯特，不要成為這具身體。”

Now, what happens is that the body doesn't bother me if I'm not the body. I was aware that there was a pain, but it was like a weak distant pain and did not bother me. I could immediately load other trees. The body acted just as though it were not imperfect.

如果我不是這具身體，身體就無法影響我。我當時覺知到身體有疼痛，但是好像離我很遠也很微弱，所以無法干擾到我。我能夠立刻把其它樹裝到車上去，好像什麼事也沒發生一樣。

I've done that at other times. I once sprained an ankle and it swelled. That's painful too, and when I did not identify with the body, I walked off as though the foot were perfect and yet there was a sprained ankle there. When I had that slipped disc, I'd awaken in the morning and, forgetting, I would not immediately not be the body and the pain would be severe. To get out of bed I'd actually have to fallout on hands and knees. I remember doing this the first day or two. Then I'd shake my head and say, "Wow, what is this!" Recognizing the situation, I would say, "Oh, I am not the body," then I'd stand up, move through the day as though the body were O.K. and the body could do any thing and every thing; and yet, there was a weak distant pain that I knew was there but it didn't bother me. Now, this type of disciplining is excellent if one can do it. Be not the body!

還有一次，我扭傷了腳踝，那裡腫了起來，真的非常痛。但當我不認同這具身體時，我能夠自由走動，好像腳根本就是完美的一樣，即使腳踝已被扭傷。椎間盤移位那次，早上醒來時，我沒有立即不去認同身體，於是疼痛非常劇烈。為了能夠下床，我不得不用手和膝蓋來作支撐。記得第一兩

天都是這麼（爬）過來的。後來我搖搖頭，說“這是什麼嘛！”意識到這點時，我會說：“哦，我不是這具身體。”於是我站起來，好像身體完全正常一樣，能夠做任何事，做每一件事，之後的日子就是這麼過來的，雖然我能感覺到遙遠而輕微的疼痛，但是已經無法影響到我了。如果你也能做到，那麼這是非常好的紀律。不要成為這具身體！

Q: Wouldn't it be so much simpler to simply say, "The body's perfect," and then have a perfect body? After all, you control your body, -why even have the pain or feel uncomfortable when you get out of bed?

問：聽你這麼說好像很簡單，只是說“身體是完美的”，然後就能擁有完美的身體？既然你能控制你的身體，那為什麼你下床時還會有疼痛或不舒服的感覺呢？

Lester: Well, when I got out of bed I was identifying with the body; that's why it pained so. But the moment I didn't, everything was all right. I'd stand up and the body would do anything. Now, this is a test of your spiritual knowingness. This is much higher. This is being not the body.

答：在我下床的那一刻，我認同了這具身體，所以會感到痛。但當我沒有認同它時，一切都 OK。我會站起來，身體也能做任何事。這也可以作為對你靈性成果的測試，這是更高的境界，也就是不再成為這具身體。

Q; How can the body be imperfect when you said before your body is a reflection of your mentality, and if you know hat there's only perfection, how can you have an imperfect body?

問：你之前說身體是心智的投射，那麼身體怎麼還會是不完美的呢？如果你知道只有完美存在，那怎麼還會有不完美的身體？

Lester: At first I identified with the body and then, after minutes, I did not. You want me to come down a step? Or do you want me to stay where I am?

答：一開始我認同了這具身體，幾分鐘過後，我不再認同。你想讓我往下走一個臺階，還是就待在這裡？

Q: All right, go ahead and stay up where you are.

問：不用走，就待著吧。

Lester: A perfect body is not the highest state. A body is a limitation even when it's perfect. It's a perfect body. It's still a body, but perfect. A higher state is not being the body but being the All. Ah, you're shaking your head now. Have I answered it?

答：完美的身體不是最高境界。身體始終是個限制，哪怕它是完美的。最高境界是不再成為身體，而是成為整體。啊，你在搖頭。我沒有回答你的問題嗎？

Q: I'm beginning to follow what you're getting at.

問：我在聽你正在說的。

Lester: So again, it's a matter of level, but because we're now into a level that is high, I want to stay there. Be not the body! Be what you really are! Be infinite! Be the All! Perfection is not a perfect body. Perfection is absolute perfection. Although you have a tendency to bring it down into perfect things, perfection does not relate to things. No thing is perfect. Every thing is a thing of limitation, confined to form and space. So the top state, the absolute, is a state of no things. It's just beingness, or pure consciousness, pure awareness. That's not being a body, a thing. It's just being. So to sum it up, of course we should have perfect bodies! If we have bodies that pull on our attention all the time, it's difficult to seek the Truth. So rid yourself of body demands. Make the body as perfect as you can; however, it is a higher state when the body does not affect us because of our not identifying with the body.

答：所以，這是個關乎水準的問題，但是因為我們正在進入高水準，想要待在那裡，所以不要成為身體，而是成為你的本然！成為無限！成為整體！完美不是指完美的身體，完美就是絕對的完美。雖然你傾向於把它往下拽，拽到完美的物上去，但是完美跟物沒有關係，沒有什麼物是完美

的，所有的物都是有限的物，被形式和空間所局限。所以最高境界，亦是絕對境界，就是無物的境界，只是純然的存在，純然的意識，純然的覺知。總而言之，我們是應該擁有完美的身體，但若身體一直佔據我們的注意力，那就很難發現真相。我們要擺脫對身體的要求。盡可能地使身體完美，但是，更高的境界是不再受到身體影響，因為我們已不再認同它。

Is it clear now, these two different aspects of body? It's great to make a perfect body. It is far better to be not the body.

現在清楚了嗎，有關身體的兩個不同方面？讓身體完美固然好，但更好是不再成為身體。

Q: You see, it's very difficult for me to be beingness or awareness without being something or aware of something.

Lester: You and most of us. But the top state is just beingness, only beingness, or consciousness, only consciousness. It's consciousness conscious of all consciousness. It's beingness being all beingness. And consciousness and beingness mean the same thing at the top.

問：你知道，對我來說，作為存在或覺知而非成為什麼或覺知什麼，非常困難。但是最高境界就是純然的存在或純然的意識。意識所有意識的意識，作為所有存在的存在，並且意識和存在在最高境界是同一個東西。

Q: Well, can't we enjoy the limitation at the time?

問：那時，我們是否還能享受限制呢？

Lester: You can. You can if you choose, but that's not the ultimate joy. If you want more joy, don't enjoy the thing, -be joy! Happiness is our natural inherent state. We are the All.

答：當然能，如果你選擇的話，但是那不是終極幸福。如果你想要更多的幸福，那就不要享受幸福，而是成為幸福本身！幸福是我們固有、天然的特性。我們就是一切萬有。

We artificially create a lack and then a desire to relieve that lack, which, when that lack is undone, we feel better. It's like

sticking a pin into you. It hurts and you take it out and say, "Gee that feels good." This is exactly what enjoying things and people is. We hurt ourselves by creating a lack and then remove the lack, the pain, and say, "Gee that feels good. That makes me happy."

我們人為地創造了匱乏，繼而創造欲望來消除匱乏，當匱乏被解除時，我們感到片刻的愉悅。這就像拿針戳自己，你感到疼，把它拔出來，然後說："哎呦，感覺不錯。"對人和物的享受就是這麼回事。我們創造匱乏來弄疼自己，然後消除匱乏也就是消除疼痛，並說道："哎呦，感覺不錯。那讓我快樂。"

Every time you feel happiness, you feel only your real Self, more or less. The happier, the more you feel your real Self. And you wrongly attribute it to things and people outside of your self.

每次你感到幸福，都是或多或少地感覺到了你的真我。越幸福，就表明你越多地感受到了真我。但是你卻錯誤地將其歸結為你之外的人和物所帶來的。

The mechanism of it is this: When you create the lack, you start up thoughts of I need this person, this thing, to make me happy. That causes a bit of pain, -a need, a lack-which when you are relieved of that thought of lack you return back to being your Self and this is what we call happiness. This is something very great to be achieved: to see that your happiness is inherent. That which you have been calling happiness is doing away with happiness and then restoring it and wrongly attributing it to external people and things.

這個機制是這樣的：當你創造匱乏的那一刻，你開始了"我需要這個人、這個物來讓我快樂"的念頭。那導致了一些疼痛——需要，匱乏。當你消除匱乏的念頭後，你回到了真我，也就是所謂的幸福。你需要看清幸福是你固有的，而不是去掉它又還原它，還錯誤地以為它是來自外在的人或物。

So, if you want to enjoy a body, that's your privilege. If you want more joy don't enjoy the body, just be joy, which you naturally are. That's the natural state. It's not necessary to need things. When you see that you are the All, there's nothing lacking. So, take your joy directly, be your Self. That's being infinite joy.

所以，如果你想要享受身體，那是你的特權。如果你想要更多的幸福，那就不要享受身體，而是成為幸福，也就是你的本然。當你了悟你就是一切萬有，便不再匱乏，也就不再需要。所以，成為你的真我，也就成為了無限的幸福。

Q: Now step down and discuss your experiences of changing your body because really, many of us are in the area where we don't quite understand this. Or let's talk about myself, not "us."

問：說說你改變身體的那些經歷，因為我們很多人真的不太懂。說說你自己，而不是我們。

Lester: O.K. What happened to me was that I saw that there's as much life in this body as there is in a piece of wood. It's composed of carbohydrates and minerals, the same chemicals as in a piece of wood; that the only life in this body is I. I put the life into the body. I saw that the body is my consciousness, and my consciousness puts the life into it. When you see that you make the body, then you can change it. You can mentally change it.

答：好的。當時我明白了這具身體裡的生命不亞於一塊木頭裡的生命。身體和木頭一樣，都是由碳水化合物以及各種礦物質構成，而身體裡的生命就是“我”。我把生命注入這具身體。我看到身體就是我的意識，我的意識把生命注入身體。當你了知是你創造了生命，你便能在心智層面改變它。

Now, the body we have now is the accumulated education, body-wise, that we have gathered up to date. This is my concept of a body. That's your concept of your body. It's deeply subconscious right now. This is why it's difficult to change the body. To perfect it requires seemingly impossible

letting go of all these past concepts of imperfection of body. This, however, is the negative way of doing it, that is, of eliminating the negative concepts of imperfection. It's a difficult way.

我們現在所擁有的身體是對它經年累月的教育成果。這是我對身體的概念，也是你對你身體的概念。這個概念如今已深植於潛意識中。這就是為什麼改變身體如此之難的原因。讓身體完美，需要釋放過去累積的所有有關不完美身體的概念，而這看起來幾乎不可能。但是，這只是個消極做法，也就是清除不完美的概念，這很難做到。

Then there is the better way, the positive way of putting in what should be there, a picture of a perfect body in your mind. Now, this picture of the perfect body must be put in with will power, more powerful than the sum total of all the pictures in the past of an imperfect body. You must image the picture of a perfect body with a thought that's stronger than all the past thoughts. Does that make sense? This is the mechanics of it.

還有一種更好的方式，積極的方式，那就是在我們的頭腦中植入完美身體的畫面。植入這個畫面必須使用意志力，一個強有力的念頭，其力量要大於過去所有有關不完美身體的念頭的力量總和。我說的有道理嗎？這就是那個機制。

All right, now what is a powerful thought? A powerful thought is a concentrated thought. The more concentrated, the more powerful the thought. A concentrated thought is a thought without other extraneous thoughts present at the time. The very best way to get a most powerful thought is to let go of your self, your little self; let go of your feeling that I have this and I have that. Then say. "Yes, there is only perfection, and that includes this body." Let go of the world; let go of your thinking as your mind is your biggest obstacle. Your mind is going all the time, whether you're aware of it or not. When you're not conscious of it, it's going on subconsciously. You've trained yourself to think, think, think. You've got the mind spinning with all these thoughts. You've given a lot of

importance to this thinking. The importance of it is also subconscious, so it's not easy to let go of the importance of thinking. And this is an obstacle to your concentrating.

那麼什麼是強有力的念頭呢？一個強有力的念頭就是一個集中的念頭。念頭越集中，就越有力量。一個集中的念頭必須同時摒棄了其它不相關念頭。想要一個強有力的念頭，最佳方式就是釋放你的小我，釋放“我有這個”、“我有那個”的感覺。然後說：“是的，只有一個完美，這個完美包括了這具身體。”釋放這個世界，釋放你的思考，把你的頭腦看成是你最大的障礙。不管你是否意識到你的頭腦，它都一直在轉個不停。當你沒有意識到它時，它是在潛意識層面運作。你把自己訓練得總是思考不停，你的頭腦一直在念頭中打轉。你給了思考太多重要性。思考的重要性也是無意識的，所以很難釋放它。思考的重要性也是是你集中念頭的障礙所在。

If you could let go of thinking, and in just one easy thought with no other thoughts around, think “I am perfect,” you’d instantly have a perfect body. It’ll take a continuous trying until you achieve it. An almost effortless thought is the way it is effected because your mind is quiet at the time. And you might not even be aware of it when it happens. You might become aware of it later on.

如果你能釋放念頭，只待在“我是完美的”這個念頭中，你就能立即擁有完美的身體。你需要不斷嘗試，直到你能做到為止。不費力的念頭才是有效的，因為那時你的頭腦是安靜的。當它發生時，你可能甚至還沒覺察到它，但稍後你可能會覺察到。

I was just reminded of a case of a man who was in a wheel chair for many years, I believe ten. His house caught on fire and he packed two bags, ran out of the house and sat down on them. It was after he had sat down on the bags that he had realized what he had done. He had forgotten that he couldn't walk. See, when it does happen, you're accepting the positive so much that the negative is forgotten for the time being.

這讓我想到了個案例，有個男人坐了十年的輪椅。有次他的房子著火了，他迅速打包了兩袋東西，從房子裡逃了出來。就在坐在行李上的時候，他

突然意識到自己做了什麼。他忘了自己是不能走路的。看到沒？當它發生時，你太專注於正面的，從而暫時忘掉了負面的。

To sum it up, the thing that will affect a perfect body is a very strong conviction "My body is perfect." Saying it in another way, it is a concentrated thought, which is a thought undisturbed by other thoughts at the time. And the feeling is a feeling of let-go. You just let go and let the perfection be.

總之，造就完美身體的是一個強有力的信念，這個信念是："我的身體是完美的。"這個信念也是一個集中的念頭，集中到不被其它念頭所干擾。你必須放手，讓完美自行呈現。

Q: Well then, what you're really saying is that when you see all perfection, your thoughts are so based upon perfection your body automatically takes that perfection.

問：你是說當你明白一切皆完美時，你的念頭如此根植于完美，以致於你的身體自動變得完美？

Lester: Yes, if you see the all-perfection, then everything is absolutely perfect, everything.

答：是的，如果你看到一切都是完美的，那麼一切就都會絕對完美。

Q: Then you cannot have an imperfect body.

問：那麼你就不可能擁有不完美的身體

Lester: Right.

答：對

Q: And this being very, very peaceful, - if you go into psychosomatic medicine, they claim that the body difficulties are caused by turmoil in the mind. And if these are quieted, then the body may be corrected without any thought about it.

問：並且也會變得極度寧靜。心身醫學有個說法，生理問題都是由頭腦的混亂所導致。如果頭腦能安靜下來，身體就會自行糾正，而無需使用任何念頭。

Lester: Yes, if you quiet the subconscious mind. You see, the body is working on an automatic pilot. Everything happening in the body, we are doing subconsciously, automatically. So, you have to straighten out the subconscious thinking.

答：是的，如果你能讓潛意識安靜下來。你知道，身體是自動運轉的。身體裡發生的一切，都是潛意識地，都是自動地。所以，你必須把潛意識裡的念頭給拉出來。

Q: When you were in New York and you accomplished much, did you do it systematically? Did you just see perfection so completely, or did you realize the power of your mind? Just exactly what method did you use?

問：當你在紐約，在靈性上有了一定成果時，你是否是有計劃地達成？你是完全地看到完美，還是意識到頭腦的力量？你用的到底是什麼方法？

Lester: Well, when I did it, it was almost like a byproduct. I sat down with a determination to get the answers to "Who am I, - what am I? What is this world? What is my relationship to it?" In the process of which I saw the Perfection and that this universe, including this body, was a product of my consciousness, my thinking. I therefore imaged the body as perfect and instantly it was. Gone were the ulcers, the jaundice, the coronary trouble and other imperfections. It was very easy. It was like an almost effortless thought.

答：我當時並沒想那麼多，它就像個副產品。我只是坐在那兒，問自己：我是誰？我是什麼？世界是什麼？我跟世界什麼關係？然後決心要獲得這些問題的答案。其間，我明白了這個身體和這個宇宙都是完美的，明白了它們都只是意識和想法的產物，於是我想像身體是完美的，它就立刻變得完美。我的胃潰瘍、黃疸病、冠狀動脈疾病以及其它一些生理問題就都消失了。真的非常容易，就是一個幾乎不費吹灰之力的念頭。

There are different levels of healing the body. Spiritually, it's instantaneous. There's only perfection and that's all there is and it is instantaneous. Mentally, it is done from instantaneously to very fast, in days or in weeks, depending upon your mental concept of how fast you can do it.

療愈身體有幾個層次。一個是靈性上的，能夠瞬間療愈。只有完美存在，一切皆完美，那麼療愈就能在瞬間發生。還有心智上的，也非常快，幾天到幾周不等，有時也會是瞬間的，取決於你相信多久能療愈。

Q: When you're using the word "body," it also would include all our environment, wouldn't it? There's really no difference between our body and our environment.

問：當你用“身體”這個詞時，它也包括我們的環境，是嗎？身體和環境之間真的沒有什麼差別。

Lester: That's true in the sense that it is all our consciousness, but I'm speaking specifically of the body because we're talking on that. Actually, the whole material world and the body are very similar in creation. They are the physical out-projecting of our mind.

答：從“一切都是我們的意識”這個角度來講，是的。但是我現在說的是這個身體，因為我們正在談論這個主題。實際上，整個物質世界和身體在構造上是非常相似的。因為它們都是我們意識的向外投射。

Have I answered all your questions on it? See, it does not help you much when I tell you what I did. You've got to do it your way. And as I see it, your way is overcoming the accumulated wrong body-thinking of the past. Now this is a carry-over from a prior life. This is how deeply engrained it is in you. If you can perfect it, good. If you can't, don't make a big issue of it because it's better to live with it and not be it. Get your spiritual understanding. That's far more important.

我回答了你的問題嗎？你知道，當我告訴你我怎麼做時，對你不會有太大幫助。你必須按你自己的方式去做。就我所知，你的方式是消除過去所有

有關身體的錯誤想法。這些想法是你過去生活的一個延續，非常的根深蒂固。如果你能讓身體變得完美，很好。如果不能，那就與它和諧共處，而不是成為它。

What's so great about the best of bodies? They decay sooner or later. The very best of bodies becomes awfully stenchy sooner or later when it starts decaying. So, what's this big thing about bodies? Approach it from a higher point.

身體再好又能怎樣？它們遲早會腐爛。最好的身體也會在它腐爛時，發出惡臭。所以，從更高的角度來看待身體。

Q: As I understand it, if I have a sense of perfection, which would include my body, the body could not be imperfect.

問：就我所瞭解的，如果我有完美的感覺，包括身體的完美感，那麼身體就不可能是不完美的。

Lester: That's correct. Get it! And when you get it, not only the body but everything becomes perfect, which is far better than having just a perfect body. Then you have the whole universe perfect and that's a very, very high state. To see the perfection where the imperfection seems to be is the highest state.

答：是的，找到這種感覺！當你有這種感覺時，不僅僅是身體，其它一切都會變得完美，這可比只擁有完美的身體好多了。那時你的整個宇宙都是完美的，那是非常非常高的境界。當看到完美時，不完美便不復存在，這就是最高境界。

This Session was recorded in Sedona, October 31, 1964.

錄於 1964 年 10 月 31 日，瑟多納

第二十五章 讓成長落實到每一天

Most of you dont realize that every day you are presented with wonderful opportunities to make major steps in your growth. Were you to look at and see this, the Goal that seems so difficult and elusive would soon be in your possession. A waken to this fact and be done with worldly miseries!

你們很多人都沒有意識到每一天都可以是成長的機會。如果你能看到這一點，那麼看起來像是困難重重的覺醒目標，你也可以很快達成，塵世的痛苦也能因此很快結束。

To do this, you must accept the worldly happenings as they relate to you, your means of growth, even as your teacher. You must look at all the unpleasantries; you must face them squarely with an objective eye and you must seek and find their cause.

為能做到這一點，你必須接受世俗所發生的一切都與你和你的成長有關，把它們看成是你的老師。你必須直面所有不愉快的事件，以客觀的眼光看待它們，必須找出導致這些事件的根源所在。

The method should be either or both of two approaches. Whenever someone or something bothers you and you 'are unhappy, or whenever you react to someone or something, ask yourself, How and wherein did I cause this? Look within your mind to find the past thought, now subconscious, that caused the event. Discover the originating thought in you and you discover your mastership over the event.

以下兩種方法，你可以採用其一，也可以雙管齊下。每當某人或某事讓你煩心時，或者你對它們起反應時，問問自己：我是如何導致它們的？深入你的頭腦，去找出潛意識中你過去的相關念頭，看看它們是如何導致該事件的。發現最初的那個念頭，你會發現自己就是該事件的罪魁禍首。

The second approach is more readily available to you. Every time you react or experience something unpleasant, it is

always because of some ego motivation. Ask yourself, What is my ego (selfish) motivation behind this? What in this situation do I want to be different from what it is? When you discover it, drop it and be freer. Use your daily unpleasantnesses for growing freer every day. The more you do this, the faster and easier it is to do.

第二個方法對你更加有用。每次你經歷不愉快的事件或對不愉快的事件起反應時，往往是因為小我的驅動。問問自己，背後小我的動機是什麼？我到底想要怎麼樣？當你發現那是什麼時，釋放它，你會更自由。利用每天的不愉快事件來成長。你做得越多，就會越快越容易。

Either or both of the above methods will free you and return to you your mastership in a relatively short time. Make it a habit of using both, or one or the other, every day.

以上兩種方法，會讓你在較短的時間內得到解脫，重新坐回你的主人位置。每天都做練習，讓它或它們成為你的習慣。

Whenever you're unhappy do not look for escape from it via distraction, doing something else, or seeking entertainment. This is the worst thing you can do. You will never be able to let go of or eliminate unhappiness. Either discover your mastership of the event or see the ego motivation behind the misery and there by undo that particular unhappiness. Almost everyone, when unhappy, looks for escape and calls the escape or relief from the misery, happiness. This allows the unhappiness pattern to continue in the future. It postpones the time indefinitely as to when one will have to eliminate the unhappiness. Escape is the worst palliative in the world, worse than drugs. Every escape is a complete waste of time and a further continuing and holding onto misery. The more you feel misery, the deeper it becomes ingrained. Therefore one should not escape from nor remain in misery, but should use one of the above two methods to get out of it permanently.

每當你不開心時，不要通過轉移注意力來尋求逃避，不要通過做其它事或是娛樂來逃避。這是你能做的最糟糕的事情，因為你永遠無法借此釋放或消除不愉快。發現你是事件的主人，或者看清痛苦背後小我的動機，如此便能解除那份不愉快。幾乎每個人在不開心的時候都會尋求逃避來緩解，這讓痛苦得以延續到未來，讓消除痛苦的時機無限期滯後。逃避是這世界最糟糕的緩和劑，比毒品還糟。每一次逃避都是浪費時間，讓痛苦更進一步。逃避只會讓痛苦更加根深蒂固。因此你不應該逃避痛苦，或是繼續待在痛苦中，而是利用以上兩種方法來永久地擺脫痛苦。

All unhappiness is caused by our trying to be limited, an ego.
The more we are our Self, the happier we are. We will never be completely happy until we are completely being our Self.
所有的不愉快都來自你想要成為有限制的小我。我們越是我們的真我，就越幸福。完全地成為真我，就能徹底幸福。

Why waste time in entertainment, escape? Looking to entertainment each time delays and pushes the Goal a bit further away. Only a realized non-attached being can enjoy things in the world without creating bondages and miseries.
為什麼把時間浪費在娛樂上？每次尋求娛樂消遣，都把覺醒往後推延。只有完全開悟的存在才能在不製造束縛和痛苦的同時享受這世界上的東西。

What everyone is looking for in entertainment is escape from misery and the happiness of the Self.
人們在娛樂中所要找尋的其實是對痛苦的逃避，以及真我的幸福。

Escaping misery keeps you forever miserable.

逃避痛苦只會讓你永遠痛苦。

Problems are a constant reminder that we are in the wrong direction.

問題會不斷提醒我們，讓我們知道我們走在錯誤的方向上。

Every pain is basically a pain of limiting your Self.

每次痛苦，都是因為你限制了你的真我。

A person cannot be happy if he has inner anxieties. Anxieties are expecting to happen that which you do not want to happen. Expect only that which you do want.

如果一個人內在很焦慮，他就不可能幸福。因為焦慮是期待不想要的東西發生。只期待你想要的東西發生吧。

It's the ego sense of being a separate individual that is the source of all trouble..

一切麻煩的根源在於想要成為分離的個體的小我感。

All unhappiness is separation.

一切不幸都源於分離。

Limitation and misery are the same.

限制和痛苦是一回事。

Misery is caused when an infinite being tries to be a limited being.

當無限的存在想要成為有限的存在時，痛苦產生了。

If, when you are miserable, you would think and feel the opposite, that is what you would effect.

如果你在痛苦中，你會想到並感受到痛苦的反面，這就是你會體驗到的效應。

Misery is complexity. Happiness is simplicity.

痛苦源於複雜化。幸福來自簡單化。

If you see misery, its your misery. When you see the perfection where the seeming imperfection seems to be, the misery is only an apparency.

如果你看到痛苦，那是你的痛苦。當你認清看似的不完美實則完美時，你會發現痛苦僅僅是表像。

The more miserable you get, the less you should look for an escape (socializing, entertainment). Rather isolate until you see and let go of the reason for it, or move into your real Self. Never let go of, through escape from misery, a good opportunity to grow.

你越痛苦，就越不應該逃避（通過社交或娛樂）。反而要獨處，直到你看清痛苦的根源並釋放它，或者進入了你的真我。永遠不要通過逃避來解除痛苦，痛苦是成長的契機。

Misery is just the whip we set up to whip ourselves into happiness.

痛苦就是我們手持的鞭子，為了鞭答自己進入幸福。

The more we move away from our Self, the more miserable we become until finally we get so miserable that we cannot take it any more and then we begin to move back into our Self.

我們越遠離真我，就會越痛苦，直到痛苦變得無法承受，我們就開始向真我回歸。

You create a lie when you say "I don't have," and that starts the unhappiness of not having.

當你說“我沒有”的時候，你製造了一個謊言，從而開始了因為“沒有”而導致的痛苦。

Anytime you're miserable, you're dwelling in your ego. Just being miserable should be a re-aligner for you. Say, "Here I am in the wrong direction." Then change it and you'll be happy again.

每次你痛苦的時候，你都是停留在小我裡。痛苦應該作為重新定位的機會。跟自己說：“我正走在錯誤的方向上。”然後改變方向，那樣你就會再次幸福。

Anyone can feel happy; anyone can feel miserable. You don't have to see why, -just change it!

每個人都能感受到幸福，每個人都能感受到痛苦。你不必知道為什麼，只需改變它！

Every worldly attachment is a dedication to misery.

對世俗的一切執著都是對痛苦的獻身。

Misery is the setting up of limitation.

痛苦設立了限制。

Misery is to the degree that we think we are limited.

痛苦的程度取決於我們有多認為自己是有限的。

Every pleasure in the world has an accompanying pain because there is associated with it the feeling that this pleasure may not be sustained in the future.

世俗所帶來的各種快樂都會讓痛苦緊隨其後，因為我們會不自覺地感到這份快樂不會持久。

You turn your feelings on and if you take credit for them, you can turn them off, that is, control them. However, be careful not to suppress them.

你開啟了你的感受，如果你能接納它們，你就可以關掉它們。也就是說，你能控制它們。但是，小心不要壓抑它們。

If you really see the reality of a problem, it is licked.

如果你洞徹了問題的真相，問題就會消失。

You can resolve any problem here and now.

你能在此時此地解決任何問題。

Every problem is an ego problem. In order to have a problem there has to be an ego frustration.

每個問題都是小我的問題。為了擁有問題，小我勢必感到挫敗。

Martyrdom can be ego.

殉道也可能是小我

Suffering is the opposite of godliness.

受苦是敬神的反面。

Suffering is not spiritual.

受苦不是靈性的。

God is joy. Suffering is Satan.

上帝是幸福。受苦是撒旦。

The more you suffer, the more you will suffer.

你越受苦，就會越受苦。

Suffering karmically develops and leads to more suffering.

受苦在業力上發展並導致了更多的受苦。

Suffering is good when it drives you to God, or to seek your Self.

如果受苦讓你轉向上帝或對真我的尋求，那麼受苦是好的。

Every time you feel miserable there is presented an excellent opportunity to make a big step forward.

每次你感到痛苦時，必是朝前邁一大步的好機會。

The less we allow our Self to be, the more miserable we find ourselves.

我們越不允許真我呈現，就會越痛苦。

Feeling sad about anything is holding onto it. Say, "This is something I have to let go of," and immediately you will feel better.

為某事感到悲傷，都是因為對它緊抓不放。跟自己說：“我必須釋放它。”你就會立刻感到釋然。

When you are miserable you shouldn't try to escape it. Get quiet and go within until you see the reason for it, or better, be your Self.

當你痛苦時，不要逃避它。而是安靜下來，往內探索，直到你看清痛苦的原因所子啊，更好的是成為你的真我。

If you will take full responsibility for feeling bad, you will feel like a master.

如果你對糟糕的感受完全負責，就會感覺自己像個主人。

Every time you feel restless or unhappy, there is ego desire behind it. If you can get it up into view, you'll let go of it with a chuckle. Its an opportunity to let go of something that's running you. Look for the ego-motivated desire and when you see it, let go of it and immediately feel lighter and happier.

每次你感到不安或不快樂時，必是小我的欲望在作祟。如果你能把它拉上來，看清它，你就能釋放它，並伴以輕聲淺笑。那可是個好機會，讓你得以釋放那一直掌控你的幕後黑手。去尋找小我所驅動的欲望，當你發現它時，釋放它，就能立刻趕到更輕鬆、更愉悅。

Every time you drop ego, you experience joy.

每次你釋放小我，都能經驗到幸福。

Discover who the sufferer is and on discovering this you find all joy.

看清是誰在受苦，就會發現全部的幸福。

第二十六章 家庭關係

Why do we marry? Why do we have children? What are we seeking in marriage? In children?

我們為什麼要結婚呢？為什麼要有孩子呢？我們在婚姻中尋找什麼？在孩子中尋找什麼？

The answer to all these questions is: We want the greatest happiness. We believe that in marrying and in having children we will be happy. Were that true, all married people would be happy. A mere look at our institution of marriage belies this.

所有這些的答案就是：我們想要最大的幸福。我們相信婚姻和孩子會給我們帶來幸福。如果那是真的，所有的已婚人士都會是幸福的。但是只要稍稍看下我們的婚姻制度，就會發現那不是真的。

Wherein lies the fault? Is it in marriage? No, the fault lies within us. We wrongly look in the wrong direction. We externally seek happiness outside of ourselves, -in others. We shall never find a continuous happiness with no sorrow so long as we look to others or to things outside of ourselves. A happy person is one who takes his happiness from within and he is happy, whether married or single.

問題到底出在那裡？是婚姻本身的問題嗎？不，問題出在我們自己身上。我們的方向錯了。我們想從他人那裡獲得幸福，但是只要我們這麼做，便永遠也不會得持久的幸福。一個幸福的人必是從自身得到幸福，而不論他是否已婚。

Should we marry or should we not marry? That is a moot question. You will do exactly what you will do. You have predetermined precisely what you will do on this point. Therefore the important question should be: How can I attain the ultimate happiness?

我們應該結婚呢還是不應該結婚？這個問題毫無意義。你會去做你會做的事，因為你早就預先做出了選擇。因此重要的是問自己：我如何才能獲得終極幸福？

Marriage affords an excellent opportunity for growth and should be so used. One is constantly confronted with situations where one may increase one's love for one's family. Every day we should make it a practice of increasing our love, using all the situations we find ourselves in wherein we are not loving, to the best of our ability, by consciously increasing our love for the other one until it is completely selfless. When we reach the state of selfless love, we have reached the Godhead.

婚姻提供了一個絕佳的成長機會，所以應該利用婚姻來成長。在婚姻中，你總是要面臨各種情況，可以借此來增加對家庭的愛。每天當我們發現自己不在愛時，可以利用這個機會來練習愛，盡己所能並有意識地提升我們的愛，直到我們的愛變成完全無私的愛。當我們達到那個境界時，我們就獲得了神性。

Q: What a difficult thing it is to be married, Lester:?

問：萊斯特，婚姻真的好難啊

Lester: Some people find it very easy. The difficulty is in us and not in marriage.

答：有些人覺得很容易。困難在於我們自己，而非婚姻。

Q: It has a positive aspect, hasn't it? Isn't there a release from selfishness?

問：你說的是婚姻積極的一面。真的能在婚姻中擺脫自私嗎？

Lester: Yes. Marriage should teach us selflessness.

答：是的。婚姻應該教會我們無私。

Q: So in that way there is a positive step if it's handled correctly. It teaches love of one person, therefore you can enlarge it in the family and then to a larger unit. Isn't that true?

問：所以如果能處理得好，那婚姻可以是積極的。它教會愛，你可以把對家庭的愛擴展到更大的範圍。是這樣的嗎？

Lester: Yes. It's a positive step wherein you're involved in a situation in which you can learn non-possessiveness. It's a very positive step in that direction. The thing we're looking for in a mate is the thing called love. Love is this Beingness that we are. Love is God. Looking for it in a mate, we never find it. However, if one is married, one should very definitely love his or her mate as much as possible. When we learn how to love a mate properly, we can love others properly.

答：是的，當你能在婚姻中學會不再佔有，是非常積極的一步。我們試圖從伴侶身上尋求愛，但那是徒勞的。愛是我們一直所是的存在，愛是上帝。如果一個人結婚了，他/她應該盡可能地去愛自己的伴侶。當我們學會如何正確地愛自己的伴侶，我們也就能正確地愛其他人。

When we realize what love is and what we are really seeking, we stop seeking it externally in a mate or in the world, and we seek it within. The very best marriage is to marry God. Could you get a better mate?

當我們意識到愛是什麼，我們真正找尋的是什麼，我們就會停止向外尋求，轉而把目光向內。最好的婚姻是跟上帝結婚。你還能找到比這更好的伴侶嗎？

Q: Should we be married?

問：那我們應該結婚嗎？

Lester: I don't talk against marriage; I don't talk for it. I want you to have what you want for yourself. A married person can find God, but has more obstacles than a single person. A single person can more easily concentrate on the path. A married

person is forced to be concerned about his mate and children, if there be children. Now, most people who say, "I'll get married and continue on the path," almost invariably get so involved in their marriage they don't have time nor inclination for the path. So, in that sense it's an obstacle.

答：我並沒反對婚姻，我不會談論這個。我是想讓你擁有你真正想要的。一個已婚人士也能找到上帝，但是會比單身的人面臨更多的障礙。單身的人更容易專注。但已婚者必須還要關注他的伴侶和孩子（如果有孩子的話）。很多人都說：“我會結婚，同時也會繼續這條路。”但實際情況是他們很難有時間和精力來走這條路，所以從那方面來講，婚姻會帶來更多障礙。

Q: Unless you married someone who was searching for it also, wouldnt it be a very difficult thing?

問：如果你的結婚對象不是走這條路的，會不會更難？

Lester: Yes. The very best situation in marriage would be to help the other one get realization. Marry only to help the other one fully know God. That should be the basis for marriage. And the other one should do the same for you. It should be mutual.

答：是的。婚姻中最好的情形是幫助對方獲得開悟，幫助對方找到上帝，那應該作為婚姻的基礎。你的另一半也應該幫你這麼做，這應該是相互的。

Q: It should really be a spiritual state, not a possessive state?

答：那應該是靈性的狀態，而非佔有的狀態？

Lester: Love is a freeing of the other one, not a possessing. That would be spiritual.

答：愛是讓對方自由，而不是佔有。那才是靈性的。

Q: How best could you guide children into the path?

問：如果才能引導孩子也走上這條路？

Lester: The best thing you can do is to set an example. That's the very best way to teach children, -by example. They want to be like their parents. So it always comes back to: If you want to help your children you must help yourself. Then you'll find out you don't have to consciously do anything. Just help yourself and you'll see them grow with you.

答：你能做的最好的事就是樹立榜樣，那是教育孩子的最佳方式。也就是說，孩子們想要變得像他們的父母一樣。所以，問題總是回到：如果你想幫助自己的孩子，那你必須先幫助你自己。那樣你就會發現你不必有意識地做任何事。只是幫助你自己，你會看到他們和你一同成長。

Q: We have two children and they're really different. They desired to be our children and we desired them, right?

問：我們有兩個孩子，他們很不一樣。他們想要成為我們的孩子，我們也想要他們，是這樣嗎？

Lester: Yes. We often choose parents who have characteristics similar to ours so that we can have a constant lesson in front of our eyes. This is why we find parents so difficult sometimes. If there's anything that I see in you that annoys me, it's because I have it in me. If I didn't have it in me, I couldn't even see it in you.

答：對。我們總是選擇跟我們有相似特質的人作為我們的父母，那樣我們的課題才能持續。這也是為什麼我們有時會發現父母如此難相處的原因。如果你身上有某些地方特別招我煩，那是因為我自己身上也有。如果我沒有，那麼我是看不到你身上的那些的。

Because we choose parents who have characteristics similar to ours is one reason why people believe in heredity. (We only inherit our physical appearances.) Every child is different from every other child. You parents know this, that each one is a completely different individual. And if the present environment and heredity had any appreciable effect they would be very similar.

我們選擇跟我們有類似特質的父母，這也是為什麼人們會相信這是遺傳（但實際上我們只遺傳父母的外表）。每個孩子都與其他的孩子不同。你的父母知道這點，知道每個孩子都是完全不同的個體。但如果環境和遺傳的影響很大，那麼孩子們也會變得非常相似。

Q: A thought struck me that a child is born an absolute stranger to the parents. They don't know anything at all about that child. They are a stranger and it is up to you to make them love you. It is the amount of love that you pour out that induces the amount that they can pour out, isn't it?

問：我突然有個念頭，說孩子對父母而言完全是陌生人。父母根本不知道有關那孩子的任何事。他們是陌生人，想要他們是否愛你取決於你自己。你能給他們多少愛，他們才能給你多少愛，是這樣嗎？

Lester: Yes, assuming that our memories are cut off and we begin at the beginning of this lifetime. But I have to say "No." if you take the history before this lifetime. We keep regrouping together. Attachments and aversions to each other keep us coming together lifetime after lifetime. An attachment between two individuals will bring them together again. Or, an aversion will do the same thing because an aversion is a holding on by holding off. Attachment is holding them to you; an aversion is holding them away from you. But you're holding them.

答：如果假設我們被清除了記憶，然後開始了今生的旅途，是那樣的。但如果你把你的歷史帶到了今生，我會說“不是那樣的”。我們總是會再次相遇，成為一家人。對彼此的執著和怨懟讓我們在累世的輪回中不斷相遇。兩個個體間的執著會把他們捆在一起。怨恨也會帶來同樣的結果，因為怨恨通過拉扯來把他們連在一起。

Q: Lester:, as a parent, am I loving the flesh or loving the spirit of the children?

問：作為父母，我是愛孩子們的肉體呢還是他們的靈魂？

Lester: You're basically loving your own ego.

答：你是在愛你自己的小我。

Q: Because they're part of me.

問：因為他們是我的一部分。

Lester: Yes. You did it. You created them. You did that tremendous thing. And you want them to be a good example of you. See? Now, if we love our children we free them; we allow them to grow, to bloom and come out like a flower does. We don't try to fence them in. We free them and guide them and love them, unattached to them, knowing that they are God's beings. They are just as much God as I am, is the way you should feel. Also, they are going to go through life just the way they have set it out anyway. But you should strive to free them, to feel non - attached. This is a higher love than a love with attachment.

答：是的。你做到了，你創造了他們，你做了件了不起的事，你還想讓他們成為你的好榜樣。看到沒？如果我們愛我們的孩子，會讓他們自由，我們允許他們成長、綻放，像朵花儿那樣。我們不會限制他們，而是給他們自由，引導他們，愛他們，不執著於他們，知道他們是上帝的存在。他們和我們一樣都是上帝，這才是你應該感受到的。並且，他們會經歷他們想要經歷的。所以，你應該儘量給他們自由，不執著於他們。這是比執著的愛更高級的愛。

Q: Course, as you say, you do have to lead them.

問：當然，如你所說，你必須要領導他們。

Lester: Guide them. And they'll ask you for the guidance if you just free them. But they resent being dominated and dictated to the same way you do, the same way you did when you were a child. They don't like to be ordered around. But they want to learn. They have a natural curiosity; they'll ask you. And if you can start from the beginning by freeing them from the first day, bringing up a child is one of the easiest things to do. They'll follow you. But when you start telling them from the

first day what to do and what not to do, they behave like an adult does when he is told what to do and what not to do. He resents it. He opposes it. Then, oppositional patterns are set up and by the time they're able to walk around, they've got this oppositional pattern well developed. That's what makes bringing up children so difficult.

答：是引導他們。如果你給他們自由，他們會向你尋求引導。但是他們討厭被支配被控制，你小時候也是這樣的。他們不喜歡被指揮來指揮去，但是他們想要學習。他們有著天然的好奇心，會向你問問題。如果你能從一開始就給他們自由，帶孩子會是件容易的事。他們會跟隨你。但如果你從一開始就告訴他們這能做、那不能做，他們的反應就同一個被呼來喝去的成年人一樣。他們非常討厭被支配，會反對被支配。然後，反對模式就被確立。等到他們會走時，反對模式會發展得更好，這會讓帶孩子變得更加困難。

Because of all our attachment we're trying to steer them, and they resist. We were trained that way; we train our children that way and they will train their children that way and it goes on and on.

都是因為我們執著於控制他們，所以他們才會反抗。我們小時候就是那樣被養大的，所以我們也以那樣的方式培養孩子，然後孩子們又以同樣的方式培養他們自己的孩子，一代又一代地延續下去。

Training could be accomplished without opposition if it starts right. Show them the possibilities, the alternatives, and let them, make the decisions. Then they're working with you from the beginning and they don't develop oppositional habits.

如果從一開始就以正確的方式培養孩子，便不會有反對。給他們展示各種可能性，各種選擇，讓他們自己做決定。那樣他們就不會和你對著幹，反對模式也就無從發展。

Families are regroupings of people who have been together before. Strong loves and strong hates bring us together again and again.

家庭是曾經共處的人再次聚到一起。強烈的愛和恨會讓我們一次又一次地相聚在一起。

Our attitude toward relatives should be the same as that toward all beings.

我們對親屬的態度應該跟對一切存在的態度一致。

The first place to practice love is at home with the family. We should try to love our family more and more by granting them their right to be the way they are, more and more.

練習愛的首個場所是在家裡，和你的家人一起。我們應該試著給家人們自由，讓他們做他們自己，以此來作為對他們的愛。

It's a great thing for spiritual growth to resolve relationships with parents (even if they have passed on). Parents present excellent opportunities for growth if and when we try to resolve our differences until there is only a feeling of love with no attachment.

處理和父母的關係，對靈性成長而言是非常有利的。如果我們能試著化解與父母的分歧，父母會是絕佳的成長機會，直到我們對他們只有愛的感覺，且是不帶任何執著的愛。

Family is excellent for bringing up to us all our reactive automatic behavior because there is where we developed most of it.

家庭造就了我們大部分的自動反應行為。

Giving unselfish love to a child will develop unselfish love in that child this lifetime and will condition the child for a most happy life.

給予孩子無私的愛，能讓孩子在此生發展無私的愛，並給孩子創造了幸福生活的條件。

The main thing that a child wants from us is love, and we cannot fool a child. Children know our feelings and that is what they read. We fool ourselves with words but we don't fool them.

孩子們從我們這裡最想得到的東西是愛，我們不能愚弄孩子。如果我們愚弄孩子，他們會感受到。我們用語言自欺欺人，但是不能欺騙孩子。

When children are contrary it is because they are seeking to get attention from their parents. In early years this meant survival: If I am approved of by my parents they will take care of me, and I, the helpless child, will not die. A child tries to be good to get approval and, if impossible, becomes bad and in that way gets attention. This attention subconsciously implies approval. It becomes an aberrated pattern of behavior.

如果孩子逆反，那是因為他們想要從父母那裡獲得關注。在早期這意味著生存。如果我得到父母的認同，他們就會照顧我，那麼我，這個無助的小孩，就不會死。孩子表現得乖巧是因為想要獲得認同，但如果這招行不

通，那麼就會通過變壞來引起關注。這樣的關注在潛意識中意味著認同，並逐漸演變成一種異常的行為模式。

If you can get to see your parents the way they really are and then love them the way they are you would be accomplishing tremendous growth.

如果你能如實地看待自己的父母，以他們所是的樣子愛他們，你就會獲得巨大的成長。

You behave most automatically with parents. You'll find your parental behavior patterns applied to the world. You carry on the automatic behavior patterns set up before the age of six for the rest of your life (unless, of course, you change them).

你對父母的行為絕大多數都是無意識地。你會發現這種行為模式可以用來應對整個世界。自六歲前確立的這種無意識的行為模式，會被你沿用到你之後的人生（除非你改變它們）。

Normalize your behavior with your parents and family. You've got to see your parents the way they are and accept them that way. Nothing should be blamed on your parents. No matter what they do you should accept responsibility for what you are. 導正你和你父母及家庭的關係。你必須如實地看待你的父母，接受他們所是的樣子。不應該譴責你的父母。無論他們做什麼，你都必須接受你對“你是什麼”的責任。

Total non-reaction to parents is close to realization.

對父母完全沒有反應，就接近了開悟。

It doesnt matter how we act as long as the feeling within is love. The attitude is more important than the act. Use this with family.

只要內在充溢的是愛，那我們怎麼做就都不重要。因為態度比行為更重要。把這種態度用到你的家庭上。

If we were capable of selflessly loving, instead of conflict with children, there would be complete harmony. But it is only because we have lost sight of what selfless love is that we are in this difficulty of opposition between parent and child.

如果我們能夠做到無私的愛，而不是與孩子衝突，那麼家庭就會一片和諧。但僅僅是因為我們看不到什麼是無私的愛，才會陷入孩子與我們對抗的緊張局面中。

Parents want to do wrong and yet want their children to do right. This makes the parent look dishonest in the eyes of the children and disconcerts them, causing rebellious feelings.

父母自己想做錯事，卻想讓孩子做對事，這在孩子的眼中會被看成是不誠實，會讓孩子感到不安，並引發抗拒的感受。

A child will learn no better than the parent's example.

父母是孩子最好的榜樣。

Our responsibility toward children, because they cannot take care of themselves, is to feed, clothe and guide them until they are old enough to take care of themselves. But after a person is an adult, we should let go and let God take care of them, even though they seemingly can't take care of themselves. They need to learn that they, too, are taken care of if they take responsibility for themselves, or better, if they surrender to God.

由於孩子還無法照顧他們自己，所以我們有責任為他們提供吃穿，並引導他們，直到他們能照顧自己為止。但是當孩子成年後，我們應該放手，讓上帝來照顧他們，即使他們看起來還是無法照顧他們自己。如果他們要為自己負責，或者更好的是，如果他們臣服於上帝，那麼他們需要知道他們依然是被照顧的。

The only real difference between children and adults is size and experience.

孩子和成人的唯一區別在於尺寸和經歷。

When parents say "don't" they are instilling inhibitions. When parents say "do" they are instilling compulsions. Both cause feelings of inability in the child.

當父母說“不要做”，他們是在灌輸抑制。當他們說“要做”，他們是在灌輸強迫。兩者都會導致孩子的無能感。

Children we see as an extension of our ego. We should see them as individuals and extend to them the rights we do to individuals.

我們不應該把孩子看成是自己小我的擴展，而是將他們視為個體，給予他們應有的權利，就像我們對待其他個體那樣。

You want to help your child, - help yourself.

如果你想要幫助自己的孩子，那就先幫助你自己吧。

Every child is a whole, complete, infinite individual.

每個孩子都是完整、圓滿、無限的個體。

Seeing Truth doesnt belong to married people or single people.
It belongs to those who seek and discover Truth.

對真相的洞徹並不屬於已婚者或未婚者。它屬於尋求並發現真相的人。

Married people can get Realization, if they are determined to
get it.

已婚者能獲得開悟，如果他們決心這麼做的話。

The only happy couples are those with an understanding of
Truth. They know that their joy is within and not in the other
one.

幸福的眷侶只是那些洞徹真相的人。他們知道幸福是在自己之內，而非對
方身上，

What people are really looking for is love of God. Not knowing
this they look for it in a mate.

人們真正所尋求的是上帝的愛。如果他們不知道這一點，就會在伴侶身上苦苦求索。

Once you get the taste of God, it is easy not to marry. You feel no need for a mate. Being married to God you reach satiety.

一旦你嘗到了上帝的滋味，保持獨身會很容易，因為你沒有了對伴侶的需要。跟上帝結婚，你會感到滿足。

It's an obstacle to have a mate. It's an added obstacle to have a child. It doesn't have to be; it can be an aid to growth if we so use it.

擁有伴侶是個障礙。擁有孩子更是個障礙。他們不是必需的，但如果我們能好好利用這個機會，它會是成長的助力。

There is no one married whose unhappiness does not come from looking to the other one for happiness.

沒有哪個已婚者，他的不幸不是來自于想從伴侶身上獲得幸福。

The only ideal marriage is when each marries to help the other one grow spiritually.

唯一的理想婚姻就是幫助彼此在靈性上獲得成長。

The top attainment is to have nothing but love for each parent, each sister, each brother, each child. Resolve this and you will resolve your relationship with the world.

最高的成就是對每個父母、每個孩子、每個姐妹以及每個兄弟都只有愛。
解決了與他們的關係問題，你就解決了你與這個世界的關係問題。

This Session was compiled from several Sessions.

本章節彙編自其它章節

第二十七章 世俗與靈性

What is the difference between the divine and the worldly, the spiritual and the material? Is there a difference? Is there a difference between being spiritual and being in the world? There is a tendency for us to separate the two. That is a gross error. There is no difference between the spiritual and the material when we look at it from the viewpoint of Truth.

出世和入世有何區別？靈性和物質有何區別？它們真的有區別嗎？我們往往分裂地看待二者。但那是個嚴重的錯誤。當我們從真相的角度看，就會發現靈性和物質並無區別。

The difference is in our outlook, in the way we see the world. It's the way you look at it, that's all. You may look at it from the ego point of view, or you may look at it from the Self. A realized person sees the world only as an out-projection of himself; therefore, it really is his creation. And as an out-projection, it's like a cinema screen out there with this whole universe projected on it and which, at will, could be changed or withdrawn. To the one who doesn't see the Truth, this cinema, this moving picture, seems not self-created and as such, one makes himself subject to it and becomes a slave to it.

區別僅在於我們看待世界的角度。你可以從小我的角度看，也可以從真我的角度看。開悟的人認為世界僅僅是他自己的向外投射，所以世界是他的造物。就像電影螢幕一樣，整個宇宙都投射在上面，內容可隨意改變。但對尚未發現真相的人而言，螢幕上的電影好像不是自己創造的，就這一點而論，他讓自己成為螢幕電影的奴隸，受其控制。

A Master is very much in the world. A Master has His feet firmly planted on the earth, but He sees the basic substance just behind the apparent world as His very own Self. And when He does that, everything is in harmony, everything is perfect. It is not a matter of separating one from the other, or having one or the other, it's merely seeing the truth of the world. When one

does, one is realized. When one doesn't, one is forever shadowboxing with his self-created world of opposition. Both see the world. The Master sees the Truth just behind it and there's nothing but harmony! The unrealized one sees separation and opposition and there's much disharmony! The unrealized person sees it as a thing running him; the realized person sees it as his own projection and therefore he can run it and it cannot run him. Being a Master over it, He resides ever the same, in peace and tranquility, and lives in complete ease all the time.

大師是非常入世的。雖然祂的雙腳緊緊紮根於地球，但是祂把表象世界背後的本質看成是祂自己的真我。當祂那麼做時，一切都處在完美和諧中。問題不在於把物質和靈性分開，或是只能擁有二者其一，問題在於是否能夠看清世界的真相。如果你能做到，那麼你就是開悟的。如果不能，那麼你會永遠都在與世界這個假想敵作戰。大師看到的是世界背後的真相，因此只有和諧存在！沒開悟的人看到的是分裂和敵對，因此只有不和諧存在！沒開悟的人以為自己受到世界的控制，開悟的人則把世界看成是他自己的投射，因此他能操控世界，而世界卻無法操控他。成為世界的主人，他雖依然居住於這世界，但卻永遠處在深沉的寧靜以及完全的自在中。

We must, in our everyday lives, be in that state of tranquility, and until we can be in that state while in the details of daily living, - we haven't reached the top.

如果我們在日常生活的瑣碎中，依然能夠安住于寧靜與祥和，那麼我們就是到達了最高境界。

So there are no two categories, the world and spirit; it's all one and the same. It's just a matter of the way we look at it. We should strive to get to the place where no one and no thing can perturb us. When you get to that state, you are at the top. You are in the world and nothing and no one can disturb you in the slightest. Develop this. Make this a practice. Make this your way of life. Do not react to people; do not become angry, jealous, hateful and so forth. Remain ever the same, ever the

same; no matter what happens, no matter what goes on, you really are ever the same, serene and poised.

所以，並不存在世界與靈性之分，它們完全是一回事。問題只在於我們的角度。我們應該努力到達不被任何人或事所攪擾的境界。當你到達那個境界時，你就處在最頂端。你雖依然身處於世，但沒有什麼能夠激起你內在的漣漪。發展這個能力，把它作為一項練習，讓它成為你的生活方式。不要對人起反應，不要憤怒、嫉妒、怨恨等等。不管發生什麼，都臨危不亂，始終平靜。

Q: But. Lester:, when I look at the world. I see differentiation?

問：但是，當我看這世界時，我看到的是分別

Lester: Any time we see any difference, or a difference between the spiritual and the worldly, its because we don't have enough understanding of the spiritual as yet. We are separating. The highest state is when we are in the world and in spirit at one and the same time and there is no difference. When we're there, we don't see it as world and spirit. We see it as one and the same thing; we see a oneness; we see it all as our very own Self; or, If we want, we see the whole world as being within us, as a dream is within us in sleep. No matter what happens in the dream, we remain the same. We see absolutely no difference in anything; there's a singular oneness throughout everything. Nothing changes. Ever-the- same is our feeling.

答：每次我們看到任何分別，或者靈性和世俗的分別，都是因為我們對靈性沒有足夠的瞭解，我們是分裂的。最高境界是我們同時處在世界和靈性中，兩者沒有任何分別。我們把它們當作一回事，將它們視為“一”，視為我們自己的真我，或者如果我們願意的話，可以將整個世界看成是在我們之內，看成是一場夢境。在這夢中無論發生什麼，我們始終如一。我們看不到任何差別，只有單一的“一”貫穿一切。沒有什麼會改變。我們的感覺始終如一。

This can be used as a yardstick to know how far we are on the path. Is everything ever the same? Do things really not change? It is a little shocking when we start examining it from this point of view. How far am I on the path toward seeing the sameness, the Oneness, the no-otherness, the nothing but God, God in all, the God in everyone?

這可以作為一個尺規，來衡量我們在覺醒之路上走了多遠。一切是否始終如一？真的不會有變化嗎？當我們從這個角度開始檢驗時，會有點駭人。我們的目標是看清同一性，了知“一”的本質，了知只有上帝存在，一切都是上帝，所有人都是上帝。在這條路上，我們走了有多遠呢？

When you accomplish that non - duality, you lose the feeling of separation, of I. If you want to recognize the "apparent" others, you use the word "We." But more than that, you would rather talk about yourself in third person. That is the feeling a Master has. And He talks that way. Certain Masters will not speak of Themselves by name; they'll speak of Themselves in the third person as Their disciples do. For instance, if everyone called me what Ken jokingly calls me, I would talk about Father Divine. Instead of saying "I," "me," or "Lester:," I would talk about him (pointing to himself). Father Divine. That's just the way you feel when you're in the state when all is one and all is the same. You don't identify yourself with just your body.

當你不再有二元性，“我”的分離感就會消失。到達那個境界時，如果你想認出“表面”的他人，你會使用“我們”這個詞。或者你寧願用第三人稱來指代自己，那是大師會有的感覺，他會用那種方式來交談。有些大師就是這麼做的，他們不會用自己的名字稱呼自己。比如，如果每個人都以 Ken 對我的戲稱來稱呼我，我會說“聖父”。我不說“我”或“萊斯特”，而是說“他”（指萊斯特自己），說“聖父”。當你到達萬象合一的境界時，你會有那種感覺。你不再認為自己只是這具身體。

I've been emphasizing this point because quite a few were asking questions and talking about the two, the world and spirit, not knowing that in Truth they are one.

我一直強調這一點，是因為有很多人都問到這個問題，他們認為世俗和靈性是不同的，不知道在實相中兩者是一回事。

Q: There is no difference?

問：兩者沒有差別？

Lester: Right. It's one and the same, when you see it aright. If you see it through illusion, if you see it wrongly, you'll see separation; you'll see the differentiation that this is spiritual and that is worldly; that this is divine and that is mundane.

答：對。當你正確地看待它們時，它們是一，是同一。但若你通過幻覺來看待它們，錯誤地看待它們時，你會看到分裂，看到靈性和世俗的差別，以為一個是神聖的，一個是平凡的。

Q: The "Me's" are our ego?

問：“很多我”是我們的小我？

Lester: Yes. The "Me's" are a condescension on the part of a Master in order to communicate with the apparent egos. A Master sees nothing but Masters; specks of infinite light, all looking alike, - blazing effervescent radiant Beings, points of Beingness all being One. This is the way a Master really sees everyone; He doesn't see people the way we see them.

答：是的。“很多我”是大師為了與表面的小我溝通而作的屈尊之舉。大師只會看到大師，構成無限之光的無數光點，一切都無差別，一切都是熾熱、閃亮的存在，一切存在的點都合在一起。大師就是這麼看待每個人，與我們看待他人的方式不同。

Q: Does He see them as different shades or all one shade?

問：祂把人們看成是不同的陰影還是只是一個陰影？

Lester: Identical points of light, of one ocean of light, brilliant effervescent, emanating, with center everywhere and

circumference nowhere. Are you trying to imagine what it is like?

答：光之海洋中完全相同的光點，處處都是光的中心，光芒四射。你能否想像出那樣的畫面呢？

Q: Well, I had an experience of seeing something like that and it's a light like a bright sun.

問：我有過那樣的體驗，那光就像明亮的太陽光。

Lester: Yes, a bright blazing sun. Masters can see nothing but a Master in us, and at the same time, They can go through the pretense of seeing it otherwise by saying. "Harry. Yes, you do have problems." or, "Harry, you do have a body and you do live in a house," but as They say it, to Them, it's like a dream voice talking, or apparently talking, and it's all an apparency. It's a pretense, - They're actually pretending as Their view of the omnipresent, infinite One never changes.

答：是的，明亮而熾熱的太陽。大師只能看到我們之內的大師，同時，他們可以假裝看不到，他們會說：“哈裡，你的確有問題”，或者“哈裡，你是有一具身體，你是住在一所房子裡”。但當他們這麼說時，對他們而言就像夢囈，或者表面上是在說話，但這一切都只是表像，是假裝。祂們假裝祂們全在、無限的“一”的視野從未改變。

Q: They are pretending a duality, then, actually, where we're more or less living it?

問：祂們假裝二元性，就是我們所在的二元世界？

Lester: Yes. However, we're pretending it too, but we don't know that we're pretending it. A Master pretends it and He knows that he's pretending it. We are ignorant of the fact of our pretense.

答：是的。但我們也是在假裝，只是我們不知道我們在假裝。大師假裝，但祂知道祂在假裝。我們卻對自己的假裝一無所知。

Q: In that way He's coming down to our level?

問：祂以那種方式和我們處在同一水準？

Lester: Yes. And He does it only to help us.

答：是。祂那麼做只是為了幫我們。

Q: Well, why can't I as a human being say, "I will play a game of baseball"? When I say I'm a baseball player I can make myself subject to all the rules. But I don't have to play baseball. So why can't God say, "I will play the game of being Bob? And then He puts Himself subject to the limitations of Bob as He defines it, as when I play baseball, I make myself subject to the rules. Now, why can't God, to entertain Himself, be a Bob? Or be a Lester:? And be limited in a sense - the thing is, if I play baseball, limit myself to all the rules of being a baseball player. Well then, I will play baseball and have a good time and be Bob.

問：作為人類，我為什麼不能說“我會去玩棒球遊戲”？當我說我是個棒球手，我會讓自己去遵從相關規則，但我可以選擇玩或不玩。所以為什麼上帝不能說“我會去玩‘變成鮑勃’的遊戲”？那樣祂就要受制于鮑勃的限制，就像我玩棒球時要受制於遊戲規則一樣。所以，為什麼上帝不能把自己變成鮑勃自娛自樂一下？或者變成萊斯特？總之就是讓自己被限制一下。問題是，如果我玩棒球，就要遵守棒球的遊戲規則。我會好好享受玩棒球，也會好好享受做鮑勃。

Lester: God can, - and does, but never forgets He is God! Do you never forget?

答：上帝能這麼做，也是在這麼做，但是祂從不會忘記自己是上帝。你從沒忘記過嗎？

Q: Therefore, I am God who is playing Bob and for the moment I forgot?

問：所以，我忘了我是玩鮑勃遊戲的上帝？

Lester: You only are if you know that, not if you state it.

Stating it, lip- service, doesn't equate with knowing that.

答：只有你知道時，你才是，而不是你這麼說時。說只是嘴上功夫，並不同於你知道。

Q: I agree absolutely.

問：完全同意

Lester: So theoretically you are right. Now, the important thing is to carry it out practically, -to know your Beingness in God while you are playing the game, to know that you are God and that you are pretending to be limited as a body and so forth.

答：所以理論上你是對的。重要的是要付諸實踐，也就是在你玩遊戲時，知道你是上帝的存在，知道你只是假裝自己是有限的身體等等。

Q: And any time I don't want to, I don't have to play, and I don't have to take that particular step of being limited because I am the creator of the game; I make the rules and I don't have to play anymore than I have to play a baseball game. I can quit just like that (finger snap)!

問：每當我不想玩時，我就不必玩，不必非得變得有限制，因為我是遊戲的創造者，我制定了相關規則，可以隨時喊停（打了一個響指）！

Lester: That's the way it is. All right now, when you don't really know that you are God, you can discover it by tracing the source of I. If we trace the source of the ego- I, we'll discover it is the infinite Being. If you'll trace the source of the mind you'll discover the same thing. The infinite Being is putting this pretense of limitation, ego and mind, over Itself so that we don't see this statement of Truth: that this world is only God playing a game of apparent limitation. The way to discover it is to seek the source of the ego- I, and if we stay with it we'll discover that it is really the Infinite I that I am.

答：就是那樣。當你不知道你是上帝時，你可以通過追蹤“我”的源頭來發現。如果我們追蹤小我的源頭，也就是“我”的源頭，我們會發現那是無限

的存在。如果你追蹤頭腦的源頭，也會有同樣的結果。無限存在假裝成限制、小我和頭腦，所以我們才看不到真相——這個世界只是上帝玩的一個表面限制的遊戲。如何發現它呢？就是去追蹤小我的源頭，最終我們會發現那是我一直是的無限的“我”。

Q: Well according to your book and let me use Bob's words, if I play the game of ball looking up to God, then I don't have it made. If I do anything at all looking out from God, then I know who I am. But if I play the game looking up to God, from the outside, then I don't know.

問：根據你書中所說，我借用下鮑勃的“棒球”說法，如果我玩棒球時眼睛看向上帝，我就無法知道自己是玩棒球的上帝。如果我通過上帝的眼睛向外看，那麼我就會知道我是誰。但如果我是看向上帝，也就是從外面往內看，那麼我就不會知道。

Lester: You are very right Frank. Translating that into Christ, if I look up to Christ, or believe in Christ, that isn't it; I have to look out through the eyes of a Christ; I have to believe as Christ believed; I have to be as a Christ. I'm just taking what Frank said and putting it in a biblical way.

答：弗蘭克，你說得很對。把它轉譯成基督的話，那就是如果我看向基督，或者相信基督，我就無法知道。我必須通過基督的雙眼向外看，必須相信基督所相信的，必須作為一個基督存在。這就是弗蘭克所表達的，只是把它用《聖經》的話來作闡述。

Q: It's in your book. I read it in the Gita this morning and also in your book, so you get your stuff from a good source.

問：你的書裡也有寫到。今天早上我在《薄伽梵歌》裡也讀到了同樣的東西，所以你所說的有個很好的出處。

Lester: In the beginning of the book there is a disclaimer stating that the knowledge is not mine. It is Truth; I can't make it; I can't unmake it; I can recognize it or not recognize it. That's the choice that we have, -to recognize the Truth or

not to. We can't make it; we can't do anything to it; but we recognize it.

答：在書的開頭，我就有個免責聲明，就是那些知識不是我的。那是真理，我無法製造或不製造真理，我可以認出或無法認出它。這就是我們擁有的選擇，認出真理或無法認出。我們不能製造它，不能對它做任何事，但我們可以認出它。

Q: All the books that I read say the same thing; Patanjali says it, Yogananda says it, the Gita says it and the Vedas say it; they all say it.

問：我讀過的所有書都在說同一個東西。帕坦伽利這麼說，尤迦南達這麼說，《薄伽梵歌》這麼說，《吠陀經》也這麼說。

Lester: And they said it a thousand years ago, a million years ago, a billion years ago, a billion, billion years ago, and in the future they'll say the same thing. Because Truth is that which never changes; It is changeless. The basic Truth will never change in all eternity and you can know this for the entire universe. If somebody comes from a planet billions and billions of light-years away and tells you otherwise, no matter how high he looks, acts and talks, if it doesn't fit in with what you know of the changeless Truth, you can be sure he's wrong, even though he's acting and looking like a god.

答：一千年前他們就這麼說過，一百萬年前也是，十億年前也是，無數年前也是，未來他們說的也會是同一個東西。因為真理從不改變，永不改變，整個宇宙都是這樣。如果有個來自無數光年以外的存在告訴你相反的東西，不管他的言談舉止有多像上帝，如果他所說的跟你所知的永不改變的真理相悖，你可以確定他是錯的。

Do you know what I'm saying? Even if an angel tells you something, if it's not in accordance with Truth, reject it, because there are so many high appearing beings that look like gods that you can be very easily fooled,-until you know the Truth. Truth is the same throughout from infinity to infinity.

你明白我的意思嗎？哪怕是天使告訴你，但只要他說的違背真理，那就拒絕相信，因為你很容易被很多看起來像上帝的高靈所愚弄，除非你知道真理。真理不管放在哪裡，都是一樣的。真理貫穿全宇宙。

Q: We're trying to get ahead as quickly as we can and we listen and read and we think the right thing to do is to be on the path, but I go to church and I see a priest, a monk, up there and he's been struggling on the path for twenty years. How can I make it quickly when I see in front of me someone who has been on the path much longer and he's struggling?

問：我們正儘快地往前走，我們聽到、讀到並且思考的都是覺醒之路才是終極之道，但是我去教堂時看到一個神父，一個修道士，他在這條路上奮鬥了二十年。我怎樣才能走得更快呢？

Lester: All right, look at it this way. If you want to go from Los Angeles to New York City and the direct route is not known to you, you start probing; you might go up to Washington State first, then cut eastward, then come down to Nevada, then go up to Montana. However, if you know the direct route, you take the direct way and get there much sooner. Probing may take you a whole lifetime. Going directly you could do it in three or four days time.

答：不妨試著這麼看：如果你想要從洛杉磯到紐約城，你並不知道最短線路，於是你開始探索。你可能先走華盛頓州，然後往東至內華達，接著去到蒙大拿。但如果你知道最直接的線路，你會走那條線路，那樣你就更快到達紐約。探索可能花費你一生的時間，但走直接線路可能只需三四天（從洛杉磯到紐約）。

Q: Dont say another word to me, because I got the answer.

問：別跟我說那些，我知道怎麼走最快（從洛杉磯到紐約）。

Lester: All right. Now the priest or monk doesn't see the direct route and he's probing and he's learning bit by bit. He'll get to

New York eventually if he keeps trying and wandering all over the United States.

答：好吧。那個神父或修道士並沒有看到直接線路，他在探索、學習。如果他一直這麼做，哪怕走遍整個美國，最終會到達紐約的。

Q: But doesn't each of us have different abilities? One person gets over something very easily, very quickly, and someone else has a problem that's deep-seated and it's been with him a long while which takes a very active struggle to get over?

問：我們每個人不都擁有不同的能力嗎？有人在某事上得心應手，有人卻困難重重。

Lester: Yes. However, quickness of realization is determined by the intensity of the desire for it. How far have we gone in our desire for it? If we've gone very far, the realizations come fast and easily.

答：是這樣沒錯。但是，開悟所需的時間取決於對其渴望的強烈程度。帶著這份渴望，我們走了多遠呢？如果我們已經走了很遠，開悟就會更快更容易地到來。

Q: And we stick by them then?

問：也就是要忠實于這條道路？

Lester: Yes. They really stick with you. I say to you: I'm not teaching you. You're getting something you've known; you are doing it; you're just re - remembering things you've always known. I can't give you this knowledge; no one can. I just suggest and you open yourself up to that which you already know, have always known and always will know, subconsciously.

答：是的。它們會跟著你。我跟你說：我不是在教你，因為你在獲取的是你早就知道的，你只是在重新憶起你所知道的。我無法給你這方面的知識，沒有人能給你。我只是給你建議，而你也在敞開自己，向你潛意識中已經知道的，並且總會知道的。

Q: In other words, you just read a page of your true Self.

問：換句話說就是，你只是讀到了你真我的那一頁。

Q: Well, it's Self-realization, - actually.

問：那實際上是自我覺醒。

Lester: Yes, and this is also true: If you haven't grown much, or as much as someone else, you can go way beyond that one if you have a very strong desire for it. Only a very strong desire for full realization will give it to you this lifetime. Anyone who has only a desire for Truth will get full realization quickly. You can override your past conditioning when you want to. How long should it take an infinite, omniscient Being to know that he is omniscient, omnipotent and omnipresent? How long should it take him to do that?

答：對，是這樣的沒錯。如果你成長得比較慢，或者沒某人快，你可以試著超過那個人。如果你對開悟有非常強烈的渴望，那麼你可以在此生就獲得它。只對真相有欲望的人完全開悟會非常快。如果你想要，你就可以超越你過去的習氣。對於一個無限且全知的存在來說，想要知道自己是全知、全能、全在的，能花多長時間呢？

Q: One realization.

問：一次開悟？

Lester: When man so wills, he's immediately set free totally!

答：如果有人如此渴望開悟，他就能立即獲得完全的解脫！

So, really what this growing turns out to be is that we play with the path as were doing now, getting more and more realizations and then one day we say, Oh, my gosh, look at this tremendous thing I have always been! What silly playing around I've been doing! The heck with it! And boom! It's finished!

所以，這種方式的成長就是在這條路上繼續玩下去，獲得越來越多的開悟經驗，直到某天我們說：“哦天啊，看看我都做了什麼！我怎麼一直在玩這麼白癡的遊戲！去他媽的！老子不玩了！”

Q: And at that moment your looking out from God!

問：在那一刻，你通過上帝的眼睛向外看！

Lester: Yes, youre looking out from God and seeing the whole thing, seeing the silly dream you have been going through of playing the game of limitation, and you just drop it, lock, stock and barrel.

答：沒錯，你通過上帝的眼睛向外看，看到了全部的東西，看到了你做的可笑的夢，你所玩的限制遊戲，然後你就釋放了它，完完全全、徹頭徹尾地。

This Session was recorded in Los Angeles, January 27, 1966.

錄於 1966 年 1 月 27 日，洛杉磯

第二十八章 關於愛的一切

I thought tonight I might talk on the subject of love. Love is one word I don't often use, mainly because it's so misunderstood. I also believe that only through growth do we understand what love is. Defining it, we just add some more words to the usual words, and it doesn't really convey the meaning. But love is an absolutely necessary ingredient on the path. If we ever-expect to get full realization, we must increase our love until it is complete.

我想今晚談談愛這個話題。“愛”這個字我很少用，主要是因為容易被誤解。我相信只有通過成長，我們才能明白愛是什麼。定義愛，只是在平常的定義上再加一些字詞而已，並不能傳達愛的真正含義。但愛是覺醒之路上不可或缺的元素。如果我們想要獲得完全開悟，就必須增加我們的愛直至圓滿。

Now the love I talk about, of course, has nothing to do with sex. Sex is a body gratification. However, most of us confuse it and tie it in with love. When you see what sex is and what love is, you'll see that they are two different things. They can be tied together and also they don't have to be. The love that we talk about is the love of Jesus Christ. It's the love complete, which expressed in the extreme is: "Love thy enemy." I think the best definition of the word is: "Love is a feelingness of givingness with no expectation of receiving for the giving." It's a very free giving. And it's an attitude that is constant. Love doesn't vary, not the type of love we're talking about. The amount we have we apply to everyone. We love our family as much as we love strangers. This might sound odd, but this is the truth. To the degree we're capable of loving strangers; to that degree we're capable of loving our family.

當然我所談的愛，與性完全無關。性只是身體的滿足而已。但是，我們大多數人卻把愛和性混為一談。當你知道什麼是性、什麼是愛時，你會明白它們完全是兩碼事。它們可以被綁在一起，但也不必非得如此。我們所談

的愛是耶穌基督那樣的愛。那才是完整的愛，極端的表達就是“愛你的敵人”。我想“愛”的最佳定義是“不求回報的給予感”。愛是自由的給予，且是永恆不變的態度。愛不會變化，不是我們通常所講的愛。對每個人都給出愛，愛陌生人就像愛自己的家人一樣。這聽起來可能有點牽強，但卻是事實。我們越有能力愛陌生人，也就越有能力愛自己的家人。

The concept of possession is just the opposite of the meaning of love. In love, there is never a holding onto, a fencing in, or anything like that. Love has a sense of freeing the ones we love. When we are giving in our attitude, we want the other one to have what the other one wants. I guess the best example of this type of love is the love of a mother for a child. A mother will sacrifice and give everything to the child, without considering herself.

佔有是愛的反面。在愛中，從不會有抓取、束縛。愛是讓我們所愛的人自由。當我們以愛的態度給予時，我們想要對方擁有他所想擁有的。我想這種愛的最佳範例就是母親對孩子的愛。母親會不顧她自己，以自我犧牲的方式給予孩子所有一切。

There are other definitions for love. I think acceptance is a good word. When we love people, we accept them as they are. If we love this world, we accept the world the way it is. We don't try to change it. We let it be. We grant the world its beingness the same way we should grant every other person his or her beingness. Let them be the way they want to be; never try to change them. Trying to change them is injecting our own ego. We want them to be the way we would like them to be.

愛還有其它定義，比如接納，我想“接納”是個好詞。當我們愛別人時，我們接納對方所是的樣子。如果我們愛這個世界，我們就會接納這個世界所呈現的樣子。我們不會試圖改變它，只是順其自然。我們允許這世界單純地存在，就同我們允許其他每個人單純地存在一樣。讓他們按他們想要的方式來，永遠不要試圖改變他們。試圖改變他們只是助長我們的小我，也就是讓他們變成我們想要的樣子。

Identity is another definition. Love is a feeling of oneness with, of identity with, the other one or all other ones. When there is a full love, you feel yourself as the other person, and you treat the other person just like you treat your own self. There is complete identity.

認同是愛的另一定義。愛是與對方或者與其他所有人的合一感、認同感。當你有完整的愛時，你會將他人視為你自己，對待他們就像對待自己一樣。只有完全的認同存在。

A constant state of gratitude accompanies a state of complete love. We are thankful for everything. We even thank God for the bad as well as for the good. To understand this requires reaching the state of high love. Only then does thanking God for the bad have any meaning to us. The practical aspect of this is that the more we practice being in a state of gratitude, the more loving we become. Try this and learn the truth of it.

伴隨完整的愛而來的是感恩。我們對一切都心懷感恩。好事我們感恩上帝，壞事我們也感恩。為了理解感恩，需要有足夠的愛的力量。只有到那時，為壞事而感恩上帝對我們而言才變得有意義。我們練習感恩越多，就越能愛。試著這麼去做，去明白感恩的意義。

Love is not only a feeling, love is a tremendous power. This is so little understood in the world. We have an example of this type of love being expressed today by Martin Luther King. No matter how much he's attacked, he will give out nothing but love to his attacker. He teaches non-violence. And the greatest demonstration of this type of love was Mahatma Gandhis winning a war against Britain. He did this without any arms and through his teaching: "The British are our brothers. We love the British. Non-resistance to the British and to the British soldiers, only love for them." Gandhi well understood this and was able to win over enough followers in India to make this effective. The power behind love, without question, is far more powerful than the hydrogen bomb, that is, once you know what

love is. Love is the most powerful force in the universe when expressed as love really is, not as we have been taught to think of it.

愛不僅僅是一種感覺，更是一種強大的力量。很少人意識到這點。我們國家就有一個範例，那就是小馬丁路德金。不管他遭受怎樣的攻擊，他回抱攻擊者的都只是愛。他教導不要使用暴力。這種愛的最佳示現就是聖雄甘地，他以這種愛戰勝了英國人。他沒有使用任何武器，只是通過教導：“英國人是我們的兄弟。我們愛英國人。不要反抗英國人，不要反抗英國的軍隊，只是愛他們。”甘地深知這一點，最終在印度贏得了足夠的追隨者，平息了那場戰爭。一旦你知道愛是什麼，愛背後的力量，毫無疑問要比氫彈更強大。當愛被正確地表達，而非我們所認為的那樣時，愛是這個宇宙最強大的力量。

It is said that God is love, and I add: "One with God makes a majority." One individual, with nothing but love, can stand up against the entire world because this love is that powerful. Love is nothing but the Self that we speak of. Love is God. When we are only love we are God. To quote the Bible, "God is love. God is all powerful." So there's some authority for what I'm saying besides my saying it. Love will give not only all the power in the universe, but also all the joy and all the knowledge.

有個說法是“上帝是愛”，我想加一句“與上帝合一能戰勝無數人。”一個個體，如果只擁有愛，能對抗全世界，因為這愛是如此強大。愛是真我，愛是上帝。當我們只是愛時，我們就是上帝。《聖經》中說：“上帝是愛。上帝是全能。”所以我所說的，很多權威也說過。愛不僅給出這個宇宙的所有力量，還給出所有幸福、所有真知。

Now, how do we make this practical? The best way of increasing our capacity to love is through wisdom, understanding. Also, we can do things in our every day life that will increase our love. The first place to practice love is at home, with the family. We should try to love our family more and more and more. I think everyone knows the wonderful

experience of love, of loving one person. Can you imagine what it's like if you loved three billion people? It would be three billion times more enjoyable! Home is the first place to keep trying to increase our love for the ones around us, by granting them their beingness. That's the most difficult thing, I believe, to do in a family, especially if the other one is a child. But every child is a whole, complete, infinite individual, and a child of God.

我們如何才能實踐它呢？提升我們愛的能力的最佳方式是通過智慧和理解。此外，我們也可以在日常生活中增加我們的愛。實踐愛的第一個地方是家裡，和家人一起。我們應該試著更多地愛自己的家人。我想每個人都有過愛一個人的美妙體驗。你能想像如果你愛 30 億人（當時的世界人口）會是怎樣的嗎？那會是愛一個人的美妙感的 30 億倍！家是我們增加愛的第一個地方，允許家人只是存在，我想那是最難的一個事，尤其對方如果是小孩的話。但每個孩子都是完整、圓滿、無限的個體，每個孩子都是上帝的孩子。

Next, after loving the ones in our home, we should try to love our neighbors, then our larger group, our state, our country. Then we should try to love all people all over the world.

在愛自己的家人之後，我們應該試著愛自己的鄰居，接著是更大的集體，愛我們的州，愛我們的國家。然後是愛全世界的所有人。

Q: The Russians?

問：要愛蘇聯人（當時蘇聯尚未解體）？

Lester: Even Russians.

答：是的

Q: The Chinese too?

問：還有中國人？

Lester: I heard Oral Roberts say something on that some Sundays ago. He said, people ask What would the attitude of

Jesus be toward the communists if He came back today? And he answered, He wouldnt be the way people expect. He wouldn't have anything against anyone. He would not hate the communists. He would talk against doing wrong doing evil, but He would never say anything against any human being.

奧羅爾羅伯茨在之前的某個星期日說過，人們問他如果耶穌回歸，祂對共產黨會是怎樣的態度。他回答，耶穌不會以人們所期待的方式對待共產黨。祂不會反對任何人，所以祂不會恨共產黨。祂會反對任何錯誤、任何邪惡的事，但是祂永遠不會反對任何人。

I believe that if we understood the power of love, and that if the majority of Americans loved the Russians, Russia would be won over by the Americans without any arms.

我相信如果我們瞭解愛的力量，如果大多數美國人都愛蘇聯人，那麼美國就能戰勝蘇聯，而無需使用任何武力。

After we learn to love all the people in this world, there are many more people outside of this world. I think loving all the people in this world would allow us to meet with our brothers and sisters of other worlds, because in this universe there are many, many mansions; many, many places of abode. And because of our inability to love on this planet, we have cut them off.

當我們學會愛這個世界的所有人，還有這個世界之外的其他人。我想愛這個世界的所有人會讓我們有機會遇到其它世界的兄弟姐妹們，因為在這個宇宙有很多很多可供居住的地方，只是因為我們沒有能力愛自己星球上的人，我們才無法遇見他們。

So, to come back to the point of being practical: The more we develop love, the more we come in touch with the harmony of the universe, and then our life becomes more beautiful, more bountiful and more delightful. It starts a cycle going where you spin upwards. Love begets love! Love falls in love with love!

現在，回到原先那個如何實踐愛的話題，我們越發展愛，就越能處在這個宇宙的和諧中，我們的生活也會變得更美好、更豐盛、更幸福。它開啟了一個螺旋向上的迴圈。愛滋生愛，愛愛上愛。

There is another thing. If we want to be loved, the way to get it is to love. It is not only the very best method, but it is, I think, the only method. To receive love we must love because what we give out must come back. Looking for love without loving does not bring love to us, does not satisfy us. This is a basic error in many, many peoples thinking. They go through life wanting to be loved, never feeling that they are even when they are really getting the love. The feeling has to be in us. If I love you, I feel wonderful. If you love me, you feel wonderful. It's the one who loves who feels great. So wanting to be loved is getting into a direction that can never be satisfied. The happy one is the one loving, the one giving. Blessed is the giver because he's so much happier.

還有一個事是：如果我們想要被愛，那就給出愛。這不是得到愛的最佳方式，但我想那是唯一的方式。想要得到愛，我們必須給出愛，因為我們給出的必會回來。只是一味地尋求愛而不給出愛，不會將愛帶給我們，不會讓我們感到滿足。這是人們對愛的普遍誤解。很多人終其一生想要得到愛，但即使他們真的得到了愛，也不會感受到被愛。愛的感覺必須來自我們自己。如果我愛你，我會感覺很棒。如果你愛我，你會感覺很棒。愛的人才會感覺幸福。所以一味地想要被愛是永遠不會得到滿足的。幸福的人是給出愛的人。幸運的人也是給出愛的人，因為他更幸福。

Love should be felt equally for all. When we say we love one person more than another, if we would trace it through by going inwardly, we would find that the one we love more is a person whom we think we need, who has something that we would like to have, and therefore, we say we love that person more. This is propitiation in the guise of love.

對所有人的愛必須平等。當我們說我們愛一個人要超過愛另一個人，如果向內探究，我們會發現我們更愛這個人是因為我們需要他，他擁有我們想

要擁有的某個東西，所以我們才說我們更愛這個人。而這只是自欺欺人罷了。

Actually, love cannot be chopped up. If you want to test your own state of love, look at your enemies. This is the real test. Or, if you don't want to go that far, look at strangers. Examine your attitude toward strangers. It should be one of: they are me; they are my family; every mother is my mother; every father is my father; every child is my child. This is the attitude we achieve through understanding. This is the real sense of the word love.

實際上，愛無法被切開。如果你想要測試你愛的能力，看看你的敵人吧。這才是真正的考驗。或者，如果你不想走那麼遠，那就看看陌生人。檢查一下你對陌生人的態度，看看以下你是否符合其一：他們是我；他們是我的家人；每個母親都是我的母親；每個父親都是我的父親；每個孩子都是我的孩子。這是我們通過理解才會獲得的態度。這是愛的真正含義。

Q: Lester:, it seems to me you're talking about love as giving, giving of yourself and so forth and yet the conflict that I have occasionally is that it seems that as you give of yourself, people tend to take more and more. And eventually, if you don't put a stop to it, they bleed you dry emotionally, mentally, financially, and they use you as a crutch.

問：你是說愛是給予，是付出什麼的？有時我會覺得矛盾：如果你一味付出，人們往往會向你索取更多。如果你無法停止付出，人們最終會在情感、精神、財務上榨幹你，利用你作為他們的支柱。

Lester: That's impossible. If we feel the real love, if we have the correct attitude of love, that doesn't happen. What you're saying I often hear. What is needed is for us to know what real love is. The givingness is an attitude. We can always maintain an attitude of love. Most people who give are not giving lovingly. They're giving because of the recognition they think they will get for giving: "Look at me; I'm doing good" or "I may get my name in the paper," or something like that. You see,

that kind of love will get us into trouble. People will drain us on that because we're looking for something in return. We're looking to put ourselves up in the process and therefore, they'll pull us down.

答：那是不可能的。如果我們感受到的是真愛，如果我們對愛抱持正確的態度，那樣的事不會發生。你所說的我經常聽到。我們需要做的其實是知道什麼才是真愛。給予是一種態度。我們可以一直保持愛的態度。大多數給予的人不是以愛的態度給予。他們給予是因為他們認為能夠通過給予獲得什麼。“看看我，我在做好事”或者“我的名字可能會上報紙”，諸如此類的想法。你知道，那種愛會讓我們陷入麻煩。人們會借此而耗盡我們，因為我們尋求回報。我們想要在過程中把自己舉上去，而人們會把我們拉下來。

Q: Don't you think its easier to love somebody five thousand miles away than somebody next door to you?

問：你不認為愛一個 5000 英里之外的人要比愛隔壁的人更容易嗎？

Lester: The easiest thing in the universe to do is to love everyone. This is what I think. This is what I've discovered. Once we learn what love is, it is the easiest thing to do. It takes tremendous effort not to love everyone and you see the effort being expended every day. But when we love, we're at one with them; we're at peace, and everything falls into line beautifully.

答：宇宙中最容易的事就是愛每一個人，這就是我的看法。這就是我所發現的。一旦我們學會什麼是愛，愛就是最容易的事。不愛每一個人會耗費我們無數的努力，而且每天都要做這樣的努力。但當我們愛時，我們就是與他人合一，處在寧靜中，一切都會完美和諧。

The main thing is to know love in the sense that I'm defining it, then those things don't happen. But when we love in the sense that humanity understands the word, then you're right. But I don't call that love.

最主要的是知道我所定義的這種愛，那麼那些事就不會發生。但當我們的愛是世俗所謂的愛時，對是對，但是我不會稱它為愛。

Q: What do you call it? Or do you have a name for it?

問：那你稱它為什麼？

Lester: Selfishness, actually. We are doing things really to help ourselves.

答：自私。我們那樣只是為了自己而做。

And yet in the real love, in the spiritual love, there's no self-abnegation. We don't have to hurt ourselves when we love everyone, and we don't. When we love, there's a feeling of mutuality. That which is mutual is correct. If you love, you'll hold to that law, and therefore people won't take advantage of you. If you are loving, you're applying the most powerful force in the universe. But it's the love of a Jesus Christ I'm talking about, not the every day selfish love.

但在真愛、靈性之愛中，根本沒有自我犧牲。當我們愛每一個人時，不必委曲求全，傷害自己。當我們愛時，會有一種關聯感，那才是正確的愛。如果你愛每一個人，你就把握了法則，人們就無法占你便宜。如果你在愛中，那麼你就是在使用宇宙中最強大的力量。但這是我所說的耶穌式的愛，而非世俗的自私的愛。

Practically speaking, if people are trying to hurt you, and you just feel love for them, if they continue, you will see them hurt themselves. If they continue further, they hurt themselves more. They won't be able to oppose you any more. But we have to practice this love that I'm speaking of, not the love as we have known it.

具體來說：如果人們想要傷害你，你仍要愛他們。如果他們繼續，你會看到他們是在自傷。如果他們更進一步，他們傷自己更深。他們不會再有能力反對你。但我們必須要練習我所說的這種愛，而不是我們已經知道的那種愛。

Q: It's a basic attitude. It's nothing you physically or even mentally do?

問：重點是態度，而非具體怎麼想怎麼做？

Lester: It's a constant attitude that evolves in us when we develop it. However, we should try practicing the love, as said before. First, on our family. Grant everyone in the family their own beingness, if you can. If you can't, keep trying, keep trying until you can. Then apply it to friends, then strangers, then everyone. By doing this, you will develop it, although it isn't something you can just like that.

答：當我們發展那種態度時，它會自行進化。然而，我們應該試著練習愛，正如我之前所說的。首先，愛我們的家人，允許他們自由的存在。如果你做不到，那就繼續嘗試，直到你能做到為止。接著把那份愛向朋友擴展，再是陌生人，最後是每一個人。這樣做能讓你發展愛，儘管愛不是能開了又關的東西。

Q: In a way, all of us have it, but it's just layered over by many attitudes?

問：在某種程度上，我們每個人都擁有這種愛，但是它被很多其它態度所覆蓋？

Lester: Yes, it's smothered by wrong attitudes. Now this love I talk about is our basic nature. It's a natural thing. That is why it's so easy. The opposite takes effort. We move away from our natural Self and smother it with wrong attitudes.

答：是的，錯誤的態度覆蓋著它，讓它幾近窒息。我所說的這種愛是我們的天性，是自然的東西。這就是為什麼它如此容易的原因。它的反面則需要努力。我們脫離了我們天然的真我，並用錯誤的態度覆蓋它。

Q: Isn't love almost like a selfishness, because when you love somebody, it's such a wonderful feeling for you?

愛難道不是自私的嗎，因為當你愛某人時，是你自己感覺很棒？

Lester: Well, this is a matter of semantics. The way you put it yes, but not in the general sense.

答：這是個語義學的問題。你可以這麼詮釋，但不是普遍意義上的。

Q: I know when I love somebody, I feel so good. It's such a wonderful feeling.

問：我知道當我愛某人時，我感覺很好。真的是非常美妙。

Lester: It's true after you discover what love is. It's the greatest thing in the universe. It's the thing that everyone wants, only because it's his basic nature in the first place.

Every human being is basically an extremely loving individual.

答：當你發現愛是什麼時會是這樣的。它是宇宙中最美好的東西，是每個人都想要的東西，僅僅是因為它是人們的天性。每個人類從根本上來講都是愛的個體。

Q: To understand this thing of joy, is it the same type of thing as when your mind becomes stilled in one avenue of thought, of acceptance of the other person, and therefore the mind is stilled?

問：為了便於理解它所帶來的快樂，它是否能夠等同於：當你頭腦中的念頭靜止，只專注在接受對方的念頭上，頭腦會因此變得安靜？

Lester: Yes. The more we love, the less we have to think. If I'm not loving you, I have to be on guard. I have to protect myself. If I'm not loving the world, I'm always protecting myself from the world which causes more and more thoughts. It puts me extremely on the defensive, and subconsciously it builds up year in and year out, and then I'm a mass of thoughts protecting myself from the world. Now if I love the world, the world can't hurt me. My thoughts get quiet; the mind gets peaceful, and the infinite Self is right there. And that's the experience of this tremendous joy.

答：是的。我們越能愛，就越不需要思考。如果我不愛你，我就必須防備你，保護我自己。如果我不愛這世界，我就要總是保護自己，免於受到外界的傷害，這會導致越來越多的念頭。這些念頭讓我總是處在戒備的狀態，潛意識裡它們不斷地累積、疊加，最後我就被這些防禦念頭完全充滿。如果我愛這世界，世界就無法傷害我。我的念頭靜止下來，頭腦因此變得安靜，無限的真我就會顯現，你就會體驗到巨大的歡樂。

Q: In other words, it's not the object that brings this out. It's the quieting of the mind that actually lets the beingness come through a little more, and that really is the love experience, isn't it?

問：換句話說，它不是把我們的無限存在拉出來的目的，而是通過讓頭腦安靜，讓存在出來得更多些，而那就是愛的體驗，是不是這樣？

Lester: Yes.

答：是的。

Q: The light shines through!

問：光透了出來！

Lester: Yes. What you mean is that we take our infinite Beingness, our infinite joy, and we cover it over with thoughts. We take the natural state which is unlimited, and we cover it up with thoughts of limitation. The thoughts smother this infinite Self that we are. It smothers the capacity to enjoy just being. And so all we need to do is to quiet the thoughts, or rid ourselves of all thoughts, and what's left over is the infinite, glorious Being that we are, which is our natural state. Isn't that odd? That is our natural state. That's the way we were, that's the way we're going to be. We are actually that now but we don't see it. This infinite glorious Being that we are, being absolutely perfect, can never change. It's always there. We just don't look at it. We look away from it. We look far away from

it. What we should do is turn, our mind inward, and begin looking at It, and the more we look at It the more we see It.

答：是的。你的意思是我們拉出我們的無限存在、無限喜悅，而之前它一直被我們的念頭所覆蓋。我們拉出我們被限制性念頭所覆蓋的無限的天性，那些念頭覆蓋了我們所是的無限真我。它們抑制了我們享受純然存在的能力。所以我們需要做的只是讓念頭靜止，或者從念頭中脫離出來，剩下的便是我們所是的無限而光輝的存在，那也是我們的天性。是否聽起來很怪？那是我們的天性，是我們過去的樣子，也是我們未來的樣子，只是現在我們沒有看到而已。我們所是的這無限、完美且光輝的存在永遠都不曾改變。它一直在那裡，我們只是沒去看它，我們把視線從它那裡移開。我們要做的就是把我們的頭腦轉向內在，看著它，我們越多地看它，就越能看到它。

Everything seems to point to the same direction, does it not? That happens as we get more understanding of what life and the universe are. Everything fits together more and more, and gets simpler and simpler, until there's just one absolute Simple called God. God is simple; everything else is complex. The greater the complexity, the further we are from God. God is One and only One; One without a second.

隨著我們越來越瞭解生命和宇宙是什麼，一切都似乎指向同一個方向，不是嗎？一切都越來越緊密地結合在一起，並且變得越來越簡單，直到變成只有一個絕對的簡單，那就是上帝。上帝是簡單的，其它一切都是複雜的。越複雜意味著我們離上帝越遠。上帝是一，只是一，無與倫比的一。

Q: If someone else has a desire and there's a feeling that if I went along with him that I might lose something, then that isn't love. But if my love is complete in the sense of whatever they wish I wish, then I wouldn't be afraid?

問：如果有人有欲望，而我又感覺如果要和他和睦相處，我就可能會失去什麼，那麼那就不是愛。但如果無論他們想要我怎樣，我的愛都是完整的話，那麼我就不會害怕？

Lester: Yes. There's a word for it today, togetherness. It's a very good word. Doesn't that fit what you're saying, togetherness?

答：是的。現在有個對應的詞，叫做“連結（togetherness）”。那是個很好的詞，很適合你所說的那些，不是嗎？

Q: The thought occurred to me that when I know my beingness, I can't get hurt, so how can anybody else hurt me?

問：我突然有個念頭：當我知道我的存在時，我就不會受傷，所以還有誰能傷得了我呢？

Lester: That's true. It's impossible to be hurt when we love fully. We only feel wonderful when we love, in fact, we feel the greatest!

答：對。當我們完全地愛時，不可能會受到傷害。相反我們只會感覺很棒，超級棒！

Q: If you feel a sense of togetherness with one more than another then you begin to separate?

問：如果你與某個人有連結感，而對另一個人卻沒有，那麼你就會開始分裂？

Lester: Yes, it is not full love. Its partial love, and the more partial it is, the less good it feels. When we love fully, we love every being. We have nothing but a tremendously wonderful, warm attitude of: everything is fine; every person is just right. We see only perfection, and that's the way we see the world. When we hate, we see the same world in just the opposite way.

答：是的，那不是完整的愛，而是偏袒的愛。愛越偏袒，感覺就越不好。當我們完全地愛時，我們愛一切存在。我們只會有無比美妙、無比溫暖的感覺，一切都很好，每個人都很好。我們只會看到完美，那就是我們看待這世界的方式。當我們恨時，我們卻是以相反的方式看待這同一世界。

Q: When you speak of giving, are you speaking of giving things or spiritual understanding?

問：你所說的給予，是給予物質呢還是給予靈性智慧？

Lester: Love is an attitude of givingness. When things are given with this attitude, it is love. If I give you something because I want you to like me, that is not love; that is trying to bolster my ego.

答：愛是一種給予的態度。當物質是以這種態度被給予時，那是愛。如果我給你一個東西是因為我想要你喜歡我，那不是愛，那是在支持我的自我。

The greatest givingness is giving understanding, giving wisdom. If I give a meal to a man in poverty, four hours later he needs another meal again. However, if I give him the principle of how to produce a meal, he will never go hungry again.

最好的給予是給予智慧。如果我給一個窮人一塊肉，四個小時後他會需要另一塊肉。但是，如果我給他如何得到肉的方法，那麼他就永遠不會再挨餓。

Let me end with a quote: "Love is patient and kind. Love is not jealous or boastful. It is not arrogant or rude. Love does not insist on its own way. It is not irritable or resentful. It does not rejoice at wrong, but rejoices in the right. Love bears all things, believes all things, hopes all things, endures all things."

最後，我引用一段話，作為今天的結語："愛是耐心的，是仁慈的。愛不會忌妒，不會自吹自擂。愛不會傲慢無禮，不會堅持己見，不會心懷恨意。愛不會因錯誤而歡喜，只會以正確而快樂。愛承載一切，信任一切，祝福一切，包容一切。"

This Session was recorded in Los Angeles, February 25, 1965.

錄於 1965 年 2 月 25 日，洛杉磯

第二十九章 業力

For those who are here for the first time I our method is one of question and answer. The reason why I use question and answers is that I find it to be one of the very best methods of discovering truth individual teaching. The most effective teaching is individual teaching, rather than group or mass teaching. The knowledge or truth were after cannot be picked up intellectually. It cannot be gotten from books. Were it possible to get it from books, we would all have it for we certainly have books.

我想告訴第一次來這裡的朋友們，我們所採用的是一問一答的方法。之所以用一問一答的方法，是因為我發現那是發現真相最好的方式之一。最有效的教導是單獨教導，而非集體教導。真知或真相無法通過智力獲得，無法從書本上獲得。如果它能從書本上獲得，那麼我們所有人都會擁有它，因為我們都有書。

Instead, I find that the only really effective teaching is accomplished when the teacher gets the pupil to really experience the answer. Only when one experiences the answer can one understand. This experience is also called realizing.

相反地，我發現最有效的教導是老師幫助學生去真正地經驗答案。只有當一個人自己經驗到答案時，他才能真正明白。這種經驗也被成為開悟。

So, do you have a question?

所以，你們有什麼問題嗎？

Q: Id like to know a little more about how karma works and why it works. I'd like to know what puts it into effect; what starts the wheel. In your book, you mention that it's the thought.

問：我想多知道些業力是如何運作的，並且為什麼會有業力。我想知道到底是什麼讓業力產生作用，是什麼轉動了輪子。你在書中說是因為念頭。

Lester: The word "karma" is a Sanskrit word meaning action. Its general use means action and the reaction to the action. Other explanations are cause and effect; what you sow you reap; what you give out comes back to you.

答：業力一詞在梵語中意為作用。通用的解釋是作用以及對作用的反作用。其它解釋有：因果報應；種瓜得瓜，種豆得豆；善有善報，惡有惡報。

Karma is initiated in thought. Thought is the cause and action is the effect. When we create a desire we want something. The desire initiates the thought of wanting something. Wanting something causes us to act to get that something. That something does not satisfy us and therefore we increase the desire. That goes on and on and on, and we become bound by desire, never able to satisfy it. If our desires were capable of being satisfied, we would have no desires, right?

業力由念頭啟動。念頭是因，行動是果。當我們創造欲望時，我們會想要什麼。欲望啟動了想要什麼的念頭。想要什麼又導致我們為了得到它而行動。得到之後我們並不感到滿足，於是又創造新的欲望。周而復始地，我們陷在欲望中無法自拔，無法滿足。如果欲望能讓我們感到滿足，我們應該不會再有欲望才對，不是嗎？

Q: Would you say that again?

問：你能再說一遍嗎？

Lester: If our desires were capable of being satiated or satisfied, we would soon lose all our desires. They would soon be satisfied and we would have no more!

答：如果欲望能讓我們感到滿足，我們應該不會再有欲望！

Q: Which is the state to which we should attain?

問：那是我們應該要達到的狀態？

Lester: Yes, we should attain the state of no desire, no longing. Then we are happy always.

答：是的，我們應該達到無欲的狀態，那樣我們才會永遠幸福。

Q: I understood you to say that karma is a law of action and reaction and could be used, not in the sense of punishment for a wrong deed, but as a reward for a good one.

問：我能理解你說的業力是作用與反作用定律，並且可以應用業力法則，不是因為所謂的“善有善報（獎賞）、惡有惡報（懲罰）”。

Lester: Creating things we don't like we call punishment. Creating things we do like we call reward. Creation is initiated in the mind. The mind doesn't know good or bad; it just creates. When we create things that are distasteful to us (and we don't take responsibility for the creation) we say we're being punished.

答：創造我們不喜歡的東西，我們稱其為“懲罰”；創造喜歡的，我們則稱它為“獎賞”。創造首先是在頭腦中被啟動的。頭腦無法區分好壞，它只管創造。當我們創造的東西令我們感到討厭，並且我們不為自己所創造的負責的話，我們會說我們受到了懲罰。

Let me get back to the question of what karma is? To every action there's an opposite and equal reaction. It's called the law of compensation. It is initiated in the mind. Every thought we have creates a vacuum and nature immediately moves to fill that vacuum. The pace at which nature fulfills it is also determined by our thought. And every thought is initiated by a previous desire.

讓我們回到什麼是業力的問題上。每一個作用都會產生相反並相等的反作用。這被稱為補償法則，在頭腦中被啟動。每一個念頭都會創造一個真空，自然會立即填補這個真空。自然填補的速度取決於我們的念頭。並且每一個念頭都是由之前的欲望所啟動。

Since a desire is not real but is an assumed lack, an assumed agony of need, it can never be satisfied and it actually becomes stronger the more we try to satisfy it.

因為欲望不是真實的，只是假設的匱乏，假設的因需求而來的痛苦，所以欲望從不會得到滿足，相反地，我們越是想滿足它，它就越強烈。

The only way we can be happy is to let go of all desire. Then we become perfectly content.

通往幸福的唯一路徑就是釋放所有欲望，那樣我們就會徹底滿足。

Q: So it takes the two, the thought alone without desire won't do it?

問：所以要釋放兩方面的，一個是念頭，一個是欲望？

Lester: Without a desire would you have a thought?

答：沒有了欲望，你還會有念頭嗎？

Q: Never.

答：不會

Lester: Correct. You wouldn't have any thoughts without desire.

答：對。沒有了欲望，你也就沒有了任何念頭。

Q: Well, there are intellectual desires, aren't there?

問：但是還有智力上的欲望（心理需求），不是嗎？

Lester: Yes, but they are desires. Otherwise, there would be no thought. You desire to be heard; you desire to communicate with people. It might not be a desire for ice cream, food, for things that the body needs, but it might be a desire for approval.

答：是的，但它們也是欲望，否則就不會有念頭了。你想要被聽到，想要跟人交流。這些雖不是想要霜淇淋或食物什麼的生理需求，但是卻是對獲得認同的渴望。

So, desire initiates the whole cycle. Way back in the beginning, it started with a thought of lack. Then there was a desire to

fulfill the lack. The desire caused more thought, the thought caused action. Since the action does not fulfill the desire, we increase the desire and action, keeping it going until we are apathetically spinning in an endless cycle, with satisfaction impossible.

所以，欲望啟動了整個輪子。它開啟了匱乏的念頭，匱乏的念頭又產生想要滿足匱乏的欲望。欲望導致越來越多的念頭，而念頭又導致行動。但是因為行動無法滿足欲望，所以我們又增加了欲望和行動，我們在一個永無止境的怪圈裡不斷打轉，我們變得麻木冷漠，而欲望總是無法得到滿足。

All our present thinking is initiated by something from the past. Our total feelings now are all from the thoughts and actions of the past. So, all thinking is now motivated by something that has already happened. Action and reaction go on and on that way and we are caught. It's almost impossible to have an original thought any more, every thought being based on past thoughts.

我們現在的一切想法都是由過去的某個東西而來。我們現在所有的感受也都是由過去的念頭和行動而來。所以，現在的一切想法都是由過去已經發生的某個東西所驅動。作用與反作用以那樣的方式不斷持續著，我們陷在其中無法自拔。再次擁有最初的念頭是不大可能了，因為每個念頭都是根基於過去的念頭之上。

Q: So then, it all started way back when?

問：那麼，一切都是源於過去？

Lester: It's beginningless and it's endless. I'll take you a step higher. Let us look at the example of the rope being mistaken for a snake. You're walking along the road; there's a rope on the ground and you think it's a snake. Karma is in the realm of the illusory snake. When did that snake begin and when will that snake end, -so long as you think it's a snake? It's beginningless and it's endless, because in reality it never was; it was always a rope. If you are in karma, it is a forever thing.

If you are not in it, it never was. Does that make sense? Karma is beginningless and endless.

答：實際上是無始也無終。讓我們從更高的角度看，以蛇和草繩的寓言為例。你在路上走，誤把地上的繩當成蛇。業力是在虛幻的蛇的層次。只要你一直認為繩是蛇，那麼蛇什麼時候開始又什麼時候結束呢？它是無始無終的，因為在實相中它從來都不是真的，它一直都是根繩。如果你在業力中，業力就是永恆的。如果你不在業力中，那麼業力什麼都不是。你們能聽明白嗎？業力是無始無終的。

Hence it's impossible to work out karma. Some schools of metaphysics teach that you must work out your karma. While you're trying to work it out. you are creating new karma for the future. So, it's impossible to work it out.

因為業力是不可能消除的。一些玄學流派教導你要消除業力。你在消除業力的過程中，實際上是在造新業。所以，業力不可能消除。

Well, what can we do? Awake from the illusion and see the Truth! See the snake as the rope! Once the rope is seen as the real, the snake no more is. When we see the Truth of our Being, all this action and reaction turns out to be a dream-illusion and therefore, as such, cannot touch us any more.

那麼我們怎麼辦呢？從幻象中醒來，看到真相！看清楚蛇其實是繩！一旦把繩看成是真實，那麼蛇就不再是真的了。當我們看到我們的存在真相，一切作用與反作用都會變成一場夢幻，也就無法再影響我們。

Q: Didn't you say we become the observer? I understood that the cycle still must be performed, regardless of enlightenment, is that correct?

問：你不是說我們會變成觀者？我明白不管是否開悟，業力之輪始終在轉，對嗎？

Lester: No, that is, once your understanding is full, from that moment on, there's no more karma. When I say, "Be the witness." that is still in the realm of duality, witnessing the

duality, but it's a giant step forward. It's a method of letting go of the ego sense of being the doer. It's a mode of behavior that's very conducive to growth.

答：不，一旦你的智慧圓滿，自那刻起便不再有業力。當我說“成為見證者”，那依然是在二元的層次，見證二元性，但卻是巨大的進步。它是釋放小我想要成為作為者的方法，是非常有助於成長的行為模式。

However, when you are fully realized, you'll look at the world and you'll see only a singular oneness in everything and everyone. And you'll see that it is all nothing but your very own Self. And the Self is only the Self. So, what happens to the world is that you see it as it really is; you look at it as the rope instead of seeing it as the snake. Then you are out of karma and there is no more karma.

但當你完全開悟時，你在一切人和事身上看到的都只是單一的一，你只會看到你的真我，而真我只是真我。所以，你會如實地看待這世界所發生的一切，你把它看成是繩而非蛇，那樣你就從業力中脫離出來，業力也就不復存在。

Now, what is a little confusing to you is statements that have been made at different levels of approach. Things at one level seem to contradict things at another level. However, when the Truth is seen, all contradictions vanish. So, from the highest point of view) when you see who and what you are, there is no karma. When you see your real Self, there's only Beingness; action and reaction are only apparently going on.

你感到困惑是因為高度不同而產生的見地上的矛盾。但是，一旦看清真相，所有矛盾都會消失。所以，從最高的角度看，也就是當你了知你是誰以及你是什麼時，根本就不存在業力。當你看到你的真我，那裡只有存在，作用與反作用都只是表象。

Q: Let's say I'm driving out onto the freeway and I see a guy coming and I step on the gas and get in front of him. What does this do to me? Is there a reaction coming back from this?

問：我在高速路上走，看到有個傢伙想超車，於是我猛踩油門，跑在他前面。這對我來說意味著什麼？這些行為是否會導致反作用？

Lester: In this dream world, to the last ounce there's action and reaction.

答：在這夢幻世界中，作用與反作用總是存在的。

Q: One of the big things with any human, and I know I am no different, are thoughts of sex. This is quite a strong interplay and quite a strong force. How does this all get worked out?

問：包括我在內的任何一個人類，最大的問題之一就是有關性的念頭。那真的是非常強烈的作用和力量。怎樣才能擺脫這一切呢？

Lester: It's one of the most difficult things to transcend. However, it's possible and it's relatively easy to do it once you recognize that all that joy that you're seeking through sex you can have all the time, but much more once you're out of the trap of desire. That's why I say, "Get to the higher place where, in order to have sex, you give up joy." Then it's an easy thing to let go of. Meantime, moderation is the best guide.

答：那的確是最難超越的事情之一，但也是有可能的。一旦你意識到你一直通過性所尋求的歡樂遠遠比不上脫離欲望所帶來的快樂，那麼擺脫性就會變得比較容易。這就是為什麼我說：“當你到達更高境界時，為了性，你卻放棄快樂。”那時釋放性欲會是容易的事，同時，適可而止是最佳指南。

Happiness is only your very own Self; happiness is your basic nature. You don't need anything external to have it. But you think you do because you've covered over this happiness with layers and layers of limitation: I must have this to be happy; I must have that to be happy. And this has been going on for a long time. But the more you see who and what you are, the less desires have a hold on you.

幸福只是你自己的真我，幸福是你的天性。你不需要通過外求來獲得幸福。但你認為你必須這麼做，因為你在幸福上面覆蓋了一層又一層的限制：我必須擁有這個才能幸福，我必須擁有那個才能幸福。這樣的情況持續了很久很久。但是你越清楚你是誰以及你是什麼，欲望就越無法掌控你。

Q: You have shown the way or method for me, by which I have realized that there is something greater than sex. I have now realized that sex is actually a giving up of something, giving up of a higher feeling for a lesser feeling. It's much easier to understand in that light.

問：你向我展示了終極之道，讓我明白有比性更棒的東西，性其實是對某個東西的放棄，為了點低級的快感，卻放棄更高級的享受。從那個角度更容易理解。

Lester: Sex will keep you earth bound. It's necessary to get above it. Having sex will not prevent you from moving toward realization, but while you are enmeshed in it, you are a slave to it and can never get full realization. You are making the physical thing the joy and it isn't. The real thing is that you are that joy, only a million times more so! As high as the feeling is that you get from sex, you can go way, way beyond that feeling in joy, and have it twenty-four hours a day. And it is this unlimited joy that you are really seeking, but you sacrifice it for sex.

答：性只會讓你眷戀紅塵，所以有必要超越性。性交不會阻止你走向開悟，但若你沉迷於此，你就是它的奴隸，永遠無法獲得完全的開悟。你讓生理享受成為你的快樂之源，但它並不是。真實的情況是你就是那快樂，100 萬倍的性高潮，而且每天可以持續 24 個小時！那才是你真正所尋求的無限喜悅，而你卻讓它成為性的犧牲品。

Q: When we do things and realize that they should not be done, can we dispose of them by doing the opposite?

問：當我們做了一些事，後又意識到不應該做，我們是否能通過做相反的事來抵消它們？

Lester: Well, if you're doing the opposite, you're involved in action again, creating the opposite for the future.

答：如果你做相反的事，你又給出了一個作用力，未來還是會有相反的作用力。

Q: You just have to be desireless?

問：那就必須無欲無求才行？

Lester: Yes, that's it! Being desireless, you will see who and what you are; you'll see that you're above all this illusion of karma and then it can touch you no more.

答：正是如此！當你變得無欲無求時，你會發現你是誰以及你是什麼；你會明白你是在所有這一切虛幻的業力之上，那樣業力就無法再影響你。

Q: When you do see that, the release is so tremendous, it's like a sex release.

問：當你真的明白時，那種釋放真的是巨大的，就像性高潮所帶來的釋放。

Lester: Much greater, much greater. Ill have to get some testimonials for you, I believe. (Laughter)

答：要比那猛多了。我想我必須給你頒發個獎狀。（笑聲）

Q: If you drop the desire for some thing, will it still come your way?

問：如果你釋放了欲望，業力是否還會再出現？

Lester: No. The desire is the cause for it. You can mentally undo karma by mentally undoing desire. Karma is caused by desires that remain in the subconscious mind. Dropping desire drops all thoughts of it. If you take desire out of the subconscious mind, the seeds of karma are no more there. This

is the fastest, the very best way of undoing karma. If you want to undo karma, do it mentally. Why experience it again and again and suffer it? If you let go of things mentally, you let go of them forever; then you don't have to experience them. As Jesus said, "Whosoever looketh on a woman to lust after her hath committed adultery with her already." The act originates in the mind. Every negative thought, every bad thought we have creates karma that we don't like and we call it bad karma. If people only knew this! It doesn't matter whether we carry out the act or not. The seed is sown in the thought.

答：不會。欲望是業力的根源。你可以通過在心智層面釋放欲望，從而脫離業力。業力由欲望而來，一直停留在潛意識中。釋放欲望也就是釋放這些潛意識念頭。如果你能把欲望從潛意識中拉出來，業力的種子就不復存在。這是脫離業力最快也是最佳的方式。如果你想脫離業力，在心智層面做。為什麼要一而再再而三地受折磨？如果你能在心智層面釋放它們，你就是永遠地釋放了它們，也就不必再經歷它們。正如耶穌所說：“凡看見婦女就動淫念的，這人心裡已經與她犯姦淫了。”行動源于心智。我們所擁有的每個負面念頭創造了我們不喜歡的命運，我們將其稱為“報應”。無論我們是否將念頭付諸行動，種子都已在念頭中種下。

Karma sows the seeds of its own destruction.

業力種下破壞的種子。

What we go through is determined by what we have gone through. This is the law of compensation or karma. In between physical bodies, we choose a certain part of what we have been through to go through the next time around; we set up similar situations, hoping that this next time we will transcend them. You always get another opportunity - ad infinitum.

我們所經歷的取決於我們已經經歷過的。這就是補償法則或業力法則。在兩世之間，我們選擇我們已經經歷過的一部分作為未來要再次經歷的；我們創造相似的情境，希望這一次我們能夠超越它們。你一直並且永遠都有下一個機會。

Bad karma keeps us so miserable with negativity that we change our bad karma to good karma and that turns out to be a golden chain instead of an iron chain. Freedom is above karma.

惡業讓我們如此痛苦，以致於我們不得不把惡業改成善業，這就像把鐵鍊變成金鏈一樣。自由則是超越了一切善惡業。

Whenever we move up, something happens to test us. What actually happens is that we subconsciously feed ourselves more karma because we have become stronger and can face it.

當我們往上走時，會發生一些事來測試我們。實際情況是我們在潛意識中給自己餵養更多的業力，因為我們已經變得更強壯，能夠面對它們。

Karma is nothing but the accumulated past habits of thought that are going on subconsciously.

業力只是些過去累積的潛意識慣性念頭。

Karma is the conglomeration of all the subconscious thoughts running you. Get rid of these thoughts; quiet the mind totally and there is no karma.

業力是所有控制你的潛意識念頭的集合。脫離這些念頭，讓頭腦徹底安靜，便不再有業力。

Where is karma? It's in the world of illusion.

業力在哪裡？在這虛幻的世界裡。

Anything karmic is really comic.

任何業力的東西都是些滑稽的東西。

Karma is a harmer. It is a bondage maker.

業力是種危害，因為它只會製造束縛。

We hurt ourselves when we judge others because it is karmic
and returns to us.

當我們評判他人時，我們是在傷自己，因為這是在造業，會反彈回來。

The fastest way out of karma is to grow.

脫離業力的最快方式就是成長。

Karma and reincarnation are part of the illusion and have no
part in the Reality. Past lives should not be gone into as it is
playing with the unreality, making it seem more real.

業力和轉世都是幻象的一部分，在實相中並不存在。不要沉迷於過去世
中，因為那是在虛幻中遊戲，使虛幻的看起來更真實了。

Get to accept karma. The idea that you can fight it is contrary to the accepting of it. If you accept it, your fears, frustrations, tensions, miseries, etc., are alleviated and you are no more holding onto it by attempting to avert it. Since there is nothing you can do about it, you just let it be. Everything this body is going to go through, it will go through. Understand this and remain as you really are - free.

接受業力吧。反抗業力則與接受業力相反。如果你接受業力，你的恐懼、挫敗、緊張、痛苦等情緒都會得到緩解，並且不再因為試圖避免它而抓著它不放。因為你對業力無能為力，所以你就讓它來吧。這具身體要經歷的，始終都會經歷。明白這一點，你就真的自由了。

You can't change what the body will go through. That was determined by you by prior action. However, you can choose not to be that body, but to be your Self.

你不能改變這具身體未來會經歷的事，因為它已經被你、被你過去的行動決定了。但是，你可以選擇不去成為那身體，而是成為你的真我。

The ego doesnt like to hear that it doesnt have free will. But the ego itself is a product of karma.

小我不喜歡聽到它沒有自由意志的話。但是小我本身只是業力的產物。

If karma is, what does advice mean?

如果業力存在，那麼建議又意味著什麼呢？

Examine karma and you will discover that karma and destiny are one and the same.

審視一下業力，你會發現業力和命運是一回事。

Acts performed with no interest in the fruits thereof produce no karma.

如果付諸行動時對結果沒興趣，那麼就不會產生業力。

If action is being done without attachments and aversions, there is no karma being created.

如果付諸行動時沒有執著或憎惡，便無法創造業力。

Once you reach the state of non-attachment, you can enjoy the world and do it without creating any karma.

一旦你到達沒有執著的境界，你就能享受這世界，同時不創造任何業力。

It is when we rise above karma, good and bad, that we move into being our real Self.

當我們超越一切善惡業，便進入了我們的真我。

How can an infinite Being be subject to karma, karma being an extreme limitation?

無限的存在怎能受制於極端限制的業力呢？

Get above karma; dont work out karma.

超越業力，而非消除業力。

Karma comes to an end when one recognizes that it is all in his mind and he is not his mind.

當你意識到業力只是在你的頭腦中，而你又不是你的頭腦，那麼業力就會壽終正寢。

There's one act that will do a way with all karma, - be your Self!

只有一項行動能夠讓你脫離業力，那就是成為你的真我！

All actions that the body will perform you have already concluded before it came into existence. The only freedom you have is whether or not to identify yourself with the body and its action.

身體所會付諸的一切行動早在成為現實前就已經被你終止了。你唯一擁有的自由就是是否要將你自己視為這具身體和它所能做的行動。

If an actor plays the part of a king or a beggar, he is unaffected by it because he knows he is not that character. In exactly like manner should we carry out our part in the world, and whether we are king or beggar, we should be unaffected by it, knowing that we are not that character but are a grand and glorious being, our very own infinite Self.

如果一個演員扮演國王或乞丐，他不會受其影響，因為他知道他不是那個角色。這與我們身處這世界的情況類似，不管我們是國王還是乞丐，我們

都不應該受其影響，相反地，我們應該知道我們不是那個角色，而是恢弘而閃耀的存在，是我們自己無限的真我。

This Session was recorded in Los Angeles, September 16, 1965, and the aphorisms were gathered from various Sessions. 問答部分錄於 1965 年 9 月 16 日，洛杉磯；格言則收集自其它章節。

第三十章 成長與涵容

Happiness per se is not necessarily' an indication, of one's state of realization. Aborigines and natives are as happy as we are, and sometimes more so. We who are supposed to be at the upper end of civilization, as a whole, might not be as happy as they are. Their enjoying is mostly through the physical senses. Our enjoying is more through the mind and hence we are capable of more joy. However, because this allows more joy it, therefore allows more misery.

幸福未必能證明一個人是否開悟。土著人和原住民同我們一樣幸福，有時甚至比我們更幸福。我們自稱高級文明，但卻未必比他們幸福。他們更多通過身體感官來享受，而我們的享受則更多來自心智層面，因此我們更有能力幸福，但同時，也更容易痛苦。

Many of us think that the things we do that give us a state of happiness are giving us spiritual growth and therefore are the right things to do. This could be true and it could also be false. The happiness we get from a new realization is definitely growth. We are delighted in the new revelation because we have become a little freer and therefore permanently a little happier. However, the happiness we get from avoiding or escaping unpleasanties is not growth. Rather than furthering our growth, it keeps us bound to the unpleasanties we are avoiding. Until they are faced, looked at, and dropped, they will remain in our subconscious and emerge from time to time until we finally drop them. Therefore, in order to be undone, they must be faced and not avoided. Then no escape is necessary.

我們很多人認為我們所做的有助於幸福的事能夠讓我們獲得靈性上的成長，因此我們所做的是正確的事。這或許是真的，也可能未必如此。通過一個新的領悟而來的幸福才是真正的成長。我們因為新的啟示而歡喜，是因為我們變得更自由了些。然而，通過逃避不愉快而來的幸福並非成長，相反地，它只會把我們同我們所避之不及的不愉快捆在一起。直到我們能面對它們，釋放它們，否則它們只會繼續停留在我們的潛意識裡，並且時

不時地出來搗亂一下。因此，為了擺脫它們，我們必須直面它們，而非繼續逃避。

However, it's really true that the greater our growth the happier we are. We gain an accumulative total happiness that doesn't vary from day to day. It is freedom from the constant nagging of our compulsive subconscious thoughts; it's a sense of well beingness; it's a sense of security; it's a sense of peace. Even when things are outwardly being expressed against us, when the world seems to turn against us, we still feel a greater peace within than we did before.

但有一點是真的，那就是我們越成長就越幸福。我們通過成長而累積的幸福不會發生變化。它是通過脫離潛意識念頭的不斷干擾而來的自由，是一種幸福感、安全感、寧靜感。即使受到外界的攻擊，即使全世界都反對我們，我們的內在也依然平靜。

It's that inner state that should be used as a measure of growth. A miserable person can, for the time being, for the moment, be laughing happily. But you cannot use that as an indication of that person's constant state of freedom. How can we tell a person's state of freedom or happiness? By checking when everything is against one. Use this as a method for checking yourself. When things go wrong in the world then check your state of happiness.

這種內在的狀態才應該作為衡量成長的尺規。一個痛苦的人可能暫時可以開懷大笑，但你卻不能以此來證明那個人擁有持久的自由。我們如何才能辨明一個人自由或幸福的狀態呢？看看當一切都反對他時，他是何種反應。將此作為檢查你自己的工具。當一切都跟你唱反調時，看看你是否依然感到幸福。

Q: Aren't we inclined to be almost irritated when we see someone else who is happier than we? Maybe it's a little jealousy?

問：當我們看到別人比我們更幸福時，我們往往會很不爽，不都這樣嗎？或許這是忌妒？

Lester: Yes, it is called jealousy and when we see one who's happier than we are. we don't like it. Sometimes we attack that one indirectly. even if that one is our mate.

答：是的，這被稱為忌妒，我們不喜歡看到別人比我們更幸福。有時我們甚至會間接地攻擊那個人，即使那個人是我們的伴侶。

This goes on between couples as they grow. When one moves ahead, the other unconsciously resents it, does things to try to undermine the first one. It's motivated subconsciously but sometimes it does become conscious and even when its conscious, we sometimes don't understand why we're doing it. The reason is that whenever two people get together, the higher one automatically tries to lift the lower one up a bit and the lower one tries to bring the higher one down a bit; they move toward each other. This is an unconscious behavior that goes on whenever two beings meet.

隨著成長，這種情況在伴侶間會持續下去。當其中一個人往上走，另一個會無意識地感到憤怒，會做一些事來破壞對方。它是由潛意識驅動的，但有時會變成故意那麼做，即使它是顯意識的，我們有時也會不理解自己為何那樣。原因是兩個人在一起不管多久，稍微高一點的那個會自動地去拉低一點的那個，而低一點的那個則會把高一點的那個往下拽一點，他們向彼此靠攏。這是一種無意識行為，不管兩個人在一起多久，這種情況都會一直發生。

To come back to what I was saying before, the stability of one's peace is the best measuring stick for one's growth; peace under circumstances not ideal. peace under circumstances in which the individual is being tried. If you maintain your peace while everything out there is going against you, then you really have it. This peace that I'm talking about is the real happiness and can be measured by its imperturbability. If a person cannot be disturbed in his peace, he's got it! He has let go of

much ego, because only the ego can be disturbed; the Self of us can never be disturbed. And when we abide as our Self, we allow the whole world to be as it is.

回到我之前說的，一個人的平靜狀態是否穩定，是衡量一個人的最佳尺規，哪怕身處不理想、受到挑戰的環境中。即使外在的一切都對你不利，你也依然平靜，那麼你就是真的擁有了平靜。我所說的這種平靜才是真正的幸福。如果一個人的平靜不受攪擾，那麼他就真的擁有了平靜。他已經釋放了很多小我，因為只有小我才會受到干擾，我們的真我則永遠都不會。當我們處在真我中，我們會允許世界如是呈現。

If you want to know your state, check yourself under adverse conditions. Measure your growth by the bottoms, not by the tops. You'll find that your growth goes in cycles, up and down, but that the bottoms keep rising. You should get to the place where the bottom is happiness, and that makes the top even higher, a state of serenity, tranquility, bliss, - all with a deep imperturbable peace.

如果你想知道你處在何種狀態，看看自己在逆境中的表現。通過低谷來衡量自己，而非通過高峰。你會發現你的成長呈週期性，有高峰有低谷，但卻是震盪上升，每一個低谷都高於前一個低谷。你的目標應該是連低谷時你都是幸福的，那樣的話高峰就不用說了，那是一種寧靜、祥和、極樂的狀態。

Q: Where is this bliss, joy, and peace felt?

問：哪裡才會有這樣的極樂與寧靜？

Lester: People feel it in different places. Actually it's at the very center of your beingness, wherever that center be. This is the first time this series that the group has reached the state of spill-over joy. During each series of the past we had gone from a low point at the start, to a very high point at the end.

答：人們在不同的地方感受到它，實際上它就在你存在的中心，不管這個中心在哪裡。這是我們團體第一次在這個週期到達狂喜的狀態。在過去的每個週期裡，我們從一個低點開始，最後到達一個很高的點。

Q: Do you know why?

問：你知道為什麼是這樣嗎？

Lester: Yes. This is something I'd like to explain to you. Why go down? We're supposed to be intelligent people; we know the way; why go down? Somewhat stupid when you know how to be high and happy the way you feel now; in fact, it's stupid not to be the way you are now all the time.

答：是的，我想解釋給你聽。為什麼會下行呢？我們本是聰明的人，我們知道怎麼走，為什麼還會下行呢？當你知道如何才能獲得你現在感受到的幸福，但卻不能一直做到是顯得有些蠢。

The reason why you go down after I leave you is that you have not undone enough of your unconscious thoughts. I direct you toward the infinite being that you are. As you see it, you undo the contrary thoughts and feel freer and higher. After I leave, The remaining unconscious thoughts of limitation re-emerge, take over, run you, and you feel lower.

之所以當我離開時你會下行，是因為你還沒有釋放足夠的無意識念頭。我指給你通往你所是的無限存在的道路。當你看到它時，你釋放了與之相反的念頭，並感到更自由更快樂。在我離開後，潛意識中殘餘的限制性念頭會再次出現，再次掌控你，而你會因此感到低落。

What is necessary is that you continue to eliminate the unconscious thoughts until there are no more, until you are totally free. Only then will you be satisfied.

你要做的是繼續釋放無意識念頭，直到它們完全消失，直到你徹底自由。只有到那時，你才會感到圓滿。

I'm pointing up now, what you need to do to further your growth. The intellect is excellent for growing and is necessary at the beginning; it sets you in the right direction; it takes you forward. Then you reach a place where it can take you no further. So, what do you do? Do you stop at the top of the

intellect, or do you go on? I'm saying let's go on! This doesn't mean let go of your intellect, forget it, or suppress it. No, I'm saying go beyond it. I'm suggesting another giant step forward. 我現在向你指出，你需要做的是進一步成長。智力有助於成長，並且在一開始是必要的，它讓你走上正確的道路，讓你向前挺近。當你到達智力再也無法幫助你的階段時，你怎麼做呢？你是在智力的頂端打住，還是繼續前行呢？我會說繼續前行！這並不意味著要放棄你的智力，忘掉它，或是抑制它，而是要超越它。我會建議你繼續向前邁一大步。

I'm trying to get you to see what this next step is, by first telling you what it is not. It is not intellectual. Intellectually there's nothing more I can give you. What is it? It is becoming aware of your Self by actually experiencing your Self. I could lead you much higher than we've ever gone before if you would draw it out of me. This would help you to experience a higher state than you have ever known before. Then the experience would be your knowledge, and after you experience it, it would leave you with a stronger desire for freedom, a stronger incentive to move faster toward the Goal.

我想讓你看到下一步是什麼，首先我要告訴你下一步不是什麼。下一步不是智性的。智力上我已經給不了你什麼。那麼下一步是什麼呢？那就是通過真切地感受你的真我，來了知你的真我。如果你能從我這兒掏出什麼，我會把你引到你從未去過的更高的地方。這有助於你體驗到你從未知曉的更高境界。那時那個體驗就會成為你的真知，並且在你體驗到它之後，它會讓你對自由的渴望更強烈，對終極目標的渴望更強烈。

Now, I don't want to talk in riddles or intangibles. What is it that will draw out more than the intellect has drawn out so far? It's your state of receptivity. It determines the amount of the Power that flows into you. Stated another way, it is letting go of your reservations. As you become more receptive, more of the power flows through me into you and lifts you to the place where you experience your Self. I, Lester:, do not do it; it flows through me to the degree that you receive it. It can help

lift you to a higher state, and by experiencing that state, you definitely know it. You better know that "Thou art That."

我不想故作高深。除了智力，還能掏出什麼呢？那取決於你的涵容度，正是你的涵容度決定流入你的力量能有多少。換句話說，也就是釋放你保留的東西。隨著你越來越能涵容，會有更多的力量通過我流入你，它會將你提升到你能經驗真我的境地。我，萊斯特，無法幫你做到，因為它只是流經我，進入你則取決於你能接受它的程度。它能將你提升到更高的境界，體驗那個境界會讓你知曉那是怎樣的境界。你最好知道“你是那（引用自《聖經》）”。

Q: How do we do that?

問：我們怎樣才能做到？

Lester: Greater acceptance of the direction coming through me, and of the fact that happiness really lies within you and not without. The direction up to now has been to quiet the mind by looking at and letting go of subconscious thoughts. As you let go of these thoughts, you become freer, your mind is quieter, your real Self is less obscure and you are more able to be the real Self that you are. Also, the more you have this experience, the more you are capable of being drawn into your Self by the Power flowing through me into you. This could go on to the Ultimate.

答：更能接受通過我而來的指引，更能接受幸福在你之內而非你之外的事實。到目前為止，那個指引都是教你通過查看並釋放潛意識念頭來讓頭腦安靜。隨著你釋放掉這些念頭，你變得更自由，你的頭腦更安靜，你的真我更清晰，你也更有能力回歸你所是的真我。另外，你在這方面的體驗越多，你就越能被通過我流入你的力量吸入你的真我。它會將你帶到終極之境。

You have quieted the mind to quite some degree; there is much more to be done. That is why I asked last time, "Who can sit down and immediately quiet his mind and have no

thoughts come in?" If you can do that, you're a Master. To the degree you can quiet your mind, to that degree you are a Master. But everyone is quieter now than they were. Our next step is to get even quieter. And I say we're not going to get it through intellectualism any more, through bandying words up and back; we're going to get it through a method that directly helps you experience the quietude of your Self.

你讓你的頭腦安靜，已經做到了某種程度，你需要做得更多。這就是為什麼上次我問你們“誰能做到一坐下來就立即讓頭腦安靜，並且沒有一個念頭進入”。如果你能做到這點，你就是大師。但的確每個人都比以前更安靜了。我們的下一步是讓頭腦更加安靜，並且不再通過理智主義，而是通過讓你直接經驗你的真我的方法。

Q: When you quiet your mind and no thought comes in, then what happens? Is it a blank?

問：當你讓你的頭腦安靜，並且沒有一個念頭進入時，會發生什麼？是否一片空白？

Lester: No, it's not a blank; you have no mind to go blank! You're in the realm of All-Knowingness; you don't have to think any more; you just know everything and everything falls into line perfectly, -every moment. You operate on a feelingness, called intuition. Everyone in this room has experienced it at times. Mind is nothing but the total bundle of your thoughts; a small part conscious; the major part subconscious and held out of view. Mind is not complicated when you see what it is; it's simply the totality of thoughts.

答：不，不是空白，因為你沒有頭腦可以空白。你是在全知的層次，你不再需要思考，你知道一切，並且一切無時無刻不完美和諧。你在直覺層次運作。這個房間裡的每個人都或多或少地經驗過它。頭腦只是念頭的集合，一小部分的意識加上一大部分的潛意識。當你明白頭腦是什麼時，你會發現頭腦並不複雜，它僅僅是念頭的集合。

Q: Isn't it true that subconscious thoughts are thoughts that are not being thought of at the moment?

問：潛意識念頭難道不是此刻尚未想起的念頭麼？

Lester: No, they're being thought of at the moment, but they're not consciously being thought of; they're subconsciously being thought of at the moment.

答：不，它們在此刻被想起，但不是在意識層面被想起，而是在潛意識層面。

Q: So that's the difference between conscious and subconscious thoughts?

問：所以那就是顯意識念頭和潛意識念頭的區別？

Lester: Yes, subconscious thoughts are active right now, but we're not looking at them. Are you consciously pumping your heart? Breathing? Running that chemical digestive factory you have? Are you doing these things consciously? Well, then you're doing them subconsciously

答：是，潛意識念頭此刻很活躍，但我們沒有去看它們。你是有意識地讓心臟不停跳動？有意識地呼吸？有意識地運作你的消化系統？不，你是在潛意識層面運作它們。

Q: I didnt have that in mind exactly.

問：我完全想像不出來。

Lester: I know, but I want to show you how all the thoughts on the body, even though you're not conscious of them, are active right now and there are many, many thoughts connected with running a body; there's a lot of action going on there. They're active right now ~ even though we're not conscious of them.

答：我知道，不過我想告訴你，即使你沒有意識到這些有關身體的念頭，它們此刻也依然是活躍的。有關運作身體的念頭有很多很多，因此也有很

多活動在那進行著。即使我們沒有意識到它們，它們此刻也依然是活躍的。

Q: That's automated; that's what I call automation.

問：那是自動的，我稱它為自動化。

Lester: Right. But who is now running the automated action? We are. It was originally useful in that we didnt have to consciously operate the body. Then we lost sight of the fact that we threw this onto automatic; and therefore it is now running us. It's difficult to change it because we have made it unconscious. As we become aware, we see this and then we change it. We become free of it; we reestablish our control over the body.

答：對。但是是誰在此刻運作這些自發的活動呢？是我們。我們不必有意識地運作身體，這在最初對我們是有益的。後來我們忘記了是我們自己讓身體活動變成自發的，因此現在反倒是身體在運作我們。這個事實很難改變，因為我們已經讓它變成一種無意識。隨著我們開始保持覺知，我們看到了這一點，這樣我們就能改變它。我們從中解放出來，重新收回對身體的控制權。

Our object is to let go of unconscious thoughts, these habitual things of the past that keep us automatically bound. Every habitual thought is a bondage that takes away a certain amount of freedom, happiness. We must let go of all these old habit-thoughts until we are totally free of them. Then we are liberated, fully realized Masters.

我們的目標是釋放無意識的慣性念頭。每個慣性念頭都是一個束縛，剝奪了一定的自由和幸福。我們必須釋放這些老舊的慣性念頭，直到我們從中徹底地解放出來。那樣我們就是自由的完全開悟的大師。

Q: That's why some words will trigger us. If we hear a certain word, we fly into a madness, or if we hear something else, we feel good.

問：這就是為什麼一些話會觸動我們的原因。如果我們聽到某個詞，我們就會暴跳如雷，或者我們聽到另外一些話，我們就會喜笑顏開。

Lester: Right! So, our object is to let go of all these subconscious thoughts. We have done a beautiful job so far, through using the thoughts, the mind. Now I'm suggesting that we move on; that we get the mind yet quieter by doing that which does it directly, that is, by experiencing your Self.

答：對！所以，我們的目標就是釋放所有這些潛意識念頭。到目前為止，我們在使用頭腦方面做得不錯。現在我建議我們繼續前進，也就是通過經驗你的真我，讓你的頭腦更安靜。

It can also be done in meditation. I ought to re-define the word "meditation." When I say meditation, I mean holding one thought to the exclusion of other thoughts and that one thought should be a question. As other thoughts drop away the mind gets quiet and concentrated. When the mind is concentrated, you will experience your Self and It will answer any and every question. It will answer the questions that we need to have answered to show us the way out of the bondages.

你也可以通過冥想讓頭腦安靜。我應該重新定義“冥想”這個詞。當我說冥想時，我是指待在一個念頭中，把其它念頭排除在外，並且這個念頭是有關一個問題的念頭。隨著其它念頭離開，頭腦變得安靜而專注。當頭腦專注時，你會經驗到你的真我，並且真我會回答任何以及每一個問題。真我會回答我們需要知道答案的問題，會向我們展示擺脫束縛的途徑。

Now, in meditation, the moment you sit down to quiet the mind, it seems to get noiser, which is natural; the thoughts come up for us to drop, to let go of. And each time we let go of one, that's one less that we have to let go of. As time goes on and we keep dropping these thoughts, we have less and less to drop. Someday the mind becomes quiet enough so that we fully see this infinite Being that we are; and then in one lump

sum. we drop all that is left. And when there are no more thoughts, we are free and there is left only our infinite Self.

當你坐下來冥想，試圖讓頭腦安靜時，頭腦似乎變得更為嘈雜，這是自然的。因為念頭會跑來讓我們放它們走。每次我們釋放了一個念頭，我們就少了一個念頭需要釋放。隨著我們持續地釋放這些念頭，念頭就越來越少。總有一天頭腦會變得足夠安靜，那樣我們就能完全地看到我們所是的無限存在。接著我們一次就釋放掉所有殘餘的念頭。當不再有任何念頭時，便只剩下我們的無限真我，我們就自由了。

Q: My mind keeps getting noisier and noisier.

問：我的頭腦變得越來越嘈雜。

Lester: No, it is just that you are looking more at your subconscious thoughts . You don't get more thoughts; you just become more aware of them. The unconscious thoughts that control you will come up. Every time you meditate this happens, and through practice, some day you will be able to hold one question, one thought, without other thoughts coming in. When you get that far, you are moving rapidly. When you have dropped all subconscious thoughts, then you know what God is, that your beingness is He.

答：不，那是因為你開始更多地關注你的潛意識念頭。你不會擁有更多的念頭，你只是變得對它們更有覺知。那些控制你的無意識念頭會浮出水面。每次你冥想時都會出現這樣的情況，通過持續的練習，總有一天你會變得能夠專注在一個問題上，一個念頭上，而將其它念頭擋在門外。當你能夠做到那種程度時，你就會進步得很快。當你釋放了所有的潛意識念頭，你就會知道上帝是什麼，你的存在就是上帝。

Q: I'd like to identify the feeling in meditation. Is it similar to a feeling you get while listening to a fine piece of music?

問：我想向你確認一下冥想的感覺，它是否就像聽到一曲美妙音樂時的感覺？

Lester: Yes, it is one of the nicest and quietest feelings you can have.

答：是的，它是你能感受到的最美最寧靜的感覺之一。

Q: Then the process of meditation, as I'm seeing it now, has not to do at all with thoughts, but with identifying with this feeling and allowing it to expand.

問：就我目前所知道的，冥想的過程跟念頭完全無關，只是對這種美妙感覺的認同，並且允許這種感覺無限延伸。

Lester: Yes! However, this nice feeling is accomplished by quieting the thoughts. Someday the meditative feeling will be far more enjoyable than the music was.

答：對！但這種美妙感是通過使念頭安靜來獲得的。總有一天，冥想的感覺會比聽音樂時的感覺要美妙得多。

Q: I feel that it would be such a tremendous welling up that you would almost explode!

問：那是一種無限膨脹的感覺，就像要爆炸了一樣！

Lester: Well, you won't explode because you take it on as much as you can accept it. There is such a tremendousness in us, that if it came all at one time, we just couldn't take it.

答：你不會爆炸的，因為你是根據自己能接受的程度來接收它的。只是如果它一次來得太多，我們會有點受不了。

Q: Is meditation related to receptivity?

問：冥想是否跟涵容度有關？

Lester: Definitely yes! The better we are able to meditate, the more receptive we are and the more receptive we are, the better we can meditate. I'm stressing meditation with the hope of helping us to become more receptive. We should let go of the queer ideas we have about meditation. You don't have to

be a Hindu or a yogi; you can be one hundred per cent American and be a very good meditator.

答：毫無疑問是的！我們冥想做得越好，就越能涵容；我們越能涵容，冥想就會做得越好。我之所以強調冥想，是因為我希望能夠幫助我們變得更加涵容。我們應該釋放那些有關冥想的古怪念頭。你不一定非得是個印度人或瑜伽士，作為一個 100% 的美國人，你也可以成為很好的冥想者。

Meditation is simply holding one question or thought to the exclusion of all other thoughts and when that question or thought is on your beingness, that's right meditation. Before we attain good meditation, we have to work to let go of extraneous thoughts that come in while we're trying to hold one question. Then that one question will be answered, whatever that question is. "What am I?" is the final question. When we get the full answer to that, we are in the ultimate state.

冥想僅僅是待在一個問題或念頭裡，將其它念頭排除在外。當那個問題或念頭是關於你的存在時，那便是正確的冥想。在我們能夠很好地冥想前，我們必須在專注一個問題的同時釋放不相關的念頭，那樣那個問題才會獲得回答，而不論那個問題是什麼。“我是什麼”是最後一個問題。當我們獲得這個問題的完整答案時，我們就處在終極之境中。

Q: Don't you automatically try to answer that when you ask yourself the question?

問：當你問你自己“你是什麼”時，難道你不是自動地回答這個問題嗎？

Lester: Yes you do, but your mind cannot. The mind can never give you the answer to the question "What am I?" Why? Because Realization is elimination of the mind and the mind posing the question is not going to eliminate itself. It's almost like saying, "eliminate yourself." The mind does not want to eliminate itself, therefore, when the mind poses the question "What am I?" the mind will never in all eternity, give the answer.

答：是的，是自動的，但不是頭腦回答。頭腦永遠無法給出“我是什麼”的答案。為什麼？因為開悟是消除頭腦，頭腦能提出問題，但卻無法消除它自己，那就像是在說“消除你自己”一樣。頭腦不想消除它自己，因此，當頭腦提出“我是什麼”的問題時，頭腦永遠都不會給出答案。

This is another reason why the intellect can take us only so far. The mind cannot give us the answer because it, itself, is in limitation, in finiteness. The answer is in infinity. The mind can pose the question "What am I?" and when the answer comes, it's from beyond the mind.. It's only by quieting the mind that you will be able to see who and what you are. The mind is the blinding cover over this infinite Self that you are.

這也是為什麼智力只能帶我們走這麼遠的原因。頭腦無法給出答案，因為它自己就是在限制中，在有限中。而答案則是在無限中。頭腦能提出“我是什麼”的問題，而當答案出現時，它則是來自頭腦之後。只有當頭腦安靜下來時，你才能看到你是誰以及你是什麼。頭腦掩蓋了我們所是的無限真我。

Q: But underneath it all, I'm trying to find something to hang onto here, is it this glow, this feeling?

問：但是在這一切之下，我一直都在試圖找出依附於此的某個東西，它是否就是這種光，這種感覺？

Lester: Yes. If you will examine the glow you'll discover it to be a feeling of I-ness, of beingness.

答：是。如果你審查一下那光，你會發現它就是“我”的感覺，存在的感覺。

Q: Assuming this feeling that we all get occasionally is our true being shining through, even though it's a very small part we're experiencing, this is the constant experience we should attain to, right?

問：假設我們偶爾才會得到的這種感覺是我們的真我在閃耀，即使它只是我們體驗到的極小一部分，它也是我們應該獲得的持久的體驗，對嗎？

Lester: Yes! Make it nothing but that and that is It. Then there's nothing but the experience of "I-I-I-I-I" all the time, and you are There.

答：對！就是那樣。到最後就只體驗到“我”，一直只體驗到“我”，那就對了。

Q: Up until now. I've only had an intellectual understanding of these things and this is the first concrete experience I've had.

問：目前為止，我只能通過智力理解這些東西，這次是我第一次有這種真切的體驗。

Lester: Well, that's not really so. There was always a feeling of experiencing when you got a realization.

答：不盡是如此。每當你有頓悟時，都會有這種體驗感。

Q: Well, that's what I'm finding out; I've now identified with this glow, this feeling.

問：這是我目前試圖發現的。現在我已經認同了這種光，這種感覺。

Lester: Yes, the glow is the experiencing and is higher than the intellect. It's simply experiencing.

答：是，這種光就是一種體驗，要高於智力。它只能體驗。

Q: That's the way I want it because books make it sound awfully complicated. How does that fit in with the Self Realization Fellowship teachings?

問：我就想要那樣，因為書上把它描述得很複雜。它如何對應“自我了悟聯誼會（SRF）”的教義呢？

Lester: SRF teachings will say the same thing from a different approach. Their approach is for the majority of seekers. Christianity is in the realm of love, devotion and surrender to God. So are the SRF teachings. Instead of working so hard to eliminate the ego, they say, "Just surrender to God." If you

really surrender, it's only surrender of the ego. "Thy will, not my will" is simply surrender of the ego.

答：SRF 教導的其實是一個東西，只是方法不同。他們的方法適用於大多數求道者。基督教針對的是愛、奉獻以及臣服於上帝的領域，SRF 的教義也是如此。他們不教導消除小我，他們教導的是“只是臣服於上帝”。如果你真的臣服，那只是小我的臣服。“你的意志，而非我的意志”僅僅是小我的臣服。

SRF directs you to quiet the mind, mainly through meditation, so that your infinite Self becomes obvious. Its main teaching is its methodology, called Kriya Yoga, an integral method that can be used by everyone.

SRF 指導你主要通過冥想讓頭腦安靜，那樣你的無限真我就會顯現。它的主要教義是克裡亞瑜珈，一種每個人都能使用的方法。

If you understand the overall picture, you'll see that there's no disagreement. I'm trying to get you to quiet the mind, to let go of the mind. Their teaching will end up doing the very same thing. And it's a good balance to have our intellectual, wisdom way and their devotional, love and surrender aspect. However, you cant really have one without the other. So approaching it from both sides is beneficial. And we should use every aid possible. We need it; we're in an earth period that is extremely low. We're having opposition going on all day as long as we associate with the world, and therefore any aid that is helpful should be used.

如果你能看到全部畫面，你會發現沒有分歧存在。我教你讓頭腦安靜，要釋放頭腦。他們的教義本質也是如此。如果能將我們思維和智慧方面同他們奉獻、愛和臣服方面相結合，會是個很好的平衡。但你不能只擁有其一。所以，要從兩邊靠攏，那才是對我們有益的。我們應該利用每一種可能的幫助，我們需要幫助，因為我們正處在一個低谷期。只要我們還與這個世界有聯繫，我們就會一直受到挑戰，所以我們應該利用任何一種有益的幫助。

When it comes to aids, there is no greater aid than the actual, wonderfully exhilarating experience of being your Self. Be more receptive, - surrender your little self and allow the Power of your real Self to flow until It, the Power, is the only power flowing through you. Glory in that Power! Remain in that Power! Remain and abide as your infinite, glorious Self!

沒有任何一種幫助能夠比得上真切地體驗你的真我所帶來的幫助。變得更涵容吧——讓你的小我臣服，允許你真我的力量注入你，直到那力量成為唯一流經你的力量。那力量的光啊！持住那力量吧！待在你那無限而閃耀的真我中吧！

This Session was recorded in Los Angeles. October 14. 1965.

錄於 1965 年 10 月 14 日，洛杉磯

第三十一章 冥想

The greatest thing, and the most difficult thing, we have to do, is to drop the mind. It's a junkyard full of refuse from ages past; refuse of thoughts of limitations: I am a limited body; I have troubles. All thoughts contain limitation. We pile them up in the thing we call mind. Mind is nothing but the total accumulation of all the se thoughts. So mind is nothing but a junkyard of limitation.

我們需要做的最好同時也是最難的事就是釋放頭腦。頭腦是廢物堆積場，堆滿了累世的廢物、限制的念頭：我是有限的身體，我有麻煩等等。所有的念頭都是有限的，我們將它們堆積在所謂的頭腦裡，因此頭腦只是念頭的集合，限制的廢物堆積場。

All right, so how do we get rid of the mind? By quieting it. When we quiet the mind we discover our infinity. The more we see our limitlessness, the more we recognize that junkyard called mind, and the more we let go of it, -until we go so far that we drop the whole remaining mind at one time.

那麼，我們如何才能消除頭腦呢？讓它安靜下來。當我們讓頭腦安靜下來時，我們便能發現我們的無限性。我們越看到我們的無限性，就越能認識到頭腦是個廢物堆積場，也就越能釋放它，直到最終我們一次就釋放掉剩餘的頭腦。

However, before that, we keep battling the thoughts as they come up. As the thoughts come up, we let go, let go, let go, until we let go of enough of them so that the Self that we are is obvious. Then it takes over and takes us all the way. The greatest thing is quieting the mind, which is eliminating thought, which is eliminating the mind.

然而，在這之前，我們必須跟念頭打持久戰。念頭一出現，我們就釋放，釋放，釋放，直到釋放了足夠的念頭，以便我們所是的真我顯現。那時真我就會接手，並帶我們走完全程。所以最好的事就是讓頭腦安靜，也就是消除念頭，消除頭腦。

Meditation is necessary. This is the major point I'm stressing: meditation. Learn how to meditate. The deeper one goes, the more one discovers the innate joys to which there are no limits; no matter how joyful you get, you can always go further. If you were a thousand times more joyful than you are now, you could still go on and on and on in joy. Joy is unlimited because we're infinite.

冥想是必要的手段，也是我一直強調的。學會如何冥想，冥想得越深入，就越能發現內在那無限的喜悅，不管你有多喜悅，都可以走得更遠。如果你那時的喜悅是現在的一千倍，你可以向一萬倍探索。喜悅是無限的，因為我們是無限的。

But the major thing to accomplish is the ability to control the mind, to meditate, to drop into peace at will. A man can control a whole nation and if he cannot control his own mind, what kind of control has he got? He is a victim of his own mind. Rather than being in free control over his thoughts, he is an effect of them. He is actually pushed around by past habits. He is no Master. Only he who can control his mind is a Master, a Master not only of himself, but of anything and everything he does. Meditation is the way.

但是這需要我們能夠任意地控制頭腦，任意地冥想，任意地進入寧靜。一個人可以控制一個國家，但如果他連自己的頭腦都控制不了，他還能控制什麼？他只會成為他自己頭腦的受害者。他無法自由控制自己的念頭，相反地他只會受到念頭的影響，被過去的習氣耍弄。他絕對不是大師。只有能控制頭腦的人才是大師，不僅是自己的大師，更是他所做的一切事的大師。冥想能幫我們做到這點。

Meditation is directed thinking.

冥想是直接的思考。

Meditation is putting your mind on the way to find God.

冥想讓你的頭腦走上尋找上帝的征途。

Meditation is looking for the answers in the right direction.

冥想是在正確的方向尋找答案。

Meditation is basically thinking in the right direction and holding to it so that other thoughts keep dropping away until the mind is concentrated. When the mind is concentrated the answers become obvious to you.

冥想是在正確的方向思考，讓其它念頭離開，直到頭腦能夠專注為止。當頭腦能夠專注時，答案就會向你顯現。

Concentration is holding one thought to the exclusion of other thoughts and will lift one and help one grow.

專注是待在一個念頭裡，將其它念頭排除在外。專注能夠幫助你提升和成長。

The ability to hold one thought concentrates the mind so that it can crack the secrets of itself.

待在一個念頭裡能讓頭腦專注，如此頭腦就能揭開它自身的秘密。

Meditating to get the mind quiet is good. Meditating to let go of ego-wants is better. Meditating on "What am I?" is best.

讓頭腦安靜的冥想很好。釋放小我欲望的冥想更好。有關“我是什麼”的冥想最好。

Meditate, actively seeking.

在冥想中積極地探索。

Meditation should be on: "What am I?" "What is God?" "What is the world?" "What's my relationship to the world?" "What is the substance of this world?" "What is infinity?" "What is intelligence?" "Where is this world?" Or on some of the statements you've heard like: "I'm not in the world but the world is in me." Question, and ask. "How come?" Try to see it. Try to see the meaning behind these statements of Truth.

冥想時應該問自己：我是什麼？上帝是什麼？這個世界是什麼？我與這世界有何關係？這世界的本質是什麼？無限是什麼？智力是什麼？世界在哪裡？或者對你聽到過的一些話提出質疑，比如“世界不在我的外面，而是在我的裡面”。問自己為什麼，試著去挖掘這些真理背後的意義。

We get to see the perfection by looking in the direction where the perfection is. Now, the perfection isnt out there; we know that. The perfection is in here where we are, where the "I" of us is. So first, we have to direct our attention inwardly; we should pose a question and hold it until the answer comes. When the answer does come, you know, and you know you know. And to get the answer to "What am I?" it is necessary to still the noise of the mind, to still the thoughts. The thoughts are the noise. The thoughts are concepts of limitation and there are so many of them that they're constantly bombarding us,

one after another all the time. Keep on dropping them until the perfection is obvious.

我們通過尋找完美的所在來發現完美。我們知道完美不在外面，完美就在此地，我們的“我”所在的地方。所以首先，我們必須將注意力轉向內在，提出並持住一個問題，直到答案自行呈現。當答案到來時，你就會知道你已經知道。為了得到“我是什麼”的答案，你需要消除頭腦中念頭的噪音，讓念頭安靜下來。念頭都是些限制性的概念。頭腦中有許許多多的念頭，它們不斷地轟炸著我們，此消彼長。持續地釋放它們，直到完美顯現。

All these extraneous thoughts wouldnt come in if we werent interested in them.

如果我們不對這些無關的念頭感興趣，它們就不會出現。

We must learn how to quiet the mind. We can never learn how by constant conversation. The less conversation, the better.

我們必須學會如何讓頭腦安靜。但是談話無法讓我們學會這點。所以，最好少一些談話。

Meditation does not have to be formal to be meditation. It can be any time one gets quiet and seeks. Some of us find it is easier to meditate when it isnt formal because sometimes we unconsciously have objections and resistances to formal meditation. However, we should work to drop the objections and resistances, and be free of them.

冥想不必非得正式地去做，隨時都可以做。我們有些人發現不正式地去做冥想，冥想反而更容易，因為我們有時會對正式的冥想產生無意識的抗拒。但是，我們應該釋放這種抗拒感，從抗拒感中解脫。

Reverse your negative thoughts as they come into mind. Let go of negative thoughts by reversing them and then eventually, let go of all thoughts.

當負面念頭出現時，反轉它們。通過反轉負面念頭來釋放它們，最後釋放所有的念頭。

What you gain remains. Even though you've undone one thought, one idea, there still remains a multitude of thoughts and so another one comes up. Undoing one limiting thought doesn't undo all the subconscious thoughts. What remains must be let go of by dropping a tendency or predisposition, you drop all the thoughts motivating it.

你已經獲得的會一直都在。即使你消除了一個念頭，還會出現下一個念頭，因為剩下還有許多的念頭。釋放一個限制性念頭無法消除所有的潛意識念頭。通過消除一種慣性或傾向，你就消除了激發它的所有念頭，剩餘的必須通過這種方式來釋放。

Meditation should always be with a seeking.

應該在冥想中加入探索。

Everything that everyone is looking for through work is far better gotten through meditation. Meditation will sooner and better get you what you want than working in the world for it will.

每個人通過工作所尋求的一切，不如通過冥想來尋求。相比通過工作來獲得想要的，冥想會更快且更好地幫你實現這點。

It is the doorway to the Infinite when you go inward. When you go outward, it is the doorway to limitation.

去往無限，向內走；去往有限，向外走。

Internalize your attention. All externalized attention is wasted.

將你的注意力向內，因為一切向外的注意力都是浪費。

What you do to yourself, being your own doing, can only be undone by you.

你對自己所做的，都是你自己的所為，因此只有你能解除它。

God is known only through your effort and direction. Look concentratedly within for the kingdom of God.

只有正確的方向和努力才能讓你發現上帝。向內聚焦，上帝的王國就在那。

With meditation, you will discover that you've covered up your unlimited Self with your limited ego.

冥想會讓你發現你那有限的小我掩蓋了你那無限的真我。

Meditation is the road to omnipresence.

冥想通往全在。

Meditate to get into the practice and habit of meditation. We should meditate as much as we possibly can. Meditation is getting the mind one-pointed in the direction of who and what we are. It's taking the mind away from the worldly things and focusing it on the direction that we're in. The more we do it the more we like it. And the more we like it, the more we do it, until it becomes a thing that goes on effortlessly all the time. No matter what you're doing, that meditation continues in the background. Then you are really moving. Until then you're not moving very rapidly, because most of the time you're in the world and in the direction of limitation.

我們應該盡可能地冥想，讓冥想成為一種習慣。冥想是讓頭腦專注在我是誰以及我是什麼的問題上。它讓頭腦從世俗的事務中移開，轉而聚焦於內在。冥想做得越多，我們就越喜歡；我們越喜歡冥想，就會越多地冥想，直到冥想成為毫不費力的事。不管我們在做什麼，冥想都會在背景中進行著。那樣你就會進步。否則的話你就進步得很慢，因為大部分時間你都忙於世俗的事務，也就是走在限制的方向上。

There is only one way to get to the high state, and that is by quieting the mind. The method of quieting the mind is meditation. It's very difficult; the moment you sit down and want to quiet the mind, up pop the thoughts. Well, as the thoughts pop up keep knocking them out, putting them out, dropping them, until you reach a state where you can sit relatively quiet. Then you begin to like meditation because it's a deeper experience of your real Self. Once you like it, the main obstacle to the practice of meditation is eliminated. But you should never stop until you reach the place where meditation is delightful. Then you will go on with ease.

通往終極之境只有一條路可走，那就是讓頭腦安靜。讓頭腦安靜的方法是冥想。這非常困難，因為你坐下來試圖讓頭腦安靜時，會有很多念頭跳出

來。在念頭跳出來時釋放它們，直到你能平靜地坐著。那樣你就會開始喜歡冥想，因為它是對真我的深度體驗。一旦你喜歡上冥想，冥想的主要障礙就消除了。但你絕不要就此打住，而是繼續練習冥想，讓冥想成為一件令人感到輕鬆並愉悅的事。

The most effective meditation is when you are by yourself.
Group meditation is for beginners, for the purpose of
accustoming one to meditation.

最有效的冥想是單獨冥想。集體冥想只是作為開始的練習，為了能夠讓你適應冥想。

Meditation really should be communing with your Self.
冥想應該是與你的真我連結。

You'll see your Self to the proportion that your mind is quiet.
你是否能看到你的真我取決於頭腦安靜的程度。

The way to get rid of the ego is to get the mind so quiet that
you can see what you are. Then you know that you are not the
ego and you drop it.

若要擺脫小我，那就讓頭腦安靜，如此你才能看清你是什麼。知道你不是小我，便釋放了小我。

Intense meditation will get you to your realized Teacher, to
your Master.

深度冥想會將你帶向你那開悟的上師，你的大師。

To expand out from being just a body is so difficult because of the state of the world today. We do need the help of the Masters to lift us, actually to help pull us right out of it. They cannot do that unless we are receptive. We cannot be receptive unless our mind is quiet. And our mind becomes quiet through meditation.

當今世界所處的狀態，使得我們從作為身體的限制中脫離出來是如此之難。我們的確需要大師來說明我們提升，幫助我們脫離作為身體的限制。如果我們無法涵容，就無法接受祂們的幫助。如果我們的頭腦無法安靜，也就無法變得涵容。而我們的頭腦如何才能安靜？冥想。

Just go into meditation, get quiet and expect that higher help and it will come. God and Gurus are constantly helping us. If we just get quiet, with Their help we are lifted into experiencing our Self.

冥想吧，讓頭腦安靜，期待更高存在的幫助，祂們便會到來。上帝和上師們一直都在幫助我們。如果我們能夠安靜下來，祂們會幫助我們提升到能夠經驗真我的境界。

Meditation has to get to the point where it is the most important thing. However, even a little meditation will go a long way, especially if it is concentrated.

必須讓冥想成為最重要的事。即使是短暫的冥想，也會把我們帶得很遠，尤其是專注的冥想。

Spiritual things are spiritually discerned. Spiritual knowledge does not come down to a lower level. We have to raise ourselves up to it. We raise ourselves in meditation. Meditation should be used to get higher understanding by raising ourselves up to where higher understanding is.

靈性的東西必須是通過靈性領悟。靈性知識不會屈尊降貴，所以我們只能提升自己來獲得它。我們通過冥想提升，提升到能夠領悟的境地，而冥想應該是以此為目的。

Meditation is wonderful. Things happen in meditation that never could happen while you are talking or active.

冥想是很棒的事。在冥想中發生的事永遠不會在你談話或行動時發生。

You can make the mind quiet by the desire to discover what you are. When the interest in knowing what you are becomes stronger than the interest in this world and body, then you discover You. Desire, intense desire for it, is the key.

對發現你是什麼的渴望，能夠讓你的頭腦安靜下來。當對我是什麼的興趣要比對世界和身體的興趣更強烈時，你才能發現“你”。強烈的渴望是關鍵。

The concept of meditating by making your mind a blank is in error. You cannot make your mind a blank.

認為“冥想是讓你的頭腦空白”是錯誤的。你無法讓你的頭腦空白。

Meditation is a stepping stone to the knowledge of the answer to "What am I?"

冥想是了知“我是什麼”的墊腳石。

Someday the most delightful thing you will know of will be meditation.

總有一天你所知道的最快樂的事是冥想。

Meditate until it becomes constant, i.e., until it continues in back of the mind regardless of what you are doing.

持續冥想，直到冥想成為常態，也就是不管你做什麼，冥想都在頭腦之後進行著。

There is a meditation of just getting quiet. Just get quiet, not in a passive way, but in an active way of just being. It's awfully nice to just be and be and be. It's a tremendous experience. It's a wonderful feeling of just being. However, don't stop there. Keep dropping ego until there is no more.

冥想讓頭腦安靜。只是變得安靜，但不是以消極的方式，而是以積極的方式存在。只是存在是非常美妙的事，但不要就此打住。持續地釋放小我，直到小我不復存在。

You'll reach a point where you'll like meditation better than anything else, because you'll reach a point where you're being very much your real Self. That is the greatest of all joy which you, formerly thought was external in the world, in your wife, in your children. You'll see your wife and your children as nothing but your very own Self; you'll see that. And the joy will be direct and constant all the time.

總有一天你對冥想的喜歡會超過其它事，因為那時你會成為你的真我。之前的念頭都是關乎外在世界，關於你的妻子、你的孩子。但那時你只會把你的妻子和孩子視為你的真我，那樣幸福就會變得直接，變得永恆。

The answer wont come from reasoning. It will come from quiet meditation. Someday, sometime, it will come. It will just present itself to you, so simple, and you'll say. "Oh-!"

答案不是來自推理。答案來自安靜的冥想。總有一天，它會自動地呈現在你眼前，如此簡單，你會說：“哦！”

Meditation is thinking, but thinking on one thing so that other thoughts drop away. When you are intensely interested in one thing, other thoughts drop away.

冥想是思考，但只是思考一件事，那樣其它念頭就會離開。當你只對一件事有強烈的興趣時，其它念頭就會離開。

The quieter we are. the more we are the Self. When meditation becomes constant. all the time, even though we are outwardly active, we go through life and work automatically, all the time remaining in our real Self.

我們越安靜，就越是我們的真我。當冥想成為常態時，即使我們仍忙於世俗的事務，也依然居於我們的真我中。

The mature seeker of the Self starts with: The reality is that I was never bound; I was always free and perfect, - and takes off from there.

成熟的真我追尋者從這裡出發——真相是我從未被束縛，我一直都是自由且完美的。

Just look at what you are instead of what you are not. When you discover what you are, you simultaneously discover what you are not and drop it.

只是看著你的所是，而非你的所不是。當你發現你的所是的同時，你也發現了你的所不是，那樣就釋放了你的所不是。

Say, "I am not this body; I am not this mind, and stay with it. 說：“我不是這具身體，我不是這顆頭腦。”並堅持下去。

Seeing that you're not the ego, you're letting go of big chunks of ego.

看清你不是小我，你便釋放了小我的大部分。

The depth to which you go in meditation determines how much you wipe out the ego.

冥想的深度決定了你能消除多少的小我。

Depth of meditation is the degree of quieting the mind.

冥想的深度取決於頭腦的安靜程度。

The longer you can meditate, the deeper you can go.

你能冥想得越久，就能走得越深。

Once you reach peace, then find out what you are.

一旦你進入寧靜，那就去找出你是什麼。

Getting the good feeling is good. The higher you go the better the feeling is. But when you look for the good feeling as the end, then that is the end. Growing is more than dropping into the good feeling of the Self; it is dropping the non-self, - the ego.

有好的感覺是不錯。你走得越深，感覺越好。但若你把好的感覺當成是終點的話，那它就會是終點。成長不僅僅是擁有真我所帶來的美好感覺，成長更是釋放你的小我。

Enjoying meditation is a step, but don't stop there; go beyond it. You have got to get the answer.

享受冥想只是其中一步，但不要就此打住，要超越它，因為你必須得到答案。

One could possibly meditate forever and forever.

一個人可以永遠地處在冥想中。

Meditation in itself can get to be a trap, can be used as a crutch. You've got to get realizations.

冥想本身可能會成為一個陷阱。你要將冥想作為你的拐棍，支持你走向覺醒。

When you get full realization, you're in the meditative state all the time. Actually, meditation is the natural state.

當你完全開悟時，你會一直處在冥想的狀態中。實際上，冥想是種天然的狀態。

Constant meditation is a constant remembering of God, Self.

持續的冥想就是持續地憶起上帝，憶起真我。

Meditation is extremely difficult at first, but it gets easier as time goes on, - then, one day you'll say. "This is great! This is what I want!" Then you do it all the time. Then you're really on the spiritual path.

冥想一開始是非常難，但隨著時間的推移，會變得越來越容易。有一天你會說：“這太棒了！這就是我想要的！”那時你就會一直地冥想，你就真正地走在了靈性道路上。

Very concentratedly dwell upon your Self. Turn the mind back upon the mind to discover what the mind is, and then go beyond the mind and dwell in your Self. Each one must experience it. It's a perception, but it's not really a mental perception. You get recognitions, revelations, realizations by keeping the mind pointed in one direction until it gets very quiet, until other thoughts drop away. Hold one thought until

that takes you to the realm just behind thinkingness; the answer is there. We call it an experience, a revelation.

必須非常地專注於你的真我。將頭腦轉回頭腦上，去發現頭腦是什麼，然後超越頭腦，居於你的真我中。每個人都必須經驗到它。那是一種覺知，但並非頭腦的覺知。通過將頭腦專注在一個方向上，直到頭腦變得非常安靜，直到其它念頭都自行離開，你獲得了開啟、揭露和了悟。專注在一個念頭上，讓這個念頭帶你到達思考的背後，答案就在那裡。我們稱它為經驗，稱它為揭露。

We must learn to quiet the mind so that when we sit down, we let go of the world. Only then do we really begin to move at high levels on this spiritual path. We've made this world a better world; we've made this dream a happier dream, -but were almost as bound as we were before. We have replaced bondages to bad things with bondages to good things. Now we must learn to let go of thoughts, all thoughts. The way is through meditation, right meditation: quieting the mind, stilling the thoughts, and finally, eliminating all thoughts.

我們必須學會讓頭腦安靜，那樣當我們坐下來時，我們才能釋放全世界。只有到那時，我們才是真正地走在靈性道路的高水準上。我們已經讓這世界變得更好，讓這夢境變得更甜，但是我們還是像從前一樣受到束縛，只是這束縛從壞的變成了好的。我們必須釋放所有的念頭，通過正確的冥想，即讓頭腦安靜，讓念頭靜止，最終消除所有的念頭。

In group meditation support is lent one unto the other. The power is multiplied and you can get more deeply quiet as time goes by. But the very best meditation is when you are by yourself and you need no group support. Then you are not confined to any time period. You get with it and you might stay with it five, ten, even twenty-four hours. And this should happen. When you get to like it so much that you stay up all

night continuing it, it has become more interesting than sleep. Then you've got the momentum going. Then you'll get to see and be your real Self.

在集體冥想中，支持從一個人傳給另一個人。集體冥想的力量是成倍的，你可以隨著時間的推移進入更深的寧靜中。但是最好的冥想是單獨冥想，你不需要團體的支援，並且不受時間的限制。你可以冥想 5 小時，10 小時，甚至一天 24 小時都在冥想。你應該這麼做。當你對冥想變得非常喜歡時，你就會徹夜冥想，對睡覺都會失去興趣。那樣你就處在強有力的推動中，你會發現並回歸你的真我。

A way to dominate the mind is to drop into the Self. You reach a place where it's so delightful you just don't want to do anything but remain in it. It gets to be very easy. Once you get to the point where it's easy, then just continue it. Stay with it until you go all the way. By the constancy of it, each day, you get quieter and quieter, and then the Self, as you see It, keeps scorching the ego, which further quiets the mind.

若要支配頭腦，那就進入真我。進入真我是如此愉悅的事，以至你只想待在真我中。而那又會讓進入真我變得更容易。一旦進入真我變得容易，那就繼續和你的真我同在，直到你徹底覺醒。隨著時間的推移，你會變得越來越寧靜，並且你所看到的真我會不斷地吞噬小我，而那會讓頭腦變得更安靜。

You know, it's said that your spiritual growth really begins when you are able to drop into samadhi. I don't like to say this because it's discouraging to some people. Samadhi is complete absorption in your thought. It's total concentration.

據說你的靈性成長始於當你能夠進入三摩地的時候。我不喜歡這個說法，因為那會讓有些人感到卻步。三摩地是完全地專注於你的念頭。三摩地就是完全的專注。

Meditation at first is holding the thoughts on God, Self, to the exclusion of other thoughts. When one is realized, meditation is the awareness, not of anything by anyone, but only the current of awareness of awareness where there is no otherness and no action, yet compatible with full use of the mental and physical faculties.

冥想一開始是專注在有關上帝或真我的念頭上，而將其它念頭擋在門外。當一個人開悟時，冥想就是覺知，但不是覺知某個東西，而只是覺知“覺知之流（current of awareness）”，沒有其它，也沒有行動，但卻與心智和身體的功能完全相容。

At the end of the road of meditation you discover your grand and glorious Self!

在冥想的盡頭，你會發現你那恢弘而燦爛的真我！

關於冥想的一些補充

人類可分為三個主要類別：擁有、行動以及存在。幸福指數隨著三個類別逐級上升，也就是存在擁有最大的幸福。

擁有狀態是三者中最低的。大多數人認為只要他們擁有什麼，他們就會快樂。“只要我有 100 萬美元，我就會是全世界最幸福的人。”“只要我有強健的身體就好了。”“只要我有...就好了。”

更高一點的狀態是行動狀態。人們不再滿足於只是說“只要...就好”，而是開始走出去做些什麼。此時我們對行動的興趣要高於擁有。

最高的狀態是存在狀態，這也是我要帶你們去的地方。如果你沒有體驗過存在，存在對你是毫無意義的。只有當你了解存在是什麼時，你才會對存在的興趣高於一切。這讓我想起某個人對我說的話。我們有次去拜訪一個一年未見的朋友，她對靈修很感興趣。當我們見到她時，她說：“話就不必說了，我們去冥想吧。談話只是浪費時間！”她對存在已經有所體驗，當你達到那個狀態時，談話是很傻的事。為什麼還要談話，為什麼不只是單純地存在？

存在是一種非常深沉、寧靜的冥想狀態。就像桔子的味道你必須親自品嚐過才能知道，你必須親自去體驗存在。一旦你嘗到了存在，你便知道了存在。而一旦你嘗到了存在的美妙滋味，你會對存在的渴望高於這世界的一切！

如何才能到達存在？冥想。為了達到最好的效果，每天早上至少冥想一小時，晚上就寢前冥想一小時。早上的冥想能讓你有好的狀態來應對新的一天。而晚上的冥想則幫你釋放掉白天的壓力，並帶你更好地入眠。盡可能地抽出時間來冥想，直到冥想成為你無需費力的常態。

This Session was compiled from various Sessions.

本章節彙編自其它章節

第三十二章 遊戲

Since we have such a large and mixed group, I don't know how to start. The best thing is to do that which is best for the greatest number. There really is no mass teaching that is very effective. Teaching, in order to be really effective, must be on an individual basis. The power of the Teacher when focused on a group is not nearly as powerful as when focused on an individual. The power used by the Guru is more intense with the individual; it's dispersed to the group; it's not concentrated. When the Guru works with an individual pupil, all the power flows through to the pupil to lift him to the place where he sees the Truth.

我們的團體已經變得非常龐大，有來自不同背景的朋友，這讓我有點不知道怎麼開始。盡可能讓最多的人獲益是最好的，但是集體教導的品質又不如單獨教導。當上師的力量作用於一個團體時，因為力量的分散而無法集中，使得作用於團體的力量遠不如作用於個人。當上師只與一個門徒一起時，所有的力量都會注入這個門徒，說明他提升到能看清真相的境界。

Now, each individual has a particular thing that he or she is seeking and needing at the moment. When I answer an individual on the point that he is asking, usually there are others who have the same question and who can benefit by it. Therefore, in general, I like to answer questions. But if you want, I'll give you a short synopsis of the subject.

每個人此刻都帶著他自己的問題和需要。當我回答一個人的問題時，通常有著同樣問題的人也會從中受益。所以，我比較喜歡回答問題。但如果你們需要的話，我可以給你們一個綱要。

Basically, we are all infinite, perfect Beings. I assume that most of us accept this, at least theoretically. We are told this by the scriptures, especially the Hindu scriptures. The Masters tell us this. I come along and say the same thing. But why don't we express this infinite, perfect Being that we are? The reason why

we don't express it is that through habit of lifetimes, we have played a game of limitation. We have played it so long that we have completely forgotten that we have been playing a game of limitation and that our real basic nature is infinite. We do not look at this infinite Being that we are. We continue every day, every moment, looking at this little puppet that we set up, called the body, and assume that we are that body. So long as we keep looking at this body as being us. We are stuck right there; we cannot see our infinity, we don 't know that it is; and we go on and on, lifetime in and lifetime out, assuming that we are a body.

我們本質上都是無限而完美的存在。我假設大多數人都能接受這個觀點，至少在理論上如此。我們在很多經文中都讀到過這一點，尤其是印度文獻。大師們都這麼說，我說的也是同一個東西。但為什麼我們無法表達我們所是的無限而完美的存在呢？因為累世的慣性，我們一直都在玩限制的遊戲。我們玩得太久了，以致于我們完全忘記我們是在玩一個限制的遊戲，而我們的本質又是無限的。我們不會去看我們所是的無限存在。每一天，每一秒，我們都在看著我們自製的傀儡——身體，並假設我們就是那身體。我們把這身體當成是我們自己，於是我們卡在那裡，無法看到我們的無限，因此也就無法知道我們是無限的。累生累世，我們都假設自己只是一具身體。

We have done this for so long that it takes a super will to move in the opposite direction, to look at and see the infinite Being that we really are. This super will can take us a way from assuming every moment that we are a limited body. If we would do it for just one second and see this infinite Being that we really are, we would use that second to undo much limitation. But first we must assume that we are infinite. Then we must start undoing the limitations. We must actually accept that we are not this body, that we are not this mind. and until we do that we have absolutely no chance of getting out of this trap, called "The Game of Being limited Bodies."

我們這麼做已經太長時間了，所以會有強烈的意願想要往相反的方向走，去看清我們所是的無限存在。這種強烈的意願會將我們帶離身體的假設。如果我們能看到我們所是的無限存在，哪怕只是一秒鐘，我們也能借用這一秒鐘來釋放很多的限制。但首先我們必須假設我們是無限的，然後開始釋放限制。我們必須接受我們不是這具身體、這顆頭腦的事實，否則絕不可能脫離這個叫做“成為有限身體的遊戲”的陷阱。

So, as the scriptures say: Thou Art That. Be still and know it. Every thought we have is necessarily a thought of limitation. Let go of thought, - get still.

所以，正如經文中所說的“你就是那”。讓自己安靜下來，知道你就是那。我們的每一個念頭無一例外地都是限制的念頭。所以，釋放念頭，讓自己安靜。

The methods are, as we know, to get quiet. Quiet the mind. The moment the mind is quiet enough, this infinite Being that we are becomes self-obvious. So the method is very simple: quiet that mind enough so that you see this infinite Being that you are. Now the moment you see it, the moment you see this infinite Being that you are, you'll immediately go to work to undo the remaining thoughts that you are not it. And when there are no more thoughts, there's only the infinite Being left. 我們都知道這個方法很簡單，就是讓頭腦安靜。在頭腦足夠安靜的那一刻，我們所是的無限存在就會自動顯現。一旦你看到你所是的無限存在，你就會立即著手釋放你所不是的殘餘念頭。當念頭不復存在時，便只剩下這無限的存在。

Very oddly, what you are seeking is the very closest thing to you. Every time you say "I" that's It. When you say "I," you're talking about the infinite Being. When you say "I am a body" you're saying "I, the infinite Being, am a limited body with a limited mind." It's really as simple as all that. But simplicity does not mean it's easy to let go of the habits that you have been hanging onto for eons.

非常古怪的是，你所尋求的其實離你最近。每次你說“我”，你就找到了，因為你正在談論的就是無限存在。當你說“我是一具身體”，你就是在說“我，這無限存在，是一具有著有限頭腦的有限身體。”這真的非常簡單，但簡單並不意味著釋放你累世所執著的慣性是容易的。

This, that everyone is seeking, the thing that everyone calls happiness, is nothing but the infinite Self that we are.

Everyone, in his every act, is seeking this infinite Self that he is, calling it by other names: money, happiness, success, love, etc. Having been told this, -and again, we've been told this many times before, - why don't we just be what we are and stop trying to be what we are not, - a limited body? Can anyone answer that? Why don't we stop being limited?

每個人所尋求的幸福其實只是我們所是的無限真我。每個人，在他的每個行為中，都是在尋找他所是的無限真我，只是他會將其稱為錢、幸福、成功或愛等等。再說一次，我們為什麼不能簡單地成為我們的所是，為什麼不能停止成為我們的所不是？有誰能回答嗎？為什麼我們不能停止成為有限？

Q: Because we can't.

問：因為我們不能。

Lester: You mean an infinite Being can't stop being limited?

答：你的意思是無限的存在不能停止成為有限？

Q: Because we don't want to.

問：因為我們不想。

Lester: Right. We don't want to!

對：對。我們不想！

Q: The infinite Being doesn't want to?

問：無限的存在不想停止？

Lester: Yes. I, the infinite Being, think I am a limited body, and I've been doing this so long that I, the infinite Being, don't want to let go of constantly assuming I am this limited body. Does that make sense?

答：是的。我，這無限的存在，以為我是一具有有限的身體，並且長期以來一直這麼認為，以致於我，這無限的存在，不想放開“我是這具有有限的身體”的假設。有道理嗎？

Q: Yes.

問：是。

Lester: Every time you say "I" without going any further, you're talking about the infinite Being that you are, but you immediately add to it "am this body." If you would only just say "I-I-I" from here on, you'd get full realization, because as you're saying "I-I-I" you're concentrating on "I" and not saying, "I am a little body with needs."

答：每次你說“我”並且沒有下文的話，你就是在談論你所是的無限存在，但你會立即加上“是有限的身體”。如果你從此刻開始只是說“我，我，我”，你就會獲得完全的開悟，因為當你說“我，我，我”的時候，你是專注在“我”之上，而不是說“我是一具有需要的身體”。

So there's no one who is not every moment experiencing the infinite Being that he is. As long as he experiences an "I" he is experiencing this infinite Being that he is.

所以我們無時無刻不在經驗著我們所是的無限存在。只要我們經驗“我”，我們就是在經驗我們所是的無限存在。

However, you don't want to see that. You want to be the body. So, what is required? First, saying to yourself "I am not this body, I am not this mind; then what am I?" If we reject this body and mind enough, what we are becomes self-obvious.

然而，你並不想看到你所是的無限存在。你想成為這具身體。所以要怎麼做呢？首先，跟你自己說：“我不是這具身體，我不是這顆頭腦，那麼我

是什麼？”如果我們對這具身體和這顆頭腦否認得足夠多的話，我們的本然就會自動顯現。

We can never become an infinite Being because we are that. We can just let go of the concepts that we are not it. We can just let go of the concepts that we are a body, a mind. The first thing needed is the desire to let go of this limited beingness that we think we are. A very strong desire to be the infinite Being that we really are is the only thing that we need to get there quickly.

我們永遠都無法變成無限存在，因為我們本就是無限存在。我們只需釋放掉我們不是無限存在的那些信念，釋放掉我們只是一具身體、一顆頭腦的信念。首先我們需要的是強烈的渴望，渴望回歸我們所是的無限存在。

But, as he said, we don't want it. If we really wanted It, we would have It. There is a difficulty, of course, and what is the difficulty? It's the habit; it's the unconscious habitual thinking; it's the mind. So we attack it by attacking this unconsciously very-thinking mind. The mind is the only cover over the infinite Being that we are. We must stop thinking long enough to see what we are, and that "long enough" can be just one second. If you would stop thinking for one second (thinking includes the unconscious thinking too), -if you would stop thinking for one second, the tremendous liberating shock of seeing what you are, would cause you to use this infinite power that is yours, to scorch the mind. The mind can be scorched in large amounts, each and ever-y time we will, just for a moment, drop into that unlimited state of no thinking.

但是，正如他之前所說，我們並不想要它。如果我們真的想要它，我們就會得到它。困難就在於慣性，也就是無意識的慣性念頭，我們的頭腦。頭腦是掩蓋無限存在的唯一障礙。我們必須停止思考，以看清我們的本然。哪怕只是停止思考一秒（思考包括無意識的思考），看到真我時所帶來的巨大衝擊和釋放，都會讓你能夠利用你的無限力量來燒掉頭腦。每次我們進入無念的無限狀態，須臾間也會燒掉很多頭腦。

I guess the next question is: How do we create the desire for it? If the desire is strong enough, anyone can see and fully be the infinite Being in a matter of weeks, months, a few years. If anyone of you had a strong desire to see this infinite Being that you are and just kept that desire only, in a few months you would see and remain as the infinite Being that you are. You would stop imagining yourself to be a limited body. So the key is desire.

我想你們會問的下一個問題是：我們如何才能創造對回歸無限存在的渴望？只要渴望足夠強烈，任何人都能在幾星期、幾個月或者幾年後看到並完全回歸無限存在。如果你們中的任何人對看到無限存在有著強烈渴望，並且只保持那一份渴望的話，幾個月後你會看到它。你會停止把自己想像成一具有限的身體。所以關鍵就是渴望。

When you desire to be a body-beautiful, a body-healthy, all these thoughts prevent you from seeing the infinite Being that you are. You simply must exchange all your desires for the one desire to discover your infinite real Self, I'd like some questions now on what I've said so that I can get closer to your wishes. 當你渴望你的身體變得美麗健康時，所有這些念頭都會阻止你看到你所是的無限存在。你必須把所有的欲望都換成是對發現你的無限真我的渴望。現在你們有什麼問題嗎？

Q: While doing "What am I?" I looked at the stars and I got an idea that I could be the stars. Then I talked to someone else and they said. "No. you don't do that." And I thought. "Well, for God's sakes. I am going to find out how to do it!"

問：當問自己“我是什麼”時，我看著天上的星星，當時有一個想法：我可以是那些星星。我告訴別人我的這個想法，他們說：“不，你不能。”但是我想：看在上帝的份上，我要去發現如何才能做到。

Lester: You're talking about a method called Self Inquiry, which is really the very top method. The final question we all have to

answer is: What am I? And when that answer comes, that's It. So why not pose that question at the beginning? When you pose the question "What am I?" whatever answer the mind gives cannot be right because the mind is the cover over your real Self. The mind is the thing that limits you. The method is to hold only the question "What am I?" If another thought comes in, quickly stop it by saying to yourself, "To whom is this thought? Well, to me. Well, what am I?" And you're right back on the track.

答：你所說的是一種叫做“自我探索”的法門，那是一種非常高級的法門。我們要問的最後一個問題始終都是“我是什麼”，並且答案都是“它”。所以為什麼不從一開始就問那個問題呢？當你問“我是什麼”時，頭腦給出的任何一個答案都不是正確的，因為頭腦掩蓋了你的真我，是限制你的東西。方法就是保持“我是什麼”的問題。如果別的念頭跑了進來，立刻問自己“誰在想”，當然是“我”在想。再問“我是什麼”，如此就又回到原來的軌道上。

Q: I see. Thank you.

問：明白了。謝謝

Lester: Now there are just a rare few on our planet who can successfully use that method. Therefore I suggest we use it this way: always seek the answer to What am I? No matter what you do during the day, whether in meditation, reading and so forth, in back of your mind always keep that question poised and posed, ready and waiting for an answer: What am I?... What am I? I use what rather than who because who is a personal pronoun and tends to lead us into being the body. "What" is more impersonal. But this question should always be held. No matter what path we follow, no matter what method we use, we should always hold in the background "What am I?" And if we do that, eventually we must see the full answer.

目前在我們的地球上，很少有人能夠成功地使用那種法門。因此我建議你們用我所說的這種方法，也就是找出“我是什麼”的答案。不管你是在閱讀

還是冥想什麼的，在頭腦之後始終保持“我是什麼，我是什麼...”的問題，然後靜待答案的浮現。我之所以用“什麼”而非“誰”，是因為“誰”是個人稱代詞，會造成我是一具身體的暗示，而“什麼”則不會如此。但是不論你修的什麼法門，你都應當在背景中始終保持“我是什麼”的問題，最終你會看到完整的答案。

Q: Pertaining to that, how many times does one ask the question?

問：那這個問題要問多少次？

Lester: Every time a thought, a stray thought, comes into the mind, we must say, To whom is this thought? Well, its to me. Then, what am I?" This will have to be repeated after each stray thought.

答：每當有無關的念頭跑入頭腦中時，我們都必須問“誰在想”，當然是“我”在想，然後順勢再問自己“我是什麼”。每個無關的念頭之後都要重複一次。

Q: But if no thoughts come then it is not to be said?

問：如果沒有念頭進來就不必重複？

Lester: Right.

答：對

Q: You wait then for an answer.

問：只需等待答案？

Lester: Wait to see; you don't wait for an answer, an answer would come from the mind.

答：等待看到答案。你不必等待答案，因為答案會自動浮現。

Q: You wait to see?

問：等待看到？

Lester: Yes, you wait to see. The Self becomes self obvious. All of a sudden It's there and you realize It has always been there, that you have been looking away from it by deluding yourself into thinking you're a body, a mind. And then you see yourself as all beingness. You become every person, every animal, every insect, every atom in the universe. That the beingness of the universe is only your beingness, is what you discover. It's there; It's there right now! But you are looking away from It all the time. When the mind is quieted enough, It's there. It's the "I" that I am, -that's It. There's nothing closer to you than that. Most of the time you are seeking It out there, through a body, and It isn't out there; It's the "I" in here, that is the infinite Being.

答：是的，等待看到，真我會自動顯現。突然間它就出現在了那裡，你意識到它一直都在那裡，只是你一直都把自己想像成一具身體、一顆頭腦，從而無法看到它。現在你看到了自己就是一切存在，你成為了宇宙中的每一個人，每一個動物，每一隻昆蟲，每一粒原子。你發現了宇宙的存在就是你的存在，此刻它就在那裡！只是你一直沒有去看它。當頭腦足夠安靜時，它就在那裡，它就是我所是的“我”，沒有比它離你更近的東西了。大多時候你都向外尋找它，通過你的身體，但是它並不在那裡，因為它就是此地的“我”，它就是無限存在。

Holding only that question is not easy and therefore I suggest holding it in general. Get in the habit of always seeking what you are, no matter what method you're using. And when quietness of mind comes, to the degree that there's no other thought on your mind but "What am I?" this stilling of all the other thoughts makes your Self self-obvious to you. It's right there where you are, wherever you are, - right where the "I" is.

只保持那個問題並不容易，因此我建議你們盡可能地保持。讓它成為一種習慣，而不論你用的什麼法門。當頭腦足夠安靜時，其它念頭的靜止會讓真我自動顯現。它就在你當下的所在，而不論你身處何方。它就在“我”的所在。

So again, hold that question, - no matter what method you use, until the answer shows itself, until it becomes obvious.

所以再強調一次：保持那個問題。無論你用的什麼法門，保持那個問題直到答案自動浮現。

Q: It seems very hard.

問：聽起來很難

Lester: It's hard to let go of the habit of thinking every moment that you are a limited body. We're just bombarding ourselves all the time with the thought: I am a body; I am a body; I am a body. This goes on all the time so that we don't see the infinite Being that we are. It's a constant bombardment of: I am a body with involvement.

答：釋放每時每刻認為自己是有限身體的慣性念頭很難。我們無時無刻不用這念頭轟炸自己：我是一具身體，我是一具身體，我是一具身體...以致於我們無法看清我們所是的無限存在。

Meditation is an attempt to quiet the mind by holding one thought so that other thoughts die away. By holding that one thought, - if we can get to the place where just that one thought is there. ---that's enough quieting to see the infinite Being that we are. There isn't a method that doesn't try to effect the quieting of the mind so that the infinite Being that we are can become self-obvious.

冥想是通過保持一個念頭來讓頭腦安靜。只要能專注在一個念頭上，那樣的安靜程度足可讓我們瞥見我們所是的無限存在。只要頭腦足夠安靜，無限存在就會自動顯現。

Q: When you say "self-obvious" what does your real Self feel like?

問：你說真我會“自動顯現”，那麼真我是怎樣的？

Lester: When you get toward the end, as Vivekananda said, you see that there never was anything but "I" all alone. Now, if there's nothing but "I" all alone, then "I am everything, everyone," is your feeling. You look upon every other body as equally your body. You see everyone as you; just as you see your body as you, you see everyone as you.

答：當你到達終點時，正如維韋卡南達所說，你會發現只有“我”存在。如果只有“我”存在，那麼你感受到的就會是“我就是一切，我就是所有人”。你把其它身體看成是自己的身體，把每個人都視為你自己。

The feeling is indescribable. It's such an intense experience, far beyond anything that limitation today will allow, that you'll never know it without experiencing it. But, from the level where we are, it's the thing we call happiness. It's joy unlimited, - infinite joy. At first it comes on as an elation; it's overwhelming; it's hard to contain; it gets to be uncomfortable. You get slap-happy, punch drunk, ecstatic; it gets to be annoying. And then you work at it until it falls a way and what's left is a very deep, profound, delectable peace. It's a peace that is so much better than the extreme joy that you had before, that you don't look for that joy any more. The joy state is not the ultimate; the ultimate is the peace state. Every one of us can get a taste of it at times.

那種感覺無法言說，是一種極度強烈的體驗，遠遠超過限制所能允許的，所以只有體驗過才會知道。但是就我們目前所知，它是我們所說的“幸福”。是一種沒有邊際的喜悅！一開始它是興高采烈的，且勢不可擋，之後會讓你感覺不舒服。就像醉酒時會頭昏眼花，感覺非常亢奮，之後那種感覺會變得有些惱人。但是待那感覺退去後，剩下的是一種非常深沉、愉悅的寧靜感。那種寧靜感要比你之前有過的狂喜美妙多了，以至於你都不再尋求那種狂喜。狂喜不是終極之境，寧靜才是。我們每個人都能在某個時刻體驗到那種寧靜。

Q: Then it's possible to come across this and then lose it?

問：我們都有可能邂逅它，然後又失去它？

Lester: Oh yes. Many people do. The first time we really drop into it, we are not able to maintain it because the habit of thinking takes over again. And the moment we're thinking, we are thinking we are limited. Every thought must be a thing of limitation.

答：是的，這是普遍情況。第一次我們歪打正著地撞見它，還沒有能力留住它，因為思維的慣性會再次接管我們。每次我們思考，我們都是思考我們是有限的。所以每個念頭都是限制的產物。

Let go of the game of being limited; let go of the world. Don't try to control it. Don't try to enjoy it. Take all your joy from within. Then, what was formerly the game assumes a sameness picture. Everything becomes the same. If everything is the same, and it is in the Absolute Truth, where can there be a game? If you get caught up in a game, you're caught up in an eternal illusion. The game will never end. And if you're in the game, you're away from your infinite Beingness. There is always a certain limitation in the game that will always keep you from being fully satisfied.

釋放成為有限的遊戲，釋放整個世界。不要控制它，也不要享受它。從內在去挖掘你所有的幸福。到那時，一切的外在呈現依然如故，如之前遊戲中的那樣。倘若一切看起來依然如故，但這次卻是在實相中，那麼何來的遊戲呢？如果你陷在遊戲中，你就是陷在永恆的幻象中。遊戲永遠不會結束。如果你在遊戲中，你就是遠離了你的無限存在。遊戲中總是會有某些限制，讓你永遠無法得到完全滿足。

So there is a step above the game of playing we are bodies and that step is where everything becomes exactly the same. And that exact sameness is only you, your beingness. There is an infinite Oneness left and that infinite Oneness is you and is your beingness. It's beingness being all beingness. And there's no separation; there's only beingness, being all beingness.

所以有一步是在成為有限身體的遊戲之上，而那一步外在的一切依然如故。沒變的其實是你，你的存在。只剩下無限的“一”，而那無限的“一”就是你，你的存在。那是作為所有存在的存在，沒有分離，只是存在，作為所有存在的存在。

Now, of course it takes experiencing it to really know what this beingness is. I am convinced that the best description of the top state is Beingness being all Beingness.

當然，只有體驗過，你才會知道存在是什麼。我深信對那種境界的最佳形容是“作為所有存在的存在”。

Q: How can I increase my desire for It?

問：如何才能增加對它的渴望？

Lester: Only you can do it. No one can do it for you. This is the unique thing about it. You have to do it. The grace we hear of always exists. Its the inner beingness that we are making us uncomfortable until we reestablish the original state. Desire for happiness is the grace. It's always there. All we need to do is to recognize it and take it.

答：只有你自己能做到，在這點上沒有人能幫你。這是它的獨到之處。我們聽到的恩典一直都在。它是我們所是的內在存在，是我們需要重建的初始狀態。對幸福的渴望就是恩典，它一直都在那裡。我們要做的就是認出它，接受它。

Q: How does God get made into man? Isn't it somehow sacrilegious to try to change back?

問：上帝是怎麼變成人的呢？人變回上帝不是有點瀆神嗎？

Lester: No. Anyone who tells you that doesn't want you to attain the top state. But it happens this way: It's like going to sleep at night. You dream you're born into a little infant body; then you are a week old, a year old; then twenty, then forty; and you dream you have problems and problems and

problems. Remember, this is only a night dream. This goes on and on, and you get so tired of it that you dream the body dies. Then you wake up. Where did you ever change yourself while in that dream? You didn't! You say it never was; it was all concocted in my mind, right?

答：不。任何跟你這麼說的人都是因為不想讓你到達最高境界。但事實就是如此。這就像夜裡睡覺時，你夢到你以嬰兒的身體降生於世，然後你一個星期大，一周歲大，再然後 20 歲，40 歲，你夢到你有很多很多很多的問題。記住，它僅僅是場夜夢。這樣的情況不斷持續著，你感覺疲憊不堪，於是你夢到身體死了，然後你就醒了。在夜夢中，你自己何曾改變過？你從未改變過！你說它從來都不是真的，它僅僅是我頭腦的杜撰，不是嗎？

That's exactly how we do it in this waking state. This waking state is a sleep state. We are totally asleep to the reality of this infinite Beingness that we are. We are no more awake to the Truth right now than when we are asleep at night. We are just dreaming that we are awake. Actually this is a sleep state that we need to awaken from, and when we do, then we say, "Oh, my gosh, it never was! I never was a limited body! I was always that infinite Being that I am!"

這就是我們在醒來時的情況。這種醒著的狀態其實是沉睡狀態。對於我們所是的無限存在這個真相而言，我們是完全沉睡的。我們只是夢到我們是醒著的，而實際上這是一種沉睡狀態，是我們要從中醒來的。當我們真的醒來時，我們會說：“哦，天啊，它從來都不是真的！我從來都不是一具有限的身體！我一直都是我那所是的無限存在！”

So we mentally create a dream called the waking state of the world. However, it's just a dream-illusion. But to recognize that it's a dream, you must wake up out of this state. Does that make sense? So the answer to "How did we do this?" is that we are dreaming it!

所以我們是在頭腦中創造了一場睡夢，這場睡夢被稱作“世界的清醒狀態”。然而，它僅僅是場夢幻。但是為了意識到它僅僅是個夢，你必須從

那種狀態中醒來。能聽得懂嗎？所以“我們是怎麼做的”的答案就是“我們夢見它”！

Q: Deliberately?

問：故意地？

Lester: Yes, deliberately. You see, we start off as infinite Beings in a passive way.

答：對，故意地。你知道，我們是以一種消極的方式從無限的存在出發。

We go down to the bottom, that's where we are now, - then go back to the top and again see our infinity. But after going through that, there's a positive knowingness of our infinity, whereas before it was a passive knowingness.

我們降到最低處，就是我們現在所處的位置，然後回到最高處，再次看到我們的無限。但是經過這麼一番折騰，我們對我們的無限有了主動的認識，而在之前是一種被動的認識。

It's something like this: "Perfect health" is a meaningless term to someone who was born perfectly healthy and stays that way all his life; he doesn't positively know what it is. And yet, it's a nice state when he's in it. But he's passively healthy; he cannot fully appreciate it. However, if he got very sick and was on the verge of dying for many years and then reestablished the perfect health state, then that perfect-health state would be far more meaningful to him than it was before he got sick. And this is the silly thing we do to ourselves: We go from infinity down to where we are and back up to infinity with a positiveness of knowing the infinity that we are. But we pushed, on the way down, in a way that we lost sight of what we were doing. And if we look within, we'll discover this.

這就像“完美的健康”對某些生來就有著完美的健康、且終其一生都是如此的人而言是毫無意義的，因為他對完美的健康沒有主動的認識。這樣的狀態固然好，但因為他是被動的健康，所以他無法對此心存感激。然而，一

旦他得病，並且多年都徘徊在死亡的邊緣，那麼他不得不重建完美的健康狀態，那時完美的健康相比他得病前要有意義得多了。這就是我們對自己幹的蠢事。我們自無限來，然後降到我們現在所處的地方，再帶著對無限的主動認識重新回到無限。在下降的過程中，我們無法看清自己在做什麼，唯有向內，我們才能發現這一點。

Q: That's the first time I've heard a sensible explanation of the whole mess. First time it's ever been explained why we've been pulled down.

問：在我們所處的混亂方面，這是我第一次聽到這麼合理的解釋。第一次聽說我們為什麼會被往下拉

Lester: O.K., now go back up.

答：好的，現在重新回到上面。

Q: Is there one person doing this?

問：有沒有一個人正在這麼做呢？

Lester: There is one Beingness doing this. I think the best example of this is that of the ocean and the drops. We, the ocean of beingness, imagined little tiny circles around parts of us that we called drops; and this drop says. "I am separate from that drop and separate from all the other drops." It's an imagined circle around part of the ocean calling itself a drop. But actually every drop is the ocean. It has all the qualities of the ocean: it's wet, it's salty, it's H₂O, and so forth. I think that example might make sense. Or, it's like a comb and each tooth says to the other. "I am separate from you." It's all one comb, and we are the teeth saying that we are separate, when in actuality it's just one comb. Remember, you are the one infinite ocean of Beingness. It is the "I" that you are. Seek It. see It, and forever hold It!

答：有一個存在正在這麼做，就是海洋和水滴。我們這存在的海洋，想像著小小的水滴環繞在我們的周圍，小水滴說：“我和那顆水滴是分離的，

我和其它所有的水滴都是分離的。”但實際上每顆水滴都是海洋，每顆水滴都有著海洋的本質，都是濕的、含鹽的，都是 H2O 等等。我想這個例子可能說得通。或者，它就像梳子，每個齒都對其它的齒說：“我和你是分離的。”都是同一把梳子，而作為齒的我們卻說我們是分離的。記住，你就是那無限存在的海洋。你就是“我”。尋找“我”，發現“我”，並永遠地處在“我”中！

This Session was recorded in Los Angeles, May 20, 1968.

錄於 1968 年 5 月 20 日，洛杉磯

第三十三章 開悟 釋放無意識

Our subject is called many things by many schools. I like to call it happiness. That which gives you the ultimate in happiness is the discovery of the Truth of you. When you get to completely know you, you reach the ultimate joy, the peace of satiation. You discover that you are the All and that your former worldly search was your trying to find your real self in the world; and that there you never could discover the real you, the consequence of which was that you were never satisfied.

我們要談論的主題，不同的學派有不同的說法。我喜歡將其稱為幸福。如何才能獲得終極幸福？去發現你的真相。當你完全地了知你自己，你就獲得了終極的幸福、寧靜和圓滿。你發現你就是全部，你之前在世俗中苦苦求索的其實是你的真我，在世俗中你永遠無法發現真正的你，也就永遠無法滿足。

You are this thing called happiness. Your basic nature is infinite joy, far beyond anything your mind could comprehend. That's why everyone is seeking happiness. We're all trying to return to that wonderful inherent state that, when discovered, is ours all the time. However, we do not find it because we are looking away from, rather than toward it. We must look within.

Basically we are infinite Beings. Vole have no limitation; we have all knowledge; we have all power and we are omnipresent, here and now. There isn't anyone who doesn't possess these three things.

你就是幸福。你的天性是無限的喜悅，這無限的喜悅遠遠超過你的頭腦所能理解的，所以你一直都在尋找幸福。我們所做的努力都是為了回到我們的本質，最終我們會發現那一直都是我們固有的。然而，我們無法找到它是因為我們偏離了它，而非對準它。我們必須向內看。本質上我們都是無限的存在，我們沒有限制。此時此地我們都是全知、全在、全能的。沒有一個人不具備以上三點。

The difficulty in discovering our purpose and goal in life is that because we are infinite, we can make ourselves infinitely small. And this is exactly what we have done. We have achieved the extreme in limitation. We couldn't be much more limited than we are right now. In this universe, which is infinite in size, and in the three worlds, we are at the extreme end of limitation. We have imagined ourselves, and frozen ourselves, into physical bodies, and because of so many millennia of looking at ourselves as bodies, we have become convinced that we are these physical bodies.

發現我們生活的目的之所以困難，是因為我們是無限的，我們能夠無限地限制自己。這就是我們所做的。我們達到了限制的極限，不能比此時的限制更有限的了。在這個無限龐大的宇宙，在這三個世界中（物理界、星光界、起因界），我們處於最有限的世界（物理界）。我們用臆想將自己封印在物理身體中，並且累生累世都將自己看成是肉體的存在，我們對自己是物理身體的假設深信不疑。

Beings are capable of seeing all realms that are denser than their's. In the subtlest realm, the causal world, beings can perceive the denser astral and physical realms. In the astral world, beings can perceive the denser physical world. And because we in the physical realm cannot see a denser realm, we are in the densest, most limited realm possible.

所有的存在都能看到比自己更粗鈍的次元。在起因界這個最精微的次元，那裡的存在能夠感知到下面的星光界和物理界。星光界的存在能夠感知到下面的物理界。因為我們是在最粗鈍的物理界，所以無法看到比我們更粗鈍的次元。

The physical body being the extreme end of limitation possible to us, we feel cramped; we hurt; we reach out. We try to express our freedom in the physical world. We try to eliminate time and space, to go faster and further.

由於物理身體處在限制的極點，我們因此而感到被困住，感到受傷害，於是我們向外尋求突破。我們試圖在這物理世界表達我們的自由，試圖消除時間和空間，想要走得更快更遠。

I'm pointing out how far we have gone in accepting limitation since we came into a physical body, and that this is the reason why it is so difficult for most of us to discover the Truth of ourselves, which is: we have no limits.

自我們進入物理身體，我們在接受限制這條路上已經走得太遠，這就是為什麼對我們大多數人而言發現真相是如此之難的原因。真相就是：我們是無限的。

However, there's an advantage to being in this very limited state. Because we are so cramped we have more of a desire to get out of it than we would if we were living in a harmonious heaven where everything was easy and immediately available; where life does not prod us into trying to get liberation. We have a very distinct advantage in being here. We are forced to seek a way out. We are trying in many ways and with many methods to get free.

然而，身處這個非常有限的次元也是有優勢的。因為我們的限制如此之大，以至於相比更高次元的存在，我們更渴望從中脫離。如果我們身處一切都唾手可得的天堂，那樣的生活便無法刺激我們想要從中解脫。但在這裡，我們有著非常明顯的優勢，那就是我們被迫尋找出路。我們有很多的方法可以獲得解脫。

No matter what the methods are, they all must end up doing the very same thing: freeing us of our concepts of limitation. The methodology must quiet our mind, must do away with thoughts. Every thought is a concept of limitation. When thoughts are undone, what's left over is the infinite Being that we are. Unfortunately, we set into motion an automatic way of thinking called the subconscious mind. There, we relegate thoughts to the background and let them operate without

needing to pay any attention to them, and we have lost sight of them.

不管什麼樣的方法，最終都是為了讓我們從限制性信念中解脫——讓頭腦安靜、讓念頭離開。每個念頭都是有限的。當念頭被釋放時，剩下的便是我們所是的無限存在。不幸的是，我們設置了自動思考模式，也就是潛意識頭腦。我們把念頭打包進背景中，讓它們自行運轉，而無需我們的關注，因此我們也就看不到它們。

In the beginning it was an advantage in operating a physical body, because originally we had to operate every part of the body consciously, -every cell, every organ, -and to eliminate all that attention, we put it on automatic control via the subconscious mind. And the subconscious mind is the real difficulty when we try to let go of thoughts. It's difficult because we are in the habit of not looking at it. Not looking at it, we don't see it. Since we don't see it, it goes on and on, lifetime in and lifetime out. We are so married to our thoughts that we never even think of divorcing them. And until we do we will continue, blindly attached to physical bodies and, in the overall, having a miserable life. For every ounce of pleasure we take, we get pounds of pain; and it must be that way because the pleasure we are trying to get is by seeking our very own Self externally in the world and through the body, and it just isn't there.

運作一具物理身體一開始是種優勢，因為我們必須有意識地運作身體的每一部分——每個細胞、每個器官。後來為了免除所有這些關注，我們通過將其交給潛意識頭腦來讓它自動運轉。然而當我們試圖釋放念頭時，潛意識頭腦成為了實實在在的麻煩。之所以困難是因為我們習慣性地忽略它，忽略它也就無法看到它。而當我們無法看到它時，它依然在背景中累生累世地運轉著。我們跟念頭黏得太久，以致於從未想過要和它們分手。但若我們不和念頭分道揚鑣，我們會繼續無明地執著於身體，也就因此繼續痛苦下去。每一盎司的快樂，我們都要付出好幾磅的痛苦代價，因為我們總是通過身體向外尋求快樂，而快樂並不在那兒。

The methods, to be effective, must be in a direction of first quieting our thoughts; then actually getting rid of our thoughts. Make a conscious effort to bring up subconscious thoughts and when they are brought to the conscious plane, drop them. When they do come up, because they are very limiting and very negative as a whole, you want to drop them and you do. After you have dropped an appreciable number of them, then you can drop thoughts in large amounts.

有效的方法必須是先讓念頭安靜，然後釋放它們。有意識地將潛意識念頭拽出來，當它們被帶到顯意識層面時，釋放它們。當它們浮現時，由於它們是非常有限而負面的，你會很想且能成功地釋放它們。在你釋放了相當數量的念頭後，你就能釋放更多的念頭。

To drop thoughts in large amounts requires dropping the tendency or predisposition that has evolved from the accumulated thoughts on that one particular thing. Dropping the tendency or predisposition, one drops all the thoughts that caused that tendency or predisposition. In this way you may, at one time, drop a large accumulation of thoughts.

釋放大量的念頭需要釋放某個習性或癖好，習性或癖好是由相關的念頭累積演變而成。釋放了一個習性或癖好，也就釋放了導致該習性或癖好的所有念頭。以這種方式，你能一次就釋放掉大量的念頭。

For instance, if one has a tendency to like sweets, one could bring up from the subconscious one thought at a time and continue letting go of them until there are no more. This takes much time! However, if one drops the tendency itself, then all the subconscious thoughts that made up that tendency are dropped, and one is totally free from desiring sweets.

比如，某人喜歡吃甜食，他如果從潛意識中每次只拽一個念頭出來，持續地釋放它們直到沒有了相關的念頭，這需要花很多時間！然而，如果只是釋放吃甜食的癖好，那麼導致該癖好的所有潛意識念頭都能釋放掉，他也能從吃甜食的癖好中解脫出來。

Later, you reach a point where you can drop all the remaining thoughts at once, because having infinite power, you will have reached the point where you can see that you have this infinite power and you then can use it to wipe out the rest of the mind. That is why it is sometimes said that Realization is instantaneous. When you get that far that you can see that the power is yours, 'you wipe out all the remaining thoughts at once. Then you are totally free; you've gone all the way.

之後，你就到達能夠立刻釋放所有殘餘念頭的階段，因為當你擁有無限的力量時，你就會知道你是有這力量的，也就能夠利用這無限的力量來清除殘餘的念頭。這就是為什麼有時我會說開悟是瞬間的。當你走到那種程度時，你會知道那力量是你的，也就能夠立刻清除殘餘的念頭。那時你就徹底地自由了，你已經走完全程。

When this happens, you don't become a zombie and you don't disappear or go up in a flash of light. What you do is let the body go through that which you preset for it; and when you reach the end of the line of the action for the body, you will leave it with joy. You will leave it just the way you leave and let go of an old, worn-out overcoat.

當以上情況發生時，你不會變成僵屍，也不會消失，或者跟一道光走了。你只是讓身體去經歷你之前為它所預設的，然後當大限來臨時，你會帶著歡喜離開身體，扔掉這件破舊的外衣。

You will never die. People around you might say so, but to yourself, you don't die; you consciously drop the body the way you would drop an old, worn-out overcoat. But, again, you won't do this until you run the course that you preset for it. Now, I tell you this so you won't be fearful of dying if you get Realization.

你永遠不會死去。周圍的人可能會說你會死，但是對你來說你不會。你有意識地放開身體，就像扔掉一件破舊的外衣一樣。但是只有當身體走完了你為它預設的旅程後，你才會放開它。現在我告訴你這些，當你開悟時你就不會害怕死去。

So, attaining the ultimate state is not disappearing into a nothingness; it's a moving out into your omnipresence and letting go of confinement to only a physical body.

所以，到達終極之境不是消失於虛無中，而是出離身體，脫離身體的限制，並進入你的全在。

Now, to do this you must have a strong desire to do it. The only thing that keeps you from being the infinite Being that you are is your desire to be a limited physical body. When your desire shifts into wanting to get free of the extreme limitation I it's a start; but to go all the way you must have a desire to be totally free that is more intense than your desire to be a physical body.

你必須對此要有強烈的渴望。阻止你回歸無限存在的唯一障礙就是想要成為有限身體的欲望。當你的這個欲望轉變成想要脫離身體的限制時，你就走上了覺醒之路。但要走完全程，你對完全自由的渴望必須高於成為有限身體的欲望。

The reason why so few of us do make it is that most of us have a stronger subconscious desire to be a physical body than we have a conscious desire to be a free unlimited Being. Until you confront this and see what your desire really is, it is impossible to achieve total Freedom, total Realization. You should dig into the subconscious to bring up your desires, because unless you see them, you can't let go of them. The only reason why you are limited to the physical body is that subconsciously, you have a strong desire to be this limited physical body. When your conscious desire to be Free becomes stronger than your subconscious desire to be a physical body, then you'll quickly achieve your Freedom. And therein lies your ultimate happiness. I think that is an overall presentation of the subject. Now, if you have any questions I'd be very happy to do what I can to answer your specific questions.

之所以只有極少數人走完全程，是因為我們大多數人對成為身體的潛意識欲望要高於對完全自由的顯意識渴望。如果你不能直面這一點，看到你的真正欲望是什麼，那麼你就不可能獲得完全的自由，完全的覺醒。你必須深挖潛意識，掘出你的真正欲望，否則你就無法看到它們，也就無從釋放它們。你受限於物理身體的唯一原因就是你在潛意識層面強烈地渴望成為這有限的身體。當你在顯意識層面對完全自由的渴望高於成為有限身體的潛意識欲望時，你就能很快地獲得自由，那裡也是終極幸福的所在。我想以上就是這個主題的大致呈現。現在，如果你有任何問題的話，我會非常樂意地盡我所能來回答你的問題。

Q: How do you dig into your subconscious?

問：如何才能進入潛意識？

Lester: Good question. You do it by first, wanting to do it. It's very difficult when you begin, but as you do it, the more you do it the easier it becomes. You can actually reach a place where it becomes easy. Practice will do it. By practicing bringing up subconscious thoughts, the more you do it, the more you're able to do it.

問：好問題。首先你要想要進入潛意識。一開始的確非常困難，但當你練習多了以後，就會變得更容易。挖出潛意識念頭練習得越多，你就越有能力這麼做。

There are many aids to doing it. In the little booklet, The Eternal Verities, there are ways and aids like: "Get to the place where no one and no thing can disturb you." When someone disturbs you and you don't know why, the thought is subconscious. Bring up the thought. By constant trying you will develop the habit of actually getting it up; you'll see that there's a limiting thought, an ego or selfish motivation behind it and you'll drop it.

有很多方法可以做到。《永恆的真理》這本小冊子裡就介紹了一些方法，比如“到一個沒有任何人或事可以打擾你的地方。”當有人打擾你而你不知為何時，這念頭就是個潛意識念頭。把這念頭拽出來。通過持續的練習，

你會發展出挖出潛意識念頭的習慣，會發現在一個有限的念頭背後是小我在驅動，那樣你就會釋放它。

Q: Is just seeing the subconscious thought or motivation enough?

問：只是看到潛意識念頭或動機就夠了？

Lester: Just looking at it is not enough. You must consciously drop the thought or consciously will out the tendency or motivation. I'm assuming you'll want to let go of these thoughts because they're all limiting and negative.

答：不夠，你還要有意識地釋放它或者有意識地消除與之相關的習性或癖好才行。我是假設你想要釋放這些念頭，因為他們都是有限且負面的。

One reason why we don't like to dig them up is that we don't like to see how awful we are. But there's nothing good or bad; there's just moving in the right direction or the wrong direction. When we move in the wrong direction, we move toward more limitation and that's really so-called bad. But everything is experiencing. And when we don't judge ourselves, we move much faster.

我們不喜歡挖出它們的一個原因是我們不喜歡看到自己有多糟。但實際上沒有所謂的好壞之分，只有正確的方向和錯誤的方向。當我們走在錯誤的方向上時，我們是走向更多的限制，那才是所謂的“壞”。但一切只是體驗而已。當我們不再評判自己時，我們就會走得更快。

Q: When we don't judge ourselves?

問：當我們不再評判自己時？

Lester: Right. When we don't judge ourselves, whatever comes up, -so what? To get this far in your limitations, you have run the gamut of everything bad. It'll come up, but it's from past experiencing. Also, when you wake up you'll discover that you never ever were apart from your real Self, which is whole, perfect, complete, unlimited; that all these experiences were

images in your mind just like in a night dream you imagine everything that's going on. But while you're in a night dream, it's real to you. If someone is trying to kill you in a night dream, it's real; you're struggling for your life. But when you wake up from that dream, what do you say? "It was just a dream; it was my imagination." This waking state is exactly as real as a night dream. We're all dreaming we are physical bodies; we're dreaming the whole thing. However, in order to reach this awakened state. it is first necessary to drop a major part of your subconscious thinking.

答：對。當我們不再評判自己時，無論發生什麼，又能怎樣？一切壞事都是你自己創造的，它來自你過去的經歷。當你覺醒時，你會發現你從未與你的真我分離，真我是完美、圓滿且無限的。所有這些經歷都只是頭腦的想像，就像夜夢中所上演的故事一樣。但當你在做夢時，夢境對你而言是真實的。如果你夢到有人要殺你，你會以為是真的，會因此而掙扎反抗。然而，當你從那夢中醒來時，你會說：“僅僅是個夢而已，僅僅是我的想像。”這種醒來的狀態就同夜夢一樣真實。我們都夢到自己是一具身體，我們夢到一切。但是，為了達到覺醒的狀態，首先你要釋放掉大部分潛意識念頭。

Q: How do you see it when you come back after realizing it is a dream?

問：在你意識到這只是一場夢之後，你如何看待現實生活？

Lester: You see it like you now see a dream you had last night. You see it as a dream and that's how important it remains to you. The before and after picture is simply point of view: before you thought you were limited to a body and all these bodies and action were so real; after, you see it as a dream, like a moving picture. When you see characters on the screen, you can lose your awareness of yourself by identifying with one of the characters on the screen and you'll emote with him and feel unhappy.

答：你看待生活就像你現在看待昨晚的夢一樣。你把它看成是一場夢，一場夢能有多重要？覺醒前後的變化僅僅是觀點的變化：覺醒前你以為你是有限的身體，所有的身體和行動對你而言是如此真實；覺醒後，你把它看成是一場夢，一場電影。當你看著螢幕上的電影角色並認同其中一個角色時，你就失去了對自己的覺知，你會跟著他一起痛苦哀傷。

Q: But you don't have all the desires that you had before?

問：但是你不再有之前的所有欲望？

Lester: You have no desires because you wake up to the fact that you are infinite, you are the All, -there's nothing to desire. Desire limits you: "I don't have the All. Therefore, I must get it and I create desires to get it. "So desire is only a limitation. When you see the full picture you naturally lose all desire; there's nothing to desire if you are the All. Now, practically speaking, if you choose to go along with the dream you can act out a desire for the time being. And then act as though it's being satisfied. However, it's just an act and you play-act.

答：你不再有欲望，是因為你覺醒後發現你是無限的，你就是全部，那麼還會想要什麼呢？欲望只會限制你。“我沒有擁有全部，因此我必須得到它，於是創造了想要得到它的欲望。”所以欲望僅僅是種限制。當你看到全部的畫面時，自然地就會失去所有欲望，如果你是全部就不會再想要什麼了。實際上來說，如果你選擇認同你的這個夢，你會暫時地去實現你的欲望，然後表現得像是滿足了一樣。然而，你僅僅是在表演而已。

Q: How does the mind distinguish between bad and good?

問：頭腦是如何區別好與壞的？

Lester: By saying. "This is good and that is bad."

答：通過說“這是好的，那是壞的”。

Q: Is that an individual thing?

問：是個人的產物？

Lester: Of course. What's right in one country is wrong in another; what's right to you is wrong to someone else. It's a very individualistic approach. Of course, there's some general agreement on right and wrong; we generally agree we shouldn't kill each other. So right and wrong is a very individualistic standard. If you need a right and wrong, doing that which helps your growth is right; doing that which hinders your growth is wrong. That should be the right and wrong.

答：當然。在一個國家是對的，在另一個國家是錯的；對你來說是正確的，對別人來說是錯誤的。這是非常個人化的東西。當然也有一些普世的標準，比如我們都同意不應該殺人。所以對錯標準是非常個人化的東西。如果你真的需要對錯標準，那麼把有助於成長的看成是對的，阻礙你成長的就是錯的。這可以作為一項對錯標準。

Q: Do we learn the right from experiencing?

對：我們是從經歷中學習什麼是對的？

Lester: Yes, you learn the right by doing the wrong, (Laughter) right? And also by experiencing the right. Unfortunately, most of us do it by actually doing the wrong thing. We learn to keep our hand out of a fire by burning it. This is what seems to prod us more than anything else, - the hardships of life. We all want to get away from the misery of it, don't we? It should be the other way, that the wonderfulness of the right way should be the attractiveness of it. When you do get that far, then your growth is very fast and you're approaching the end of the line.

答：是的，你通過做錯事來學會什麼是對的，（笑聲）不是嗎？還有就是通過體驗對的事。不幸的是，我們大多數人都是做錯事後才學會什麼是對的。我們通過把手放入火中來學會不應該這麼做，似乎這才是最好的刺激。我們都想避開痛苦，不是嗎？但可以換另一種方式，讓正確的事所帶來的好處來激勵我們，那樣你的成長才會是迅速的，你是在接近終點。

Q: What did you mean by "After you're Realized, you live your life out as you preset it?" What does that mean?

問：你說“當你開悟後，你依然過著你之前預設的生活”。這是什麼意思？

Lester: We preset the behavior of this physical body before we enter it to put us through experiences that we hope to learn from.

答：當我們進入這具身體前，我們已經預設了它之後的行為，為了從中學會一些東西。

Q: Knowing that you would attain Realization this time?

答：知道你這一世會開悟？

Lester: No. Knowing that in past lives you subjected yourself to the law of action and reaction, cause and effect, karma (they're all the same thing), and that you want to continue that game. You did certain things when you were in a physical body before, so next time you want to set up similar things in a hope of undoing some of the things you don't like, and instigating the things you do like. But you cannot change anything that the body was preset to do by you. You're going to do exactly what you preset for that body before you came into it. There is no free will in worldly living. However, there is a free will. The free will we have is to identify with the real Being that we are, or to identify with the body. If you identify with the body, you're in trouble. So the free will is one of identity. Knowing this, it makes life much easier; you don't fight it. You aim for proper identity.

答：不知道。但會知道你在過去世中一直受制於業力，還知道你想繼續這個遊戲。在過去世中你做了一些事，所以這次你設置了類似的事，以消除你不喜歡的那些事，並延續你所喜歡的事。但你無法改變你為身體所預設的任何事情。在你進入這具身體前，你就準備好了要去實施你為它所預設的了。在世俗生活中沒有自由意志存在。然而，在你是認同真我還是認同身體這件事上，你是有自由意志的。如果你認同這具身體，你就會陷入麻煩。所以自由意志就是一種認同的選擇。知道這一點會讓生活變得更輕鬆，因為你不再抗爭，你的目的就是正確的認同。

Q: The desire for bliss, would that be enough to start your search for happiness?

問：對極樂的渴望是否足夠刺激你開始對幸福的追求？

Lester: Sure.

答：當然

Q: If one is sincere and isn't succeeding will a Guru help them?

問：如果一個人對此很真誠但卻沒有成功，上師會向他伸出援手嗎？

Lester: A realized Teacher is the greatest of all help; but He can't help you any more than you will help yourself. This is most important: He cannot help you any more than you will help yourself. When you try to help yourself, He joins you and helps you to a realization that you're ready for.

答：一個開悟的上師能提供最大的幫助，但如果你不自助，祂也無法幫助你。這是最重要的一點。如果你不幫助你自己，祂就無法幫助你。當你努力自助時，祂會加入你，幫助你實現你已經準備就緒的覺醒。

Q: He helps?

問：祂會幫助我們？

Lester: He helps you get a realization that you're ready for. If you're tapped on the chest and you get cosmic consciousness, it's because you're ready for it. Of all help, a Guru's is the greatest because He has gone the direction and He can help you go the same direction.

答：當你準備好覺醒時，祂會幫助你實現這一點。如果你敞開胸口，接受宇宙意識的注入，那是因為你已經準備好了。在所有的幫助中，上師的幫助是最大的，因為祂是過來人，祂能引領你走上同樣的道路。

Q: How is it that when you see the dream structure of maya and you see the real Self, then all of a sudden you're caught in the dream again and you believe it? What happened?

問：當你看清一切不過是場夢幻，了悟你的真我時，突然你又再次被夢境所吸入，又開始相信它是真的，那個時候是怎樣的，發生了什麼？

Lester: It is possible to see your real Self and fall back into the world. Why?-because you have not let go of the subconscious thoughts "I am this physical body; this world is real." You must go into your subconscious and make conscious all these thoughts and drop them. Or, see your Self to the degree that you see that your mind is external to you, something that you created, and then you just wipe it out. If you can't wipe it out, and very few of us can, keep picking a way at it; keep bringing up the subconscious thoughts and dropping them. Or, you can make it ineffective in large chunks by willing out tendencies. Take a particular tendency like smoking. If you've been smoking for years and years, you have thousands of little desires to smoke. The tendency is strong. However, you can say to yourself with will power, "This is ridiculous! I am through with this!" and never again have a desire for a cigarette. That's getting rid of all the thoughts of desire to smoke by willing out the tendency. That's one chunk: smoking.

答：看到你的真我之後又回到原地，這是有可能的。為什麼？因為你還未釋放“我是這具肉體，這個世界是真的”這樣的潛意識念頭。你必須進入你的潛意識，讓所有的念頭都浮出水面，然後釋放它們。或者，你越看到你的真我，就越能了知你的頭腦是你所創造的在你之外的某種東西，那樣你就能消除頭腦。但消除頭腦很難，極少有人能夠做到，所以最好還是不斷地挖掘潛意識念頭，然後釋放它們。再或者，消除一個習性或癖好，從而一舉幹掉大量的潛意識念頭。以抽煙為例，如果你是個有著多年煙齡的老煙槍，你會有成千上萬個想要吸煙的小小念頭，所以這個習性是非常強悍的。然而，你可以用意志力跟自己說：“這太荒謬了！我受夠了！”這樣香煙就不會再對你有誘惑力，通過消除吸煙這個習性，你就擺脫了所有想要吸煙的念頭。吸煙可是一大堆念頭的集合。

Q: That's one chunk; the whole bit clear back?

問：這一大堆念頭就都被清掉了？

Lester: Complete. I've seen many people do this on smoking with no problem. They just made that decision and that was it!

答：完全地。我看到很多人都這樣成功地戒了煙。他們只是做了個決定，然後就成了！

Q: And that's how you get rid of each thing that's bothering you?

問：這也是你擺脫每件困擾你的事的方法？

Lester: Yes. If you're jealous, look at it. If you're disgusted enough with being jealous you say, "Finished! Done! It is gone! and you can undo the whole thing. That's letting go of a huge piece of mind. That's letting go of many, many thoughts of jealousy that you've had in the subconscious; mind. It takes some maturity to undo that tendency.

答：是的。如果你忌妒，看著它。如果你受夠了忌妒的感覺，你說：“好了！都結束了！”然後它就消失了，你釋放了這一切，釋放了頭腦的一大塊，釋放了潛意識中很多很多的忌妒念頭。消除一個慣性需要成熟的時機。

Q: And it won't come back if you really do?

問：消除後它就不會再回來了？

Lester: Right. If you, with resolve and determination, really drop it, it is gone. You can try it on smaller things first. and when you succeed then go to something larger. Do it on one thing. Then you can do it on two, then on all. Do that which you can do. Keep doing this every day and it won't take you long. Make this a way of life. Grow every day. Every incident is an opportunity for growth. Everything you're experiencing is an experience of limitation. Every annoyance you have is an excellent opportunity to transcend that. Develop the habit of digging into your subconscious for the causative thought of the

annoyance and then dropping it. Daily striving assures quick arriving.

答：對。如果你是下了很大決心，真正地釋放了它，它就徹底消失了。你可以先拿一些小事練手。當你成功後，再玩些大點的。先從一件事開始，之後兩件，最後所有的一切都被清掉。做你能夠做到的。每天都做，那樣就會快點。讓它成為一種生活方式，每一天都成長。每件小事都是成長的機會。你所經歷的每件事都是有限的體驗。你所面對的每個困擾都是超越它的契機。挖掘困擾在潛意識中的根源念頭，把它發展成一種習慣。日復一日的堅持，會讓你更快到達終點。

This Session was recorded in Los Angeles, July 22, 1970.

錄於 1970 年 7 月 22 日，洛杉磯

第三十四章 覺醒吧

Lester: You've been given the direction on how to go all the way. So far, none of us have taken it. We've gone to the place where life is nice, easy and comfortable; we're satisfied, not totally, but satisfied enough not to go all the way.

你們已經知道了如何才能開悟，但目前為止沒有人做到。我們現在生活得不錯，輕鬆、愜意、舒適，我們感到滿足，但並非完全滿足，只是滿足到不想走完全程。

Q: Well, I'd like to go all the way, but it's always over the next hill. I get to this point and it's not there; and I get to the next one and it's not there.

問：我想開悟，但是它總是在下一個山頭。我到達山頂，它並不在這兒，於是我又去往下一個山峰，但它也不在那兒。

Lester: Not really, because it's right where you are. Over the next hill is where it isn't. Right where you are, where the "I" of you is, is where it is.

答：不見得，因為它就在你當下的所在。它不在下一個山頭，而是在你當下的所在，在“我”的所在。

Q: How come we don't know it?

問：為什麼我們會對此一無所知？

Lester: Yes, how come? That's what I want to know.

問：是的，為什麼？那也是我想知道的。

Q: That was my question.

問：那是我的問題。

Lester: Yes, but what is the answer? I say it's silly not to, because once you do, you'll never, ever have a moment of

unpleasantness, ever again. It becomes impossible to be unhappy. What's wrong with that? Why don't we do it?

答：是，但答案是什麼？我說不知道有點傻，因為一旦你開悟，你就永遠都不會再感到不快樂。到底哪裡出了差錯？我們為什麼會不知道？

I would say you don't believe it enough. You don't believe that you have no limits; you don't believe that life can be, every second, ecstatically happy; you don't believe that it can be totally effortless; you don't believe that you can do things mentally.

我會說是你對此不夠相信的緣故。你不相信你是無限的，不相信生活可以是時時刻刻的狂喜狀態，不相信它是不費吹灰之力的，不相信你可以心一想事就成。

Or, is it that we keep procrastinating? I say that if we really do want to go all the way, we do it. So, again, why don't we go all the way?

或者，是我們在不斷拖延？我說如果我們真的想要走完全程，想要開悟，我們就能做到。所以，我們為什麼不走完全程呢？

Q: Well, I think, in my case, I've probably hypnotized myself into believing the opposite. I've associated with the finite me all my life, in all my conscious awareness, to the degree that it is real to me.

問：我想，就我的情況來說，我可能自我暗示，讓自己相信我是有限的。畢竟我的一生都跟有限產生聯繫，所以在我的認知裡，有限才是真實的。

Lester: Oh, then to you the Infinite would do away with finite?

答：那麼對你而言，無限會驅走有限？

Q: Yes. Because the finite is what I believe in; it's real to me. What you say about the Infinite has infinite possibilities but until I can totally accept that, it's like when you touch a light bulb and it burns you and somebody says, "Now touch it and it

won't burn you"; it's difficult to overcome your subconscious reaction not to touch it.

問：是。因為有限才是我相信的，它對我而言是真實的。你所說的無限有著無限的可能性，但是如果我無法相信它，這就像你去碰電燈泡，它會燙到你，但某人卻告訴你去碰它，它不會燙到你的。想要戰勝不去碰電燈泡的潛意識反應是很難的。

Lester: Well, let me tell you then, that the Infinite includes the finite, and is the basis for it. You see, you can hold onto all the finite you want when you're infinite; you don't have to lose a thing.

答：我告訴你，無限包含有限，是有限的根基。你知道，當你是無限時，你可以保有有限，你不會失去任何東西。

Q: Then, I'd be glad to give it up for the Infinite.

問：那麼我會很樂意為了無限而放棄有限。

Lester: Give it up? Maybe this is what's bothering us; that we're afraid that we're going to give up our bodies; that we're going to give up our families and homes. It doesn't happen that way. When those who did go all the way achieved it, they did not abandon their bodies, homes and families. They only abandoned their former feelings of bondage and attachment to their bodies, homes and families and in place of it felt free.

答：放棄有限？或許這是困擾我們的原因，我們擔心我們要放棄我們的身體，放棄我們的家庭。但那不會發生。那些開悟的人並沒有拋棄自己的身體和家庭。他們只是放下對身體和家庭的執著，脫離執著所帶來的束縛感，取而代之的是完全的自由。

Q: If there's happiness greater than what I've experienced in a body, to heck with this!

問：如果那樣的幸福要高於身體所經歷的，去他媽的身體！

Lester: Well, again, you do not give up your body. Your happiness gets more intense the more you move toward total freedom, until it reaches a point where you just can't contain it any more. Then you resolve it into a very beautiful peace that is never, ever again disturbed. And that peace is really far more delicious than the intense joy was. And then, when you choose to be active in the world, you'll never, ever lose that background peace; you will feel it all the time. And you are free to do anything in the world; you can act angry, scared; be poor or rich; you can do anything you want; but you do not disappear.

答：再說一次，不是要你放棄你的身體。你越趨於完全的自由，幸福就越強烈，直到你再也盛不下它。那時你就融化在一種非常美妙的不受攪擾的寧靜中。那種寧靜比狂喜更怡人。當你選擇重新活躍于世俗中時，你永遠都不會失去那份寧靜，你會一直感受到它。你可以做任何事，可以表現憤怒、恐懼，可以扮演貧窮、富貴。可以做任何你想做的事，但你不會消失。

Q: It doesn't affect you?

問：你不會再受影響？

Lester: The world can never, never touch you again, because you have imperturbable peace.

答：永遠都不再受影響，因為你已經擁有了不受攪擾的寧靜。

Q: I understand.

問：我明白了

Lester: So then, why don't you come along?

答：所以，繼續前行吧

Q: Whenever I identify my source of income with the effort I exert in my business. I say to myself. "You're a stupid idiot. This isn't the source of my infinite supply." However, I'm not

strong enough to just say. "Well, this isn't it; I'll do it the other way," because I think, "What if it doesn't work?"

問：每當我相信我的收入來源離不開努力工作時，我跟自己說：“你真是個白癡。這樣的收入不是我的無限所提供的。”但是，我還不夠膽說：“是啊，我會換種方式。”因為我擔心如果那行不通怎麼辦。

Lester: You would have exactly what you had before you tried it. However, you expect it not to work if you say that.

答：你會得到的。但是，如果你那樣說的話，你是期待它行不通。

Q: Yes, but that's where the hang-up is. Maybe it's a lack of faith, not that it hasn't worked for you, but whether it'll work for me, I am not convinced. If you could only help me, just one little infinite bit of strength that you could give me

問：是，但那正是困難所在。或許是因為缺乏信任，不相信它能行得通，但是即使它行得通，我也依然不敢完全相信。你能幫我嗎，哪怕只是給我一點點無限的力量？

Lester: Oh, now wait a minute; you have the support and I've given you many directions, anyone of which would take you all the way. I could give them to you again.

答：等一下。你是有支持的，我已經給了你很多指示，其中的任何一個都能帶你走向開悟。我可以再次給你那些指示。

Q: That's like the sign "San Francisco." I'll bet there are probably a hundred signs that point the way to San Francisco; but if I get to the sign and sit down underneath it, it would take more than just knowing where San Francisco is, and that's where I bog down.

問：這就像寫著“三藩市”的指示牌。我敢說這樣的指示牌有上百個，但如果我到達一個指示牌後只是坐在那裡，這就是我現在所處的困境。

Lester: Right, you don't take the direction; you look at it and sit down. Now, the direction: Get to the place where no one

and no thing can disturb you, would have taken you all the way.

答：是，你沒有按指示牌所指示的方向繼續前行，只是看著那個方向，坐下來。現在，寫著“沒有任何人或事可以打擾到你的地方”的指示牌，能夠指引你走向開悟。

Q: Yes, but that's like going to the moon.

問：可那就像登陸月球

Lester: It is easy, -if you would do it. It is your decision to be disturbed or not to be disturbed.

答：如果你願意的話，就會很容易。你可以作出決定，是要受影響呢還是不受影響？

Q: That's quite a challenge!

問：好大的挑戰！

Lester: Do you want more? I'll give you new ones.

問：你想要更多的指示嗎？我可以給你其它的。

Q: Yes.

問：要

Lester: Be totally selfless. Be interested only in others; have no interest in you, yourself. That would take you all the way. If we would be totally selfless in our behavior, act not for ourselves but for the other ones. -this would do it rapidly.

問：完全的無私。只對他人有興趣，對自己則毫無興趣。這可以帶你走向開悟。如果你的行為完全無私，只為他人考慮不為自己考慮，這可是條捷徑。

Q: I don't mean to be argumentative but this is really a nitty-gritty.

問：我不想反駁你，但這也太懸了吧。

Lester: I'll give you another one: Get to the place where you have no more desire keep letting go of desires until there are no more and that's it! You don't like that one either, do you?

答：那換另一個。持續地釋放欲望，直到你不再有任何欲望，你就開悟了。這個你也不喜歡，是吧？

Q: Well, part of it. I've got a lot of things I'd like to let go of.

問：不完全是。我想要釋放很多東西。

Lester: If anyone would carry that through until there are no more desires, and it's just letting go of them as they come up, you'd go all the way.

答：如果你能將此貫徹到底，來一個殺一個，把所有欲望都釋放乾淨，你會開悟的。

Q: Lester:, what about the one that you and I discussed, about the mind? You see everything out there in your mind, right? So that's where everything is. So, that thing out there is just your mind. When you discover this, you change your mind and it changes out there.

問：萊斯特，我們之前討論過的頭腦，你覺得如何？外在的一切其實都在你的頭腦中，對吧？所以頭腦就是一切的所在，外在的一切都只是你的頭腦。當你發現這一點時，你就能改變你的頭腦，外在的一切也會隨之改變。

Lester: Yes, that would take you there.

答：是的，那會讓你開悟。

Q: What about no attachments and no aversions?

問：沒有執著和反感呢？

Lester: That'll do it too. That will take you all the way. But why haven't we used these things? They are not new to us.

答：也會開悟。為什麼我們不利用這些東西呢？它們對我們而言並不新奇。

Q: That's what I'm earnestly trying to decide for myself. This is ridiculous; all this intellectual knowledge that I've acquired and what little I've actually done with it. It's alarming. I said, "How many people have their own private Master in their family." You've given us all this stuff and I 'say, "It's my responsibility what I do with it; why haven't I used it?"

問：我很想下決心這麼做。荒謬的是這些東西我都知道，但卻很少付諸實踐。真的很恐怖。我說過“有多少人在家中有自己的個人上師呢”。你給了我們這麼多東西，我會說：“都是我自己的責任。為什麼我不去用它呢？”

Lester: Yes, and your private Master is you! This is important: Your private Master is you!

答：是，你的個人上師就是你自己！這很重要。你的個人上師就是你！

Q: Isn't there only One any way?

問：真的只有“一”存在嗎？

Lester: When you see what you really are, you'll see the Oneness and no more otherness.

答：當你發現你是什麼時，你會看到除了“一”之外再無其它。

Q: I try to squint and no matter how I do it, I still see separation.

問：我試圖窺見它，但無論怎麼做，我看到的還是分裂。

Lester: That's the way you are approaching it, with squinty eyes; you won't look at it full view, wide open, because you are afraid you're going to disappear. So what you have to do is dig down within, pull it out and see it. Once you see it, you'll naturally let go of that fear. You're also afraid you're going to lose your individuality. Your individuality is something you'll

never ever lose. Its with you through eternity. The "I" that I am, is never, ever lost. What happens is that we just expand it to include more and more until it includes the entire infinity.

答：這就是你接近它的方式，窺視它，而不是睜大眼睛去看清全貌，因為你害怕你會因此而消失。所以你要做的是往深處挖，把它拔出來，好好看看它。一旦你看到它，恐懼自會消失。你還害怕你會因此而失去個人性。你的個人性是你永遠都不會失去的東西，在永恆中它一直與你同在。我所是的“我”，永遠都不會失去。實際上我們將它擴展到能夠包容整個無限的地步。

I say you're afraid of losing yourself, your body, your mind, your family, your business, and all your little things; you're subconsciously afraid you're going to lose them. If it were conscious, you'd look at it, drop it, and be free.

我說你是擔心失去你自己、你的身體、你的頭腦、你的家庭、你的事業以及你的所有小東西。在潛意識中你害怕你會失去它們。如果將恐懼拽到顯意識層面，你會看到它，釋放它，並因此而自由。

Q: Well, you reached me when you added those other things. The physical body attachment I don't see, but when you included my family and my business and these other things.

問：當你說到後面的這些東西時，你戳到我的痛處了。我不知道自己是否執著於這具身體，但家庭、事業以及其它這些東西都是我不願失去的。

Lester: Do you want me to show you how attached you are to that physical body? Just imagine, don't do it, but just image throwing your body over a cliff. Can you now see your attachment to the body?

答：你想知道你有多執著於那具身體嗎？只是想像一下，不是真的去做，想像把你的身體扔下懸崖。現在你看到你對身體的執著了嗎？

Q: Yes. But do you have to have that desire to get rid of it?

問：是的。但是你必須要有擺脫身體的渴望嗎？

Lester: You don't get rid of it; you see what you are and then you'll see that you are not the body, that the body is one infinitesimal part of you.

答：不是要你擺脫它，當你發現你是什麼時，你會明白你不是這具身體，身體只是你微不足道的一部分。

Q: Why can't I go all the way?

問：那為什麼我不能開悟呢？

Lester: Because you're afraid that if you do, you're going to disappear. Does anyone feel that? That you'll disappear if you go all the way?

答：因為你害怕如果你開悟了，你就會消失。有誰感覺到這樣的恐懼了嗎，害怕如果開悟自己就會消失？

Q: I'm afraid I'd lose my mind. (Laughter.)

問：我害怕我會失去我的頭腦。（笑聲）

Lester: You actually do lose your mind, and then you reestablish it so that you can communicate. It's far more difficult to reestablish the mind than it was originally to let go of it because the mind itself was such a clamping down of you, you don't want to come back to it. But you will; you'll start thinking again. The only difference in the before and after picture is that now your thinking is unfree, determined by subconscious, compulsive thoughts; in the after picture there are no more subconscious, compulsive thoughts. Every thought is totally free and without any conditioning by your tendencies and predispositions.

問：你的確會失去你的頭腦，但是你會重建它，以便同他人交流。但是重建它要比釋放它難多了，因為頭腦會拖你後腿，你不願意回歸頭腦。但是你會重新開始思考。前後的區別只是在於：之前你的思考是不自由的，由潛意識念頭所控制；之後則沒有了潛意識念頭，每個念頭都是完全自由的，不受限於你的慣性和癖好。

That leads me to another great one: Rid yourself of all your tendencies and predispositions and you will go all the way.

這讓我想到了另外一個法門：脫離你的慣性和癖好，也能開悟。

I have never talked much about miracles, have I? I don't feel as though I'm imposing on you now, as I used to feel, were I to talk about miracles because, having moved up, you are more able to accept them. When I first moved to Sedona and lived by myself, most things were done by thought and I was unaware of it. However, others began to come in, and it was because of them that I became aware of these unusual things. To me they were natural, but not to the others.

我都沒怎麼說過奇跡，是吧？以前我會認為這是在向你們施加影響，現在我不會這麼認為，因為你們已經提升到能夠接受奇跡的地步。當我剛來到瑟多納獨居時，大多事情都是由念頭來完成的，但我並沒有意識到這一點。然而，隨著他人的到來，因為他們我開始意識到這些不同尋常的事情。對我來說它們很自然，但對他們來說不是。

I might have told one or two of you about the teleportation incident. This one is interesting because it involved two others, one who is following this path, and another one who is not.

我可能告訴過你們中的一兩個人有關瞬間移動的事。這事很有趣，因為涉及到另外兩個人，一個是走靈性這條路的，另外一個沒有。

The first one is Frances and the second one is D-, the son of T-, whom you all know. He came to Sedona from Phoenix and asked me if I would take a walk and naturally, he would choose a direction uphill. We walked a mile and a half uphill, Frances, D- and I; and when we got to the end of our trip, we sat down to have our sandwiches. We had only a pint size canteen of water for the three of us and we drank most of it on the way up. We had left only about an eighth of an inch of water in the bottom of this pint canteen, hardly enough for half a cup. But the three of us were thirsty, and so I let go with the feeling

"Everything is perfect!" I received the inner knowledge that the water was abundantly there.

一個是 F，一個是 D。D 從鳳凰城來到瑟多納，叫我和他一起去山上走走。我、F 和 D 走了一英里半的上山路，到達終點時，我們坐下來享用我們的三明治。我們三個人只帶了一壺水，一品脫的量，在上山時喝掉了大部分，離壺底只剩下 3mm 多，半杯水的量都沒有。但我們仨很渴，所以我用“一切都很完美”來做釋放。我收到內在的訊息：水很充足。

Then I asked, "Do you want a drink Frances?" "Sure." I gave Frances a cupful. Then D- drank a cup, then I. We kept drinking until each one was satiated. We each had seven drinks! I curiously looked into the canteen and the same amount of water was there as originally, just about an eighth of an inch on the bottom of the canteen.

之後我問 F 想要來點水嗎，F 說要。我給了 F 一滿杯。然後 D 也喝了一杯，然後是我。我們不停地喝，直到不想再喝為止。我們每個人都喝了整整 7 杯！我好奇地往壺裡面瞧，那裡依然和之前一樣，離壺底只 3mmm 高的水量。

We then started the downward trek for home. I was so tired that I felt as though the body would not walk any more. I just let go and I said, "Oh, Lord, there must be a better way!" And the thought again came to me, "Everything is perfect." As I thought, "perfect, " we, the three of us, had one step up there and the next step was down near my home, where the surroundings were similar to the place we had left so as not to make it obvious to D-. Frances caught it and said, "Lester:, we teleported!" I said. "Oh, you're crazy Frances, you're imagining it," because D-'s mind was in a turbulence; his face showed a frown and a consternation. For his sake I had to again say. "It's your imagination, Frances," and shut her up. Frances knew. Later, when she was alone without D-, I said, "What made you think we teleported?" And she laughed. She said, "Don't you remember, on the way up D- and I were collecting rocks and in

several places we put them on the left side of the road on the way up (the road was cut into the side of the hill). I wanted to pick up those rocks on the way back, but we by-passed all of those places. "

下山回家時，我感覺很累，覺得身體都快走不動了。於是我做釋放，我說："哦上帝，肯定有更好的路！"我得到的是"一切都很完美的"念頭的回應。當我想著"完美"二字時，我們仨隻走了兩步就到了離我家不遠的山腳，那兒的景色跟山上的差不多，以至於 D 並未察覺。但是 F 發現了，跟我說："萊斯特，我們剛才瞬間移動了！"我說："哦，你瘋了，F，肯定是你的想像。"因為 D 的腦袋開始混亂，他的眉頭皺著，一臉的愕然，於是我趕緊重複道："F，那是你的想像。"F 明白了我的意思，閉上了嘴。之後，等到 D 沒在場時，我問 F 她是怎麼想到我們瞬間移動了。她笑著說："你記得不，上山時我和 D 撿了些石塊，在一些地方把它們放在路的左邊，以便下山時順利返回。但是我們卻錯過了所有那些地方。"

Now, to do these things, it takes a mere effortless thought; you surrender, let go, and have a thought with no effort, no drive. It's the easiest thought you could have. And then it happens. 以上這些所謂的奇跡，只需一個小小的念頭。你臣服，放手，然後一個無需費力的念頭，奇跡就發生了。

During the early days in Sedona I was living this way, unaware of it. To me it was natural. Whatever I thought, I expected. It seemed natural, just the way everyone thinks he lives naturally. It is really the natural way and it is meant for us to live that way. Although, if we did, we wouldn't fit very well into our present society, would we? So, if you want to stay in communication, you go the way of people.

在瑟多納的早些時候，我都是以這種方式生活的，但卻對此並無察覺。因為它對我來說很自然。不論我想要什麼，我就期待它。真的很自然，就像每個人以為自己的生活很自然一樣，雖然這樣的生活方式與現代社會格格不入，是吧？所以，如果你想和社會保持接觸，你會按社會的方式來。

Miracles are just this dream world effected immediately. And miracles don't necessarily mean spiritual development because the majority of people in the universe use these things; they use them on other planets where they're not necessarily more spiritually advanced than we. It is their natural way of life.

奇跡只是在這個夢幻世界立即產生的作用而已。奇跡並不意味著靈性的高度發展，因為這個宇宙的大多數存在都使用奇跡，他們在自己的星球使用它們，而他們在靈性上未必比我們超前。那只是他們自然的生活方式。

But the easier way to live is purely mentally; mentally do everything. You people should be able to do all this. Why not go all the way and have nature serve you? Why do you do things the harder way? I think it's because you're afraid you're going to disappear. I'm saying to you. "Look, I have been through these things. And I still have a body here. I didn't disappear. "

但若要更容易地生活，那就用心智來做事。你們應該能夠做到。為何不開悟，讓自然來為你服務呢？為什麼要用更難的方式呢？我想這是因為你害怕你會消失。你看我，我走完了全程，但依然有一個身體在這裡。我並沒有消失。

Q: Can you demonstrate your infinity for me too?

問：你是否也能向我展示你的無限呢？

Lester: You must demonstrate your own. You have had ample witnessing of these unusual things. If I do it for you that would mean you can't do it. I just finished saying: You can do it! It's surrendering, then mere effortless thinking! You have the feeling that it is not I but the Father who worketh through me.

答：你必須展示你自己的無限。你已經見證了足夠多的奇跡，如果我再向你展示，那表示你自己沒有這個能力。我只想說：你能做到！只是臣服加上一個不費力的念頭！你會感覺不是我、而是天父在通過我運作。

I can go on and on. I'm trying to entice you. When I moved into the mobile home on my grounds, a girl, now living here in

Laguna Beach, asked me. "How often do you fill that butane bottle?" (It was a five-gallon bottle.) I said, "Every month." Then I remembered it had been eight months since I had last filled it. Becoming aware of it, I let go of it.

我可以一直這樣下去。我在試著引你上路。當我搬到活動房屋裡時，有個女孩問我多久加一次丁烷氣（那是一個 5 加侖裝的丁烷氣筒），我說一個月加一次。然後我就想起我已經八個月沒加丁烷氣了。當我意識到這點時，我釋放了它。

When I was trying to show Frances how to conserve water, I let her take charge of and keep filled my 55 gallon water drum alongside my mobile home. It took care of all my needs, including a shower every morning.. The reason why I wanted her to take care of it was that I wanted to show her that you can live on very little water. But I lost track of time and when I brought it to her attention, she laughed. It had been four months since she had filled it last. I kept using the water and the tank wouldn't empty out! When we opened it and looked, it was still full, after using it for four months. It never would have emptied out if I had not let go of it.

我叫 F 幫我負責儲水，持續地給我的活動房屋加滿 55 加侖的水，那能滿足我的全部用水需求，包括每天早上的一次淋浴。我之所以叫她幫我負責這個，是因為我想讓她知道一個人可以只靠少量的水生存。但我把時間給忘了，以至於當我提醒她加水時，她笑了。她說她已經四個月沒加水了。而我還一直用著那點水，並且水從未斷過！當我們打開水箱時，發現裡面還是滿的，用了四個月還是滿的。如果我之前沒有釋放的話，水箱肯定早空了。

Q: "Had not let go of it," what do you mean?

問：你說的“沒有釋放”是什麼意思？

Lester: Let go of it by letting it be "normal."

答：通過讓它“正常”來釋放。

Q: You thought again of it as being a limited thing?

問：再次把它看成是有限的東西？

Lester: No. I let it be as usual, or as is normal to people. I want to remain in communication with people and I choose to live like people live, because if I live in an unusual way, I'm out of communication. It "even scares people.

答：不是。我讓它和平常的一樣，或對人們來說是正常的那樣。我想和人保持接觸，想和人們的生活方式一樣，因為如果我的生活方式太另類，我就無法與人交流，那甚至會嚇到別人。

Q: This wouldn't scare anybody.

問：不會嚇到人的。

Lester: I know by experience that it scares people. When it first came to me while I was living in New York City, some people wouldn't come near me because of these things happening.

答：我有過那樣的經歷，所以知道會嚇著人。剛開始發生那樣的事是我住在紐約時，一些人因為那些事都不敢靠近我。

What's wrong with this way of life? Why won't you take it? It is yours for the taking. I hope to allure you by making it so tempting that you will go all the way. Look at the difficulties you go through to make a living.

這樣的生活方式有何不妥嗎？為什麼你不能接受它？只要你接受，它就會成為你的生活方式。我希望我的故事能夠吸引你，讓你有動力走向開悟。看看你為了生計活得有多累。

Ask yourself, "Why don't I go all the way?" "Why don't I take things directly, just for the thought of them?" "Why don't I express my total freedom?" And maybe the answer will come up and you'll see what you're doing to hold yourself down.

問問你自己：為什麼不走向開悟呢？為什麼不直接地獲得你想要的，只需一個念頭而已？為什麼我不展現我的完全自由呢？答案或許會到來，那時你會發現你一直在把自己往下拽。

Q: One reason is that we are so used to being hamstrung that we don't realize that we can get out of it. I was just thinking of the motel, of getting it sold, and then I thought. "Do I really want to leave it?" and I know I upset it every time.

問：一個原因是我們習慣了殘廢，以致於都不想變得正常。我剛想到我的汽車旅館（此次會談所在地），我想賣掉它，但隨之又想到我是否真的想要離開它。我知道每次我都為這事而困擾。

Lester: That's true and that is why I'm telling you of the easy way. Your habit of thought runs you the hard way. One way to undo all habits of thought, which are in the subconscious mind, is to see that you are not the mind, and you will scorch it.

答：肯定的。我想告訴你更簡單的方式。你的慣性念頭會把事情搞複雜。想要消除潛意識中的所有慣性念頭，一種方式是看清你不是這顆頭腦，那樣你就能消除頭腦。

Q: Tell us a little more about scorching this mind, which I have found out is most important.

問：能否說得具體點，如何消除頭腦？我發現這是最重要的。

Lester: I see you've gotten a realization just recently.

答：我知道你最近有過一次頓悟。

Q: That's right.

問：是的

Lester: And yet, you didn't carry through on it. With that realization, you should have continued and said, "I can do it; I am infinite!" With that infinite power, you just pass your figurative hand over the mind and it's finished. It's just a

mental wipe-out that you do. And that's it. You know how long it takes? Less than that (finger snap)! Less than a second.

答：但是你沒有將它進行到底。你本應該帶著那份新的領悟，跟自己說“我能做到，因為我是無限的”。那無限的力量能讓你用想像的手掠過頭腦，頭腦便會消失。你知道那個過程要花費多久嗎？比這還快（打了個響指）！比一秒鐘還快。

When you get your full Realization, it's instantaneous. Before that, you play around, dropping a little bit at a time. This goes on and on, year in and year out, until you decide to let go of the whole thing; then you've got Full Realization. It really comes instantaneously, when it comes. You will it. Will is your power. You turn on your will so strongly that you just undo the whole mind, and you are totally Free.

完全的開悟只需一個瞬間。在這之前，你兜兜轉轉，每次只釋放一小點。一天又一天，一年又一年，直到你決心釋放一切，那樣你才會完全開悟。當它到來時，真的只是一個瞬間而已。是你的意願讓它到來。意願就是你的力量。把你的意願擰到“消除整個頭腦”的那一檔，你就徹底自由了。

Q: It just doesn't make any sense at all. It's just as though you're handing me all the money in the world and saying, "Here!" and I'm sitting and saying, "Why don't I take it?"

問：這沒道理呀。這就像你把全世界的錢都給我，而我卻坐著，說為什麼我不接受呢。

Lester: Yes, why don't you?

答：是啊，為什麼你不接受？

Q: What's wrong with me?

問：我哪根筋搭錯了？

Lester: What is? That's the big question. What is wrong? I know you think that this is possible, otherwise you would not have listened all this time.

答：那是個大問題。哪裡出錯了？我知道你認為這是有可能的，否則你就不會坐在這裡聽到現在了。

Q: It's the intellect that's in the way.

問：是思維在擋著？

Lester: That is it. Why not wipe it out? The intellect is the mind. We have to see we're not the mind and that it is external to us, and then just make it ineffective. Just like that; that's the way you'll do it.

答：對。為什麼不消除它呢？思維就是頭腦。我們必須看到我們不是頭腦，頭腦是在我們的外面，那樣才能讓頭腦失效。這就是你要做的。

Q: You said something the other night, Lester:, which was a help to me and that was "I am going to put Lester: to bed."

問：有天夜裡，你說到“我要打發萊斯特去睡覺”。那句話對我是個幫助。

Lester: I always think that way. I'll send Lester: and this body around and make it appear to be doing things.

答：我總是那樣想的：我要派出萊斯特這具身體，讓它看起來像是在做事一樣

After I got the realization that I am not the body, it was years before I could use the word "I." People would laugh at me because I'd talk about Lester:; I would talk about "him" and sometimes I would say, "it, Lester:," or "Lester:, he." I couldn't say "I" even though I was being corrected. Why? I was not this body. I could talk about this body, but it was so obvious and glaring that I was not this body that I couldn't say I was this thing, any more than you could say you were your car. Because you are carrying yourself around in a car, would you call yourself the car? In the same way you'll look at this body. (This body is a car-case, a carcass.)

在我意識到我不是這具身體後，我都無法使用“我”這個字了，直到近幾年才重新學會。那段時間我都說“萊斯特”、“他”或“萊斯特他”，有時甚至用“萊斯特它”，因為人們都笑我，所以我才改用“我”。在這之前我無法用“我”這個字。為什麼？因為我不是這具身體，我可以談論這具身體，但是“我不是這具身體”的事實太顯而易見，以至於我無法自欺欺人地說“我是這具身體”，這就像說你是你的車一樣。因為你的車載著你轉，你會稱呼你自己是車嗎？你會以同樣的方式看待這具身體。（這具身體就是個架子。）

I say you're silly to not take the All.

你不拿下全部，我會說你真傻。

Q: I think there's a stronger word than silly.

問：我想有比“傻”更嚴重的字。

Lester: Yes, it's really stupid. He led me to say it. (Laughter) It's so stupid not to go through life with everything you want; with nothing but extreme joy, peace and loveliness every moment; when that is your inherent state. It takes no effort to be what you are. It does take extreme effort to be what you are not: a body with trouble, sicknesses and needing this and needing that. It takes effort to be what you're not, but to be what you are takes as much effort as you women would need to be a female and as much effort as you men would need to be a male. It takes no effort to be what you are. And yet you persist in using effort to be what you are not. It's really stupid!

答：是的，真的很“蠢”。他引導我這麼說的。（笑聲）不去得到你想要的一切，不去時時刻刻處在你固有的喜悅、寧靜和愛中，真的是太蠢了。回歸你的所是不費吹灰之力，成為你的所不是才需極大的努力。回歸你的所就像女人成為女人、男人成為男人一樣無需努力。但是你卻堅持花費努力來成為你的所不是。真的是太蠢了！

Q: Well, I persist in using effort to try to be what you say I am. I keep working at this thing of being effortless. Does that make sense?

問：我堅持花費努力來成為你說的“我的所是”，我一直努力變得“不努力”，這樣說得通嗎？

Lester: No, does it?

答：不能

Q: Not to me.

問：對我來說不能

Lester: Right. There's something wrong there.

答：是的。那句話有錯誤

Q: What did I say?

問：我剛怎麼說的？

Lester: You're using effort in trying to make yourself effortless, -that's impossible! It's a contradiction. You've got to stop using effort. You've got to let go and let be. That's what is meant by "Let go and let God." You are it, you're the god; let go and let your Self be. However, it seems to take much effort because you are using tremendous effort to hold onto and maintain your non-self, your ego, and there is where your effort is. It takes no effort to be what you are, -the Self.

答：你說你使用努力讓自己變得不努力。這是不可能的！這是個悖論。你必須停止使用努力，必須放手，順其自然。這就是所謂的“放手，讓上帝接手”。你就是上帝，放手，讓你的真我來接手。然而，之所以看起來像是需要很多努力，是因為你還在拼命地抓著小我不放，你的努力都花在那上面了。回歸你的所是——真我，無需任何努力。

Q: If I could arrive at the dreamer instead of the dream, then I'd have it made. And that's why I've been thinking. "This is a dream? Who's dream is this?"

如果我能領悟到我是夢者，而非繼續沉浸在夢中，那麼我就開悟了。這就是為什麼我一直在想：這是個夢，那麼是誰在做夢？

Lester: Right! Discover the dreamer. To make it more intimate: I, the Infinite Being, am dreaming that I am a limited body.

答：對！去發現夢者的真相。說得更明確點就是：我，這無限的存在，正在做“我是一具有限的身體”的夢。

While you are in a night dream and you think you are a limited body in that night dream, it persists so long as you don't wake up. It's the same thing with this waking state. We're dreaming we're limited bodies. We have to wake up to the fact that we are infinite. We have to stop thinking that we're limited bodies, that's all. Stop thinking. Let go. Let be. Surrender is the word. If we would surrender this moment, that would be it. Not I, but Thou. Not my will, but Thy will. This is surrender. We could do that right now and that would be it. But no, we've got to be a busy ego-body, doing something. We must be a doer.

當你在夜夢中時，你以為你是一具有限的身體，只要你不醒來就會一直那樣認為。這跟覺醒的狀態一個道理。我們都在夢見自己是有限的身體。我們必須醒來，發現我們是無限的真相。必須停止認為我們是有限的身體，僅此而已。停止思考。放手。順其自然。臣服。如果我們在此刻臣服，此刻就是開悟。不是我，是你；不是我的意志，是你的意志。這就是臣服。我們現在就可以做，現在就可以開悟。但是不，我們必須成為庸碌的小我，必須做點什麼。我們必須要成為作為者。

Q: Several of the people at the motel were discussing robots. Actually, I guess we could consider the body a robot. We're using this physical body and when we're through with it, we drop the physical body, but what we have is still there.

問：在這裡的有些人討論過機器人。實際上，我想我們可以把身體看成是機器人。我們使用這具物理身體，當我們不再需要它時，我們放開它，但我們擁有的始終存在。

Lester: That's an excellent way to look upon the body.

答：以這種方式看待身體很不錯。

All right, now I'll tell you something more. If you were really convinced of what I've said so far, you'd go home, you'd forget everything else and you'd sit down until you saw this; because this would give you everything, -just for the thought. If you were really convinced, you'd go home determined to sit until you see this; and if you did that, -you'd see it! Just like Buddha did when he left his throne and sat under a tree, determined not to leave until he saw the answer; and he saw the answer.

現在，讓我告訴你更多。如果你真的相信我所說的，你會忘掉其它一切，會在回家後決心坐下來，直到你看到“它”，因為“它”會給你一切，只需一個念頭而已。如果你那樣做的話，你會看到“它”的！就像佛陀那樣，他放棄他的王位，坐到一棵樹下，決心除非看到真相否則絕不起坐，最後他看到了真相。

Q: Well. I think one thing that may be bogging some of us down, and I know to a certain extent it has to me, is that I have felt for a long time that I had to take something piecemeal and get each thing out of my system. Now, I'm finally beginning to realize that if I get above it then none of it makes any difference.

問：有個事可能讓我們停滯不前：很長一段時間以來我都感覺我必須一點一點地釋放，每次只清除一點。現在，我開始意識到如果我能超越它，那麼它就會失去作用。

Lester: Yes. We all start that way by undoing single things at first. It begins to show us our mastership. Then we master our tendencies or predispositions. This undoes all the numerous

multitudes of thoughts that made up that tendency or predisposition. You should not keep undoing these single things piecemeal. That was all right for the beginning; you don't need it any more. Drop a tendency or predisposition and you drop the millions of subconscious thoughts underlying it.

答：是的。我們都是從清除單個的事開始入手。它向我們展示了我們的主人身份。之後我們開始掌控我們的慣性或癖好。釋放一個慣性或癖好能清除導致該慣性或癖好的所有念頭。你沒有必要繼續逐個地釋放，開始是這樣，但現在已無必要。釋放了一個慣性或癖好，你就釋放了底下成千上萬個潛意識念頭。

Q: When you first started to tell us that there is nobody out there but you, some of us just couldn't understand that, me included. I have discovered why there's nobody out there but me; because it is I who creates that out there and it is in me.

問：當你一開始告訴我們“外面沒有別人，只有我存在”時，包括我在內的一些人無法理解。我發現為什麼只有我存在的原因是——是我創造了他們，他們都在我之內。

Lester: Yes, that's true!

答：對，就是那樣！

Q: So I really know. I had a realization that was as clear as crystal.

問：所以我真的明白了，極其明白。

Lester: O.K., why not clean up that "out there" until you do not waiver from seeing it all as in you?

答：好。在你不放棄將一切看成是在你之內前，為什麼不清除“外面”呢？

Q: That's what I'm doing now.

問：那是我正在做的。

Lester: You don't take enough time at it.

答：在這上面你根本沒有花足夠的時間。

Q: That's true.

問：那是真的

Lester: It should be all the time, regardless of what you're doing. While you're driving, talking to people, you can remain with it, and you would if you wanted it that much. If you really get with it, the joy of doing it is so great that you won't let go until you go all the way. It becomes the only thing you want. You begin to see the light and then, nothing in this world can interest you more than it. You just stay with it and you ride it all the way. Misery starts you in the direction, gets you to reverse your wrong direction. Then the desire for the wonderfulness of it takes you all the way to the top.

答：應該一直都這麼做，而不管你此刻做的什麼。在你開車時，或者和別人聊天時，你都可以做，如果你真的想要的話你就會那麼做。當你真的著手於此時，你會從中感受到很大的樂趣，以至於在你到達終點前你都不願意放開它。它成了你唯一想要的。你開始看到光，世間的一切對你都不再有誘惑力。你只是和它在一起，乘著它走完全程。痛苦帶你上路，讓你脫離錯誤的方向，之後“它”的美妙吸引你走向最高點。

Q: Then you know you can play any game you want, because that mind is under your control.

問：然後你知道你可以玩任何你想玩的遊戲，因為你成為了頭腦的主人。

Lester: Yes. However, the game played after reaching the top is usually the same game for everyone, although it will express differently; it's the game of helping others, which is really a great game.

答：是的。但是在開悟後你所玩的遊戲通常和每個人玩的遊戲並無不同，只是表達上有出入而已。那是個助人的遊戲，是一個很棒的遊戲。

Q: It becomes an interesting game.

問：它成了一個很有趣的遊戲

Lester: It's the nicest game there is; it's the most rewarding game there is.

答：最美、最值得的遊戲。

Q: What you are teaching me is really helping me.

問：你的教導對我真的很有幫助。

Lester: That which I'm offering you is more than a million dollars. What I'm offering is the whole universe. If you wanted gold, you could pile it up by the tons. Of course, when you can create unlimited tons of gold, do you want to pile it up? No, you take only that which you can use.

答：我提供給你的比百萬美元還多。我提供的是整個宇宙。如果你想要金子，你可以堆上個幾噸。當然，當你能夠創造無數的金子時，你會想要囤積它嗎？不會，你只會拿你能夠使用的部分。

Q: Of all the different ways that you've offered, it seems like there ought to be one that I could be successful with.

問：你提供了很多方法，我想可能只有一個我會做到。

Lester: Take anyone of many of those sayings in The Eternal Verities and if you carry it out until the end, that would be it. Take the good one mentioned before: Get to the place where no one and no thing can disturb you. Every time you are disturbed, look for the ego motivation wherein you wanted it to be other than it was. On recognizing it say, "Oh, I see. " and let go of your ego motivation of wanting it to be the way you want it to be. Every reaction or tendency is based on a selfish thing. We wanted it to be the way we wanted it to be. Keep dropping these reactive tendencies. Every time a reaction comes, look at it; see the selfish ego motivation and drop it. You'll soon reach a place where there is no more and you're there, -all the way.

答：用小冊子（《永恆的真理》）中的任何一個方法，如果你能執行到底，你就能開悟。到沒有人或事能夠打擾到你的地方。每次你感覺被打擾時，看看小我的動機，你是否想要與事實抗爭呢？當你看到這一點時，釋放它。每個慣性反應都是基於自私，我們想要事情變得如我們想要的那樣。持續地釋放這些慣性反應。每次一個反應到來時，看著它，看清小我的動機，然後釋放它。很快你便能到達不再有小我的地方，你就開悟了。

Q: Every time you feel offended or jealous or angry or hurt or anything like that, that's your ego and that's your mind.

問：每次你感覺生氣、忌妒、受傷或其它什麼的時候，那就是你的小我，你的頭腦。

Lester: Right. Rid yourself of all your feelings and you will go all the way. So, have we gained anything new?

答：對。脫離所有的感受，你就會開悟。所以，沒有什麼新東西可言。

Q: You have presented us with more of a challenge to understand what youre saying; you make it sound so darn easy and it affronts me to think that anything that easy could elude me.

問：你說的讓人更難理解了。你讓它聽起來太他媽的容易，我有點火大，因為我沒法理解那麼容易的東西。

Lester: When you do it, it is easy. When you don't do it, it's impossible. That's the way it really is. When you do it, it's easy. When you don't do it, it's impossible.

答：當你做時，它會是容易的。你不做，就沒有任何可能。就是這樣。

Q: Oh lord, wait a minute. When you do it, it's easy. When you don't do it, it's impossible.

問：哦上帝，等一下。當你做時，它會是容易的。你不做，就沒有任何可能。

Lester: It takes no effort to be what you really are: Infinite. It takes tremendous effort to be extremely limited as you now choose to be.

答：回歸你所是的無限無需任何努力。而成為你所不是的有限則需耗費努力，正如你現在所選擇的那樣。

I feel' as though I've given what I could on going all the way. If there's any further question, I'll be happy to do what I can to answer it. If not, this is it.

我想我已經給你我所知道的任何一個走向覺醒的法門。如果還有別的什麼問題的話，我會很樂意盡我所能地回答你。如果沒有的話，今天就到此結束。

Q: I keep looking at you and I see that there's hope. If you've made it, somebody has. It isn't impossible and I can do it.

問：我一直打量著你，我知道我是有希望的。如果你做到了，其他人也可以。這不是沒有可能，我也能做到。

Lester: Yes, do it. Go all the way. Everyone was moving rapidly upward and then leveled off; some came down just a little bit and leveled off there.

答：是的，去做吧。走完全程。每個人都是快速上升，之後停滯不前，有一些會下降一點，然後停在那裡。

If you dont use what you've seen, you'll lose it. You have got to keep using it, otherwise the remaining subconscious habits will overwhelm you and you will lose your direction.

如果你不用你已經發現的，你會失去它。你必須持續地使用它，否則剩餘的潛意識慣性會淹沒你，你會失去你的方向。

Q: When we go all the way, we still go on doing the same things; we still go on laughing. we still go to the ballet; do all these things. There's nothing denied.

問：當我們開悟後，我們依然做些和以前一樣的事，我們依然會大笑，去看芭蕾舞劇等等。

Lester: Yes. The only difference is that, you're free to do or not to do whatever you want; you're no more compelled in any direction whatsoever.

答：是的。唯一的區別是在做與不做的問題上你是自由的，你不再感到被強迫。

I strongly recommend taking time out for thinking on these things every day, twice a day. In the morning before going to work and at night before going to bed. Never should a day go by without doing this. Get with it totally in a quiet spot until it sucks you in more and more until you let go of the world pull. Getting quiet enough, the infinite part of you just takes over and you go all the way. You reach a place where you feel helpless because it's effortless. Keep that up and you'll effortlessly be sucked right into your Infinity.

我強烈建議每天都花些時間思考以上這些東西，每天兩次，早上上班前一次，晚上就寢前一次。不要浪費每一天的時間。找一個安靜的地方坐下來，直到“它”越來越多地將你吸入，直到你釋放了對世間的一切執著。當頭腦足夠安靜時，你無限的那部分會接管你，你就開悟了。你到了一個讓你感到無助的地方，因為你不再需要努力。持續地練習，你的無限會輕而易舉地將你吸入。

Q: Well. I know.-sometimes it seems that I'm getting so tall.

問：我知道那種感覺。有時我會覺得自己變得如此龐大。

Lester: There's a sense of surrender in that.

答：那裡有種臣服的感覺在。

Q: There's that famous statement of yours: Let go and let God. It finally struck me that that means let go of your mind and let God.

問：你有句非常有名的臺詞：放手，讓上帝來接手。那對我是當頭一棒。

Lester: Yes, another way to say that is, "Surrender." Even if you surrender to a mountain, you will get it, because surrender is "Not my will."

答：是，還有一個說法就是“臣服”。即使你臣服于一座高山，你也找到了臣服的感覺，因為臣服就是“不是我的意志。”

Q: Ego, mind and will are all the same thing. So if you let, that means let go of your mind, ego and all the other things.

問：小我、頭腦和意志都是一回事。所以如果你放手，那意味著放開你的頭腦、小我以及其它一切。

Lester: Yes.

答：對

Q: Sometimes when something happens I can be very irritated but then I catch myself giggling to myself while I'm doing it. It really isn't affecting me.

問：有時發生一些事時我會非常火大，但很快我就發現我在笑我自己。那些事真的沒法影響我。

Lester: Yes, get free and then you may act irritated.

答：是的，自由了以後你可以表演“火大”。

Q: So you can act any part? And you're aware of the fact that you I re an actor?

問：所以你可以扮演任何角色？你知道你只是個演員？

Lester: Right. Go all the way and there is only fun.

答：對。開悟後就只剩下樂趣。

Q: You can even keep your humor too?

問：你甚至可以保留你的幽默感？

Lester: Right. But the motivation for the humor is to make others happy, not for ego approval. That's the difference.

答：對。但幽默的動機是為了讓他人快樂，而不是為了滿足小我想要獲得認同的欲望。兩者是有區別的。

When I say you people leveled off and are on a plateau, it's not exactly correct. You leveled off into a slow, gradual, upward direction. It could be much faster, even immediate, rather than a slow, gradual, upward trend. Go all the way and then life from that point on is just a ball. You don't have to work. If you want to you can. You can always be successful; or you can even choose to be unsuccessful, just to make a game out of it. If you can succeed in failing, you can also succeed in succeeding.

當我說你們停滯不前，處在高原期時，那個說法並不完全正確。那是一種非常緩慢的上升狀態，但也可以更快，甚至是直接的。開悟後的生活就像一個球。你不必非得工作，如果你想也可以。你可以一直都很成功，甚至也可以選擇不成功，只是個遊戲而已。如果你能成功地失敗，那你也能成功地成功。

Q: Would helping others really be a fast way?

問：助人真的是一種快速的方式嗎？

Lester: Not so if your purpose is ego motivated. However, when you live only for others, it's a very fast way.

Paradoxically, the most selfish thing you can do is to be totally selfless. When we are totally selfless, we have the All, the Infinity. It's a seeming paradox.

答：不，如果你的意圖是小我所驅動的話。但是，當你只為他人而活時，那就是種非常快速的方式。自相矛盾地是，你能做的最自私的事情就是變得徹底無私。當我們徹底無私時，我們就擁有了全部，擁有了無限。那是個表面的矛盾。

Q: That's it. You offer me the All!

問：是那樣。你給了我全部。

Lester: Yes. We've all had glimpses of it. The thing to do is to establish that permanently, for all time.

答：是。我們都開始對“它”有所認識。我們所需做的就是永久地確立它。

So, again I say # take time out every day and effect it. Go all the way. You've got infinite power behind you; there's nothing to stop you but you. Make it part of your every day life and stay with it until it's established for all time. You can do it!

所以，我再說一遍，每天都抽出時間來做。覺醒吧。那樣你就會擁有無限的力量，沒有什麼能阻止你除了你自己。讓它成為你日常生活的一部分，直到你完全地確立它。你能做到的！

第三十五章 真我 你的真我

The Self, which is only your real Self, is the real "I" of you1
knowing which, you know all there is to know.

真我，只是你的真我，是你真正的“我”！知道了以上這點，你就知道了所有要知道的。

Knowing your Self is being your Self.

了知你的真我，就是回歸你的真我。

The ultimate goal of every being in the universe is total
freedom; and that is when you are only your Self. .

宇宙中每個存在的終極目標都是完全的自由，而只有回歸你的真我才能讓你完全自由。

The only reason why you are not aware of your Self is simply
because you want to be only a single body in the world.

你無法覺知到你的真我的唯一原因是你想成為這個世界的一具身體。

Everyone will someday wake up to the fact that he is the Self.

每個人總有一天都會醒來，看到自己就是真我，

To see your Self, you have to quiet the mind enough. When the
mind is being stimulated by the thousands of thoughts in the

subconscious, theres little chance of seeing your Self. The thousands of thoughts culminate in tendencies. Drop a tendency and you eliminate the thousands of thoughts under it. 想要看到你的真我，必須讓頭腦足夠安靜。當頭腦被成千上萬的潛意識念頭所刺激時，真我幾乎無法被看到。成千上萬個念頭形成一種趨勢。釋放了一個趨勢，你就釋放了底下的成千上萬個念頭。

The only things preventing you from being your Self are your mental habits called tendencies or predispositions. Will them out!

阻止你看到真我的唯一一個東西就是你的心理習慣，也就是所謂的習氣或癖好。釋放它們！

If you discover that the source of the tendencies or predispositions is the Self, your Self, you drop them then and there.

如果你發現習氣或癖好的根源就是真我，你的真我，你就釋放了它們。

When the mind gets free enough, then the Self of you takes over and you are from then on Self-propelled.

當頭腦足夠自由時，你的真我就會接管，成為你的推進器。

To be, the non-Self requires much effort, and is the effort we feel in life.

成為“非真我”需要很多的努力，我們一直在生活中耗費這樣的努力。

It requires no effort to be your Self!

回歸你的真我無需任何努力！

The effort that you think you use to try to be your Self is the effort you use in trying to resist being the non-Self ego.

你認為回歸真我所需的努力，實則耗費在對成為小我——非真我的抵制上。

Your wishes to be the ego and, at the same time, to not be it, doubles the effort.

你想要成為小我，同時又不想成為小我，這讓努力加倍。

All the effort you're involved in is effort to be an ego, or to resist being an ego. Do you see what the problem is? It is your constant effort. You must become effortless.

你所作的努力都耗費在成為小我上，或對成為小我的抵制上。你看到問題所在了嗎？你一直都在努力。你必須放棄努力。

There is only one real killing and thats the killing of the Self. Kill the Self and you've got ego and troubles. So everyone is a murderer of the Self who thinks he is an ego.

只有一種謀殺，那就是謀殺真我。謀殺真我，你就有了小我和麻煩。所以每個認為自己就是小我的人都是真我的謀殺者。

The only reason why anyone isn't aware of the Self is because he wants other than that.

無法覺知到真我的唯一原因是不想要真我。

If one wanted the Self as much as he wanted the world, he would soon have it.

如果你想要真我就如你想要世界一般，你很快就會擁有真我。

When you find more joy within yourself than in anything else, then you're really moving in the right direction. If you find any joy in life you're in the wrong direction. Enjoying anything is wrong. Seek joy within. Be joy. There's nothing needed to enjoy if you are all-joyous.

當你能從內在找到比外在更多的快樂時，你就走在正確的方向上。如果你從生活中尋求快樂，你就是在錯誤的方向上。享受任何事都是錯的。向內尋找快樂，成為快樂，那樣你就無需任何享受。

If we are enjoying anything we are in duality. If I enjoy this, there's "I" and "this." If there's God (Self) alone, there can't be any "I" and "this."

如果我們享受任何事，我們就是在二元性中。如果我享受這個，那麼就有“我”和“這個”。如果只有上帝（真我），就不會有“我”和“這個”。

The basic Truth is that you are all joy. Enjoying something will impose an extreme limitation upon your natural state of all-joy. To enjoy something, you're recognizing something other than you. So, I repeat, we should never enjoy anything. Seek joy only within and then the natural state of infinite joy is discovered.

根本的真相是你就是全然的快樂。享受某個東西會把極端限制強加到你那全然的快樂的本質上。享受某個東西會讓你認可它而非你自己。所以我重

複一遍：我們絕不要享受任何事。只從內在尋找快樂，你就會發現你那無限喜悅的本質。

There is really only one happiness; it is being our very own Self. The happier we are, the more we are dwelling in our Self.
只有一種快樂存在，那就是回歸我們的真我。我們越快樂，就越是處在我們的真我中。

Everytime you're high you're only being your Self and it feels terrific.
每次你感覺很爽時，你就是處在你的真我中。

Living in your Self is living in ecstasies, worldly desires is living in miseries.
居於你的真我就是居於狂喜中；世俗的欲望只會讓你活在痛苦中。

Everyone every moment is experiencing his Self and every moment saying otherwise.
每個人每時每刻都在體驗他的真我，只是說的卻是另外一回事。

It's only without thought that you can be the Self.
只有沒有念頭時，你才能回歸真我。

Discovering and being your Self is either easy, -or impossible.
發現並回歸你的真我，要麼容易，要麼不可能。

Finding the Self is the easiest thing in the universe when you do it. When you don't do it, when you continuously keep looking away from It, you can never see It. And then it is the most difficult thing in the universe.

當你尋求真我時，那便是全宇宙最容易的事。當你不尋求“它”時，從不去看“它”時，你就永遠都看不到“它”。你就是在做全宇宙最困難的事。

Being your Self is easy. Being an ego is difficult.

回歸你的真我很容易。成為小我則很難。

When you realize what you are, it's the dropping of what you are not that is the growth. Each time you see what you are, you should drop that which you are not.

當你意識到你的所是時，你是在釋放你的所不是，而那就是成長。每次你看到你的所是時，釋放你的所不是。

Everyone is seeking the Self, calling It by different names.

每個人都在尋找真我，只是對其有不同的稱呼罷了。

Anyone who is seeking happiness is seeking the Self. There are two kinds of people in the world: those who are consciously

seeking God, happiness, the Self, and those who are unconsciously seeking them.

尋求幸福就是尋求真我。這世界有兩種人：一種是有意識地尋求上帝、幸福和真我；一種是無意識地尋求。

In the consciousness of materiality (mammon) there is no God (Self).

在對物質（金錢）的意識中，沒有上帝（真我）存在。

You cannot see God in the world until you see God in yourself.

你無法在這世界上看到上帝，除非看向你自己，那才是上帝所在。

God is All and God is Perfect.. Therefore, anything that we see as imperfect is in us.

上帝就是全部，上帝就是完美。因此，任何我們看到的不完美只是在我們的頭腦裡。

If you see separation you see not the Self.

如果你看到的是分裂，那你就看不到真我。

When the world is real it is heavy. When the Self is real the world is light.

當世界是真實的時，世界便是沉重的；當真我是真實的時，世界便是輕盈的。

When our false identity as a body-mind disappears, our real identity as Self appears.

當我們身體-頭腦的虛假身份消失時，我們真我的真實身份就會顯露。

We are the Self now. All that we have to do is to let go of the concept that we are not.

只需釋放我們不是真我的信念，此刻我們就是真我。

The Self is God. The ego is the devil.

真我是上帝；小我是魔鬼。

God (your Self) is infinitely individual and individually infinite.

上帝（你的真我）是無限的個體，是個體的無限。

The most beautiful is God.

最美就是上帝。

There is something far more beautiful than nature, it is the Source of nature, the ultimate beauty, God.

有種東西比自然美多了，那就是自然的源頭——上帝。上帝是終極之美。

No matter how much trouble man can get himself into, God is more resourceful in getting him out of it.

不論你陷入多大的麻煩，上帝都有辦法把你救出來。

When we behave like God we have God-like powers.

當我們的行為像上帝時，我們就有像上帝那樣的力量。

God (Self) can materialize anything instantly.

上帝（真我）能在瞬間顯化任何事。

The All that is God is not every little thing; it is the singular same Essence behind all the little things.

一切萬有的本質都是上帝，而非單一的小東西。它是一切小東西的同一本質。

God and good are sometimes used synonymously. Because everyone wants good, they make God good. God is above good and bad. However, good leads us to God.

“上帝”和“善”有時會被當同義詞使用。因為每個人都想要善，他們把上帝看成是善的。實際上上帝超越了一切善惡。然而，善可以把我們引向上帝。

If God is All, that leaves no room for the devil.

如果上帝是全部，魔鬼就沒有落腳之處了。

In Reality there is only God (your Self).

在實相中只有上帝（真我）存在。

It is better to think of Self rather than God because you generally think of God as other than you and you generally think of Self as you.

想起真我比想起上帝要好，因為你通常不會把上帝看成是你，而把真我看成是你。

There's no such thing as an external called God. There is a God but It is the internal beingness of each one.

根本就沒有外在的上帝。上帝是每個人的內在存在。

Everything that is, is the Self, has its isness, its beingness, in your Self, God.

一切都是真我，在你的真我——上帝中有它的實然（isness），它的存在。

God is this world, the way this world is, and not the apparency that we see.

上帝就是這個世界，這個世界所是的樣子，而非我們所看到的那樣。

God, Truth, the Self is changeless. If God knew change, He wouldn't be changeless. There is no action in God. God knows nothing of this world as we see it. God is only the changeless beingness behind the world.

上帝、真理、真我永不變。倘若上帝知道改變，祂就不會是不變的。上帝沒有行動。祂對我們所看到的這個世界一無所知。祂只是世界背後那不變的存在。

Everyone experiences his Self every moment of his life.

每個人在他生命中的每一刻經驗著他的真我。

My Self is the nearest of the near and the dearest of the dear.

沒有比我的真我更近、更親的了。

Look to the Self for everything!

在一切中發現真我！

If you want to get more comforts, know thy Self.

若你想要更多的安逸，那就了知你的真我。

The only answer to, all problems is knowing your .self.

一切問題都只有一個答案——了知你的真我。

We will never be completely satisfied until we are completely being the Self.

當我們完全地回歸真我時，我們才能徹底地滿足。

To discover your Self is the reason why you came into this world.

你之所以來到這個世界，是為了發現你的真我。

Everyone is seeking his Self in his every act.

每個人的每個行為都是在尋求他的真我。

The ultimate happiness is the Self. All other happiness is only a bit of the Self.

終極幸福就是真我。其它一切幸福都只是真我的一小點。

When you know that the only joy there is, is of the Self, you take it directly and in its fullness rather than meagerly, as you formerly took it.

當你了知唯一的喜悅来自于真我時，你就會直接且完全地拿下它，而非像以往那樣只取其一部分。

The only one needed to know your Self is yourself.

唯一需要知道你的真我的人就是你自己。

This feeling of needing someone else to be your Self is ridiculous. It limits your being your Self.

以為需要某個人來回歸你的真我，這種感覺很荒謬。它限制了你的回歸你的真我。

Everyone is actually the Self expressing the Self as extreme limitation, identifying as a limited body-mind. When you say "I" and add nothing to it, that's It.

每個人都是真我，卻把真我表達成極端的限制，把它看成是有限的身體-頭腦。當你說“我”但不附加任何東西時，那就是真我。

When you are not identifying with the ego, you are the Self .

當你不認同小我時，你就是真我。

The only direct knowledge is of the Self. All other knowledge, needing something external to ourselves, is indirect.

唯一直接的知識就是對真我的了知。其它一切“我們需要某種外在的東西”的知識都是間接的。

If, at this moment, you identify with your Self, you are infinite.

如果此刻你認同你的真我，你就是無限的。

That part of you that really is, your beingness, is eternal. It's the I that you really are.

你存在的那部分是永恆的。它是你真正的“我”。

The little self, the ego, is nothing but the innate infinite Self assuming that It is limited. There are no two selves, one higher, the other lower, no two "I's." There is only one Self. It is perfect and always will be perfect, even though you make the false assumption that It is imperfect and limited. You are now, always were, and always will be your Self.

小我只是無限的真我假設自己是有限的。不存在兩個我，一個高，一個低，只存在一個我——真我。真我是完美的，永遠都完美，即使你錯誤地假設“它”是不完美且有限的。你現在是，過去是，並且永遠都是，你的真我。

Although one always experiences his Self, he usually needs to be directed to It before he becomes aware of It.

儘管一個人一直都在體驗他的真我，但在覺知到“它”之前，他還是需要經常被提醒。

It is the Self that is the source of the ego, the source of everything.

真我是小我之源，是一切之源。

You are every moment the unlimited Self, every moment saying I am limited. When you drop into the Self you stop saying "I am a limited body-mind."

你每時每刻都是無限的真我，卻每時每刻都在說“我是有限的”。當你落入真我時，你就不會再說“我是有限的身體-頭腦”。

Look only at the Self; then the ego is eliminated.

只看真我，小我就會消失。

When you dwell in your Self you have no desire to be liberated.

It is only when you are in the ego that you desire liberation.

當你處在真我中時，你不會再渴望解脫。只有當你在小我中時，你才會渴望解脫。

The Self is not aware of the ego and the ego is not aware of the Self.

真我不知道小我；小我不知道真我。

When I, the infinite Being, feel like a body, it is the infinite

Being imagining it is feeling like a body.

當我這無限的存在感覺像是身體時，那是無限的存在想像自己感覺像是身體。

When the Self is real, the body is not real, and vice versa.

當真我是真的時，身體就不是真的，反之亦然。

Identify with your body and the extreme limitations of a body are yours. Identify with your Self and you are all things, all knowledge and power, with no limits.

認同你的身體，那麼身體的極端限制就會加諸於你。認同你的真我，那麼你就是一切，全知、全能且無限。

There isn't anyone who couldn't materialize anything right now if he or she would just let go of identifying as the limited body. 只要釋放掉對有限身體的認同，沒有一個人無法在此時此刻顯化任何事。

If you will discover your Self you'll see that the body and mind are servant to you.

如果你發現了你的真我，你就會知道身體和頭腦不過是你的僕人。

Obtain and maintain direct experience of the Self. It is easier to obtain than to maintain direct experience.

獲得並保持對真我的直接經驗。獲得比保持更容易。

Everytime you say "I" it's everything, all the power in the universe. Everytime you add something to It, you pull It down into limitation.

每次你說“我”時，那就是一切，宇宙中的所有力量。每次你在“我”之後加上什麼時，你把“它”拖入了限制中。

When you see the Perfection, you see the other one as the other one really is, which is the real thing, - the perfect Self.
當你看到完美時，你就看到了他人的本然——無限的真我。

There's not a higher Self and a lower Self. There's only you identifying with your limitless Being or identifying with your limited being.

真我沒有高低之分。只有你認同你的無限存在或是你的有限存在。

You're never satisfied until you go all the way.
除非你開悟，否則永遠不會滿足。

There's only one thing that satisfies fully and eternally and that's total awareness of your Self.
只有一件事能讓你徹底且永遠地滿足，那就是完全地覺知到你的真我。

Everyone is aware of a selfhood. It is the Self, being wrongly identified as only a body.
每個人都覺得自己是一個獨立個體。那是錯誤地把真我等同於一具身體。

If you would just be aware only, you would be your Self. If you would be only, you would be your Self.
如果你只是覺知，你就會回歸你的真我。如果你只是唯一，你也會回歸你的真我。

This infinite glorious Being that we are, being absolutely perfect, can never change. It's always there.

我們所是的這恢宏而完美的存在，永恆並無限。

The greatest of all teachers is your Self.

最好的老師就是你的真我。

Look to your Self until you see It completely.

朝你的真我看去，直到你完全看清“它”。

All Beingness is God, your Self.

一切存在都是上帝，你的真我。

In the Self there is no haver, having or thing had. There is no doer, doing or thing done. There's no knower, knowing or thing known. There, there's only Being, being all Beingness.

在真我中沒有擁有者、擁有或已經擁有的東西；沒有行動者、行動或已經做了的事；沒有知道者、知道或已經知道的事。那裡只有存在，作為所有存在的存在。

When man seeks and discovers the seeker, he discovers that:

當一個人追尋並發現是誰在追尋時，他發現：

In the Self:

God is not being something, God is beingness.

God is not conscious of anything. God is consciousness.

God does not enjoy anything, God is joy.

God does not love anything or anyone. God is love.

在真我中：

上帝不是成為什麼，上帝就是存在；

上帝無法意識到任何事，上帝就是意識；

上帝不享受任何事，上帝就是喜悅；

上帝不愛任何人或事，上帝就是愛。

In man:

His beingness is God.

His consciousness is God.

His joy is God.

His love is God.

在他自己中：

他的存在是上帝；

他的意識是上帝；

他的喜悅是上帝；

他的愛是上帝。

Act as though you are the Self. This will lead you to seeing It.

表現得像真我，這會引導你看見“它”。

The Reality of you (Self) is perfect, all joyous, all glorious, all happy.

你（真我）的真相就是完美，全然的喜悅、輝煌和幸福、

The higher you go, the more you realize your Self and the more you treat others as your own Self.

你走得越高，就越能了知你的真我，也就越將他人當作你的真我來對待。

Being the Self is being selfless. In that state you are interested only in serving others, serving them as your Self.

回歸真我就是變得無私，那時你只會對服務他人感興趣，將他人當作你的真我來服務。

The Self is absolute, profound, indescribable peace.

真我是言語無法形容的絕對的深沉的寧靜。

The only requisite for the realization of the Self, your Self, is stillness.

了知真我——你的真我的必要條件是靜止。

When one realizes his Self, all his actions and possessions are not perceived as his. He has given up "me" and "mine."

Everything is the Self.

當一個人了知他的真我時，不會再把他的行為和財產看成是他自己的，他已經放棄了“我”和“我的”。因為一切都是真我。

When you experience the Self, you can't tell about It. Anything you can tell something about isn't It. It's the state of only

being. There's no action there; there's no form there. It's Isness, and that's all that It is. You can't use It, you can't know It, you can only be It. When you're there, there's only One, You, and that's all there is.

當你經驗到真我時，你無法講述“它”。任何你能講述的都不是“它”。“它”僅僅是存在的狀態，沒有行動，沒有形式。只是“是”，這就是“它”的全部。你無法使用“它”，無法知道“它”，只能“是它”。那裡只有“一”，只有你。

Anything but the Self is wholly imagination. The ego is only an apparent actor in the imaginary story script you wrote. Thou art That, here and now. Do not delude yourself. Drop your illusory limitation.

除了真我，其它一切都是想像。小我只是演員，表演你所編劇的幻想故事。此時此地你就是那。不要蠱惑你自己，放開你那幻想的限制。

The Self is Quiescence, perfect Awareness with perfect Stillness.

He who seeks God will not find God in duality.

There is no human, God being All.

There is no time, no becoming.

There is no creating in total perfection.

Only God beholds God, there being nothing else.

Only God loves God, God being All.

Be still and know that you are God!

真我是完全的靜止，完全的覺知。

尋求上帝的人無法在二元性中找到上帝。

沒有人類，上帝就是全部。

沒有時間，也就沒有成為。

在完全的完美中沒有創造，

只有上帝注視上帝，別無其他。
只有上帝愛上帝，上帝就是全部。
靜止吧，發現你就是上帝！

There is only God, nothing else. If there is only God, then I am That. At the end of the road we discover that there is only "I," all alone.

只有上帝存在，別無其他。如果只有上帝存在，那麼我就是上帝。在路的盡頭，我們會發現那裡只有“我”存在。

You are the Self saying otherwise, but that doesn't make it so. No matter how much you say otherwise, you are that infinite Being right now.

你是真我卻對此否認，但事實就是如此。不管你怎麼否認，此刻你都是那無限的存在。

You can't become your Self, you It!
你無法成為你的真我，因為你就是真我！

Everytime you say "I" that's the Self, if you would only stop there!

每次你說“我”並就此打住時，那就是真我。

The word "I," with nothing added to it, is your Self. When you just say "I," that feeling of "I" is the Self. But when you say "I

am something," that isn't It. But just pure "I," and only I, is It. When that is all you see and all you know, -that's God, your Self. That's why God is closer than flesh! Just hold on to the word "I" only. "I,I,I,I," Try it when you are alone. Just "I,I" and not "I am a body," but "I,I,I,I" -that feeling of being. Hold That; experience It; be It! It is your Godhead, - your Self!

“我”這個字，若在之後不附加任何東西的話，那就是你的真我。當你只是說“我”，那種感覺是真我。但當你說我是什麼什麼時，那就不是“它”。只是單純的“我”，那是“它”。當“我”是你全部的所見與所知時，那就是上帝——你的真我。這就是為什麼上帝比肉體還近的原因。當你一個人時，試著只抓住“我”這個字，“我我我我”，而非“我是一具身體”。只是“我我我我”，那是存在的感覺。抓住“它”，經驗“它”，回歸“它”！那是你的神性——真我！

第三十六章 你就是那

At some level, everyone is aware of the infinite being that he is. Are you aware of the "I" that you are? The word "I, "-that's it, -the beingness part of you, but it's only the beingness part. If you experience "I am, "-that's it. That part of you is infinite. And you are experiencing it all the time. There's no time when you are not experiencing it, -otherwise you'd go out of existence.

在某種程度上，每個人都知道自己所是的無限存在。你知道你所是的“我”嗎？“我”這個字，就是它，就是你存在的部分，但僅僅是存在的部分。如果你說“我是”，那也是它，那部分的你是無限的。你一直都在體驗它，無時無刻不在體驗它，否則你就不存在了。

However, you override it and hide it from yourself by saying "I am a body." And what you're doing is that you are saying "I, the infinite being, am this body." So, if you use the word "I" you're talking of the infinite being that you are. Every time you say "I am something," you're saying "I, the infinite being, am a limited something." And being Infinite, It allows you to assume limitation, as much as you want. That's why you can do such a good job of limiting yourself. Does that make sense?

然而，你通過說“我是一具身體”來掩蓋它。你說“我，這無限的存在，是這具身體”。所以，如果你用“我”這個字，你是在談論你所是的無限存在；但是每當你說“我是...”時，你是在說“我，這無限的存在，是有限的...”。無限的存在允許你如你想要的那樣假設自己是有限的。這就是為什麼你可以任意限制自己的原因。我說的有道理嗎？

Q: Yes.

問：是的

Lester: We can drive ourselves into such extreme limitation that we think we're a victim of our environment and subject to it. And it is an infinite being doing that!

答：我們可以把自已圈進如此極端的限制中，以致於我們認為自己是周遭環境的受害者，並受制於它。而那卻是無限的存在所做的！

Q: Why do we not realize our unlimited being?

問：為什麼我們意識不到我們的無限存在？

Lester: We have the conviction that we can't do it. If we were not convinced that we couldn't do it, we could do it quickly, even in a moment. How long should it take one with all knowledge, all power to recognize that he is all knowledge, all power? No time! And each one of us is that all powerful, all knowing individual. It seems so hard, almost impossible, only because we won't do it. That's why it is so difficult, - we won't do it!

答：因為我們深信自己做不到。如果不是這樣的話，我們可以立刻體認到自己的無限存在。讓一個全知全能的存在知道自己是全知全能的，能花多長時間呢？一瞬間的事！我們每個人都是全知全能的個體。看起來很難，幾乎不可能，僅僅是因為我們不會那樣去做。這就是為什麼它如此之難的原因——我們不會去做！

You hold the concept that you are a body, rather than that you are an infinite, unlimited being. As long as you hold to that concept, you're stuck with it. You don't look at the other, the opposite side of you, which is unlimited.

你抓著你是一具身體的概念不放。只要你一直抓著那個概念不放，你就會卡在那裡。你就不會去看別的，不會去看你那無限的另一面。

Q: Well then, could you say that the only thing between us and realization is a thought, really?

問：你同意我們和開悟之間僅僅是隔著一個念頭嗎？

Lester: Yes, that's it. It is a thought that is the culmination of much thought.

答：是的，就是那樣。只需一個念頭，就能終結無數個念頭。

If you would just examine how your thoughts flow after I tell you that you are unlimited, you would discover that immediately you dive right into the thoughts of being a limited body. When I say that each one of you is infinite, unlimited, right now, - at that moment you get a feel of it. Are you aware of the feel that you get as I say it? Right now, everyone here is infinite, unlimited, omnipotent, omniscient, and omnipresent. When I say that to you, for that instant you feel it, but the next moment you think you are the body, and immediately take your full attention off what you really are and put it on the concept of being only the body with all its affiliations.

如果你在我告訴你“你是無限的”之後，檢查一下你的念頭如何流動的話，你會發現隨即你就墮入了成為一具有限身體的念頭。當我說你們每個人都是無限的那一刻，你們感覺到了它。但在下一刻，你認為你是這具身體，這把你全部的注意力從你的本然迅速拉回到成為有限身體的概念上。

All right, now that you have heard this why dont you stop doing this to yourselves.

現在你知道了為什麼你停止那樣去做的原因。

(Interruption: Two people arrive and enter the room, causing much conversation.)

（打斷一下：有兩個人進入這個房間，引發更多的談話。）

You have an example right now of what I've been talking about. Can you see what just happened? If what I said had been held on to, you would not have been distracted by the newcomers; the people would have come in and quietly sat down and nothing would have been said. But we're so interested in bodies that we immediately gravitate toward them. This is the problem, - our persistence in being bodies.

Every moment we hold that we are limited bodies. What you need to do is stop doing just that. Will you do it? If you do, you will see the infinite being that you are.

現在有個例子，可以證明我所說的。你意識到剛才發生了什麼嗎？如果你被我所說的吸引的話，就不會注意到新來者的到來。他們會進來，安靜地坐下，不會引發場內的任何騷動。但是我們對身體的興趣如此之大，以致於我們立刻就被他們所吸引。這就是問題所在——我們執著於身體。每一刻我們都堅信我們是有限的身體。我們要做的是停止繼續那樣。你會停止嗎？如果是的話，你會看到你所是的無限存在。

It's really simple, but seems extremely difficult. Not only difficult but impossible, doesn't it? It is, only because we just don't do it, and that makes it impossible. We've heard these things again and again and again. But what use is it listening to this, - if we don't do it? And, as I said, being infinite, there isn't anyone here who couldn't be the infinite being he is right here and now, -if only he would do it. So, what you need to do is to get with yourself, look at yourself, and do it. And it's that simple.

真的很簡單，但看起來非常難，不僅難而且不可能。因為我們不會去做，所以這讓它成為不可能。我們已經無數次地聽到這些東西了，但如果僅僅是聽而不去做的話，又有什麼用呢？我之前說過，這裡的每個人沒有誰無法在此時此地回歸他所是的無限存在，只需他去做而已。所以，真的很簡單，你只需要和自己在一起，看看自己，去那樣做吧。

How many of you women go about every day trying to discover that you're a female? None. Who of you men go about every day trying to discover that you are a male? Why don't you? Why don't you people want to be told that? Because you accept it without any doubt whatsoever. But you do not accept that you are infinite. Why not? Why play the game of limitation and be miserable? Why? I'm asking you' the questions now instead of you asking me.

你們女人有幾個試著在每一天去發現你是個女人？一個都沒有。你們男人有幾個呢？你們為什麼不試著去發現呢？因為你們對此深信不疑。但你們卻不相信你們是無限的。為什麼？為什麼還要玩限制的遊戲，還要痛苦呢？現在輪到我問你們，而不是你們問我。

You believe you're infinite. Why dont you be what you are, instead of this constant trying to be the limited body? The body is a very cramped thing to be and it hurts. Lifetime in and lifetime out. Why do you insist on being so cramped and incapacitated, as everyone is, if one is a physical body? Compared to what one really is, - infinite, unlimited and totally free, it is ridiculous, isn't it?

你相信你是無限的。為什麼不回歸你的所是，非要繼續成為有限的身體呢？身體是非常受限、容易受傷的東西。為什麼生生世世你都要堅持受限，堅持無能呢，而你的本然卻是無限而自由的存在？這不是很荒謬嗎？

Maybe someone might want to answer the question, "Why dont you be what you are, - infinite?"

也許有人想要回答這個問題——為什麼你不回歸你所是的無限存在？

Q: What does it feel like to be infinite?

問：無限的感覺是怎樣的？

Lester: Absolutely no limitation in any direction whatsoever. No limitations, total freedom from everything, - needing no food, no oxygen, no job. Instantly materializing anything you want. Being anywhere in the universe. Being as tall as you want, or the size of an atom. Being at perfect peace and contentment, Being in the most delightful state possible.

答：無論在哪一方面都完全自由、不受限——不需要食物，不需要氧氣，不需要工作。想要什麼就能在瞬間顯化。宇宙中的任何一個地方都能到達。想要變得多大就多大，多小就多小，哪怕小到一粒原子那麼大。全然的寧靜、滿足和喜悅。

Q: What happens to this body when that happens?

問：那個時候身體發生了什麼？

Lester: To really know that you should experience what you are. Otherwise the reality on the body can't be understood.

答：想要真正知道的話就去經驗你的所是，因為頭腦無法理解。

When you see what you are, only then do you know what the body is. It turns out to be a thought. A thought just like in a night dream, when you dreamed about being a body in a situation. And when you awoke you said. "Oh my gosh, that was all in my mind." The same thing happens to this body when you wake up from this dream, called the waking state. You see the body, but you know it to be the dream, nature that it is.

只有當你了悟你是什麼時，你才能知道身體是什麼。身體只是一個念頭，如同一場夜夢，你夢到自己是一具身體。當你醒來時，你說：“哦天啊，這一切都只是在我的頭腦中。”同樣地，當你覺醒後，你會發現身體只是一場夢。你看到身體，但卻知道它只是一場夢。

Do you see how much you're concerned about the body? And this point I make: Be as concerned about your infinite being as you are about your body and, if you are, you will discover that you are infinite.

你知道你有多關注這具身體嗎？我建議你們像關注你的身體一樣關注你的無限存在。如果你能做到，你會發現你是無限的。

Q: What I really meant was, when you are away doing these things, how does this body function?

問：我的真正意思是：當你關注無限存在時，身體如何運轉呢？

Lester: Automatically. However, you can't be away from the "I" that you are. You're right where your "I" is. When you say "I," that's where you are. You can't get away from it, ever. The individuality never leaves you, you never leave it. The "I" that

you are always is, -it's eternal. That's the real Being that you are.

答：自動運轉。然而，你無法遠離你所是的“我”。你就在你的“我”所在的地方。當你說“我”時，那就是你的所在。你永遠都無法離開它。個體性無法離開你，你無法離開個體性。你所是的“我”是永恆的，那是你的真實存在。

All right now, if you will be that "I," and only that "I, then everything will turn out to be like a dream. And when you see it full, a dream that never really was. It's the same as when you wake up from a nightmare. A good allusion to what we are going through now is the nightmare. As long as you remain in it, it's a horrible thing and it's very real. It only becomes unreal to you after you awaken, Right? The exact same thing happens to this waking state dream when we wake up from it. We first say, "Oh my gosh, it was all a dream," and then we add, that never really was." And that's what happens to your body. You then see it as a dream body.

現在，如果你會是那個“我”，並且只是那個“我”，那麼一切都會變成是一場夢。當你看清它的全貌時，你會發現夢從來都不是真的。當你從一場噩夢中醒來時，也會發生同樣的情況。而我們正在經歷的就是一場噩夢。只要你還在噩夢中，它對你而言就是真實而可怕的。只有當你醒來時，它才會變得不真實。當我們從這場生死大夢中醒來時，也會是同樣的情況。我們首先會說：“哦天啊，一切都只是一場夢。”然後我們補充道：“它從來都不是真的。”你會以同樣的方式看待你的身體，你將它視為夢中的身體。

Your body will change but you never will change. You don't disappear; you don't lose anything; you just take on more and more until you see yourself first, as every being, as every body, then as every atom in the universe. There's no reason to fear losing your body, or losing anything. You gain more and more until you become infinite. Yet, most of us are fearful lest

we're going to lose our body and be nothing. That's a serious error. You could be a hundred bodies!

你的身體會變化，但你卻永不改變。你不會消失，不會失去任何東西，相反地只會得到更多，直到你把所有存在、所有身體以及所有原子看成是你自己。沒有理由害怕失去你的身體或任何東西。你得到的越來越多，直到你徹底回歸無限。但是，我們大多數人都害怕自己會失去身體，會變成虛無。那是個嚴重的錯誤。你可以是千百具身體！

Q: If you think of the body in terms of beingness

問：如果你把身體看成是你的存在的話？

Lester: If 'you do, you're committing a gross crime against the word "beingness." Beingness is the infinity that you are. Your beingness is infinite. Your being a body is an extreme limitation in your beingness.

答：如果那樣的話，你是在對“存在”這個詞實施嚴重的犯罪。存在是你所的無限。你的存在是無限的。身體對你的存在而言，是個極端的限制。

Q: We think of body in terms of limitation; that's the ordinary concept of body.

問：我們以為身體是個限制，這個觀點並不新奇。

Lester: Right, which means we have to let go of the concept: The body is I. As long as we hold that, we are holding the concept: I am an extreme limitation, -a physical body.

答：對，這意味著我們要釋放“身體是我”這個概念。只要我們抱持那個概念，我們就是在抱持“我是極端的限制——一具物理身體”的概念。

Any slight maladjustment in it and it dies. And every one knows that it does, sooner or later. What's this great thing called a body? It's a very disposable thing and everyone knows that sooner or later he will dispose of it, right? But gosh, how we hold on to this limitation! And keep ourselves in extreme confinement!

任何輕微的失調都能導致身體的死亡。每個人都知道身體早晚都會死。這偉大的所謂的身體是個什麼東西？它是個一次性用品，每個人都知道早晚他都會丟棄它。但是上帝啊，我們是多麼執著於這個限制啊，並且一直把自己囚禁於此！

We are like a bird in a cage, with the door open, refusing to fly out, - free!

我們就像籠中鳥，門開著，但我們卻拒絕出去——拒絕自由！

Q: Well, this sense of beingness, infinite beingness, is far more concrete than our present sense of body, is it not?

問：這種存在感，無限的存在，遠比身體的感覺更真實，是吧？

Lester: It should be. This is what, in effect, I'm saying. If you just hold on to your sense of beingness, and just hold that, and not add "this body is I,"- just hold on to your beingness only, and hold it, and hold it, -you'll be letting go of the feeling that the body is I. And you'll get an insight into this beingness, as to what it is, and then you will remain in it. Then your beingness is very concrete to you and your body is like a dream body.

答：應該是。這實際上就是我所說的。如果你只是堅持你的存在感，並且不附加“這具身體是我”的話，你就會釋放掉“這具身體是我”的感覺。你能看到存在本身，並且一直待在存在之中。那時你的存在對你而言就會非常真實，而身體則像夢中的身體一樣虛幻。

When you are only beingness you recognize that your beingness is all beingness. I say that everyone here is, right now, that infinite beingness. And the infinite part of you is the "I," the beingness of the "I," the "I am." And that if you would hold that, that would become real and concrete to you, and all the limitation, misery, and trouble of the body would automatically be gone.

當你只是存在時，你會意識到你的存在就是一切存在。我說此時此地的每個人都是無限的存在。你那無限的部分就是“我”，“我”的存在，“我是”的

存在。如果你能堅持它，它對你而言就會變得真實，並且身體所有的限制、痛苦和麻煩都會自動消失。

Q: I've had a few glimpses of that but holding it is a different thing.

問：我曾有幾次瞥見它，但是保持它卻是另外一回事。

Lester: The reason why you don't hold it is because you are holding on to the body being you.

答：你之所以無法保持它的原因是你執著於把這具身體當作是你。

Q: The thing is that this beingness cannot be conceived of with the mind, can it?

問：問題是存在無法用頭腦來想像，是嗎？

Lester: Right. However, you don't have to conceive of it if you are it. Do you have to conceive of being a male? Just only be it.

答：對。然而，如果你是存在的話，根本不必想像它。難道你需要想像自己是個男人？只是“是”而已。

Q: But this metamorphosis, this change that must take place within the individual, requires some intellectualization at first?

問：但是這種蛻變必須是在個體之內發生，一開始是需要理智的？

Lester: The intellect directs you toward looking away from what you are not and looking at what you are. In that sense, you're right. We ask "What am I?" and that's intellectual. However, the answer is an experience.

答：理智把你的視線從你的所不是那裡移開，轉到你的所是上。從那方面來講，你是對的。我們問“我是什麼”，這是頭腦的東西。然而，答案卻是體驗的產物。

Q: Now this is what I was getting at. When does this intellectualization of the infinite stop and you realize it as it is?

問：我的意思就是這樣。當對存在的這種頭腦式理解停止時，你才能如是地看到它。

Lester: When your thinking quiets enough, you then see what you are and it becomes real to you.

答：當你的頭腦足夠安靜時，你會看到你的本然，那時它對你而言才會變得真實。

Q: But you're not conscious of that transition?

問：但你不會意識到這種轉變？

Lester: You're conscious of letting go of the concepts of limitation. Discovering the infinite Being that you are is no transition, because you are that now; you always have been and always will be That. So there can't be any transition there. It's the letting go of the thoughts of limitation that is a transition.

答：你會意識到你釋放了限制性信念。發現你所是的無限存在不是一種轉變，因為你本來就是並且一直都是無限存在。所以不可能有轉變存在。釋放限制性念頭才是轉變所在。

Q: Isn't it difficult for one to think of his inner being as infinite?

問：對一個人來說，認為自己的內在存在是無限的，不是很難嗎？

Lester: In your thinking, it's impossible, only experience it. You can.

答：對你的頭腦來說是不可能的。唯有體驗。

Q: And yet it's real; you do come into it; there's no doubt about it.

問：但當你真正地進入它時，它無疑是真實的。

Lester: Yes, sooner or later. When you get so fed up with torturing yourself, you then let go of all the nonsense, and you'll be what you really are,- infinite. Now, most people on

earth will take millions of years to do this, and you can see why. When we take into account all people, you're very advanced; and look how much you are holding on to being only that body! Your questions and talk relate mostly to the body, its transition, and what happens to the body.

答：對，或早或晚。當你受夠了自我折磨時，你就會釋放所有這些扯淡的東西，回歸你真正的所是——無限。地球上的大多數人會花費無數劫的時間來回歸無限，你知道為什麼。與所有人相比，你算是比較超前的。但是看看你對這具身體有多執著！你的問題和討論大多是關於身體的，身體的轉變，以及發生在這具身體上的事情。

I'm hoping to provoke you into letting go of identifying with the body, by telling you it's impossible to be infinite because you insist upon being the body. And so long as you persist in being the body, it is impossible. You're stuck. And you could remain this way for millions of years.

我告訴你身體不可能是無限的，是希望能夠刺激你釋放掉對身體的認同，因為你堅持成為這具身體。只要你堅持那麼做，你是不可能回歸無限的，你會卡住，卡上個無數劫。

Have you ever accepted the concept that you have no limitations?

你是否已經接受“你是無限的”這個概念？

Q: I've accepted the idea intellectually, but obviously not in practice.

問：頭腦上接受了，但顯然實際並非如此。

Lester: Yes, and because you believe you are a body, it is impossible to be infinite. These bodies are very frail things, and they don't last very long, either. And we insist and persist in being the body. Now any time anyone decides, really decides, not to be it, -then he will allow himself to see his infinite beingness.

答：是的，因為你相信你是一具身體，那就不可能回歸無限。身體是很脆弱的東西，它們不會存活太久。但我們卻堅持成為身體。任何人任何時候只要下了真正的決心，決心不再成為身體，那麼他就會允許自己看到他的無限存在。

What do we do twenty-four hours a day? We cater to the body; we think we are it! We wake it up in the morning, we wash it, we dress it, we beautify it; we send it off to work so it can earn some money, so that we can put some other life (food) into it so it can rot (digest) that life inside so that it can persist. And then we go home and we park it for the evening. It is such a wonderful life that we have to escape from it; every night we have to go unconscious, that is, sleep. And this we repeat day in and day out, life in and life out, - until we decide that we are not the body, that we are more than the body, that we are infinite beingness.

我們每天 24 小時都在幹嗎？我們餵養這具身體，因為我們認為我們就是它！我們每天早上醒來，洗刷它，給它穿衣服，讓它變漂亮，我們把它送去工作，讓它掙些錢，以便我們能夠把其它生命（食物）往它裡面塞，然後讓這些生命在它裡面腐爛（消化），這樣它才能存活。晚上我們回到家，把它放到床上。多麼美好的生活啊，以致於我們不得不逃離它，每天夜裡我們不得不進入無意識——睡覺。每一天，每一年，每一世，我們都在重複這樣的生活，直到我們決心不再成為這具身體，而是超越這具身體，回歸我們所是的無限存在。

It is really simple. The difficulty of it is the holding on to wanting to be the body. We are constantly saying. "I am the body; I am not infinite." And, of course, we can't feel the unlimited joy or happiness that we're seeking by cramping ourselves into a little body that's frail and perishable.

真的很簡單。困難只是在於我們堅持成為這具身體。我們總是說“我是這具身體，我不是無限的”。當然，我們也就無法感受到我們所一直尋求的無限喜悅，因為我們把自己困在一具脆弱而易爛的小小身體裡。

Q: What do you mean when you say we have such a wonderful life that we have to go unconscious?

問：你說“多麼美好的生活啊，以致於我們不得不逃離它”，是什麼意思？

Lester: This life, that we think is so great, we cannot take twenty-four hours a day; for about eight hours every day we have to escape it through the unconscious state of being asleep.

答：我們所認為的美好生活，卻不能每天 24 小時都享受，因為每天 8 小時我們都不得不通過睡覺時的無意識狀態來逃離它。

Q: While asleep, where am I? Why can't I remember?

問：睡覺時我在哪兒？為什麼我記不起來？

Lester: Because you believe you can't. The reason is that you don't want to, because, unless you relate to the physical body and world, you believe you are a void. However, notice the fact that, although you drop the physical body and world in sleep, you still exist, don't you?

答：因為你相信你不能。你不想記起來，因為你相信如果你與這身體和世界脫離關係的話，你就會消失。然而你要注意到，即使你在睡覺時放開這身體和世界，你也依然存在，不是嗎？

Sleep is an escape from this wonderful world of ours. As we go up into higher states of beingness, we all reach a place where we don't sleep any more. When we do not dislike the world, there is no need to go to sleep.

睡覺就是對這美好世界的逃離。當我們到達更高的存在境界時，我們不再需要睡覺。因為當我們真的喜歡這個世界時，就不再有對睡覺的需求了。

I want to point out how wonderful this world is. How wonderful is it, if we have to escape from it every night? So let go of it and be what you are. Be infinite. Stop looking at the world and look at the "I that I am," and keep your attention on the "I that

I am" until you see it fully, and you 'n drop being only a physical body with all the limitation associated with it.

我要指出這個世界到底有多好。如果你每天夜裡都不得不逃離這個世界的話，它對你來說能有多好呢？所以釋放這個世界吧，回歸你所是的無限存在。不要再看這個世界，把你的目光轉向“我所是的我”，一直看著它，直到你看清它的全貌，那時你就會釋放掉對這具身體以及它所帶來的限制的執著。

Q: We keep imagining that this little limited life brings us happiness, and that helps keep us bound, doesn't it?

問：我們總是想像這有限的小小身體能夠帶給我們幸福，這讓我們陷在其中無法自拔，是吧？

Lester: Yes, so why do it? Everyone is seeking the infinite being that he is. You call it happiness, happiness with no sorrow. It is your Self, your beingness. Why not just be it? Why don't you do it?

答：是的，所以為什麼不釋放對它的執著呢？每個人都是在尋求他所是的無限存在，你稱它為“幸福”，“沒有痛苦的幸福”。它就是你的真我，你的存在。所以為什麼不回歸它呢？為什麼？

Q: Well. I guess we don't want it badly enough; were afraid to go all out.

問：我想是因為我們想要它的程度還不夠，我們害怕放手。

Lester: That's it,-you don't want it enough. You want to be the limited body with all its adjuncts of limitation, sickness, trouble and finally death. Ridiculous, isn't it?

答：對，就是因為你還不夠想要它。你想要成為有限的身體以及它所帶來的一切限制，包括疾病、麻煩以及最終的死亡。很荒謬不是嗎？

If it was the most important thing in your life, it wouldn't take long to become That. But we all have our side tracks that keep us going in all directions.

如果它是你生命中最重要東西，很快你就能成為“那”。但是我們卻堅持往錯誤的方向狂奔。

That's it. We really don't want this knowledge of our unlimited state, right? Therefore our attention is in the other directions. 我們真的不想要有關無限的體認，不是嗎？因此我們的注意力總是放在別處。

Q: It's unlimited, we know this intellectually, but do you think we have a resistance, not knowing exactly what is there for us?
問：我們頭腦上是知道無限的，但是你不認為我們會有抗拒嗎，因為真的不知道等在那裡的是什麼？

Lester: Yes, and no. You know you're infinite and you're seeking it. In your every act every day you're seeking this infinite being that you are. You call it happiness. If you would trace happiness down to its source, you would discover that there is no happiness in external things or people. Happiness is something you experience within. And it's there all the time if you just don't cut it off by making it dependent on someone liking you, or on your getting gold. Once I say, "In order for my inner happiness to be, I must have gold. I cut off that happiness unless I get gold. So we're cutting off that unlimited happiness and saying it's in the world, in tiny bits, while all the time it's unlimited right within us, not out there in the world. But, as you said, we're so convinced that it's in the world that our attention is in directions other than on the infinite Being that we are. If we really wanted to see this infinite Being that we are, our attention would be there all the time.

答：是的，也不是。你知道你是無限的，你一直都在尋求它。在你每天的每個行為中，你都在尋求你所是的無限存在。你稱它為“幸福”。如果你究其根源的話，你會發現它不在外在的人事物那裡。幸福是你內在的體驗，它一直都在那裡。如果你相信幸福來自某個喜歡你的人或是來自財富的話，你就會切斷幸福。一旦我說“為了內在的幸福，我必須得到金子”，那

麼如果我得不到，我就切斷了幸福。所以我們切斷了那無限的幸福，因為我們說它在這個世界裡，在有限的東西裡，而實際上它一直都是無限的，一直都在我們的內在。但是，如你之前所說，我們是如此相信它來自外在，以致於我們的注意力都不在我們所是的無限存在上。如果我們真的想要看到我們所是的無限存在，我們的注意力就會一直在那裡。

Q: And we could be That right at that moment!

問：在那一刻我們就能成為“那”！

Lester: Right. At that moment, or soon, or in a month or two. But I say you are condemned to millions of years of misery if you persist in being the body.

答：對。在那一刻，或者一兩個月後。但若你堅持成為這具身體的話，你註定經受百萬年的痛苦。

Q: If one experiences very intense misery where everything seems to be cut off. -an awakening can come out of this sometimes, can't it?

問：如果一個人正在經受極端的痛苦，一切都變得無望的話，有時覺醒會在那種情況下發生，是嗎？

Lester: Oh yes. That's the way we usually do it. When we are in the direction of limitation we keep making ourselves more and more limited, until we go to extremes and think we are in danger of becoming incapacitated with something severe; with sickness or death. Then, with our determination, which everyone has, we say, "To hell with this!" and we go in the right direction. However, we could and should go in the right direction because of the wonderfulness of it.

答：是的。通常我們都是那樣的。當我們走在限制的方向上，我們會讓自己變得變來越受限，直到限制達到極點，我們認為自己已經無能為力，比如瀕臨死亡時，那時我們才會下決心，我們說“去他媽的”。然後我們拐到正確的方向上。然而，我們可能並且應該走在正確的方向上，因為它是如此美妙。

Q: I think the tendency often is to try to contact the infinite and then use it to make this finite life comfortable, pleasant, prosperous and things like that.

問：我想我們總是傾向於和無限產生聯繫，然後利用它讓有限的生活變得舒適、愉快和繁榮什麼的。

Lester: Right. We try to contact our unlimited power and then use it to make a better body and world. We can make the body and world better, but we cannot achieve sustained happiness, because being subject to this body and world is being subject to limitation and non-freedom.

問：對。我們試圖連接我們的無限力量，利用它讓身體和世界變得更好。我們是可以這樣，但那無法讓我們獲得持久的幸福，因為受制於身體和世界就是受制於限制，受制于不自由。

Q: But getting rid of your body isn't going to help much though, is it?

問：但是擺脫身體沒什麼用，不是嗎？

Lester: I'm not suggesting you do. Until you can consciously leave your body, if you forcibly got rid of your body, you would just come back again through the womb and wait twenty years while growing up, before starting again to learn that you are not the body. So forcibly dropping the body would be a very wrong thing to do. But to show you how much you think you are the body, just ask yourself how close could you come to throwing your body out on the highway and letting cars run over it. This will show you how convinced you are that your body is you.

答：我不是建議你擺脫身體。除非你能有意識地離開你的身體，否則如果你是被迫脫離身體的話，你還是得回來，通過一個子宮，然後再等上個二十年，等你長大後，你開始再次明白你不是這具身體。所以被迫脫離身體是非常嚴重的錯誤。但是為了讓你明白你有多麼相信你是這具身體，問問

你自己如果把你的身體丟到高速公路上，讓車子從你的身上碾過，你會是何種感覺時，你會發現你是多麼相信你的身體是你。

Q: Is it our unconscious mind that prevents us from being our infinity?

問：是我們的無意識頭腦阻止我們回歸我們的無限嗎？

Lester: It's you, making your thoughts unconscious. I say it's you; it's not your mind. Or, if you want to argue it, show me this mind you are talking about. Where is it? And how is it holding you back? Does it have a life other than you? Is it other than you? What is this thing?

答：是你，讓你的念頭變成無意識。我說那是你，不是你的頭腦。或者如果你想反駁的話，告訴我你所說的頭腦在哪裡？它是怎麼拖你後腿的？它除了活在你那裡還活在哪裡？它難道不是你嗎？它到底是什麼東西？

You're preventing yourself, whether via the mind, via the body, or via anything. You are doing it. It's important that you take full responsibility because, if you don't, you will never get out of this trap.

是你在阻礙你自己，無論通過頭腦、身體還是別的什麼。是你在做。你必須為此負起全責，這是關鍵所在，因為如果你不負責的話，你永遠都無法脫離這個困局。

Q: I understand that it is something that we have created ourselves, but it has reached such a proportion!

問：我知道頭腦是我們自己創造的某個東西，但它已經變得如此頑固。

Lester: Not it, it is you who have reached such a proportion. So long as you blame something else, you'll never get out of it, You're doing it. Can't you see that you cannot undo your limitation as long as you'll not take responsibility for it? No matter what you call it, whether you call it mind, or body, you are doing it.

答：不是它，是你自己已經變得如此頑固。只要你還在推卸責任，你永遠都無法脫離困局。是你在阻礙你自己。你難道不明白只要你不為此負責的話，你就無法消除你的限制嗎？不管你稱它為什麼，頭腦也好，身體也好，都是你在阻礙你自己。

Q: I am taking responsibility for it, because I'm trying to do something about it.

問：我在為此負起責任，因為我正在做一些努力。

Lester: O.K. As long as you say, "I'm taking responsibility," that's all right. But when you say, "It is the mind," you are not taking responsibility for it; then the mind is responsible, not you. Do you see that?

答：那就好。只要你說“我在負責”，那就是對的。但若你說“那是頭腦的緣故”，你就是在推卸責任，頭腦反倒成了罪魁禍首，而不是你。明白了嗎？

Q: Well, I'm responsible for it; it's my creation.

問：我對此有責任，因為那是我的造物。

Lester: Right. Whose mind is it? It's yours.

答：對。那是誰的頭腦？你的。

Q: But still, it has become a sort of Frankenstein's monster that's gotten out of hand. And isn't that what stands in the way?

問：但是，這有點變成了弗蘭肯斯坦所創造的怪物。難道不是它在擋路嗎？

（弗蘭肯斯坦：英國女作家 Mary Wollstonecraft Shelley 于 1818 年所著的小說中的主人公，他是一個年輕的醫學研究者，他創造了一個最終毀掉他自己的怪物。）

Lester: No, you do. As long as you think it's something other than you, you have no chance. As you speak now, you are convinced that the mind is doing it, and not you.

答：不，是你。只要你堅持認為不是你在阻礙你自己，你就沒有機會。按你現在所說的，你是堅信是頭腦在阻礙你，而非你自己。

Q: So we make the mistake that the mind is going to see, and the mind will never see It.

問：所以我們犯了一個錯誤，我們以為是頭腦要知道真相，而頭腦永遠都無法知道“它”。

Lester: Right!

答：對！

Q: And we're so conditioned to function as mind, that that seems to be the only tool that we know we have, and so we're using the wrong tool.

問：我們是如此依賴於讓頭腦來替我們工作，頭腦似乎成了我們唯一擁有的工具。所以我們是在使用錯誤的工具。

Lester: Right.

答：對

Q: So, what we need to do is just throw the tool out.

問：所以我們要做的就是將頭腦這個工具給扔了。

Lester: Right. Then what's left over is the infinite you. Throw the tool out. It takes no tools to be what you are!

答：對。剩下的就是無限的你。把那工具給扔了。回歸你的所是無需任何工具！

Q: That's the mistake; we keep trying to do it with the mind, because that's the only thing we're familiar with.

問：我們之所以試圖用頭腦來回歸無限，是因為它是我們唯一熟悉的東西。

Lester: It's not the only thing you're familiar with; you are so familiar with the "I" that you are. Just the word "I," and that's you, that's not your mind. You have the mind. You are always experiencing this infinite being that you are, and it's the "I." You lose sight of this infinite "I" by identifying the mind and body, as you. Let go of identifying with your body and mind and what is right there in the pure "I," is an infinite being, - you. Simple enough?

答：頭腦並非是你唯一熟悉的，你更熟悉你所是的“我”。僅僅是“我”這個字，那就是你，不是你的頭腦。頭腦只是你所擁有的。你一直都在體驗你所是的無限存在，那就是“我”。你通過把你的頭腦和身體看成是你，從而你無法看到這無限的“我”。釋放你對身體和頭腦的認同，剩下的就是純粹的“我”——你的無限存在。夠簡單吧？

Q: You say the "I" has been for billions of years. Is the "I" always the same?

問：你說“我”已經存在了無數劫。“我”一直都是這樣的嗎？

Lester: The "I" that you really are is always the same, - changeless, eternal and perfect.

答：你真正所是的“我”一直都是一樣的——不變，永恆，完美。

Q: It has always been the way it is and the way it will be?

問：一直都是如此且永遠都會如此嗎？

Lester: It has always been that way: perfect; changeless; immortal. And that's why we have the tendency to think of the body that way. We try to make it perfect and immortal, even though we know we can't.

答：一直都是完美、永恆而不朽的。這就是為什麼我們總是傾向於讓身體變得完美而不朽的原因，即使我們知道我們不能。

Q: Does the body serve a purpose?

問：那麼身體有用嗎？

Lester: Yes, it hurts; it confines. This serves to redirect you back to seeing that you are infinite. The purpose of having the body is to help you learn that you have no limitation. So you conjured up the extreme limitation called the physical body, in order to learn that you have no limitation. That body is going to hurt more and more as you more and more think that you are it, until someday you say, The heck with it! Then with full determination to see what you really are, you suddenly awaken to what has always been, that you are infinite.

答：是的，它會受傷，會限制。這能引導你重新看清你是無限的。擁有身體的目的就在於說明你認識到你是無限的，所以你想像出了這具能夠帶來極端限制的身體。你越認為你是這具身體，它就給你帶來越多的痛苦，直到某天你說“去他媽的”。那時你就會下定決心，去看清你到底是什麼，突然你就醒來，發現你一直都是無限的存在。

Q: Has the "I" always used the body?

問：“我”一直都在使用身體嗎？

Lester: No, the "I" never used the body. The "I" is changeless and perfect. The "I" imagined, dreamed, it used the body. It's an illusion; it's a dream, but while you're in the dream it seems real. Wake up out of this dream. See what you are. That is the thing to do.

答：不，“我”從不使用身體。“我”是不變且完美的。“我”想像、夢見了身體。所以身體只是一個幻象，是一場夢，但因為你在夢中，所以它看起來像是真的。從夢中醒來吧，看清你的本然，這就是你要做的。

Notice how much you ask me questions about the body? Are you aware of that?

有沒注意到你總是在問有關身體的問題嗎？你注意到了嗎？

Q: In order, I guess, to define it.

問：我想我是為了定義它。

Lester: No, you are trying to express your infinity in terms of this extreme limitation. And this is why you're stuck. Reverse it. Let go of the body. Put all your attention on the infinite "I" that you are, and only then do you have a possibility of seeing the infinite "I" that you are. You must let go of the concept of that body being you.

答：不，你試圖把你的無限表達成極端的限制。這就是為什麼你會卡住的原因。反轉它，把身體釋放掉。把你所有的注意力都放在你那無限的“我”之上，只有那樣你才有可能看清你那無限的“我”。你必須釋放身體是你的這個概念。

Q: Pain is a great awakener then, isn't it?

問：痛苦是最好的喚醒者，是嗎？

Lester: Yes. However, we're not aware of how much pain there is because we have accustomed ourselves to it and made ourselves immune to the real amount. Because we're infinite beings and we're trying to be this limited body, -it's very painful.

答：是的。然而，我們無從知道痛苦到底有多深，因為我們習慣了痛苦，以致於對它產生了免疫力。我們是無限的存在，卻努力成為有限的身體，這本身就是一種痛苦。

And when you awaken from this dream, you'll see how much pain there was. It's almost infinite pain compared to what you really are, - infinite joy.

當你覺醒後，你會發現過去你有多痛苦。那痛苦堪稱無限，與你所是的無限喜悅不相上下。

I'm emphasizing that you should be not the body; be not the mind, -just be.

我再強調一次：不要成為這具身體、這顆頭腦，回歸你的本然。

Q: In meditation, doesn't one use the mind to a certain extent?

問：冥想在某種程度上是對頭腦的使用？

Lester: Yes, however meditation is used for quieting the mind. You use the mind to quiet the mind. When the mind is quiet enough this infinite being that you are becomes obvious. That is the whole purpose of meditation. If anyone gets his mind quiet enough, he cannot help but see this infinite being that he is because it's only the thoughts that cover It. And the mind is nothing but thoughts. So, meditation is used to get the mind quieter, until you get it so quiet that you see your Self, your real Self.

答：是。然而冥想的目的是為了讓頭腦安靜。你用頭腦來讓頭腦安靜。當頭腦足夠安靜時，你所是的無限存在會自動顯現。這就是冥想的整個目的所在。當你讓頭腦變得足夠安靜時，你不想看見“它”都難，因為是念頭掩蓋了“它”，而頭腦就是念頭。所以，冥想是為了讓頭腦越來越安靜，直到你看見你的真我。

Q: Would directing the thought toward the infinite be a step to getting there?

問：為了達到那個目的，將念頭引向無限是必要的嗎？

Lester: Yes. However, it is another thought.

答：是。但那是另一個念頭。

Q: It's another thought, but some thoughts are more God-revealing than others, are they not?

問：那是另一個念頭，但是有些念頭要比其它念頭更加顯明上帝，不是嗎？

Lester: No thought can reveal God. Every thought hides or covers God, your Self. Every thought is a chain; nice thoughts are golden chains. A golden chain will keep you imprisoned just as much as an iron chain. You must undo all thinking. Get the mind quiet. And then quiet enough so the infinite being that you are is self-obvious. It's there all the time; the thoughts are the noise that's covering it. However, if you must have thoughts, a thought in the direction of God is much better than a thought in other directions, as it points you toward God.

答：沒有一個念頭能夠顯明上帝。念頭只能隱藏或掩蓋上帝——你的真我。每個念頭都是一條鏈，好的念頭是金鏈子。金鏈和鐵鍊一樣，都會將你捆住。你必須消除所有的念頭，讓頭腦變得安靜。當頭腦足夠安靜時，你所是的無限存在會自動顯現。它一直都在那裡，念頭是掩蓋它的噪音。然而，如果你必須要有念頭的話，一個將你引向上帝的念頭遠比其它念頭要好。

Q: But if the infinite is non-mind, how can you speak of it as infinite, because infinite is a mental concept.

問：如果無限不是頭腦所能理解，那麼你怎麼能夠說它是無限的呢？因為無限是頭腦的概念？

Lester: No. No mental thought can be infinite. Every thought is a limitation.

答：不。沒有一個頭腦的想法是無限的。每個念頭都是一個限制。

Q: Then how can you know that you are infinite? How can you vocalize it?

問：那麼你怎麼知道你是無限的？怎麼能夠說出它？

Lester: You cannot mentally conceive of infinity nor can you vocalize it. That is impossible. Try it when you're home. It's impossible to conceive of unlimitedness.

答：你既不能想像無限，也無法說出它。那是不可能的。當你回家後你試一下。想像無限那是不可能的。

Q: Well, it's an experience.

問：只能經驗？

Lester: Right, it's not a thought; it's an experience, an experience of being infinite. The mind can allude to it but cannot describe it. Any description is necessarily a limitation.

答：對，那不是一個念頭，而是一種體驗，對無限的體驗。頭腦能夠影射它，但卻無法描述它。任何描述都是有限的。

Q: Where does the mind begin and where does the mind end, and where does God begin and where does God end, and where does the infinite begin and where does the infinite end?

問：頭腦從何開始，到哪結束？上帝從何開始，到哪結束？無限從何開始，到哪結束？

Lester: God, the Infinite, the Self, has no beginning and has no end. The mind has a beginning when you create it. It has an end when you let it go.

答：上帝，亦即無限，亦即真我，是無始也無終的。在你創造出頭腦的時候，它便開始了。而當你釋放了它之後，它就終止了。

Q: It seems to be a painful struggle to let it go.

問：釋放頭腦似乎需要一番痛苦的掙扎。

Lester: You're holding on to it while trying to let go of it. The holding on to it is the pain. Why don't you just be what you are? Why question me on the opposite side, -on the struggle? Why do you talk about it? Because you're interested in it and you would like me to relate the infinite to it.

答：你在釋放它的同時又緊緊抓著它。抓著它就是一種痛苦。為什麼不能簡單點，只是回歸你的本然呢？為什麼要說釋放它是種掙扎呢？為什麼要談論它呢？因為你對它感興趣，想要我把無限和它聯繫在一起。

Q: Well then, if, when you think, you just know who is thinking, that takes care of it?

問：如果你只是想誰在想的話，答案會自動呈現？

Lester: Right! Discover who the thinker is and you'll have the answer. When you discover who the one is that has the mind and has the body and does the thinking, you discover the real you, -an infinite being. So look away from the body! look away from the mind! and look toward the beingness that you are and never stop until you fully discover that Thou Art That!

答：對！發現是誰在想，你就找到了答案。當你發現是誰有頭腦、有身體，是誰在想的話，你就發現了真正的你——無限的存在。所以不要再看這具身體、這顆頭腦！把目光轉向你所是的無限存在，直到你徹底地看清“你就是那”！
